§ 106. Lenape Indian Tribe of Delaware; recognition.

(a) *Legislative findings.* — The General Assembly finds all of the following:

(1) The Lenape Indian Tribe of Delaware, referred to as “the Tribe” in this section, has an unbroken history of hundreds of years of settlement and continued residency in the vicinity of the Town of Cheswold in Kent County.

(2) Members of the Tribe preserved, displayed, and manifested close cultural ties with one another by conducting themselves in such a social and economic manner so as to identify themselves as being culturally and ethnically distinct.

(3) The Tribe can date their ancestral ties as far back as the early 1700s.

(4) The Tribe was formerly known as “the Moors” and, for many decades of the twentieth century, state documents such as driver’s licenses designated the Tribe’s race with an “M”.

(5) The Delaware School Code of 1921 provided that the State Board of Education could establish a school “for the children of people called Moors.” As a result, 2 schools were built, 1 in the Town of Cheswold and 1 at Fork Branch on Denney’s Road in Kent County.

(6) There has been unofficial statewide acceptance and recognition of the Tribe for at least 125 years. Through a formal process of reviewing applicable state laws, historical and anthropological references, and previous actions of the General Assembly and State agencies, the Department of State concluded by 2009 that this State has historically acknowledged the Tribe.

(7) The Smithsonian Institute issued an annual report in 1948, in which the Tribe was referred to as the “Moors of Kent County, Delaware,” and identified as a surviving Indian group of the eastern United States.

(8) The United States Census Bureau approved a defined “state designated tribal statistical area” for the Tribe for the 2010 Census.

(9) The Tribe has a constitutional tribal government, and the preamble of its constitution states that its purpose is to:

- a. Preserve the legacy of its ancestors.
- b. Promote the interests of its people.
- c. Affirm its tribal identity.
- d. Establish justice.
- e. Ensure domestic tranquility.
- f. Defend the general welfare.
- g. Exercise its governmental jurisdiction.
- h. Protect its environmental, cultural, and human resources.
- i. Secure its national sovereignty for future generations of its people.

(b) *Recognition.* — The Lenape Indian Tribe of Delaware is designated and recognized as an American Indian Tribe with a recognized tribal governing body carrying out and exercising substantial governmental duties and powers. The Tribe is recognized as eligible for the special programs and services that the United States provides to Indians because of their status as Indians.

(80 Del. Laws, c. 367, § 1.)

§ 107. Nanticoke Indian Tribe of Delaware; recognition.

(a) The Nanticoke Indian Tribe of Delaware is designated and recognized as an American Indian tribe with a tribal governing body carrying out and exercising substantial governmental powers and duties. The Tribe is recognized as eligible for all programs, services, and other benefits provided to Indian tribes by the United States or any state thereof because of their status as American Indians.

(b) The Nanticoke Indian Tribe of Delaware is designated and recognized as the first state-recognized tribe in Delaware, and has been so recognized since March 10, 1881.

§ 501. Statement of legislative intent; short title.

(a) The General Assembly finds that public records are essential to the administration of state and local government. Public records contain information which allows government programs to function, provide officials with a basis for making decisions and ensure continuity with past operations. Public records document the legal responsibility of government, protect the rights of citizens and provide citizens with a means of monitoring government programs and measuring the performance of public officials. State and local government records also reflect the historical development of the government and of the citizens which it serves. Such records need to be systematically managed to ensure preservation of historically valuable materials, to provide ready access to vital information and to promote the efficient and economical operation of government.

(b) The General Assembly intends by this subchapter to establish a single body of law applicable to all public officers and employees on the subject of public records management and preservation and to ensure that the procedures used to manage and preserve public records will be uniform throughout the State.

(c) The Delaware Public Archives is established as a division within the Department of State and is charged with administering, implementing and enforcing all provisions of the Delaware Public Records Law as defined in this subchapter.

(a) The General Assembly recognizes that language used in reference to individuals with disabilities shapes and reflects society's attitudes toward people with disabilities. Many of the terms currently used diminish the humanity and natural condition of having a disability. The General Assembly finds it necessary to clarify preferred language for new and revised laws and rules by requiring the use of terminology that puts the person before the disability.

(b) From August 17, 2011, all new and revised statutes, administrative rules, local laws, ordinances, charters or regulations promulgated or any publication published by the State or any political subdivision that refers to persons with disabilities shall:

(1) Avoid language that:

- b. Equates persons with their conditions, such as "epileptics," "autistics," or "quadriplegics;" and

(2) Replace nonrespectful language by referring to persons with disabilities as persons first; for example, "persons with disabilities," "persons with developmental disabilities," "persons with mental illness," "persons with autism," or "persons with cognitive disabilities."

(c) Violation of this section shall not be grounds to invalidate any new or revised statutes, administrative rules, local laws, ordinances, charters, or regulations promulgated or any publication published by the State or any political subdivision; provided, however, such documents shall be changed to reflect the provisions of this section in subsequent revisions.

(d) Nothing in this section shall constitute a requirement to change the name of any agency or program. Existing printed material may be utilized until such time as supplies are required to be replenished.

(e) Nothing in this section shall be construed as changing the application of any provision affected by this section to any person. This section does not apply where a reference to a particular word or phrase is required by federal law or regulation or state statute.

All proceedings before an Ethics Committee in connection with an advisory opinion shall be confidential, subject to the following:

(1) The legislator involved may waive the privilege of confidentiality;

(2) The proceedings shall no longer be confidential and may be made public in any subsequent disciplinary proceeding if the legislator acts in disregard of an advisory opinion; and

A license granted or renewed pursuant to this subsection may not be transferred or assigned to another person, nor may a license be pledged as collateral. For purposes of this subsection, "a change of ownership" shall have occurred if more than 20 percent of the legal or beneficial interests in such person, corporation or association shall be transferred, whether by direct or indirect means.

(14) Whenever the Director deems necessary, examine all accounts, bank accounts, financial statements and records of the licensee in a licensee's possession or under its control in which it has an interest and the licensee must authorize all third parties, including parents, subsidiaries or related entities, in possession or control of the accounts or records of the licensee to allow examination of any of those accounts or records by the Director. None of the information disclosed pursuant to this subsection shall be subject to disclosure under the Freedom of Information Act, § 10001 et seq. of this title.

(15) Subpoena witnesses and compel the production of books, papers and documents of a licensee in connection with any hearings of the Director and may administer oaths or affirmations to the witnesses whenever, in the judgment of the Director, it may be necessary for the effectual discharge of duties.

If any person refuses to obey any subpoena or to testify or to produce any books, papers or documents, then the Director may apply to the Superior Court of the county in which the Director may be sitting and, thereupon, the Court shall issue its subpoena requiring the person to appear and testify or to produce the books, papers and documents before the Director. Whoever fails to obey or refuses to obey a subpoena of the Superior Court shall be guilty of contempt of court and shall be punished accordingly. False swearing on the part of any witness shall be deemed perjury and shall be punished as such.

(16) Bar, pursuant to §§ 4834 and 4835 of this title, any person from entering the premises of a video lottery agent or from participating in any capacity in the play of any table game, sports lottery game, video lottery game, or Internet lottery game, and, as applicable, procure such assistance from video lottery agents as is appropriate to enforce any such bar.

(17) Impose reasonable fees, as set by the Director and payable to the Office, upon applicants for licenses pursuant to §§ 4828 and 4829 of this title for the conduct of the review and investigation of the applicant, such fees to approximate and reasonably reflect all costs necessary to defray the expenses of the lottery and Division of Gaming Enforcement.

(18) Require video lottery agents to submit regular internal control submissions, which shall contain a narrative description of the internal control system to be utilized by the video lottery facility, including, but not limited to:

a. Accounting controls, including the standardization of forms and definition of terms to be utilized in the gaming;

b. Procedures, forms and, where appropriate, formulas covering the calculation of hold percentages; revenue drop; expense and overhead schedules; complimentary services;

- c. Job descriptions and the system of personnel and chain-of-command, establishing a diversity of responsibility among employees engaged in gaming operations and identifying primary and secondary supervisory oversight responsibilities; and personnel practices;
- d. Procedures within the cashier's cage for the receipt, storage and disbursal of chips, cash, and other cash equivalents used in wagering; the cashing of checks; the redemption of chips and other cash equivalents used in gaming;

- f. Procedures for the transfer and recordation of chips between the gaming tables and the cashier's cage and the transfer and recordation of moneys within the facility;

(19) Make Internet lottery games available at such websites and in such a manner as determined by the Office in accordance with this chapter, and utilizing technology to ensure that players are legally eligible to engage in such gaming.

(c) (1) The licenses granted pursuant to paragraph (b)(13) of this section or § 4825 of this title may be revoked or suspended for cause upon 30 days' written notice to the licensee or due to a change in ownership as set forth in those provisions, but shall otherwise not be subject to expiration or termination. "Cause" shall by way of example and not by limitation include falsifying any application for license or report required by the rules and regulations, the failure to report any information required by the rules and regulations, the material violation of any rules and regulations promulgated by the Director or any conduct by the licensee which undermines the public confidence in the video lottery system or serves the interest of organized gambling or crime and criminals in any manner. A license may be revoked for an unintentional violation of any federal, state or local law, rule or regulation provided that the violation is not cured within a reasonable time as determined by the Director; or a longer period where the video lottery agent has made diligent efforts to cure. Notwithstanding the foregoing, nothing in this subsection shall otherwise prohibit the termination or revocation of a license in accordance with the rules and regulations adopted hereunder.

(2) Within 30 days after an adverse determination by the Director, the licensee seeking to appeal the revocation or suspension for cause may demand a hearing before the Lottery Commission and show cause why the Director's determination was in error. Failure to demand a hearing within the time allotted in this paragraph precludes the person from having an administrative hearing, but in no way affects his or her right to petition for judicial review.

(3) Upon receipt of a licensee's demand for a hearing under this subsection, the Lottery Commission shall set a time and place for the hearing. This hearing must not be held later than 30 days after receipt of the demand for the hearing, unless the time of the hearing is changed by the Lottery Commission with the agreement of the Director and the licensee. At the hearing, the licensee shall have the affirmative obligation to demonstrate by clear and convincing evidence that the Director's determination was in error under the criteria for cause established by this subsection and any regulations hereunder.

(4) If, upon completion of the hearing, the Lottery Commission determines that the licensee has met its burden of proof, an order to that effect shall be entered and the license shall be reinstated. If, upon completion of the hearing, the Lottery Commission finds that the licensee has not met its burden of proof, an order shall be entered to that effect. This order is subject to review in the Superior Court pursuant to the Administrative Procedures Act (Chapter 101 of this title).

(5) Any decision of the Director relating to the business plan or the number of video lottery machines to be awarded to licensees under § 4820(b) of this title shall be appealable under the Administrative Procedures Act (Chapter 101 of this title) in the manner of a case decision.

(a) All moneys received from the sale of lottery tickets, keno, and from Internet ticket games, shall be accounted for to the State Treasurer and all net moneys shall be placed into a special account known as the State Lottery Fund. From the Fund, the Director shall first pay for the operation and administration of the lottery as authorized in this subchapter and thereafter shall pay as prizes not less than 45% on the average of the total amount of tickets which have been sold and are scheduled for sale throughout the games, which percentage shall include prizes already awarded or to be awarded. The total of payments for operations and administration of the lottery shall not exceed 20% of the gross amount received from the sales of such games. The remaining moneys shall accumulate in the State Lottery Fund for the payments of operations and administration costs and on a monthly basis, or more frequently if required by the Director, the lottery shall undertake to provide into the General Fund of the State a payment of earnings of 30% of the total revenues accruing from the sales of such games or shares shall be so dedicated. In the event that the percentage allocated for operations (including prize payments) generates a surplus, said surplus shall be allowed to accumulate to an amount not to exceed \$1,000,000. On a quarterly basis, the Director shall report to the Secretary of Finance any surplus in excess of \$1,000,000 and remit to the General Fund of the State the entire amount of those surplus funds in excess of \$1,000,000.

(b) All proceeds, net of proceeds returned to players pursuant to paragraph (b)(1) of this section, from the operation of the video lottery shall be electronically transferred daily or weekly at the discretion of the Lottery Director into a designated State Lottery account by the agent, and transferred to the State Lottery Fund by the Lottery on a daily or weekly basis and shall be applied as follows:

(1) *Proceeds returned to players.* — A portion of such proceeds, but not less than 87% of the total proceeds on an average annual basis received from the operation of a video lottery, shall be retained by and returned to the players under rules prescribed by the Director. Proceeds returned to players in excess of the payout authorized pursuant to § 4805(a)(15) of this title shall be the sole responsibility of the video lottery agent and the State Lottery's proceeds shall not be reduced on account of such excess payment. Subject to the recommendations of the Lottery Director, and approval of the Secretary of Finance, a video lottery agent may choose to offer free promotional play to players. The amount of free promotional play permitted shall be recommended by the Lottery Director and approved by the Secretary of Finance. The amount of money given away as free promotional play and used by players shall not be included in the amounts remaining after all payments to players. If the amount of money given away as free promotional play by a video lottery agent and used by players exceeds the amount authorized by the Lottery Director and the Secretary of Finance authorized during a fiscal year, the video lottery agent shall reimburse net proceeds the amount of the overage which will be distributed as outlined in paragraphs (b)(3) and (b)(4) of this section.

(2) *Certain administrative and vendor costs.* — The State shall retain a portion of such proceeds in an amount equal to 75% of all costs of equipment (both video lottery machines and related equipment), including video lottery machine license and proprietary fees, whether leased or owned by the State, used or under the control of such agent, the cost of the central computer used to monitor the equipment used by the agent, and related vendor fees, and from these proceeds, and the proceeds provided pursuant to paragraph (b)(4)a. of this section, remit these amounts to vendors.

(3) a. *Proceeds returned to the State.* —

Except as otherwise provided by this paragraph, of amounts remaining after all payments under paragraphs (b)(1) and (b)(2) of this section, there shall be returned to the State 42½%, less any qualified capital expenditure adjustment provided for in this paragraph. For licensees which conducted 40 or fewer (but at least 1) days of live harness horse races during 1992, should such licensees' video lottery proceeds, net of proceeds returned to players, at the end of any fiscal year fall below \$107,500,000, then, in the subsequent fiscal year, there shall be returned to the State 41½% of amounts remaining after all payments under paragraphs (b)(1) and (b)(2) of this section, less any qualified capital expenditure adjustment provided for in this paragraph.

1. Beginning in fiscal year 2020, for each video lottery agent, the percentage of proceeds returned to the State shall be decreased by 2% if such video lottery agent's qualified capital expenditures equal or exceed 3% of video lottery agent net proceeds remaining after payments made under paragraph (b)(1) of this section for the calendar year ending the immediately preceding December 31. Notwithstanding the first sentence of this paragraph (b)(3)a.1. of this section, for calendar year ending December 31, 2018, only, qualified capital expenditures must equal or exceed 2.8%.

2. For purposes of this paragraph (b)(3)a. of this section, "qualified capital expenditures" means amounts properly characterized as capital expenditures under generally accepted accounting principles during each calendar year ending December 31 and apply to any facilities used by the video lottery agent in connection with its operations. "Qualified capital expenditures" does not include payments made for debt service.

3. Any amounts incurred or paid in any single year which exceed the 3% required for the adjustment under paragraph (b)(3)a.1. of this section may be carried forward for no more than 2 years, except that amounts used to reduce the license fee under § 4819(d)(2) of this title may not also be carried forward.

b. The State shall also receive the funds on each credit slip that has not been presented for redemption within 1 year from the date the slip is issued.

c. *Application of funds retained by the state lottery.* —

The funds retained by the state lottery shall be applied as follows: first, to the administrative costs and expenses in respect of the video lottery including, but not limited to, administrative expenses including payroll and other employment costs attributable to the operation of the video lottery by the State Lottery Office, law-enforcement and security expenses, including payroll and other employment costs of the state lottery, the Office of the Attorney General and the Division of Gaming Enforcement, attributable to the operation by the state lottery of a video lottery; second, \$1,000,000 or 1%, whichever is greater, of the proceeds returned to the State under this paragraph (b)(3), to the Division of Substance Abuse and Mental Health of the Department of Health and Social Services for funding programs for the treatment, education and assistance of compulsive gamblers and their families; third, costs of the Administrator of Racing and racing inspectors referenced in Chapters 100 and 101 of Title 3; fourth, the State's contribution to the Delaware Standardbred Breeders' Program and Delaware Certified Thoroughbred Program (DCTP); and fifth, the remainder shall be paid into the State's General Fund.

d. The State's contribution to the Delaware Standardbred Breeders' Program pursuant to this subsection shall be \$1,250,000, and said amount is to be allocated equally as of January 1 of the calendar year among existing licensees which conduct live harness horse racing, but moneys shall not be expended for the program until such time as a plan has been approved pursuant to paragraph (b)(4)b.2. of this section. The State's contribution to the Delaware Certified Thoroughbred Program (DCTP) pursuant to this subsection shall be \$500,000, and said amount shall be allocated as of January 1 of each calendar year to the existing licensee which conducts live thoroughbred horse racing, but moneys shall not be expended for the program until such time as a plan has been approved pursuant to paragraph (b)(4)b.1. of this section.

(4) *Application of remaining proceeds.* — The proceeds remaining after payments as set forth in paragraphs (b)(1), (2) and (3) of this section shall be applied as follows:

a. *Balance of administrative and vendor costs.* — The State shall receive an amount equal to 25% of all costs of equipment (both video lottery machines and related equipment), including video lottery machine license and proprietary fees, whether leased or owned by the State, used or under the control of such agent, the cost of the central computer used to monitor the equipment used by the agent, and related vendor fees to be applied pursuant to paragraph (b)(2) of this section.

b. *Purses.* — 1. For video lottery agents licensed only to conduct horse racing meets under Chapter 101 of Title 3 or Chapter 4 of Title 28, such agents shall be paid and shall pay additional purses (and related administrative expenses of the horse racing association) to be applied under the direction of the Delaware Thoroughbred Racing Commission, for races conducted at such agent's racetrack in accordance with § 10148 of Title 3 or § 427 of Title 28 as appropriate, in an amount calculated as follows: 9.6% of the proceeds remaining after payments made under paragraph (b)(1) of this section. Seven hundred fifty thousand dollars of those proceeds, which would otherwise fund purses, on an annual basis, shall fund a Delaware Certified Thoroughbred Program (DCTP) to enhance the quantity of thoroughbred foals and/or yearlings stabled within Delaware for a period meeting the Delaware minimum residency requirement. The DCTP shall be administered by a Board comprised of the following:

- A. Four members of the Delaware Thoroughbred Horseman's Association;

This plan and all subsequent plans amending the DCTP shall be subject to the written approval of the Secretary of Agriculture or the Secretary's designee, the Secretary of Finance or the Secretary's designee, and the Chairperson of the Thoroughbred Racing Commission or the Chairperson's designee. The Board shall transmit minutes and actions from all meetings to the Chairperson of the Delaware Thoroughbred Racing Commission within 10 days of the meeting. The Board shall submit an annual report detailing the allocation of such funds of the DCTP to the Commission and make available to the State Auditor such information as may be required to perform an annual audit of funds allocated from the DCTP. The Board may also, at its discretion, use funds from the DCTP for advertising, promotion, education and administrative purposes directly related to the program, however, the total amount for these purposes cannot exceed 5% of the total allocation. Funds dedicated to the DCTP shall not be subject to a 1-year payout requirement, but payouts may be dispersed throughout the year.

2. For video lottery agents licensed only to conduct harness racing meets under Chapter 100 of Title 3, such agents shall be paid and shall pay additional purses (and related administrative expenses of the horse racing association) to be applied under the direction of the Delaware Harness Racing Commission to purses for races conducted at such agent's racetrack in accordance with

§ 10048 of Title 3, in an amount calculated as follows: 11.35% of the proceeds remaining after payments made under paragraph (b)(1) of this section.

Two million dollars of those proceeds, which would otherwise fund purses, on an annual basis (\$1,000,000 to come from each licensee which conducts live harness horse racing) to be set aside for purses under this paragraph (b)(4)b.2. shall be used to fund a Delaware Standardbred Breeders' Program which shall be administered by a board comprised of 4 members from the Delaware Standardbred Owners Association, 1 member from the Standardbred Breeders and Owners of Delaware, Inc., 1 member from each video lottery agent licensed to conduct harness racing meets under Chapter 100 of Title 3, 1 member appointed by the Speaker of House of the General Assembly, 1 member appointed by the President Pro Tempore of the Senate of the General Assembly, the Secretary of Agriculture or the Secretary's designee, and the Secretary of Finance or the Secretary's designee. Members shall be chosen by the organizations they represent, and shall serve 4-year terms except that 4 of the initial board selected by the members of the Delaware Standardbred Owners Association shall serve an initial term of 2 years, and 4 years thereafter. The board created hereunder will present a plan for the administration of the Program to the General Assembly no later than May 15, 1999. This plan, and all subsequent amendments to the plan, shall be subject to the written approval of the Secretary of Agriculture or the Secretary's designee, the Chairperson of the Delaware Harness Racing Commission or the Chairperson's designee, and the Secretary of Finance or the Secretary's designee. The board shall transmit minutes of all meetings and any proposed actions to the Delaware Harness Racing Commission within 10 days after each meeting. The board shall transmit an annual report detailing the allocation of proceeds from the fund and make available to the State Auditor or the State Auditor's representative such information as may be required to perform an annual audit of funds allocated from the Delaware Standardbred Breeders' Program. In addition to funding special purses for Delaware standardbred horses, the board created hereby may also use the funds dedicated to this Program for advertising, promotion, educational and administrative purposes. Funds dedicated to the Delaware Standardbred Breeders' Program shall not be subject to the 1-year payout requirement of § 10048 of Title 3.

From the Fund, the Director shall first pay for the operation and administration of the lottery as authorized in this subchapter and thereafter shall pay as prizes not less than 45% on the average of the total amount of tickets which have been sold and are scheduled for sale throughout the games, which percentage shall include prizes already awarded or to be awarded. The total of payments for operations and administration of the lottery shall not exceed 20% of the gross amount received from the sales of such games. The remaining moneys shall accumulate in the State Lottery Fund for the payments of operations and administration costs and on a monthly basis, or more frequently if required by the Director, the lottery shall undertake to provide into the General Fund of the State a payment of earnings of 30% of the total revenues accruing from the sales of such games or shares shall be so dedicated. In the event that the percentage allocated for operations (including prize payments) generates a surplus, said surplus shall be allowed to accumulate to an amount not to exceed \$1,000,000. On a quarterly basis, the Director shall report to the Secretary of Finance any surplus in excess of \$1,000,000 and remit to the General Fund of the State the entire amount of those surplus funds in excess of \$1,000,000.

(b) All proceeds, net of proceeds returned to players pursuant to paragraph (b)(1) of this section, from the operation of the video lottery shall be electronically transferred daily or weekly at the discretion of the Lottery Director into a designated State Lottery account by the agent, and transferred to the State Lottery Fund by the Lottery on a daily or weekly basis and shall be applied as follows:

Proceeds returned to players in excess of the payout authorized pursuant to § 4805(a)(15) of this title shall be the sole responsibility of the video lottery agent and the State Lottery's proceeds shall not be reduced on account of such excess payment. Subject to the recommendations of the Lottery Director, and approval of the Secretary of Finance, a video lottery agent may choose to offer free promotional play to players. The amount of free promotional play permitted shall be recommended by the Lottery Director and approved by the Secretary of Finance. The amount of money given away as free promotional play and used by players shall not be included in the amounts remaining after all payments to players. If the amount of money given away as free promotional play by a video lottery agent and used by players exceeds the amount authorized by the Lottery Director and the Secretary of Finance authorized during a fiscal year, the video lottery agent shall reimburse net proceeds the amount of the overage which will be distributed as outlined in paragraphs (b)(3) and (b)(4) of this section.

1. Beginning in fiscal year 2020, for each video lottery agent, the percentage of proceeds returned to the State shall be decreased by 2% if such video lottery agent's qualified capital expenditures equal or exceed 3% of video lottery agent net proceeds remaining after payments made under paragraph (b)(1) of this section for the calendar year ending the immediately preceding December 31. Notwithstanding the first sentence of this paragraph (b)(3)a.1. of this section, for calendar year ending December 31, 2018, only, qualified capital expenditures must equal or exceed 2.8%.

2. For purposes of this paragraph (b)(3)a. of this section, “qualified capital expenditures” means amounts properly characterized as capital expenditures under generally accepted accounting principles during each calendar year ending December 31 and apply to any facilities used by the video lottery agent in connection with its operations. “Qualified capital expenditures” does not include payments made for debt service.

(f) The charitable gaming organization shall submit to the Director a report monthly regarding the amount played and amount returned to the players from the charitable video lottery machines in their respective locations. The form of the report shall be promulgated by the Director.

A report on this activity shall be submitted to State Lottery Office by March 31 of each year on a form promulgated by the Lottery Director. If a charitable organization does not meet the 40% threshold, then it may apply for a waiver from the Secretary of Finance citing the reasons for not obtaining the required level of donations. (b) (1) Upon submission by a video lottery agent of a proposed plan for the lease or purchase of video lottery machines in accordance with procedures to be established by the Director, the Lottery Director shall lease or purchase the number, type and kind of video lottery machines necessary for the efficient and economical operation of the lottery, or the convenience of the players and in accordance with the plan of the licensee, provided that no more than 2,500 video lottery machines shall be located within the confines of a racetrack property unless the Director recommends up to an additional 1,500 for each racetrack property, and further provided that the Director may recommend the amendment of such plan where the Director finds that such amendments are necessary to increase revenues, provided such amendments do not produce reductions in the overall net proceeds from the video lottery, protect the public welfare or ensure the security of the video lottery, provided that the maximum number of video lottery machines under this subsection shall not include video lottery machines at each racetrack used exclusively for promotional tournaments in which players are not required to pay any fee to participate. The Director's lease or purchase of sports lottery machines under this subsection shall be pursuant to the procedures used for procurement under Chapter 69 of this title.

(d) Each video lottery agent shall be responsible for the security and safekeeping of the video lottery machines, sports lottery machines and table game equipment of which it has physical custody.

§ 4823. Enforcement.

(a) Whoever violates this chapter or any rule or regulation duly promulgated thereunder, or any condition of a license issued pursuant to § 4805 of this title, or any administrative order issued pursuant to this section, shall be punishable as follows:

(1) If the violation has been completed, by a civil penalty imposed by Superior Court, which shall have jurisdiction of civil penalty actions brought pursuant to this section, of not less than \$1,000 nor more than \$10,000 for each completed violation. Each day of a continued violation shall be considered as a separate violation if, on each such day, the violator has knowledge of the facts constituting the violation and knows or should know that such facts constitute or may constitute a violation. Lack of knowledge regarding such facts or violation shall not be a defense to a continued violation with respect to the first day of its occurrence.

(2) If the violation is continuing or there is a substantial likelihood that it will reoccur, the Director may also seek a temporary restraining order, preliminary injunction or permanent injunction in the Court of Chancery, which shall have jurisdiction of an action for such relief.

(3) In the Director's discretion, the Director may impose an administrative penalty of not more than \$1,000 for each violation. Each day of continued violation shall be considered as a separate violation if the violator has knowledge of the facts constituting the violation and knows or should know that such facts constitute or may constitute a violation. Lack of knowledge regarding such facts or violation shall not be a defense to a continued violation with respect to the first day of its occurrence. Prior to the assessment of an administrative penalty, written notice of the Director's proposal to impose such penalty shall be given to the violator, and the violator shall have 30 days from receipt of such notice to request a public hearing. Any public hearing, if requested, shall be held prior to the imposition of the penalty and shall be governed by § 10125 of this title. If no hearing is timely requested, the proposed penalty shall become final and shall be paid no later than 60 days from receipt of the notice of proposed penalty. Assessment of an administrative penalty shall take into account the circumstances, nature and gravity of the violation, as well as any prior history of violations, the degree of culpability, the economic benefit to the violator resulting from the violation, any economic loss to the State and such other

matters as justice may require. In the event of nonpayment of an administrative penalty within 30 days after all legal appeal rights have been waived or otherwise exhausted, a civil action may be brought by the Director in Superior Court for the collection of the penalty, and for interest, from the date payment was due, attorneys' fees and other legal costs and expenses. The validity or amount of such administrative penalty shall not be subject to review in an action to collect the penalty. Any penalty imposed after a public hearing is held pursuant to this subsection shall be appealable to Superior Court, and such appeal shall be governed by § 10142 of this title.

(4) In the Director's discretion, the Director may endeavor to obtain compliance with requirements of this chapter by written administrative order. Such order shall be provided to the responsible party, shall specify the complaint, and propose a time for correction of the violation. It may also provide an opportunity for a public hearing at which the Director shall hear and consider any submission relevant to the violation, corrective action or the deadline for correcting the violation.

(b) The Director shall enforce this chapter.

(c) Any interest, costs or expense collected under this section shall be appropriated to the State Lottery Office to carry out the purposes of this chapter.

§ 4825. Sports lottery.

(a) The Director shall, pursuant to the authority granted under § 4805(a)(1) and (b)(4) of this title, commence a sports lottery as soon as practicable. The Director shall, by rules and regulations, provide for the features and attributes of a sports lottery. The regulations must, in the Director's judgment, administer the sports lottery in a manner which will produce the greatest income for the State while minimizing or eliminating the risk of financial loss to the State.

(b) A person under the age of 21 may not purchase a sports lottery ticket, or wager on a sports lottery machine, or in any way participate in the sports lottery.

(c) The Director may commence a sports lottery located at facilities operated by video lottery agents licensed by the State and such other sports lottery agents as shall be licensed pursuant to the terms of this chapter. Licenses awarded to video lottery agents relative to the video lottery shall automatically allow those agents to operate facilities at which the sports lottery can be conducted.

(d) The Director may, in the Director's discretion, grant licenses to operate the sports lottery to sports lottery agents, which shall be a qualified, person, business, organization or entity that owns or operates an appropriate property. Before issuing a license to a sports lottery agent, each person seeking a license shall comply with the criminal background check required by this chapter and at least 1 person shall receive a background check to the standard of a sports lottery operations employee. In granting licenses, the Director shall consider the factors in § 4806(a) of this title and, if the Director shall find that the experience, character and general fitness of the applicant are such that the participation of such a person as a sports lottery agent will be consistent with the public interest, convenience and purposes of this chapter, the Director shall thereupon grant a license. In prioritizing applications for a license under this section, the Director shall give preference to proposals likely to foster economic growth and maximize employment. Change of ownership of the licensed business, organization or entity occurring after the Director has issued a license shall automatically terminate the license 90 days thereafter unless the Director has determined after application to issue a license to the new owner or owners because the new owner or owners have met the requirements of this chapter. Any license granted pursuant to this subsection is a privilege personal to the sports lottery agent and is not a legal right. A license granted or renewed pursuant to this subsection may not be transferred or assigned to another person, nor may a license be pledged as collateral. Each sports lottery agent shall be responsible for the security and safekeeping of the sports lottery machines of which it has physical custody. Each sports lottery agent shall provide access to all records of the licensee and the physical premises of the business or businesses where the agent's lottery activities occur for the purpose of monitoring or inspecting the agent's activities and the lottery games, machines and associated equipment. None of the information disclosed pursuant to this subsection shall be subject to disclosure under the Freedom of Information Act, § 10001 et seq. of this title. For purposes of this subsection, "a change of ownership" shall have occurred if more than 20% of the legal or beneficial interests in such person, corporation or association shall be transferred, whether by direct or indirect means.

(77 Del. Laws, c. 28, § 1; 78 Del. Laws, c. 285, § 13.)

§ 4826. Internet lottery.

(a) The Director is authorized to operate an Internet lottery in accordance with this chapter, other Delaware laws, and federal law.

(b) No Internet lottery game shall be conducted unless the software, computer or other gaming equipment utilized can verify that the player engaged in such game is physically present in the State at the time they engage in such games. The Office shall confirm that players of the Internet lottery are, in fact, verified to be physically located in the State at the time they place a wager in such games. Notwithstanding the foregoing, persons who are not physically present in this State may engage in Internet lottery games only if the Office determines that such games are not inconsistent with federal law and the law of the jurisdiction in which the person is physically present, or if such games are conducted pursuant to an interstate compact to which the State is a party that is not inconsistent with federal law.

(c) The Director shall have the duty to promulgate such rules and regulations governing the Internet lottery as the Director deems necessary and desirable in order that the Internet lottery be initiated at the earliest feasible time in a manner that provides for the security and effective administration of such games, including but not limited to:

- (1) The type, number, payout, wagering limits, and rules for Internet lottery games;
- (2) The creation, utilization, of Internet lottery accounts by players of the Internet lottery, provided that such accounts shall be possessed only by a natural person and not in the name of any beneficiary, custodian, joint trust, corporation, partnership or other organization or entity, and provided that such accounts shall not be assignable or otherwise transferable;
- (3) Procedures for logging in Internet lottery account holders, authenticating their identity, agreeing to the terms, conditions and rules applicable to such games, and logging out, including procedures for automatically logging off persons from the Internet lottery after a specified period of inactivity;
- (4) Procedures for acquiring funds in an Internet lottery account by cash, transfer or other means, the withdraw of such funds from such accounts, the suspension of Internet lottery account activity for security reasons, the termination of Internet lottery accounts and disposition of proceeds therein, and the disposition of unclaimed amounts in dormant Internet lottery accounts pursuant to Chapter 11 of Title 12;
- (5) Mechanisms by which the Office or persons playing Internet lottery games may place limits on the amount of money being wagered per game or during any specified time period, or the amount of losses incurred during any specified time period;
- (6) Mechanisms to exclude from the Internet lottery persons not eligible to play by reason of age, inclusion on a list of self-excluded persons in § 4834 of this title, or inclusion by the Director on a list for exclusion pursuant to § 4835 of this title;
- (7) Procedures for the security and reliability of Internet lottery games and Internet lottery accounts, protection of the software, computers and other equipment used in the Internet lottery, and mechanisms to prevent tampering or utilization by unauthorized persons; and
- (8) Mechanisms by which the Office shall require that accounts for Internet ticket game purchases be funded by purchase of a prepaid card or other mechanism obtained from a lottery agent through which players can transfer money or credits for Internet ticket game play.

(d) The Director shall cause each Internet site on which the Internet lottery is conducted to include an advertisement for and link to additional information for services for the treatment, education and assistance of compulsive gamblers and their families.

(78 Del. Laws, c. 285, § 14.)

§ 4827. Table gaming.

(a) *Legislative findings.* — (1) The General Assembly finds that the video lottery operated by the Delaware Lottery plays a critical role in the economy of the State; that it has made significant revenue contributions to the State; that it has provided for significant employment opportunities in the State; that it has greatly benefited the horse breeding, horse racing and agricultural industries in the State; that it has contributed to the preservation of open space in the State; that it has enhanced tourism in the State; that it has provided many indirect benefits to various segments of the State's economy; and that video lottery agents have made significant investments in their personnel and their facilities to host the video lottery.

(2) The General Assembly finds that allowing the Delaware Lottery also to offer table gaming at the sites of video lottery agents could further the success of the Delaware lottery; foster additional revenue contributions to the State; promote Delaware as a leisure and tourism destination; create as many as 750 new jobs; and provide other indirect benefits throughout the State's economy.

(3) The General Assembly finds that table game wagers authorized under this article are lotteries under state control. Each game involves the 3 essential elements necessary for a lottery: consideration, chance and a prize. The General Assembly finds that where a table game wager has mixed elements of chance and skill, it will continue to qualify as a lottery as long as chance is the predominant factor. The General Assembly further finds that the outcome of the table games expressly enumerated under this subchapter is determined predominantly by chance.

(4) The General Assembly finds that an essential element of the regulation and control of video lottery agents by the State rests in the public confidence and trust in the credibility and integrity of the regulatory process and gaming operations. The General Assembly further finds that the regulatory provisions of this act are designed to extend strict state control over all persons, locations, practices and associations related to the operation of licensed video lottery agents.

(b) The Director shall, pursuant to the authority granted under § 4805 of this title, establish an initial regulatory framework for table games and commence table game operations as soon as reasonably possible. The Director shall, by rules and regulations, provide for the features and attributes of the table game operations.

(c) The regulations must administer table game operations in a manner that minimizes or eliminates the risk of financial loss to the State.

(d) Table game operations shall be conducted exclusively at video lottery facilities owned and operated by video lottery agents licensed in the State. Licenses awarded to video lottery agents relative to the video lottery shall allow those agents to act as agents for the State with respect to table game operations, and such licenses shall be subject to the same license requirements and procedures as video lottery licenses pursuant to this subchapter.

(e) On March 15 of each year, each video lottery agent shall report to the Office, in a form and in a manner required by the Office, and to the General Assembly the number of full-time and part-time employees engaged in the conduct of table games and the number of full-time and part-time employees otherwise engaged.

(77 Del. Laws, c. 28, § 1; 77 Del. Laws, c. 219, § 1.)

§ 4828. Licensing of video lottery agent directors, officers, and employees.

(a) The Director shall have the power and duty to license those persons required by this chapter to be licensed and to promulgate rules and regulations for such purpose. The licensure procedure shall include the satisfaction of such security, fitness and background standards as determined necessary relating to competence, honesty and integrity, such that a person's reputation, habits and associations do not pose a threat to the public interest of the State or to the reputation of or effective regulation and control of the lottery.

(b) It shall be the obligation of the video lottery agent to notify the Director on a continuing basis of any change in officers, directors, key employees, gaming employees, gaming room service employees, sports lottery operations employees and persons who own, directly or indirectly, 10% or more of such entity. Persons holding key employee licenses on January 28, 2010, shall remain licensed as key employees and shall not be required to seek licensure under this section until the license is to be renewed. Persons holding video lottery operations employee licenses shall remain licensed as a gaming employee, but shall be required to seek renewal of their licenses no later than July 28, 2010.

(77 Del. Laws, c. 219, § 20; 83 Del. Laws, c. 70, § 6.)

§ 4829. Licensing of service companies.

(a) "Service company" shall mean:

(1) Any vendor offering goods or services relating to the manufacture, operation, maintenance, security, distribution, service or repair of video lottery machines, sports lottery machines or table game equipment directly to the State;

(2) Any vendor offering goods or services to a video lottery agent on a regular and continuing basis, as defined in regulations promulgated hereunder; or

(3) Any person providing gaming excursion services to a video lottery agent.

(b) The Director shall have the power and duty to license those service companies meeting this definition as the Director determines to be necessary to the integrity of the operations of the lottery, and to promulgate rules and regulations for such purpose. The licensure procedure shall include the satisfaction of such security, fitness and background standards as determined necessary relating to competence, honesty and integrity, such that a service company's reputation, habits and associations do not pose a threat to the public interest of the State or to the reputation of, or effective regulation and control of, the lottery. Vendors holding licenses as technology providers or other service provider shall remain licensed as a service company and shall not be required to seek licensure under this section until the license is to be renewed. Vendors licensed or approved by the Harness Racing Commission or the Thoroughbred Racing Commission to provide services to a video lottery agent need not secure a service company license pursuant to this section unless such vendor seeks to provide services other than those already authorized.

(c) Each service company identified in this section shall be licensed in accordance with the standards of a key employee. The owners, management, and supervisory personnel of each such service company shall be qualified to the standards of and for the term of a key employee. The employees of each such service company whose duties and responsibilities involve the security, maintenance, servicing, repair, or operation of video lottery machines or table game equipment shall be licensed to the standards of and for the term of a gaming employee.

(d) Each service company identified in paragraph (a)(2) of this section shall be licensed in accordance with the standards of a key employee except as to the requirement to establish financial stability, integrity and responsibility. The owners, management, and supervisory personnel of each such service company shall be qualified to the standards of a key employee, except as to the requirement to establish financial stability integrity and responsibility.

(e) Each service company identified in paragraph (a)(3) of this section shall be licensed in accordance with the standards of a key employee except as to the requirement to establish financial stability, integrity and responsibility. The employees of each such service company whose duties and responsibilities include arranging, procuring or selecting participants in a gaming excursion shall be qualified to the standards of a key employee, except as to the requirement to establish financial stability integrity and responsibility.

(f) For purposes of this section, an owner of a corporation shall be defined as "any person who owns directly or indirectly more than 10% of the equity securities of the corporation."

(g) (1) Each service company identified in paragraph (a)(1) of this section shall be licensed as a service company prior to conducting any business whatsoever, provided, however, that upon a finding of good cause by the Director for each business transaction, the Director may permit an applicant for such service company license to conduct business transactions prior to the licensure of that company.

(2) Each service company identified in paragraph (a)(2) of this section, may transact business with a video lottery agent prior to obtaining a service company license upon the filing of a vendor registration form by a video lottery agent for such service company pursuant to regulations promulgated hereunder.

(h) [Repealed.]

(i) The risk manager of the sports lottery must be a bookmaker currently licensed to operate, and operating, sports books in the United States and the sports lottery technology system provider must be licensed to operate lotteries in the United States. The Director may determine whether the licensing standards of another state are comprehensive, thorough and provide similar adequate safeguards and, if so, may, in the Director's discretion, license an application already licensed in such state without the necessity of a full application and background check.

(77 Del. Laws, c. 219, § 20; 70 Del. Laws, c. 186, § 1; 83 Del. Laws, c. 70, § 7.)

§ 4830. Standards of licensing.

(a) All applicants, licensees, registrants, or any other person who must be qualified pursuant to this chapter shall have the continuing duty to provide any assistance or information required by the Director or the Division of Gaming Enforcement, and to cooperate in any background check or investigation conducted by the Division of Gaming Enforcement or in any hearing conducted by the Director. If an applicant, licensee, registrant or any other person who must be qualified pursuant to this act refuses to provide information, evidence or testimony upon formal request by the Director or the Division of Gaming Enforcement, the Director may deny or revoke the application, license, registration or qualification of such person.

(b) An applicant for a key license or gaming employee license shall be required to establish that applicant's qualifications for obtaining a license by clear and convincing evidence. The Director of the Delaware lottery shall deny a license to any applicant who fails to prove by clear and convincing evidence that the applicant is qualified under the provisions of this chapter.

(1) An applicant for a key license or gaming employee license shall provide such information, documentation and assurances as may be required to establish by clear and convincing evidence that the applicant has good character, honesty and integrity.

(2) An applicant for a key license or gaming employee license has the affirmative obligation to provide such information, documentation and assurances as may be required to establish by clear and convincing evidence that the applicant has financial stability, responsibility and integrity.

(c) The Director shall deny a license to any applicant or revoke the license of any licensee based on the following criteria:

- (1) The conviction of a felony in any jurisdiction;
 - (2) The conviction of a gambling offense or a crime of moral turpitude in any jurisdiction within 10 years prior to applying for a license or at any time subsequent to the granting of a license;
 - (3) The commission of any act within 10 years prior to applying for a license or at any time subsequent to the granting of a license in any jurisdiction, which would constitute any offense enumerated in paragraphs (c)(1) and (2) of this section, even if such conduct has not been prosecuted, or if prosecuted, has not resulted in a conviction;
 - (4) A conviction which has been the subject of a pardon or order of expungement shall not be grounds for automatic disqualification under paragraphs (c)(1) and (2) of this section, but may be grounds for disqualification under paragraph (c)(3) of this section. Such conviction also may be considered in evaluating an applicant's ability to demonstrate the applicant's qualifications pertaining to good character, honesty and integrity;
 - (5) Current prosecution for any offense listed in paragraphs (c)(1) and (2) of this section, provided that, at the request of the applicant, the Director shall defer its decision on the application during the pendency of the charge;
 - (6) The failure to provide information, documentation and assurances required by the act or requested by the Director, or the supplying of information which is untrue or misleading as to a material fact pertaining to the criteria for obtaining a license;
 - (7) Notorious or unsavory reputation that would adversely affect public confidence and trust that the Delaware Lottery is free from criminal or corruptive elements; or
 - (8) Anything that, in the opinion of the Director, would denigrate or undermine the integrity or overall soundness of the lottery, including but not limited a person's reputation, habits and associations that may pose a threat to the public interest of the State or to the reputation or effective control of the lottery.
- (d) Notwithstanding the provisions in paragraphs (c)(1), (2), and (3) of this section above for the denial or revocation of a license, no application should be denied and no license should be revoked if the applicant or licensee is able to demonstrate that applicant's or licensee's rehabilitation by clear and convincing evidence. In determining whether an applicant or licensee has affirmatively established that applicant's or licensee's rehabilitation, the Director shall consider the following factors:
- (1) The conviction occurred more than 5 years from the date of application;
 - (2) The nature and duties of the position applied for;
 - (3) The nature and seriousness of the offense or conduct;
 - (4) The circumstance under which the offense or conduct occurred;
 - (5) The age of the applicant or licensee when the offense or conduct was committed;
 - (6) Whether the offense or conduct was an isolated or repeated incident; and
 - (7) Any evidence of rehabilitation including, without limitation, good conduct in prison or in the community; successful completion of court-ordered probation; counseling or medical treatment received; and the recommendations of persons who have had the person under their supervision.
- (e) Participation in gaming operations as a licensed employee or service company under this chapter shall be deemed a revocable privilege conditioned upon the proper and continued qualification of the individual licensee and upon the discharge of the affirmative responsibility of each such licensee to provide to the regulatory and investigatory authorities established by this subchapter, any assistance and information necessary to assure that the policies declared by this subchapter are achieved. Consistent with this policy, it is the intent of this chapter to preclude the creation of any property right in any license permitted by this chapter, or the accrual of any value to the privilege of participation in gaming operations, and to require that participation in gaming be solely conditioned upon the individual qualifications of the person seeking such privilege.
- (f) (1) All information and data required by the Office to be furnished in the application or investigative process, or which otherwise may be obtained by the Office or Division of Gaming Enforcement, pertaining to an applicant's criminal record, financial record, family and background, including, but not limited to, an application form, license investigation report, or request for placement on the self-exclusion list, shall be considered confidential, shall not be public records subject to Chapter 100 of this title, and shall not be revealed in whole or in part except in the ordinary administration of the chapter, or upon the lawful order of a court of competent jurisdiction, or, with the approval of the Attorney General, to a duly authorized law-enforcement agency. The Division of Gaming Enforcement may enter into agreements with other law-enforcement agencies or other gaming regulatory agencies that have law-enforcement status for the sharing of confidential information. Any person who violates this paragraph (f)(1) shall be guilty of a Class A misdemeanor.
- (2) All information and data required by the Office or the Division of Gaming Enforcement to be furnished, or which otherwise may be obtained by the Office or the Division of Gaming Enforcement, relative to internal controls of a video lottery agent shall be considered confidential, shall not be public records subject to Chapter 100 of this title, and shall not be revealed in whole or in part except in the ordinary administration of the chapter, or upon the lawful order of a court of competent jurisdiction, or, with the approval of the Attorney General, to a duly authorized law-enforcement agency. Any person who violates this paragraph (f)(2) shall be guilty of a Class A misdemeanor.
- (g) The licensure procedure shall take no more than 90 days to complete, unless extenuating circumstances require a longer period, in which case the Director and the State shall act with all deliberate speed to complete the process. The Division of Gaming Enforcement or

persons acting at the direction of the Division of Gaming Enforcement shall conduct the security, fitness and background checks required by this chapter.

(h) The Director may issue temporary licenses for good cause and upon a finding that the issuance of a temporary license is necessary to allow for the efficient operation of the video lottery facility. Temporary licenses shall remain in effect for no more than 6 months from the date of issuance.

(i) The Director of the Delaware Lottery may issue an emergency order for the suspension of any license, other than a video lottery agent license, if the Director finds that:

- (1) A licensee has been charged with a violation of the criminal laws of Delaware or any jurisdiction; and
- (2) Such action is necessary to preserve the public policy of this subchapter.

An emergency order shall set forth the grounds upon which it is issued and shall be effective immediately upon issuance, and remain in effect until further order of the Director. An emergency order for suspension shall be served upon the licensee within 5 days of issuance. The person or entity against whom the emergency order has been issued shall be entitled to a hearing on an appeal to the Lottery Commission for reconsideration in accordance with the provisions of this chapter and the regulations promulgated hereunder.

(j) (1) Within 30 days after an adverse determination by the Director, the applicant or licensee seeking to appeal the denial of a permit application or revocation or suspension of a previously issued permit may demand a hearing before the Lottery Commission and show cause why the Director's determination was in error. Failure to demand a hearing within the time allotted in this section precludes the person from having an administrative hearing, but in no way affects the person's right to petition for judicial review.

(2) Upon receipt of a demand for hearing, the Lottery Commission shall set a time and place for the hearing. This hearing must not be held later than 30 days after receipt of the demand for the hearing, unless the time of the hearing is changed by the Lottery Commission with the agreement of the Director and the person demanding the hearing. At the hearing, the person seeking the hearing shall have the affirmative obligation to demonstrate by clear and convincing evidence that the Director's determination was in error under the criteria for licensing established by this chapter and any regulations hereunder.

(3) If, upon completion of the hearing, the Lottery Commission determines that the person seeking the hearing has met that person's own burden of proof, an order to that effect should be entered and the license issued. If, upon completion of the hearing, the Lottery Commission finds that the person seeking the hearing has not met that person's own burden of proof, an order shall be entered to that effect. This order is subject to review in the Superior Court pursuant to the Administrative Procedures Act [Chapter 101 of this title].

(k) Any person whose license has been revoked or whose application for a license has been denied shall be prohibited from reapplying for any license for a period of 5 years from the date of the order denying or revoking the license.

(77 Del. Laws, c. 219, § 20; 70 Del. Laws, c. 186, § 1; 84 Del. Laws, c. 42, § 139.)

§ 4831. Prohibition on employment of persons or service companies without a license.

(a) It shall be unlawful for any licensed agent to employ or continue to employ an individual or service company that is required to possess a license under the provisions of this chapter, but that is not licensed. A licensed agent who violates the provisions of this section shall pay a fine imposed by the Director of not less than \$1,000 and not more than \$5,000. A licensed person who knowingly violates the provisions of this section is guilty of a class A misdemeanor.

(b) Any individual or service company that works or is employed in a position whose duties require licensing under the provisions of this chapter, without holding the requisite license, is guilty of a class A misdemeanor.

(77 Del. Laws, c. 219, § 20; 83 Del. Laws, c. 70, § 8.)

§ 4832. Prohibition on employee gaming.

It shall be unlawful for any key employee or gaming employee who is required to hold a license under this chapter to wager on table games or the video lottery in a video lottery facility in which such employee is employed. Violation of this section shall subject the violator to the imposition of a fine.

(77 Del. Laws, c. 219, § 20; 70 Del. Laws, c. 186, § 1.)

§ 4833. Exemption from federal law.

Pursuant to § 2 of Chapter 1194, 64 Stat. § 1134, 15 U.S.C. § 1172, the State, acting by and through its duly elected and qualified members of the General Assembly, does declare and proclaim that the State is exempt from Chapter 1194, 64 Stat. § 1134, 15 U.S.C. § 1172, and that the shipment of table gaming equipment, sports lottery machines and video lottery machines to video lottery agents in Delaware, done in accordance with federal law, shall be a legal shipment of a gambling device within the State.

(77 Del. Laws, c. 219, § 20.)

§ 4834. List of persons self-excluded from gaming activity.

(a) The Director shall provide by regulation for the establishment of a list of persons self-excluded from gaming activity at video lottery facilities or through the Internet lottery. A person may request placement on the list of self-excluded persons by acknowledging in a manner to be established by the Director that the person is a problem gambler and by agreeing that, during the period of voluntary

exclusion, the person may not collect any winnings or recover any losses resulting from any gaming activity at a video lottery facility or through the Internet lottery.

(b) A person may request placement on the list of self-excluded persons for any of the following periods:

- (1) Lifetime;
- (2) Five years;
- (3) One year.

(c) The Director shall establish procedures for placements on and removals from the list of self-excluded persons and procedures for the transmittal to operators of a video lottery facility of identifying information concerning self-excluded persons.

(d) The Director shall require licensed agents of video lottery facilities to establish procedures designed to:

- (1) Prevent self-excluded persons from engaging in any gaming activity;
- (2) Remove them from any forms of advertising or promotions; and
- (3) Deny self-excluded persons access to credit, complimentaries, check cashing privileges, and similar benefits.

(e) The list of self-excluded persons shall be confidential and not open to public inspection under Chapter 100 of this title.

(f) A licensed video lottery agent and the directors, officers and employees of a video lottery agent shall not be liable to any self-excluded person or any other party in any judicial proceeding for any harm, monetary or otherwise, that may arise as a result of the failure of the video lottery facility to withhold gaming privileges to a self-excluded person.

(g) A licensed video lottery agent and the directors, officers and employees of a licensed video lottery agent shall not be liable to any self-excluded person or any other party in any judicial proceeding for any harm, monetary or otherwise, which may arise as a result of disclosure in any manner, other than a wilfully unlawful disclosure, of the identity of any self-excluded person.

(77 Del. Laws, c. 219, § 20; 78 Del. Laws, c. 285, § 15.)

§ 4835. Exclusion or ejection of certain persons from video lottery facilities and Internet lottery games; exclusion of certain persons from participating in sports lottery games.

(a) The Director shall by regulation provide for the establishment of a list of persons who are to be excluded or ejected from any video lottery agent's facility and excluded from participating in any capacity in the play of any table game, sports lottery game, video lottery game, or Internet lottery game. Persons shall be placed on the list by order of the Director, predicated upon the filing of a petition by the Division of Gaming Enforcement. Persons shall be placed on the list if a reasonable basis exists for believing that the person's engagement in the games or presence in the facility is inimical to the interests of this State, or to the operation of a video lottery agent's facilities, or both. Such provisions shall define the standards for exclusion and shall require the Director and the Division of Gaming Enforcement to consider any:

- (1) Prior conviction of a crime which is a felony in this State or under the laws of the United States; or a crime involving moral turpitude; or a violation of the gaming laws of any state;
- (2) Violation or conspiracy to violate any of the provisions of § 1471 of Title 11;
- (3) The failure to disclose an interest in a video lottery facility for which the person must obtain a license;
- (4) Wilful evasion of fees or taxes;
- (5) Notorious or unsavory reputation which would adversely affect public confidence and trust that the Delaware Lottery is free from criminal or corruptive elements; or
- (6) Written order of a governmental agency which authorizes the exclusion or ejection of the person from an establishment at which gaming or pari-mutuel wagering is conducted.

(b) The Director also shall provide by regulation for the establishment of a list of persons who are to be excluded from participating in any capacity in the play of any sports lottery game, whether such sports lottery game is conducted at a video lottery agent's facility or a sports lottery agent's facility. The Director may place a person on the list of excluded sports lottery players by an order that shall be predicated upon the completion of an investigation conducted by the Division of Gaming Enforcement and its written report to the Director. Such regulatory provisions shall define the standards for exclusion from participation in any sports lottery games and shall require the Director to consider 1 or more of the following factors:

- (1) Prior conviction of a crime that is related to sports betting in any jurisdiction.
- (2) Anything that, in the opinion of the Director, would denigrate or undermine the integrity or overall soundness, financial stability, or reputation of the lottery, which may include a person's reputation, habits, and associations that may pose a threat to the public interest of the State or the reputation or effective control of the lottery.

(c) (1) The Director may issue an emergency order to exclude any person from participating in any capacity in the play of any sports lottery game if the Director finds that the person poses an immediate threat that would denigrate or undermine the integrity or overall soundness, financial stability, or reputation of the lottery, which may include a person's reputation, habits, and associations that may pose a threat to the public interest of the State or the reputation or effective control of the lottery.

(2) An emergency order shall set forth the grounds upon which it is issued and shall be effective immediately upon issuance and shall remain in effect until further order of the Director. In addition, an emergency order to exclude a person from participating in

any capacity in the play of any sports lottery game shall be served upon the excluded sports lottery player within 7 calendar days of issuance. After the Division of Gaming Enforcement completes an investigation and report to the Director that confirms the excluded sports lottery player meets the criteria of this subsection or that the excluded sports lottery player does not meet the criteria of this subsection, the Director shall issue a further order regarding the excluded sports lottery player, which order may finalize the decision to exclude the sports lottery player or reverse the decision to exclude the sports lottery player.

(d) In considering placement on the exclusion list, it shall be improper to discriminate on any basis prohibited by § 711(b) of Title 19.

(e) Whenever the name and description of any person is placed on a list pursuant to this section, the Director shall serve notice of such fact to such person:

(1) By personal service;

(2) By certified mail to the last known address of such person; or

(3) By publication daily for 1 week in 1 of the principal newspapers published in the city of Dover and in 1 of the principal newspapers published in the city of Wilmington, Delaware.

(f) Within 30 days after service by mail or in person or 60 days after the last publication, the person named may demand a hearing before the Lottery Commission and show cause why that person's name should be taken from such a list. Failure to demand a hearing within the time allotted in this section precludes the person from having an administrative hearing, but in no way affects that person's right to petition for judicial review.

(g) Upon receipt of a demand for hearing, the Lottery Commission shall set a time and place for the hearing. This hearing must not be held later than 30 days after receipt of the demand for the hearing, unless the time of the hearing is changed by the Lottery Commission with the agreement of the Division of Gaming Enforcement, the Director, and the person demanding the hearing. At the hearing, the Division of Gaming Enforcement, or the Director, whichever initiated the placement of the person on the exclusion list or the list of excluded sports lottery players, shall have the affirmative obligation to establish a reasonable basis that the person named for exclusion satisfies the criteria for exclusion established by this section and any regulations hereunder.

(h) If, upon completion of the hearing, the Lottery Commission determines that:

(1) The Division of Gaming Enforcement or the Director has not met the burden of proof, an order shall be entered requiring that the person's name be removed from the list of excluded persons or the list of excluded sports lottery players and requiring the Director to so notify all video lottery agents of the person's removal from the list.

(2) Placing the person on the exclusion list or the excluded sports lottery players list was proper, an order shall be entered to that effect, and the Lottery Commission shall serve a copy of that order on the person so named pursuant to subsection (e) of this section, as well as all video lottery agents. This order is subject to review in the Superior Court, which shall have exclusive jurisdiction over appeals of exclusion listings from the Lottery Commission.

(i) Nothing contained in this section shall:

(1) Affect the common law right of a video lottery agent, as an owner or lessor of property, from excluding or ejecting any person from its property for any reason that is not unlawful or excluding any person from participation in Internet lottery games for any reason that is not unlawful; or

(2) Be applicable to any action undertaken by a video lottery agent in the exercise of such right.

(77 Del. Laws, c. 219, § 20; 70 Del. Laws, c. 186, § 1; 78 Del. Laws, c. 285, §§ 16, 17; 82 Del. Laws, c. 158, § 1; 83 Del. Laws, c. 421, § 1.)

§ 4836. Penalties for wagering by excluded persons.

(a) Any person whose name has been placed on the list of persons to be excluded from participating in any capacity in the play of any sports lottery game or Internet lottery game or excluded or ejected from a video lottery agent's facility, except for persons whose name has been placed on the self-exclusion list, who thereafter knowingly participates in any capacity in the play of any sports lottery game or Internet lottery game or enters the premises of a video lottery facility, is guilty of a class A misdemeanor.

(b) Any person whose name has been placed on the self-exclusion list, who thereafter knowingly enters a gaming area or engages in the Internet lottery, is guilty of a class A misdemeanor.

(c) A video lottery agent shall have a duty to keep from its premises any person who is on the list of persons to be excluded from entering a video lottery facility and shall have a duty to keep from its gaming room any person who is on the self-exclusion list. The Director may revoke, limit, condition, or suspend the license of a video lottery agent, or impose a fine or other monetary penalty, if that video lottery agent knowingly fails to exclude or eject from its premises any person placed on the list of persons to be excluded or ejected, or knowingly fails to exclude or eject from its gaming room any person on the self-exclusion list.

(d) A person who is prohibited from gaming activity by any order of the Director, or court of competent jurisdiction, or by any provision of this subchapter, including underage persons and any person on the exclusion or self-exclusion list, shall not collect, in any manner or proceeding, any winnings or recover any losses arising as a result of any prohibited gaming activity. The Director shall provide by regulation for the procedures of handling the forfeiture of any winnings or the prohibition of recovering any losses by persons prohibited from gaming activity as set forth in this subsection.

(e) In addition to any other penalty provided by law, any money or thing of value which has been obtained by any person prohibited from gaming activity in a video lottery facility shall be subject to an order of forfeiture by the Director, following notice to the prohibited person and an opportunity for the prohibited person to be heard as set forth by regulation.

(f) The Director also shall establish regulations concerning the disposition of any forfeited funds received under this section.

Of the initial members, 1 must be appointed for a 1-year term, 1 must be appointed for a 2-year term, 1 must be appointed for a 3-year term, and 1 must be appointed for a 4-year term and the remainder must be appointed for a 5-year term. Thereafter, all members shall serve 5-year terms.

(c) Prior to the nomination of a candidate to serve on the Lottery Commission, the Division of Gaming Enforcement shall review, in accordance with the standards of a key employee, the background, qualifications and suitability of each nominee and make an appropriate report to the Governor. The Governor may at any time, after notice and hearing, remove any Commission member for gross inefficiency, neglect of duty, malfeasance, misfeasance or nonfeasance in office.

(d) To serve on the Lottery Commission, a member may not be and may not ever have been an employee, officer, director, owner of securities of a video lottery agent or sports lottery agent, or owner of a licensed service company, nor a member of the immediate family of an employee, officer, director or owner of a video lottery agent or sports lottery agent; may not ever have had a material or financial interest in a video lottery agent, sports lottery agent, or a licensed service company; and may not ever have been engaged in any services on behalf of a video lottery agent, sports lottery agent, or a licensed service company related to the activities of the lottery. Whoever fails to obey or refuses to obey a subpoena of the Superior Court shall be guilty of contempt of court and shall be punished accordingly. False swearing on the part of any witness shall be deemed perjury and shall be punished as such.

(5) Review and approve all regulations issued by the Director on or after July 1, 2010, pursuant to specific provisions of this title, before such regulations are implemented.

(f) The members of the Board shall receive \$250 for each day's attendance at the meetings of the Commission, not to exceed 24 days' attendance in any 1 calendar year; and they shall be reimbursed for their actual travel and other necessary expenses incurred in attending meetings and transacting the business of the Commission.

§ 4838. Delinquent child support.

(a) The Director of the Division of Child Support Services, Department of Health and Social Services shall enter into a cooperative agreement with the Director and the operator of each video lottery or charitable gaming organization facility within this State whereby the Director of the Division of Child Support Services shall provide information regarding individuals with a qualified child support obligation for the purpose of satisfying such obligation in part or in whole with any qualified lottery prizes won by such individuals. Prior to awarding any qualified lottery prize, an operator of a lottery facility shall determine if the winner of such prize owes a qualified child support obligation. In the event that a qualified child support obligation is owed, such prize shall be reduced by:

- (1) One hundred percent in the event that the qualified lottery prize is less than or equal to the qualified child support obligation; or
- (2) The amount of the qualified child support obligation in the event that the qualified lottery prize exceeds the qualified child support obligation.

Any remaining amounts shall be awarded to the qualified lottery prize winner.

(b) The specific information and the manner and frequency with which it is made available or otherwise exchanged between the Division of Child Support Services, the Director and each operator of a video lottery facility in this State shall be as determined by each cooperative agreement, but such cooperative agreement must specify:

(1) That the Division of Child Support Services shall make available or otherwise provide or update information at least once each calendar month;

(3) The procedure by which the operator of a video lottery facility will remit to the Division of Child Support Services those qualified lottery prizes that offset qualified child support obligations;

(4) That the operator of the video lottery facility will provide the qualified prize winner written notice of the amount withheld from the qualified lottery prize and instructions for contesting an intercept directly to the Division of Child Support Services; and

This compact shall be known and may be cited as the "Tri-State Lotto Compact."

(66 Del. Laws, c. 183, § 1; 69 Del. Laws, c. 446, § 17; 77 Del. Laws, c. 219, § 21.)

§ 4851. Compact.

The State of Delaware is hereby authorized to enter into the following compact with the states of Vermont, Maine and New Hampshire subject to the terms and conditions stated in the Compact.

(66 Del. Laws, c. 183, § 1; 69 Del. Laws, c. 446, § 17; 77 Del. Laws, c. 219, § 21.)

(a) *Statement of policy and purpose.* — The State of Delaware enters this compact to implement the operation of Tri-State Lotto, for the purpose of raising additional revenue for each of the party states. Tri-State Lotto is not intended to replace any existing lottery game in the party states but, rather, to be run in addition to these games. Tri-State Lotto tickets will be sold in each area to be determined by the Commission. Fifty percent of the gross sales from each state will be aggregated in a common prize pool, and operating costs will be charged proportionally to the sales made by each of the party states. The remaining revenues generated within each state will remain in that particular state.

- (b) *Definitions.* — (1) “Commission” means the Tri-State Lotto Commission or its successor, created and established by this Compact;
- (2) “Concurrent legislation” means legislation enacted by one of the party states which is concurred in by the other party states in the form of enactments having like effect;
- (3) “Lotto” means a game of lotto as prescribed by the Commission;
- (4) “Party states” means the states of New Hampshire, Maine, Vermont, and Delaware; and
- (5) “Tri-State Lotto” means a combined lotto game for all member states, with common tickets, common advertising and a common prize pool.

(66 Del. Laws, c. 183, § 1; 69 Del. Laws, c. 446, § 17; 77 Del. Laws, c. 219, § 21.)

§ 4853. Procedures and conditions governing the Tri-State Lottery.

(a) *Creation of the Tri-State Lotto Commission.* — The party states, for the purpose of operating Tri-State Lotto, establish the Tri-State Lotto Commission.

(b) *Nature of the Commission.* — The Commission shall be an interstate body, both corporate and politic, serving as a common agency of the party states and representing them both collectively and individually in the exercise of its powers and duties.

(c) *Organization of the Commission.* — The Commission shall be composed of one member from each of the party states. Each party state Lottery Director, Sweepstakes Commission or State Lottery Commission shall appoint one of its members to serve the Tri-State Lotto Commission. Each member shall hold office at the pleasure of the appointing authority. The Commission shall elect a chairperson from among its members annually.

(d) *Functioning of the Commission.* — (1) The Commission’s functions shall be performed and carried out by its members and by advisory committees or panels as the Commission may establish, and by officers, independent contractors, agents, employees and consultants as may be appointed by the Commission. All officers, independent contractors, agents, consultants and employees shall hold office at the pleasure of the Commission, unless the Commission otherwise decides, and the Commission shall prescribe their powers, duties and qualifications and fix their compensation and other terms of their employment.

(2) No action of the Commission shall be effective or binding unless there is a unanimous decision by all of the representatives of the various party states.

(3) The members of the Commission shall receive compensation for their services pursuant to this Compact and in accordance with the policies of the respective states, and they shall be reimbursed for the expenses they naturally and necessarily incur in the performance of their duties.

(4) No member of the Commission who is otherwise a public officer or employee shall suffer a forfeiture of office or employment, or any loss or diminution in the rights and privileges pertaining to office or employment, by reason of membership on the Commission.

(e) *Powers and duties of the Commission.* — (1) The Commission shall have the power and it shall be its duty to operate and administer Tri-State Lotto and to promulgate rules and regulations governing the establishment and operation of the lotto, including but not limited to the following topics:

- a. The design of the game;
- b. The price of the tickets;
- c. The number and size of the prizes on the winning tickets;
- d. The manner of selecting the winning tickets and paying the prizes;
- e. The frequency of the drawings;
- f. The type or types of locations at which tickets may be sold;
- g. The method to be used in selling tickets;
- h. The compensation required to be paid to Tri-State Lotto sales agents in order to assure adequate availability of tickets and public convenience in purchasing tickets; and
- i. The development of an internal security plan designed to prevent player fraud.

(2) The Commission, or its designee, shall also have the power and it shall be its duty to license sales agents to sell Tri-State Lotto tickets, in accordance with subsection (g) of this section. The Commission may require a bond from any licensed agent, in an amount to be determined by the Commission.

(3) The Commission shall make monthly and year-end reports to the state Lottery Director, Sweepstakes Commission or State Lottery Commission of the party states, which shall include a complete statement of Tri-State Lotto revenues, prize disbursements and other expenses, and any other information the party states may require.

(4) All Tri-State Lotto accounts and transactions shall be subject to annual post-audits conducted by independent auditors retained by the Commission for this purpose.

(5) In addition to the powers enumerated above, the Commission shall have the power to adopt a corporate seal and enter into contracts, including but not limited to contracts with other governments or agencies, to hire, lease, acquire and dispose of property to

the extent necessary to carry out its functions, powers and duties as set forth in this section, and to expend or authorize expenditures of moneys for the purpose of operating Tri-State Lotto pursuant to this Compact. The party states each shall have the right to require an audit as a party state may from time to time consider proper.

(6) The Commission shall also have additional powers, incidental to the express powers granted to it by this Compact, as may be necessary or proper for the effective performance of its functions.

(f) *Cooperation and assistance of other agencies.* — To avoid duplication of effort and in the interest of economy, the Commission may make use of existing studies, plans, data and other materials in the possession of the governmental agencies of the party states and their respective political subdivisions. Each agency is authorized to make these materials available to the Commission and otherwise to assist it in the performance of its functions. The officers and personnel of these agencies, and of any other government or agency, may serve at the request of the Commission upon advisory committees and panels as the Commission creates; and the officers and personnel may serve upon the committees and panels without forfeiture of office or employment and with no loss or diminution in the status, rights and privileges which they otherwise enjoy.

(g) *Licensing of Tri-State Lotto sales agents.* — (1) The Commission or its designee may license as agents to sell Tri-State Lotto tickets those persons as in its opinion will best serve the public convenience except that no license shall be issued to any person to engage in business exclusively as a sales agent.

(2) For purposes of this section the term “person” shall be construed to mean and include an individual, partnership, association, organization, club, company, corporation, trust, estate, society, joint stock company, receiver, trustee, assignee, referee or any other person acting in a fiduciary or representative capacity, whether appointed by a court or otherwise, and any combination of individuals. “Person” shall also be construed to mean and include agencies and instrumentalities of the State, and counties, cities, towns and villages.

(3) Before issuing a license to any person, the Commission shall consider with respect to the person:

- a. Financial responsibility and the security of the business or activity in which the person is engaged;
- b. Accessibility of the place of business or activity to the public;
- c. Sufficiency of existing licenses to serve public convenience;
- d. Whether the place of business or activity is predominantly frequented by persons under the age of 18 years;
- e. Volumes of expected sales; and
- f. The possession of a valid party state lottery license.

(h) *Suspension and revocation of license.* — (1) The Commission may suspend or revoke, after notice and hearing, any license issued pursuant to this Compact. The license may, however, be temporarily suspended by the Commission without prior notice, pending any prosecution, investigation or hearing. A license may be suspended or revoked by the Commission for just cause, including but not limited to 1 or more of the following reasons:

- a. Failure to account for tickets received or the proceeds of the sale of tickets or to file a bond if required by the Commission or to comply with instructions of the Commission concerning the licensed activity;
- b. Conviction of any criminal offense;
- c. Failure to file any return or report, to keep records, or to pay any tax;
- d. Engaging in fraud, deceit, misrepresentation or conduct prejudicial to public confidence;
- e. Insufficiency of the number of tickets sold by the sales agent; and
- f. A material change since issuance of the license with respect to any of the matters required to be considered by the Commission under paragraph (g)(3) of this section.

(2) Any suspension or revocation of a state license to sell lottery tickets shall automatically result in suspension of the Tri-State Lotto license.

(i) *Inapplicability of conflicting statutes.* — (1) Any law providing for any penalty or disability for the sale of lottery tickets or any acts done in conjunction with a lottery which conflicts with the provisions of the Compact shall not apply to the sale of tickets or acts performed pursuant to this Compact.

(2) The provisions of this Compact shall apply and take precedence in the event of any conflict between the provisions contained in this Compact and the provisions of other laws of any of the party states.

(j) *Sale of tickets prohibited.* — (1) No tickets shall be sold at a price greater than those fixed by the Commission; nor shall a sale be made to any person other than a licensed sales agent. Any person who violates any of these provisions shall be subject to the sanctions of each respective party state’s lottery statutes.

(2) No ticket shall be sold to any person under the age of 18 years, but this shall not be deemed to prohibit the purchase of a ticket for the purpose of making a gift by a person 18 years of age or older to a person less than that age. Any licensee or the employee or agent of any licensee who sells or offers to sell a ticket to any person under the age of 18 shall be subject to the sanctions of each respective party state’s lottery statutes.

(3) No ticket shall be sold to and no prize shall be paid to any of the following persons:

a. Any member, officer or employee of the Commission; or

b. Any spouse, child, brother, sister or parent residing as a member of the same household in the principal place of abode of any of the foregoing persons.

(k) *Collection and disposition of revenue.* — (1) All moneys received by any and all Tri-State Lotto sales agents from the sales of Tri-State Lotto tickets, less the amount, if any, retained pursuant to paragraphs (e)(1)g. and (e)(1)h. of this section shall be delivered weekly to the state Lottery Director, Sweepstakes Commission or State Lottery Commission of the party state in which sales were made.

(2) Within 1 week after a Tri-State Lotto drawing has been held, the party states shall pay the Commission, who in turn shall promptly pay to an account known as the Tri-State Lotto Prize Account, moneys as are necessary for the payment of prizes, less actual prizes paid by the respective party state in the preceding week, but not to exceed 50 percent of the total amount for which tickets have been sold.

(3) Interest earned by the Tri-State Lotto Prize Account shall accrue to the party states in direct proportion to their contribution to the account. Distribution shall be made at least semi-annually.

(4) The withdrawals, pursuant to subsection (1) of this section, of moneys from the Tri-State Lotto Prize Account deposited by the Commission shall be subject to a check signed by a member of the Commission or such officer, employee or agent of the Commission as the Commission may designate. The moneys in the Prize Account shall be paid out of the account on vouchers certified or approved by the Commission or its designated officer, agent or employee.

(5) The Commission shall receive from party states, within 1 week after a Tri-State Lotto drawing, an additional sum of moneys not to exceed 15 percent of the total amount for which tickets have been sold. The moneys shall be deposited in a bank, banking house or trust company selected by the Commission in an account to be named the Tri-State Lotto Operations Account. The operations account shall be used to pay Tri-State Lotto current operating costs which shall be charged proportionally to the sales made by each of the party states. If operating costs exceed or fall short of the amount obtained in the account, appropriate adjustments shall be made on a quarterly basis within 30 days at the end of each quarter.

(6) Interest earned by the Tri-State Lotto Operations Account shall accrue to the party states in direct proportion to their contribution to the account. Distribution shall be made at least semi-annually.

(l) *Certification of prize winners and payment of prizes.* — (1) All prizes over \$5,000 shall be awarded to holders of winning tickets provided in this section. Within 1 week after any drawing selection of prize winning tickets, the Commission shall deliver to each of the party states a certified list of the tickets to which the prizes are awarded and amount of each prize. Upon delivery of the certified list and voucher of the Commission, moneys sufficient for the payment of the prizes may be withdrawn from the prize account established in paragraph (k)(2) of this section. The Commission shall each month provide each party state with a record of all withdrawals. Payment of prizes shall be made by the Commission, or its designee, to holders of the tickets to which prizes are awarded, except that a payment of any prize drawn may be paid to the estate of a deceased prize winner, and except that any person pursuant to an appropriate judicial order may be paid the prize to which the winner is entitled. The Commission, its officers, agents and employees shall be discharged of all further liability upon payment of a prize pursuant to this subsection.

(2) If the person entitled to a prize on any winning ticket is under the age of 18 years, and the prize is less than \$5,000, the Commission may make payment by delivery to an adult member of the minor's family or a guardian of the minor of a check or draft payable to the order of the minor. If the person entitled to a prize of any winning ticket is under the age of 18 years and if the prize is \$5,000 or more, the Commission may make payment to the minor by depositing the amount of the prize in any bank to the credit of an adult member of the minor's family or a guardian of the minor as custodian for the minor. The Commission shall be discharged of all further liability upon payment of a prize to a minor pursuant to this subdivision.

(3) Prizes may be paid in such manner as the Commission may direct in its rules and regulations as long as the rules and regulations are not inconsistent with this Compact.

(m) *Unclaimed prize money.* — Unclaimed prize money for the prize on a winning ticket shall be retained by the Commission for payment of the person entitled for 1 year after the drawing in which the prize was won. If no claim is made for the prize within 1 year from the date of the drawing, the prize money shall be credited to the prize pool. Upon the expiration of 1 year from the drawing date, the ticket holder shall forfeit any claim or entitlement to the prize moneys.

(n) *Duration of Commission and Tri-State Lotto.* — The Commission and Tri-State Lotto shall continue in existence until this Compact is revoked by all of the party states. The withdrawal of 1 party state shall not render the Compact invalid between the remaining states.

(o) *Interpretation.* — This Compact shall be construed liberally to accomplish its purpose.

(p) *Amendments.* — Amendments and supplements to this Compact may be adopted by concurrent legislation of the party states.

(q) *Immunity.* — The Commission and the party states shall be immune from:

(1) Any claim based upon an act or omission of an employee exercising due care, in the execution of a statute or regulation, whether or not the statute or regulation is valid, or based upon the exercise or performance or failure to exercise or perform a discretionary function or duty on the party of the employee whether or not the discretion involved is abused;

(2) Any claim arising in respect to the assessment or collection of any fee or commission or the levy upon or detention of any goods or merchandise by a law-enforcement officer;

(3) Any claim for damages caused by the fiscal operations of the Commission;

(4) Any claim arising out of alleged assault, battery, false imprisonment, false arrest, malicious prosecution, abuse of process, libel, slander, misrepresentation, deceit, fraud, interference with contractual rights or invasion of the right of privacy; or

(5) Any other claim for which a remedy is provided or which is governed specifically by other statutory enactment.

(r) *Fiscal year.* — The fiscal year of the Tri-State Lotto Commission shall be from July 1 of 1 calendar year to June 30 of the succeeding calendar year.

(s) *State tax exemption.* — The prizes received pursuant to this Compact shall be exempt from all state, county, municipal and local taxes within the party states.

§ 4854. Penalties.

(a) No person shall sell a ticket or share in a ticket at a price greater than that fixed by the Commission. No person other than a lottery agent can sell lottery tickets. Nothing in this section shall be construed to prevent any individual purchaser from giving lottery tickets or shares to another as a gift. Any person convicted of violating this subchapter may be punished by imprisonment for 6 months and a fine of \$1,000.

(b) Any person who falsely or fraudulently makes, forges, alters or counterfeits, or causes or procures to be made, forged, altered or counterfeited, any Commission ticket or any part thereof, or any person who knowingly and wilfully utters, publishes, passes or tenders as true, any forged, altered or counterfeited Commission lottery tickets may be punished by imprisonment for 6 months and a fine of \$5,000.

Subchapter III

Interactive Fantasy Contests

(82 Del. Laws, c. 69, § 1.)

§ 4860. Short title.

This subchapter shall be known and may be cited as the “Delaware Interactive Fantasy Contests Act.”

(81 Del. Laws, c. 105, § 1; 81 Del. Laws, c. 371, § 1; 82 Del. Laws, c. 69, § 1.)

§ 4861. Legislative findings and purpose.

(a) The General Assembly hereby finds and declares that:

(1) Interactive fantasy sports are not games of chance because they consist of fantasy sports games or contests in which the fantasy sports teams are selected based upon the skill and knowledge of the participants and not based on the current membership of an actual team that is a member of an amateur or professional sports organization;

(2) Interactive fantasy sports contests are not wagers on future contingent events and are not under the contestants’ control or influence because contestants have control over which players they choose and the outcome of each contest is not dependent upon the performance of any 1 player or any 1 actual team. The outcome of any fantasy sports contest does not correspond to the outcome of any 1 sporting event. Instead, the outcome depends on how the performances of participants’ fantasy roster choices compare to the performance of others’ roster choices.

(b) Based on the findings in subsection (a) of this section, the General Assembly declares that interactive fantasy sports do not constitute gambling in Delaware within the meaning of §§ 1401-1431 of Title 11.

(c) The General Assembly further finds that as the Internet has become an integral part of society, and interactive fantasy sports a major form of entertainment for many consumers, any interactive fantasy sports enforcement and regulatory structure must begin from the bedrock premise that participation is lawful and licensed interactive fantasy sports industry is a privilege and not a right, and that regulatory oversight is intended to safeguard the integrity of the games and participants to ensure accountability and the public trust. Interactive fantasy sports should continue to be enjoyed broadly and offered by licensed interactive fantasy sports operators in the state and not exclusively by any single brick and mortar casino.

(81 Del. Laws, c. 105, § 1; 81 Del. Laws, c. 425, § 20; 82 Del. Laws, c. 69, § 1.)

§ 5252. Payment of premium or subscription charges.

The State shall pay all premium or subscription charges for the full cost of providing coverage for the Disability Insurance Program.

(75 Del. Laws, c. 191, § 1.)

§ 5253. Specifications of the coverage.

(a) Participating employees shall be eligible to utilize earned sick leave for absences due to accident, illness, or injury, or parental leave, if eligible upon the birth of a child, for periods before disability benefits commence under this chapter, such that the participating employee receives 100% of creditable compensation for such periods, not to exceed the employee's sick leave balance.

(b) *Short-term disability benefit.* — (1) An employee who is determined by the Committee, in its sole discretion, to be mentally or physically unable to perform the essential functions of the employee's position as defined in rules and regulations adopted by the Committee, with reasonable accommodation as required by federal law, shall be entitled to receive short-term or long-term benefits pursuant to this chapter. An employee who receives short-term or long-term disability benefits pursuant to this chapter may be required, in the sole discretion of the Committee, to participate in rehabilitation or retraining services, or a combination thereof, under a program established by the Committee. Short-term disability benefits for participating employees shall commence upon the expiration of a 30-calendar-day elimination period. Such elimination period shall begin on the first day following the onset of physical or mental incapacity as determined by the Committee, in its sole discretion. If an employee returns to work for 1 day or less during the 30-calendar-day elimination period but cannot continue to work thereafter, the period worked shall not be considered to have interrupted the 30-calendar-day elimination period. The elimination period must commence and conclude within normal working periods for employees who work less than 12 months per calendar year.

(2) Except as provided in paragraph (b)(4) of this section, short-term disability benefits pursuant to this chapter shall be payable at the rate of 75% of the participating employee's creditable compensation prior to the onset of the disability during the period that an employee has a disability, as determined by the Committee.

(3) Creditable compensation during periods an employee receives short-term disability benefits shall include general salary increases awarded or reductions in salary instituted during the period of short-term disability coverage.

(4) An employee may utilize annual, sick, parental, compensatory, or donated leave to supplement short-term disability benefits to equal 100% of pre-disability creditable compensation for the maximum period of 182 calendar days.

(5) If a participating employee returns to the employee's position on a full-time basis, as defined by the Committee, for 15 consecutive calendar days or longer, any succeeding period of disability for which the employee shall become eligible shall constitute a new period of short-term disability with a corresponding 30-calendar-day elimination period.

(6) Employees enrolled in and receiving short-term disability (STD) compensation shall receive a maximum of 100% of base pay. If the employee is otherwise eligible for holiday pay or a paid leave other than identified in paragraph (b)(4) of this section, the employee will be granted 100% pay on the day in question without a residual. All leave supplements will be calculated on a pay period basis.

(7) Except those who qualify for parental leave upon the birth of a child, once an employee exhausts their elimination period, the employee will be deemed to have applied for benefits under this section and shall not be eligible to utilize paid leave in lieu of application for short-term disability.

(8) When an employee is on approved STD per subsection (b) of this section and does not supplement the 75% STD payment with 25% leave for a period of greater than 30 calendar days, the employee will accrue leave on a pro-rata basis.

(c) *Long-term disability benefit.* — (1) Long-term disability benefits for participating employees shall commence upon the expiration of a 182-calendar-day waiting period. The waiting period shall commence on the first day following the onset of the disability as determined by the Committee, in its sole discretion. If an employee returns to work for 14 or fewer consecutive calendar days during such 182-calendar-day waiting period and cannot thereafter continue to work, the periods worked shall not be deemed to have interrupted the 182-calendar-day waiting period.

(2) Long-term disability benefits for an eligible employee shall be paid in an amount equal to 60% of the participating employee's creditable compensation prior to the onset of the disability. In no event shall the employee be entitled to utilize earned sick leave to supplement long-term disability benefits.

(3) Long-term disability benefits shall not include general salary increases during the period of long-term disability. Long-term disability benefits may be increased annually by an amount approved by the Committee.

(4) Any employee who applies for long-term benefits pursuant to this chapter must apply to the Social Security Administration for disability benefits. Long-term disability benefits provided under this chapter shall be reduced by any disability benefits received from the Social Security Administration.

(5) Upon the exhaustion of the maximum short-term disability benefit period, any employee, except those entitled to hazardous duty pay as defined in § 5933(c) of this title, shall no longer be an employee of the State or any of its political subdivisions provided the employee has exhausted their Family Medical Leave Act of 1993 (FMLA) [29 U.S.C. § 2601 et seq.] entitlement and/or is not FMLA eligible. Employees entitled to hazardous duty pay as defined in § 5933(c) of this title who exhaust the maximum short-term disability benefit period shall no longer be an employee of the State or any of its political subdivisions at the end of their entitlement to hazardous duty pay or parental leave provided the employee has exhausted their FMLA entitlement and/or is not FMLA eligible.

(6) Prior to the commencement of long-term disability benefits, the employee shall be eligible to make a written election to escrow for a period of 6 months any unused annual and sick leave based on the rules in place by the employing organization. Any employee who does not make a written election to escrow unused annual and sick leave will receive a payoff of unused annual and sick leave under § 5253(c)(5) of this title. Any employee approved for long-term disability benefits and who made a written election to escrow unused annual and sick leave who returns to state employment in a full-time benefit eligible position within the 6-month escrow period and works on a full-time basis for at least 30 calendar days will retain their annual and sick leave balances. Any employee making a written election to escrow unused annual and sick leave who does not return to state employment in a full-time benefit eligible position for at least 30 calendar days within the 6-month escrow period will receive a payoff of unused annual and sick leave at the end of the 6-month escrow period based on the rules in place by the employing organization.

(d) Eligibility for participation in the program shall terminate upon the earliest to occur of an employee's:

- (1) Ability to return to employment;
- (2) Death; or
- (3) The date the employee is no longer covered by the Delaware State Employees' Pension Plan pursuant to Chapter 55 of this title; or
- (4) Normal service retirement at age 65.

the carrier's written notice of its determination, an aggrieved participating employee may appeal any denial of disability benefits by filing a written petition setting forth with particularity the grounds for appeal with the carrier. The carrier shall have the authority to reverse all or any part of its initial decision to deny benefits and shall notify the employee, the employing organization and Division of Statewide Benefits in writing by certified mail, return receipt requested within 10 days of the carrier's determination.

Within 20 days of the postmark date of the carrier's determination of appeal an aggrieved participating employee may file a second-level appeal of denial of disability benefits by filing a written petition setting forth with particularity the grounds for second appeal, with the Appeals Administrator, who shall conduct an informal review, and who shall have the authority to reverse all or any part of the decision of the carrier to deny benefits. The Appeals Administrator or designee, shall issue a final written decision and shall mail it to the employee by certified mail, return receipt requested, within 30 days of speaking with the employee. The Committee shall designate an officer of the Division of Statewide Benefits to act as the Appeals Administrator.

The judge shall, if the judge deems the evidence so warrants, issue an order requiring such persons to testify or produce documents or otherwise comply with the requirements of the Committee, as the case may require. Refusal to comply with the order of the Court shall constitute contempt of Court;

(3) Where the Committee assigns the matter to the hearing officer, the hearing officer shall decide the matter and prepare a report containing the findings of fact, and conclusions of law, within 60 days of the hearing, and shall transmit the report, with the full record of the hearing, to the Committee.

(4) The Committee may accept or modify the hearing officer's final report, and shall notify the parties of its action by certified mail, return receipt requested within 60 days.

(5) If the Committee elects to hear the matter directly and not to assign it to the hearing officer, it shall issue its final decision containing findings of fact and conclusions of law, within 60 days of the hearing, and shall notify the parties of its action by certified mail, return receipt requested.

(6) The Committee's final action may be appealed to the Superior Court within 30 days after it is mailed to the parties by the Committee. The appeal shall be on the record.

(13) In determining an employee's eligibility under this chapter, such an employee shall be considered to have been in covered employment during a period of documented interruption not to exceed 2 months and not otherwise provided for in this chapter. The term "documented interruption" shall be defined in the rules and regulations of the Board of Pension Trustees but shall not include interruptions due to termination of employment. Time so credited under this subsection for eligibility shall not be used for the computation of retirement benefits. This subsection shall apply to employees who retire on or after January 1, 1979.

Any credited service purchased under this paragraph shall not be used to determine eligibility for benefits under this chapter. No individual shall purchase more than 1 year of state-credited service for each year of JDG service, up to a maximum total of 5 years provided further, that each year of state-credited service may not result in pension credit for another Delaware Pension Plan.

(61 Del. Laws, c. 336, § 1.)

§ 5546. Burial benefits.

(a) Upon the death of an individual receiving a pension under this chapter the sum of \$7,000 shall be paid from the Fund to a designated beneficiary or in the absence of a designated beneficiary the amount of this benefit shall be paid to the deceased pensioner's estate.

(a) Each participating employer, pursuant to the provisions of § 414(h)(2) of the United States Internal Revenue Code [26 U.S.C. § 414 (h)(2)], shall pick up and pay the contributions which would otherwise be payable by the employees under § 5543 of this title. The contributions so picked up shall be treated as employer contributions for purposes of determining the amounts of federal income taxes to withhold from the employee's compensation.

(b) Employee contributions picked up by the employer shall be paid from the same source of funds used for the payment of compensation to an employee. A deduction shall be made from each employee's compensation equal to the amount of the employee's contributions picked up by the employer. This deduction, however, shall not reduce the employee's compensation for purposes of computing benefits under the retirement system pursuant to this chapter.

(c) Employee contributions shall be credited to a separate account within the employee's individual account so that the amount contributed prior to the effective date for the pickup of employee contributions may be distinguished from the amounts contributed on or after the effective date.

(d) The contributions, although designated as employee contributions, are being paid by the employer in lieu of the contributions by the employee. The employee will not be given the option of choosing to receive the contributed amounts directly instead of having them paid by the employer to the retirement system.

(68 Del. Laws, c. 358, § 1.)

§ 5548. Establishment of Post Retirement Benefit Fund.

No money shall be disbursed from this fund except for the purpose of providing funding for post retirement increases for employees retired under this chapter; Chapter 56 of this title; Chapter 83 of Title 11.

(2) The Board of Pension Trustees shall review the balance in the Post Retirement Fund at the end of each fiscal year and make any recommendations for adjustments in the funding rate for the succeeding fiscal year to ensure that the rate be sufficient to fund post retirement increases authorized under this section.

(b) (1) In the event that the General Assembly shall introduce legislation proposing post retirement increases, the Board of Pension Trustees shall review each such proposal to determine if sufficient funds are projected to be available in the Post Retirement Fund to provide the funding necessary to fund the increase granted by the General Assembly. In addition, any pension increases granted shall not be substantively automatic. If the Board determines that insufficient funds will be available to fund the increase, the Board shall notify the Governor and the General Assembly that an additional appropriation will be required in order to provide the post retirement increase being proposed.

(2) Any monthly service, disability, and survivor pension based on former service or disability pension that was effective 20 years or more prior to the date of the pension increase and is payable upon the date of the increase, shall be increased greater than any pension that was effective less than 20 years prior to the date of the pension increase.

Service as an employee after the date of affiliation with the Fund by the employer, excluding any period during which an employee is on an approved medical leave or approved sabbatical leave unless service credit for such period or periods of leave is purchased pursuant to paragraph (4)e. or f. of this section.

b. “Equalized state service” shall mean:

1. Years of service as an “employee” as defined in § 5501(f)(1) and (3) of this title, multiplied by 30/30, provided that the individual is not accruing nor collecting benefits under Chapter 55 of this title. It shall not include service for which the employee has received the withdrawal benefit provided by § 5530 of this title, or the refund provided by § 5523(b) of this title, unless such benefit or refund is first repaid with interest at a rate determined by the Board before such service may be equalized.

2. Years of service as an “employee” as defined in § 8351(5) of Title 11, multiplied by ³⁰/₂₅, provided that the individual is not accruing nor collecting benefits under subchapter III of Chapter 83 of Title 11. c. *Restored credited service.* — If a member ceases to be an employee before the member has acquired 5 years of credited service, the member’s service credits to the date of termination shall be cancelled but shall be restored if:

1. The member’s cessation of employment is due to absence on account of military service, disability or approved leave, under such rules as the Board may adopt, and the member again becomes an employee within 4 months after such absence; or

2. The member again becomes an employee within 4 months after such cessation of employment; or

3. The member subsequently acquires 5 years of credited service, provided that if the member has withdrawn the member’s contributions the member repays them with interest at a rate determined by the Board.

Any credited service purchased for medical leave shall not be used to determine eligibility for benefits under this chapter.

f. Approved sabbatical leave if the member pays into the Fund, prior to the issuance of his or her first pension check, contributions equal to the sum of the employee contributions and employer contributions which would have been made to the Fund during such periods of sabbatical leave, with the amount of such contributions to be determined in accordance with rules and regulations adopted by the Board.

§ 5592. Employer contributions.

- (3) Administrative costs.

(62 Del. Laws, c. 398, § 1.)

§ 5593. Establishment of Fund.

There shall be established a County and Municipal Employees' Retirement Fund, hereinafter referred to as the "Fund," separate and distinct from the Fund established under Chapter 55 of this title, to which county or municipal appropriations and other employer contributions shall be deposited monthly, and to which member contributions shall be deposited upon deduction from the member's paycheck, and to which earnings on investments, refunds and reimbursements shall be deposited upon receipt, and from which benefits shall be paid and fees and expenses authorized by the Board shall be paid. (b) Member contributions picked up by the employer shall be paid from the same source of funds used for the payment of compensation to a member. A deduction shall be made from each member's compensation equal to the amount of the member's contributions picked up by the employer. This deduction, however, shall not reduce the member's compensation for purposes of computing benefits under the retirement system pursuant to this chapter.

(c) Member contributions shall be credited to a separate account within the member's individual account so that the amount contributed prior to the effective date for the pickup of member contributions may be distinguished from the amounts contributed on or after the effective date.

(d) The contributions, although designated as employee contributions, are being paid by the employer in lieu of the contributions by the employee. The employee will not be given the option of choosing to receive the contributed amounts directly instead of having them paid by the employer to the retirement system.

(68 Del. Laws, c. 358, § 2.)

§ 5595. Payment of benefits.

Benefits shall be due and payable under this chapter only to the extent provided in this chapter, and neither the State nor the County and Municipal Employees' Retirement Fund shall be liable for any amount in excess of such sums.

(b) The Board of Pension Trustees shall invest and accumulate the contributions made to the Fund and shall pay all pensions under this chapter from the Fund. If at any time there shall be insufficient money in the Fund for the purposes of this chapter, the Secretary of Finance shall transfer funds from the General Fund to make up any such deficiency. Members of the state judiciary first appointed before July 1, 1980, who do not elect, as provided in § 5605 of this title, to accept the revised plan shall be members covered by the closed plan even through reappointments to the state judiciary. All other members of the state judiciary who accept the provisions of this chapter, as provided in § 5605 of this title, shall be members covered by the revised plan.

(29 Del. C. 1953, § 5602; 50 Del. Laws, c. 119, § 1; 50 Del. Laws, c. 554, § 1; 56 Del. Laws, c. 198, § 1; 57 Del. Laws, c. 741, §§ 39B, 39C; 60 Del. Laws, c. 649, § 1; 62 Del. § 5602. Closed plan — Requirements for pension benefits; benefits to surviving widow or widower.

(a) Each member covered by the closed plan shall, upon the member's involuntary retirement from the state judiciary after serving at least 12 years as a judge, including all years of judicial service in Delaware of the retiring judge both prior and subsequent to the member becoming a member of the state judiciary and both prior and subsequent to the member filing a declaration of acceptance of the provisions of this chapter in accordance with § 5605 of this title, receive an annual pension from the State, payable to the member in equal monthly installments, commencing when the member has attained the age of 65 years, or commencing upon involuntary retirement in case the member has reached the age of 65 years prior to such retirement, and continuing during the remainder of the member's lifetime.

(b) Each member covered by the closed plan shall, upon the member's retirement from the state judiciary, whether voluntary or involuntary, after serving at least 24 years as a judge or who is involuntarily retired after having served 22 years as a judge, including all years of judicial service in Delaware of the retiring judge both prior and subsequent to the member becoming a member of the state judiciary and both prior and subsequent to the member filing a declaration of acceptance of this chapter in accordance with § 5605 of this title, or after having reached the age of 65 years and having served at least 12 years as a judge, receive an annual pension from the State, payable to the member in equal monthly installments, commencing upon the date of retirement and continuing during the remainder of the member's lifetime.

(c) If a member of the state judiciary shall develop a permanent physical or mental disability, while in office, the member shall, from and after the ascertainment of such disability in the manner hereafter set forth, receive an annual pension from the State, payable in equal monthly installments during the remainder of the member's lifetime. A member of the state judiciary may be deemed to have a permanent physical or mental disability and unable to perform the duties of the member's office after the Board of Pension Trustees have considered a certificate to that effect signed by the Chief Justice of the Supreme Court or, if the Chief Justice shall be the subject of such certificate, by the senior Justice of the Supreme Court and by 3 persons duly licensed to practice medicine or surgery in this State and who have been actively engaged in such practice in this State for at least 10 years immediately preceding the signing of such certificate; said 3 persons to be previously designated by the Trustees.

(d) Whenever a member covered by the closed plan shall die while in office or shall die after retirement on a pension payable under this chapter or shall die during a period of involuntary retirement after having served at least 12 years as a judge but before having reached the age of 65, an annual pension shall be paid in the following contingencies:

(1) If such judge is survived by a widow or widower but not by a dependent child, there shall be paid to such widow or widower an annual pension as long as the widow or widower lives and remains unmarried; or

(2) If such judge is survived by a widow or widower and a dependent child or children, there shall be paid to such widow or widower an annual pension as long as the widow or widower lives and remains unmarried, but if the widow or widower should die or remarry before the last of the said dependent children shall become independent as provided in this section or shall die, whichever first occurs, the said annual pension which would have been payable to the widow or widower but for the widow's or widower's death or remarriage shall be divided into as many shares as there are dependent children then surviving and a said share shall be paid to or on behalf of each child annually until the child becomes independent or dies, whichever first occurs; or

(3) If such judge leaves no surviving widow or widower but leaves a surviving dependent child or children, the annual pension which would otherwise be paid to a surviving widow or widower shall be divided into as many shares as there are dependent children then surviving, and a said share shall be paid to or on behalf of each child annually until the said child becomes independent or dies, whichever first occurs.

As used in this section, the term "dependent child" means an unmarried child, including stepchild or an adopted child, who is under the age of 18 years.

(e) For the purpose of computing service under this chapter, a judge shall be deemed to commence serving as a judge on the date the judge's commission is issued by the Governor.

Laws, c. 179, §§ 294-296.)

§ 5603. Closed plan — Amount of pensions; method of determining.

For members covered by the closed plan:

(1) The amount of the annual pension shall be determined by first arriving at the retiring member's average annual compensation during the member's highest paid 3 years comprised of 3 periods of 12 consecutive months for the member's services as a judge or, in the event a judge becomes entitled to a pension prior to having served 3 years as a judge, then the average annual compensation during the member's entire term for the member's services as a judge and multiplying the average annual compensation so computed by 3% and then multiplying the product thus obtained by the total number of years of service as a judge (including fractions of years), including all years of service of the retiring judge both prior and subsequent to becoming a member of the state judiciary and both prior and subsequent to filing a declaration of acceptance of the provisions of this chapter in accordance with § 5605 of this title.

(2) a. Anything to the contrary in this subsection notwithstanding, the maximum pension which a retired judge shall receive is $\frac{3}{4}$ of the average annual compensation during the retired judge's highest paid 3 years comprised of 3 periods of 12 consecutive months. Anything to the contrary in this subsection notwithstanding, the minimum pension which a retired judge shall receive is $\frac{1}{2}$ of the retired judge's average annual compensation during the judge's highest paid 3 years comprised of 3 periods of 12 consecutive months, or, in the event a judge retires before the judge has served 3 years as a judge, then one half the average annual compensation during such retired judge's entire term of service.

b. Anything to the contrary in this section notwithstanding, the pension of a retired judge who has served more than 25 years and who retires between January 1, 1988, and December 31, 1989, shall be three fourths of his or her average annual compensation to be computed based on a period equal to the retired judge's highest paid 60 consecutive months reduced by 1 month for each month of service as a judge in excess of 25 years up to a maximum reduction of 24 months. In no case shall a retired judge's average annual compensation as calculated under this paragraph be based on a period of less than 36 months.

(3) The amount of the annual pension paid to any widow or dependent children of a deceased member of the state judiciary shall be an amount equal to $\frac{2}{3}$ of the annual pension such member of the state judiciary, if the member dies while in office, would have been entitled to receive if the member had retired for disability on the day of the member's death or shall be an amount equal to $\frac{2}{3}$ of the pension of the deceased member of the state judiciary if the member died after having retired on pension. The amount of an annual pension paid to any widow or dependent children of a deceased member of the state judiciary who shall die during a period of involuntary retirement after having served at least 12 years as a judge, but before having reached age 65, shall be an amount equal to $\frac{2}{3}$ of the annual pension such member of the state judiciary would have been entitled to receive if the member had lived to the age of 65. Such pensions shall be paid in equal monthly installments.

§ 5604. Definition of involuntary retirement.

Retirement from the state judiciary shall be deemed to be involuntary if, upon expiration of the judge's term of office, a judge shall fail to be reappointed and confirmed, unless the judge shall have declined reappointment.

§ 5605. Acceptance of provisions; result.

(a) Each new member of the state judiciary, whether by appointment and confirmation or as a result of any provision of this chapter, may accept the provisions of this chapter by:

(1) Written declaration to that effect within 30 days following the member's becoming a member of the state judiciary. A member first appointed on or after July 1, 1980, shall not be required to file a written declaration as such member is covered under the revised plan; or

(2) Through the authorization, heretofore or hereafter accomplished, by said member to permit deductions for the contributions provided in § 5601 of this title.

The declaration of acceptance shall be filed in the office of the Secretary of State; provided, however, that in the event the member accepts the provisions of this chapter through authorization of deductions for contributions, the member shall thereafter file a written declaration with the Secretary of State. Upon filing of such written declaration by a member of the state judiciary or upon authorization of deductions for contributions, whichever first occurs, the benefits of this chapter shall be available to the member. Any judge who was, prior to November 8, 1955, a member of the state judiciary, who has not already done so, may file a written declaration of acceptance of the provisions of this chapter within 30 days after November 8, 1955. A declaration of acceptance, or authorization to permit deductions for the contributions provided in § 5601 of this title, heretofore or hereafter accomplished, by a member first appointed on or after July 1, 1980, shall cover such member under the revised plan.

(b) A member first appointed before July 1, 1980, may elect to be covered by the revised plan by filing a declaration of acceptance in the office of the Secretary of State.

(c) Any declaration of acceptance of this chapter or authorization of deductions for the contributions provided in § 5601 of this title as provided in subsection (a) of this section shall constitute an authorization and direction by the member of the state judiciary making the same that if a certificate of permanent physical or mental disability of such member shall be thereafter filed as provided for in § 5602(c) of this title, such certificate shall, without any further act by such member, constitute a resignation by such member, effective immediately after the filing of such certificate. A declaration of acceptance shall also authorize deductions for the contributions provided for in § 5601 of this title.

(d) Any declaration filed or authorization made pursuant to this section shall be irrevocable.

(29 Del. C. 1953, § 5606; 50 Del. Laws, c. 119, § 1; 50 Del. Laws, c. 533, § 3; 62 Del. Laws, c. 415, §§ 12-14; 63 Del. Laws, c. 330, § 1; 64 Del. Laws, c. 202, § 1; 66 Del. (a) A service pension, disability pension, survivor's pension, death benefit or withdrawal benefit shall be paid only upon the filing of an application in a form prescribed by the Board. A monthly benefit shall not be payable for any month earlier than second month preceding the date on which the application for such benefit is filed.

(b) The Board may require any member or eligible survivor to furnish such information as may be required for the determination of benefits under this chapter, or to authorize the Board to procure such information including, but not limited to, information regarding benefits pursuant to the Federal Social Security Act [42 U.S.C. § 301 et seq.]. The Board may withhold payment of any pension under this chapter whenever the determination of such pension is dependent upon such information and the member or eligible survivor does not cooperate in the furnishing or procuring thereof.

(c) Upon receipt of any form pursuant to subsection (a) of this section, the Board shall consider the retirement and if they find that benefits are due under this chapter they shall notify the State Treasurer who shall make payments of benefits under this chapter out of the State Judiciary Retirement Fund or out of funds transferred for the purpose from the General Fund, as provided in § 5601 of this title.

(d) A service pension, disability pension, or survivor's pension applied for under this act may be paid into a Miller Trust Bank account, pursuant to the creation of an irrevocable income assignment trust ("Miller Trust"), established on behalf of an eligible pensioner or survivor covered under this chapter who is a person with disabilities, so long as the Miller Trust is established consistent with the laws of the State of Delaware, the laws of the United States and in accordance with the rules and regulations of the local and federal agencies responsible for administering assistance programs for persons with disabilities.

§ 5608. Death benefit; withdrawal benefit.

(a) Upon the death of a member, or if a survivor's pension is payable upon such death, when such pension ceases to be payable, there shall be paid to the designated beneficiary or, in the absence of a designated beneficiary, to the estate of the member, a lump sum equal to the excess, if any, of the accumulated member contributions over the aggregate of all pension payments made. Such contributions shall exclude interest for members covered by the closed plan, and include interest for members covered by the revised plan.

(b) Upon the withdrawal from service of a member who is not eligible for a service or disability pension, his or her accumulated contributions without interest if covered by the closed plan, or with interest if covered by the revised plan, shall be paid to him or her.

(29 Del. C. 1953, § 5609; 50 Del. Laws, c. 119, § 1; 62 Del. Laws, c. 415, § 16; 70 Del. Laws, c. 186, § 1.)

§ 5609. Relationship of judicial pensions to other pensions; social security.

(a) No judge, while serving as a judge, shall be entitled to receive any other pension:

(1) Payable by the State under any law of the State,

(2) For which the judge would otherwise be eligible because of the judge's prior service as an employee, officer or elected or appointed official.

Upon the judge's retirement or death, the judge or the person or persons entitled to survivor's benefits provided under this chapter shall be entitled to receive the pension benefits provided under this chapter as well as any other pension benefits for which the judge or the person or persons entitled to survivor's benefits is eligible under any other pension plan payable by the State.

(b) Within 6 months after July 7, 1998, any judge who withdrew his or her contributions from any other pension plan payable by the State, shall be entitled to repay the contributions, with interest at a rate to be determined by the Board. Repayment in accordance with this subsection shall restore all pension benefits for which the judge would have been eligible under the other pension plan payable by the State had the judge not withdrawn his or her contributions.

(c) Nothing contained in this chapter shall prevent any judge from participating on the same basis as other state employees in the social security program except that federal Social Security payments to which a judge may become entitled shall not be deducted from any pension payments made under this chapter.

(29 Del. C. 1953, § 5610; 50 Del. Laws, c. 554, § 5; 70 Del. Laws, c. 186, § 1; 71 Del. Laws, c. 365, § 1.)

§ 5610. Assignment of retired judges to active duty.

(a) (1) Any judge retired from a statutorily created court and receiving a judicial pension may be designated by the Chief Justice of the Supreme Court to perform such judicial duties in any court where such retired judge could serve if such retired judge still held the judicial position from which the judge retired; provided, however, that such retired judge assents to such designation and provided further that such retired judge is not actively engaged in the practice of law.

(2) Any justice, judge, chancellor or vice chancellor who is retired and receiving a judicial pension may be designated by the Chief Justice of the Supreme Court pursuant to a constitutional or statutory authority to sit temporarily in the court from which the justice, judge, chancellor or vice chancellor retired or in any other court to which the justice, judge, chancellor or vice chancellor could be designated under the Constitution and statutes of the State if the justice, judge, chancellor or vice chancellor still held the judicial position from which the justice, judge, chancellor or vice chancellor retired and if the retired justice, judge, chancellor or vice chancellor assents to such designation, and is not actively engaged in the practice of law. However, no former justice, judge, chancellor or vice chancellor shall be designated to sit in the Supreme Court except temporarily to fill up the number of that Court to the required quorum.

(b) Any retired justice, judge, chancellor or vice chancellor accepting an active duty designation pursuant to the constitutional or statutory authorization shall be compensated on a per diem basis on the formula representing $\frac{1}{365}$ of the annual salary for such a retired justice, judge, chancellor or vice chancellor, but in no event shall the total compensation received on a per diem basis when added to the retirement pay exceed the then current annual salary of the judicial position from which such justice, judge, chancellor or vice chancellor has retired. In addition, each retired justice, judge, chancellor or vice chancellor so serving shall receive reimbursement for expenses for travel or secretarial services necessarily incurred for the performance of such active duty.

(3) a. Notwithstanding provisions of this section to the contrary, a member may elect to have his or her service or disability pension, computed under this section, reduced by 2%, thereby providing a survivor's pension equal to $\frac{2}{3}$ of such reduced amount to their eligible survivor or survivors at the time of the member's death. This election must be made in a form approved by the Board, filed prior to the issuance of the member's first benefit check, and shall be irrevocable.

b. Notwithstanding the provisions of this section to the contrary, an individual receiving a service or disability pension which was effective prior to July 1, 2001, or an individual with a vested right to a service pension, may elect to have his or her service or disability pension reduced by 2%, thereby providing a survivor's pension equal to two-thirds of such reduced amount to his or her eligible survivor or survivors at the time of his or her death. This election must be made in a form approved by the Board, filed prior to December 15, 2001, to be effective January 1, 2002, for the individual receiving a service or disability pension on July 1, 2001, or, in the case of an individual with a vested right to a service pension, filed prior to the issuance of the individual's first pension check.

d. Notwithstanding provisions of this section to the contrary, a member may elect to have his or her service or disability pension, computed under this section, reduced by 6%, thereby providing a survivor's pension equal to 100% of such reduced amount to the member's eligible survivor or survivors at the time of the member's death. § 5614. Revised plan — Survivor's pension [For application of this section, see 79 Del. Laws, c. 315, § 10].

(a) Upon the death during service of a member covered by the revised plan, a monthly survivor's pension shall be payable to the member's eligible survivor or survivors equal to two-thirds of the service pension for which the judge would have been eligible and computed on the basis of actual service to the date of death or 12 years, whichever is greater, and had elected the option provided under § 5613(3) of this title.

(b) Upon the death of a member covered by the revised plan and receiving a service or disability pension at the time of death, a monthly survivor's pension shall be payable to the member's eligible survivor or survivor's equal to:

- (1) One half of such service or disability pension; or
- (2) If such pension was computed under § 5613(3) a. or b. of this title, $\frac{2}{3}$ of such service or disability pension; or
- (3) If such pension was computed under § 5613(3)c. of this title, 75% of such service or disability pension; or
- (4) If such pension was computed under § 5613(3)d. of this title, 100% of such service or disability pension.

(c) Upon the death after retirement of a member covered by the revised plan, who has a vested right to a pension pursuant to § 5612(b) of this title, but who dies before reaching the age of 62, a monthly survivor's pension shall be payable beginning in the month during which the member would have reached the age of 62 in an amount equal to one half of the pension for which the judge would have been eligible at the age of 62.

(d) For the purpose of this section, the priority of eligible survivors of a member covered by the revised plan shall be as follows, provided that a member may change the priority of eligible survivors specified herein by designating the priority of eligible survivors on a form prescribed by the Board at the time of the member's death:

- (1) The widow or widower, provided such person had been married to the deceased member for at least 1 year before the date of death; or
- (2) If there is no eligible widow or eligible widower, a child (or with the survivor's pension divided among them in equal shares, all such children if there are more than 1), provided the child is unmarried and either:
 - a. Has not attained age 18;
 - b. Has attained age 18 but not age 22 and is attending school on a full-time basis; or
 - c. Has attained age 18 and has a permanent disability as the result of a disability which began before the child attained age 18; or

(3) If there is no eligible widow, eligible widower or eligible child, a dependent parent (or, with the survivor's pension divided between them in equal shares, both such parents if there are 2).

(e) The amount payable to a widow or widower who has not attained age 50 at the time the survivor's pension begins shall be actuarially reduced, in accordance with actuarial tables approved by the Board, for each month the survivor is under age 50 at such time. However, the actuarial reduction for any such widow or widower shall not apply for the period during which such widow or widower has in that widow's or widower's care a son or daughter who is unmarried and either:

- (1) Has not attained age 18;
- (2) Has attained age 18 but not age 22 and is attending school on a full-time basis; or
- (3) Has attained age 18 and has a permanent disability as the result of a disability which began before the child attained age 18.

(f) A parent shall be deemed to have been dependent on the deceased member if such individual was receiving at least 1/2 of that individual's support from the deceased member at the time of death.

(g) A survivor's pension shall begin with the month following the month in which the member dies. If payable to a widow, widower or parent, it shall cease with the month in which the survivor dies. If payable to a child, it shall cease with the month in which the child dies or fails to meet the conditions of eligibility in paragraph (d)(2) of this section.

§ 5616. Actuarial valuations and appropriations.

(a) The actuary shall prepare an actuarial valuation of the assets and liabilities of the funds as of June 30, each year. On the basis of reasonable actuarial assumptions and tables approved by the Board, the actuary shall determine the normal cost required to meet the actuarial cost of current service and the unfunded actuarial accrued liability.

(b) The State's appropriation to the funds for the Fiscal Year 1994, and for each fiscal year thereafter, shall be the percentage of covered payroll approved by the Board on the basis of the most recent actuarial valuation, and shall equal the sum of the normal cost plus the payment required to implement the provisions of subsection (c) of this section plus the payment required to amortize the unfunded actuarial accrued liability over 40 years from July 1, 1981. The amortization payment shall be an amount computed as a level percentage of the prospective total covered payroll over the remainder of the amortization periods, with such prospective total covered payroll to be determined on the basis of a growth rate, as determined by the Board, compounded annually. Except as provided in subsection (c) of this section, all funds appropriated pursuant to this subsection shall be deposited into the Fund established by § 5601 of this title.

(c) In order to provide a fund for post retirement increases, the State shall include in its annual appropriation payments equal to 2.33% of covered payroll, subject to the limitations contained in § 5548(a)(2) of this title. Beginning with the Fiscal Year 1994 budget, .70% of covered payroll shall be appropriated; in Fiscal Year 1995, 1.11% of covered payroll shall be appropriated; in Fiscal Year 1996, 1.52% of covered payroll shall be appropriated; in fiscal year 1997, 1.93% of covered payroll shall be appropriated; in Fiscal Year 1998 and each fiscal year thereafter 2.33% of covered payroll shall be appropriated. Funds appropriated to implement this subsection shall be deposited into the Post Retirement Fund established by § 5548 of this title.

§ 5618. Employer pickup of employee contributions.

(a) Each participating employer, pursuant to the provisions of § 414(h)(2) of the United States Internal Revenue Code [26 U.S.C. § 414(h)(2)], shall pick up and pay the contributions which would otherwise be payable by the members under § 5601 of this title. The contributions so picked up shall be treated as employer contributions for purposes of determining the amounts of federal income taxes to withhold from the member's compensation.

(b) Member contributions picked up by the employer shall be paid from the same source of funds used for the payment of compensation to a member. A deduction shall be made from each member's compensation equal to the amount of the member's contributions picked up by the employer. This deduction, however, shall not reduce the member's compensation for purposes of computing benefits under the retirement system pursuant to this chapter.

(c) Member contributions shall be credited to a separate account within the member's individual account so that the amount contributed prior to the effective date for the pickup of member contributions may be distinguished from the amounts contributed on or after the effective date.

(d) The contributions, although designated as employee contributions, are being paid by the employer in lieu of the contributions by the employee. The employee will not be given the option of choosing to receive the contributed amounts directly instead of having them paid by the employer to the retirement system.

(68 Del. Laws, c. 358, § 3.)

§ 5619. Payment of benefits.

Benefits shall be due and payable under this chapter only to the extent provided in this chapter, and neither the State nor the State Judiciary Retirement Fund shall be liable for any amount in excess of such sums.

(71 Del. Laws, c. 132, § 87.)

§ 5620. Attachment and assignment of benefits.

Except for orders of the Delaware Family Court for a sum certain payable on a periodic basis, the benefits provided by this chapter shall not be subject to attachment or execution and shall be payable only to the beneficiary designated and shall not be subject to assignment or transfer.

(71 Del. Laws, c. 337, § 7.)

§ 5621. Other post-employment benefits appropriations.

Funds appropriated to implement this section shall be deposited into the OPEB Fund as established by § 5281 of this title.

(76 Del. Laws, c. 70, § 8.)

Subject to Internal Revenue Code § 401(a)(24) [26 U.S.C. § 401(a)(24)], the assets of the Fund will be commingled in the Delaware Public Employees' Retirement System as provided for by § 8308 of this title. The assets of the Fund are held in trust and may not be used for or diverted to any purpose other than for the exclusive benefit of the employees and their beneficiaries.

Such agreement may contain such provisions relating to coverage, benefits, contributions, effective date, modification and termination of the agreement, administration and other appropriate provisions as the State Agency and Secretary of Health, Education and Welfare shall agree upon, but, except as may be otherwise required by or under the Social Security Act as to the services to be covered, such agreement shall provide in effect that:

(1) Benefits will be provided for employees whose services are covered by the agreement and their dependents and survivors on the same basis as though such services constituted employment within the meaning of Title II of the Social Security Act [42 U.S.C. § 401 et seq.];

(2) The State will pay to the Secretary of the Treasury, at such time or times as may be prescribed under the Social Security Act, contributions with respect to wages, as defined in § 5701 of this title, equal to the sum of the taxes which would be imposed by the Federal Insurance Contributions Act if the services covered by the agreement constituted employment within the meaning of such Act;

(3) Such agreement shall be effective with respect to services in employment covered by the agreement performed after a date specified therein but in no event may it be effective with respect to any such services performed prior to the first day of the calendar year in which such agreement is entered into or in which the modification of the agreement making it applicable to such services is entered into, except that with respect to an agreement or modification thereof entered into prior to January 1, 1954, the agreement or modification thereof may be effective with respect to such services performed on or after January 1, 1951, except that a modification entered into after December 31, 1954, and prior to January 1, 1958, may be effective with respect to services performed after December 31, 1954, or after a later date specified in such modification;

(4) All services which constitute employment and are performed in the employ of the State by employees of the State shall be covered by the agreement; provided, however, that services which may be excluded under the Social Security Act may be excluded by the agreement and provided further that the agreement may be drawn to exclude all employees of the State without prejudice to the right to cover employees of the State in a subsequent modification of the agreement;

(5) All services which (i) constitute employment as defined in § 5701 of this title, (ii) are performed in the employ of a political subdivision of the State and (iii) are covered by a plan which is in conformity with the terms of the agreement and has been approved by the State Agency under § 5706 of this title shall be covered by the agreement; provided, however, that services which may be excluded under the Social Security Act may be excluded by the agreement;

(6) As modified, the agreement shall include all services described in either paragraph (4) or (5) of this section and performed by individuals to whom § 218(c)(3)(B) of the Social Security Act [42 U.S.C. § 418] is applicable and shall provide that the service of any such individual shall continue to be covered by the agreement in case the individual thereafter becomes eligible to be a member of a retirement system; and

(7) As modified, the agreement shall include all services described in either paragraph (4) or (5) of this section and performed by individuals in positions covered by a retirement system with respect to which the Governor has issued a certificate to the Secretary of Health, Education and Welfare pursuant to § 5710(b) of this title.

§ 5704. Interstate instrumentalities.

Any instrumentality jointly created by this State and any other state or states may, upon the granting of like authority by such other state or states:

(1) Enter into an agreement with the Secretary of Health, Education and Welfare whereby the benefits of the federal old-age and survivors insurance system shall be extended to employees of such instrumentality;

(2) Require its employees to pay, and for that purpose to deduct from their wages, contributions equal to the amounts which they would be required to pay under subsection (a) of § 5705 of this title if they were covered by an agreement made pursuant to § 5703 of this title; and

(3) Make payments to the Secretary of the Treasury in accordance with such agreement, including payments from its own funds, and otherwise to comply with such agreements.

Such agreement shall, to the extent practicable, be consistent with the terms and provisions of § 5703 of this title and other provisions of this chapter.

(48 Del. Laws, c. 344, § 3; 29 Del. C. 1953, § 5704; 50 Del. Laws, c. 445, § 5.)

§ 5705. Contributions by state employees.

(a) Every employee of the State whose services are covered by an agreement entered into under § 5703 of this title shall be required to pay for the period of such coverage into the Contribution Fund established by § 5707 of this title contributions with respect to wages equal to the amount of the employee tax which would be imposed by the Federal Insurance Contributions Act if such services constituted employment within the meaning of such Act. Such liability shall arise in consideration of the employee's retention in the service of the State or the employee's entry upon such service after June 8, 1951.

(b) The contribution imposed by this section shall be collected by deducting the amount of the contribution from wages as and when paid, but failure to make such deduction shall not relieve the employee from liability for such contribution.

(c) If more or less than the correct amount of the contribution imposed by this section is paid or deducted with respect to any remuneration, proper adjustments or refund, if adjustment is impracticable, shall be made, without interest, in such manner and at such times as the State Agency shall prescribe.

(48 Del. Laws, c. 344, § 4; 29 Del. C. 1953, § 5705; 50 Del. Laws, c. 445, § 10; 70 Del. Laws, c. 186, § 1.)

(a) Each political subdivision of the State may submit for approval by the State Agency a plan for extending the benefits of Title II of the Social Security Act [42 U.S.C. § 401 et seq.], in conformity with applicable provisions of such Act, to employees of such political subdivisions. Each such plan and any amendment thereof shall be approved by the State Agency if it finds that such plan, or such plan as amended, is in conformity with such requirements as are provided in regulations of the State Agency, except that no such plan shall be approved unless:

(1) It is in conformity with the requirements of the Social Security Act and with the agreement entered into under § 5703 of this title;

(2) It provides that all services which constitute employment and are performed in the employ of the political subdivision by employees thereof shall be covered by the plan except that it may exclude services performed by individuals to whom § 218(c)(3)(B) of the Social Security Act [42 U.S.C. § 418] is applicable; provided, however, that services which may be excluded under the Social Security Act may be excluded by the agreement;

(3) It specifies the source or sources from which the funds necessary to make the payments required by paragraph (c)(1) this section and by subsection (d) of this section are expected to be derived and contains reasonable assurance that such sources will be adequate for such purpose;

(4) It provides for such methods of administration of the plan by the political subdivision as are found by the State Agency to be necessary for the proper and efficient administration of the plan;

(5) It provides that the political subdivision will make such reports, in such form and containing such information as the State Agency may from time to time require, and comply with such provisions as the State Agency or the Secretary of Health, Education and Welfare may from time to time find necessary to assure the correctness and verification of such reports; and

(6) It authorizes the State Agency to terminate the plan in its entirety, in the discretion of the State Agency, if it finds that there has been a failure to comply substantially with any provision contained in such plan, such termination to take effect at the expiration of such notice and on such conditions as may be provided by regulations of the State Agency and may be consistent with the Social Security Act.

(b) The State Agency shall not finally refuse to approve a plan submitted by a political subdivision under subsection (a) of this section and shall not terminate an approved plan without reasonable notice and opportunity for hearing to the political subdivision affected thereby.

(c) (1) Each political subdivision as to which a plan has been approved under this section shall pay into the Contribution Fund with respect to wages, at such time or times as the State Agency may by regulation prescribe, contributions in the amounts and at the rates specified in the applicable agreement entered into by the State Agency under § 5703 of this title.

(2) Each political subdivision required to make payments under paragraph (c)(1) of this section may, in consideration of the employee's retention in or entry upon employment after June 8, 1951, impose upon each of its employees, as to services which are covered by an approved plan, a contribution with respect to wages not exceeding the amount of the employee tax which would be imposed by the Federal Insurance Contributions Act if such services constituted employment within the meaning of such Act and may deduct the amount of such contribution from wages as and when paid. Contributions so collected shall be paid into the Contribution Fund in partial discharge of the liability of such political subdivision or instrumentality under paragraph (c)(1) of this section. Failure to deduct such contribution shall not relieve the employee or employer of liability therefor.

(d) Delinquent payments due under paragraph (c)(1) of this section may, with interest at the rate currently then being charged by the Social Security Administration but not less than \$10 per each delinquency, be recovered by action in a court of competent jurisdiction against the political subdivision liable therefor or may, at the request of the State Agency, be deducted from any other moneys payable to such subdivision by any department or agency of the State.

(b) The Contribution Fund shall be established and held separate and apart from any other funds or moneys of the State and shall be used and administered exclusively for the purpose of this chapter. Withdrawals from such Fund shall be made solely for:

The notice of referendum required by § 218(d)(3)(C) of the Social Security Act [42 U.S.C. § 418(d)(3)(C)] to be given to employees shall contain or shall be accompanied by a statement, in such form and such detail as the agency or individual designated to supervise the referendum shall deem necessary and sufficient, to inform the employees of the rights which will accrue to them and their dependents and survivors and the liabilities to which they will be subject if their services are included under an agreement under this chapter.

**Part V
Public Officers and Employees**

Chapter 58

Laws Regulating the Conduct of Officers and Employees of the State

Subchapter I

State Employees', Officers' and Officials' Code of Conduct

§ 5801. Short title.

This subchapter shall be known and may be cited as the "State Employees', Officers' and Officials' Code of Conduct."
(67 Del. Laws, c. 417, § 1.)

§ 5802. Legislative findings and statement of policy.

The General Assembly finds and declares:

(1) In our democratic form of government, the conduct of officers and employees of the State must hold the respect and confidence of the people. They must, therefore, avoid conduct which is in violation of their public trust or which creates a justifiable impression among the public that such trust is being violated.

(2) To ensure propriety and to preserve public confidence, officers and employees of the State must have the benefit of specific standards to guide their conduct and of some disciplinary mechanisms to guarantee uniform maintenance of those standards. Some standards of this type are so vital to government that violation thereof should subject the violator to criminal penalties.

(3) In our democratic form of government, it is both necessary and desirable that all citizens should be encouraged to assume public office and employment, and that, therefore, the activities of officers and employees of the State should not be unduly circumscribed.

(4) It is the desire of the General Assembly that all counties, municipalities and towns adopt code of conduct legislation at least as stringent as this act to apply to their employees and elected and appointed officials. This subchapter shall apply to any county, municipality or town and the employees and elected and appointed officials thereof which has not enacted such legislation by January 23, 1993. No code of conduct legislation shall be deemed sufficient to exempt any county, municipality or town from the purview of this subchapter unless the code of conduct has been submitted to the State Ethics Commission and determined by a majority vote thereof to be at least as stringent as this subchapter. Any change to an approved code of conduct must similarly be approved by the State Ethics Commission to continue the exemption from this subchapter.

(67 Del. Laws, c. 417, §§ 1, 2; 68 Del. Laws, c. 433, § 1.)

§ 5803. Construction.

This subchapter shall be construed to promote high standards of ethical conduct in state government.

§ 5805. Prohibitions relating to conflicts of interest.

(a) *Restrictions on exercise of official authority.* — (1) No state employee, state officer or honorary state official may participate on behalf of the State in the review or disposition of any matter pending before the State in which the state employee, state officer or honorary state official has a personal or private interest, provided, that upon request from any person with official responsibility with respect to the matter, any such person who has such a personal or private interest may nevertheless respond to questions concerning any such matter. A personal or private interest in a matter is an interest which tends to impair a person’s independence of judgment in the performance of the person’s duties with respect to that matter.

(2) A person has an interest which tends to impair the person’s independence of judgment in the performance of the person’s duties with respect to any matter when:

- a. Any action or inaction with respect to the matter would result in a financial benefit or detriment to accrue to the person or a close relative to a greater extent than such benefit or detriment would accrue to others who are members of the same class or group of persons; or
- b. The person or a close relative has a financial interest in a private enterprise which enterprise or interest would be affected by any action or inaction on a matter to a lesser or greater extent than like enterprises or other interests in the same enterprise.

(3) In any case where a person has a statutory responsibility with respect to action or nonaction on any matter where the person has a personal or private interest and there is no provision for the delegation of such responsibility to another person, the person may exercise responsibility with respect to such matter, provided, that promptly after becoming aware of such conflict of interest, the person files a written statement with the Commission fully disclosing the personal or private interest and explaining why it is not possible to delegate responsibility for the matter to another person.

(b) *Restrictions on representing another's interest before the State.* — (1) No state employee, state officer or honorary state official may represent or otherwise assist any private enterprise with respect to any matter before the state agency with which the employee, officer or official is associated by employment or appointment.

(2) No state officer may represent or otherwise assist any private enterprise with respect to any matter before the State.

(3) This subsection shall not preclude any state employee, state officer or honorary state official from appearing before the State or otherwise assisting any private enterprise with respect to any matter in the exercise of such person's official duties.

(c) *Restrictions on contracting with the State.* — No state employee, no state officer and no private enterprise in which a state employee or state officer has a legal or equitable ownership of more than 10% (more than 1% in the case of a corporation whose stock is regularly traded on an established securities market) shall enter into any contract with the State (other than an employment contract) unless such contract was made or let after public notice and competitive bidding. Such notice and bidding requirements shall not apply to contracts not involving more than \$2,000 per year if the terms of such contract reflect arms' length negotiations. For the period of July 1, 1990, through June 30, 1991, nothing in this subsection shall prohibit a state employee, a state officer, or a private enterprise in which a state employee or a state officer has a legal or equitable ownership of more than 10% (more than 1% in the case of a corporation whose stock is regularly traded on an established securities market) from contracting with a public school district and/or the State Board of Education for the transportation of school children without public notice and competitive bidding as is permitted under § 6904(c) of this title.

(d) *Post-employment restrictions.* — No person who has served as a state employee, state officer or honorary state official shall represent or otherwise assist any private enterprise on any matter involving the State, for a period of 2 years after termination of employment or appointed status with the State, if the person gave an opinion, conducted an investigation or otherwise was directly and materially responsible for such matter in the course of official duties as a state employee, officer or official. Nor shall any former state employee, state officer or honorary state official disclose confidential information gained by reason of public position nor shall the person otherwise use such information for personal gain or benefit.

(f) *Criminal sanctions.* — (1) Any person who knowingly or wilfully violates any provision of this section shall be guilty of a misdemeanor, punishable for each such violation by imprisonment of not more than 1 year and by a fine not to exceed \$10,000.

(2) A prosecution for a violation of this section shall be subject to the time limitations of § 205 of Title 11.

(3) The Superior Court shall have exclusive jurisdiction over prosecution for all criminal violations of this section.

(g) *Contracts voidable by court action.* — In addition to any other penalty provided by law, any contract entered into by any state agency in violation of this subchapter shall be voidable by the state agency; provided, that in determining whether any court action should be taken to void such a contract pursuant to this subsection, the state agency shall consider the interests of innocent 3rd parties who may be damaged thereby. Any court action to void any transaction must be initiated within 30 days after the state agency involved has, or should have, knowledge of such violation.

(h) *Exceptions for transportation contracts with school districts.* — Except for transportation supervisors for any school district within this State, nothing in this section shall prohibit an employee or the employee's spouse or children (natural or adopted) from contracting for the transportation of school children. Such transportation contracts may be entered into by an employee or the employee's spouse or children without public notice and competitive bidding as is provided in § 6904(c) of this title.

(a) Each state employee, state officer and honorary state official shall endeavor to pursue a course of conduct which will not raise suspicion among the public that such state employee, state officer or honorary state official is engaging in acts which are in violation of the public trust and which will not reflect unfavorably upon the State and its government.

(b) No state employee, state officer or honorary state official shall have any interest in any private enterprise nor shall such state employee, state officer or honorary state official incur any obligation of any nature which is in substantial conflict with the proper performance of such duties in the public interest. No state employee, state officer or honorary state official shall accept other employment, any compensation, gift, payment of expenses or any other thing of monetary value under circumstances in which such acceptance may result in any of the following:

(d) Any state employee or state officer who has a financial interest in any private enterprise which is subject to the regulatory jurisdiction of, or does business with, any state agency (and any honorary state official who has a financial interest in any private enterprise which is subject to the regulatory jurisdiction of, or does business with, the state agency on which the official serves as an appointee) shall file with the Commission a written statement fully disclosing the same. Such disclosure shall be confidential and the Commission shall not release such disclosed information, except as may be necessary for the enforcement of this chapter. The filing of such disclosure statement shall be a condition of commencing and continuing employment or appointed status with the State.

(e) No state employee, state officer or honorary state official shall use such public office to secure unwarranted privileges, private advancement or gain.

(f) No state employee, state officer or honorary state official shall engage in any activity beyond the scope of such public position which might reasonably be expected to require or induce such state employee, state officer or honorary state official to disclose confidential information acquired by such official by reason of such public position.

(g) No state employee, state officer or honorary state official shall, beyond the scope of such public position, disclose confidential information gained by reason of such public position nor shall such official otherwise use such information for personal gain or benefit.

(h) No state employee, state officer or honorary state official, in the course of public responsibilities, shall use the granting of sexual favors as a condition, either explicit or implicit, for an individual's favorable treatment by that person or a state agency.

(i) Notwithstanding the provisions of Chapters 58, 59, and 69 of this title and the State Merit Rules of Personnel Administration, state employees may contract to provide foster care or respite care for individuals with fees paid for by the State provided further that the employee does so at other than assigned work hours. Additionally, these individuals are not permitted to participate in the review or disposition of any matter related to foster and/or respite care in which they have or may have a personal or private interest and may not be monitored or reviewed by other state employees who are more junior or related to them.

(a) Notwithstanding the provisions of §§ 5805 and 5806 of this title, upon the written request of any state agency or of any individual who is or was a state employee, state officer or honorary state official, the Commission may grant a waiver to the specific prohibitions contained therein if the Commission determines that the literal application of such prohibition in a particular case is not necessary to achieve the public purposes of this chapter or would result in an undue hardship on any employee, officer, official or state agency. Any such waiver may be granted only by written decision of the Commission. Any person who acts in good faith reliance upon any such waiver decision shall not be subject to discipline or other sanction hereunder with respect to the matters covered by the waiver decision provided there was a full disclosure to the Commission of all material facts necessary for the waiver decision.

(b) Any application for a waiver, any proceedings and any decision with respect thereto shall be maintained confidential by the Commission provided that:

Any person who acts in good faith reliance upon any such advisory opinion shall not be subject to discipline or other sanction hereunder with respect to the matters covered by the advisory opinion provided there was a full disclosure to the Commission or Commission Counsel of all material facts necessary for the advisory opinion.

No member shall serve for more than 1 full 7-year term. When a vacancy occurs in the membership of the Commission, it shall be filled by appointment for the unexpired portion of the term in the same manner as original appointments.

(d) The Commission shall elect a chairperson from among its membership. Four members of the Commission shall constitute a quorum and, if a quorum is present, a vacancy on the Commission shall not impair the right of the remaining members to exercise all the powers of the Commission. Disciplinary hearings may be conducted and sanctions may be imposed only by the affirmative action of at least 4 members. Otherwise the Commission may delegate authority to the chairperson to act for the Commission between meetings.

The rules shall require that the Board take final action on a grievance within 90 calendar days of submission to the Board. Upon approval of all parties, the 90 days may be extended an additional 30 calendar days.

(b) Should the plan required by subsection (a) of this section provide for various stages, phases or steps to be followed, the failure of the employing department or agency to respond or consider the grievance or complaint within the time required by the rules shall automatically result in the grievance or complaint moving to the next stage, phase or step unless the delay results from an agreement in writing between the employing department or agency and the employee who filed the grievance or complaint, or the employee has indicated in writing to the personnel office of the department or agency his or her opposition to the automatic movement to the next stage, phase or step.

(c) No state employee shall be discharged, threatened or otherwise retaliated against with respect to the terms or conditions of their employment due to the exercise of their rights under the grievance and complaint procedure established under subsection (a) of this section.

No more than 1 period of supplemental pay shall be made under this subsection for any work injury, including any recurrence or aggravation of that work injury.

(b) Subsection (a) of this section applies to officers or employees of the State who qualified to receive supplemental compensation under this section subsequent to June 30, 1981. (e) Notwithstanding subsection (a) of this section, any employee who suffers a serious illness or injury in the line of duty that is caused or contributed to by war or act of war (declared or not), who is a member of the United States Military or National Guard shall not be charged sick leave for recovery for medical procedures or operations resulting from said injury or illness for a period of 6 months. To be eligible for this category of leave the employee shall have returned to active state employment status for a period of not less than 30 calendar days and shall have completed any necessary certification established by the Secretary. The eligibility for such period of leave shall not be longer than 6 consecutive months and shall be invoked within the first year of return to active employment status. In extraordinary circumstances, approval may be sought from the Secretary to use said consecutive leave on an intermittent basis. All benefits and rights within this subsection shall exhaust within the first year of return to active employment status. The Secretary shall be authorized to establish rules and procedures consistent with this subsection.

(c) The State may maintain an action for the reimbursement of wages, benefits or both, paid contrary to this chapter, the merit rules or the Secretary's regulations adopted thereunder, against the recipient employee. All moneys recovered in such action shall be paid to the State Treasury and credited to the account from which original payments had been drawn. The appointing authority may take disciplinary action against any employee in the classified service who negligently prepared the document authorizing the overpayment of wages, benefits or both, contrary to any provision of this chapter, the merit rules or the Secretary's regulations adopted thereunder. Disciplinary action shall not be taken against any employee in the classified service who merely approved such document authorizing overpayment unless the person so approving participated in the preparation of such document.

(d) Any person appointed or employed in contravention of any provision of this chapter, the merit rules or the Secretary's regulations adopted thereunder, who performs services for which such person is not paid, may maintain an action against any officer or officers who purported to so appoint or employ such person to recover the agreed wages, benefits or both, or the reasonable value thereof, if no pay was agreed upon, plus interest, court costs and reasonable attorney's fees.

(e) It shall be the obligation of the appointing authority to determine that documents necessary for placing a person on the state payroll are properly executed prior to the date that the employee begins, transfers to, promotes to, demotes to or in any other way changes the employee's position in state employment. Documentation, depending on the position to be filled, consists of some or all of the following:

- (1) Job application;
- (2) Certification list;
- (3) Copy of the job posting if a permanent position;
- (4) Written notification signed by the appointing authority stating:
 - a. Position being filled;
 - b. Pay grade of the employee;
 - c. Employee's gross pay each pay period;
 - d. Source of funding of the position;
 - e. Two copies of the employee's Social Security card;
- (5) Hiring approval during a hiring freeze.

In the event that an employee otherwise qualified for classified service is properly appointed but improperly placed on the state payroll, the State shall be liable for the wages, benefits or both of the employee during the first 10 working days of the employee's employment. In the event that the employee is not properly placed on the state payroll by the end of the employee's tenth working day, the appointing authority shall lay off the employee until the employee is properly so placed, or be liable to the employee for wages, benefits or both, in accordance with subsection (d) of this section. The review date for persons not properly placed on the state payroll shall be the date the person first reported for duty in that position.

(f) For the purpose of subsections (d) and (e) of this section, the Secretary or the Secretary's designee shall determine whether an employee is properly appointed. The Secretary or the Secretary's designee shall certify the appointment by approving the state personnel transaction supplied by the agency. The approval of the Secretary or the Secretary's designee shall relieve any officer or appointing authority from liability because of an improper appointment, except where the improper appointment was effected through the fraud of any officer or appointing authority. The approval of the Secretary or the Secretary's designee shall similarly relieve any officer or appointing authority from liability for the payment of wages, benefits or both arising under subsection (d) or subsection (e) of this section, except where the officer or appointing authority is grossly negligent in disregarding any provision of this chapter, the merit rules or the Secretary's regulations adopted thereunder. Such approval by the Secretary or the Secretary's designee shall not prevent the appointing authority from taking disciplinary action against any employee in the classified service who negligently prepared the document authorizing the overpayment of wages, benefits or both.

(g) If the appointing authority wrongfully withholds certification of the payroll account of any employee, such employee may maintain a proceeding to compel the appointing authority to certify such payroll account.

(h) No action for the reimbursement of wages, benefits or both, improperly paid to a state employee shall be brought after the expiration of 3 years from the date the wages, benefits or both were improperly paid.

(i) Section 8111 of Title 10 shall be applicable to employment between a person and the State.

(j) Following the passage of this section, all state agencies shall conduct audits of the payroll records of each of its employees. In the event that the audit indicates that a discrepancy exists between the amount actually paid and the amount that should have been paid, the agency shall notify the employee, the appointing authority, the Secretary of Finance and the Auditor of Accounts, with sufficient documentation to point out the source and amount of the discrepancy, within 10 calendar days of the date of the completion of the audit. In the event that the audit indicates an overpayment, the appointing authority shall provide the Attorney General with the same notice provided the employee. The Attorney General may proceed in accordance with subsection (c) of this section. The appointing authority shall, within 1 pay period, correct the discrepancy on proper personnel payroll forms.

(k) For the purpose of this section "appointing authority" shall be as defined in the merit rules adopted pursuant to § 5914 of this title.

(l) Notwithstanding any section of the Code, or any uncodified section of the Delaware law to the contrary, no action for reimbursement as hereinbefore described shall be brought by the State for the overpayment of wages or benefits made, up to and including the last day of the pay period following the date this section becomes effective.

(m) To permit all state agencies to comply and conduct the audit required by subsection (j) of this section, this section shall become effective 6 months from July 12, 1978.

(29 Del. C. 1953, § 5945; 55 Del. Laws, c. 443, § 1; 70 Del. Laws, c. 186, § 1.)

(b) No person shall, directly or indirectly, give, render, pay, offer, solicit or accept any money, service or other valuable consideration for or on account of any appointment, proposed appointment, promotion or proposed promotion to, or any advantage in, a position in the classified service.

(b) Any person who is convicted of a misdemeanor under subsection (a) of this section shall, for a period of 5 years, be ineligible for appointment to, or employment in, a position in the state service, and if the person is an officer or employee of the State shall forfeit the person's office or position.

(c) The Superior Court shall have exclusive jurisdiction of violations of this chapter.

Within 30 days after any such dismissal, demotion or suspension, an employee may appeal to the Board for review thereof. Upon such review, both the appealing employee and the appointing authority whose action is reviewed shall have the right to be heard publicly and to present evidentiary facts. At the hearing, technical rules of evidence shall not apply. The rules shall require that the Board take final action on an appeal within 90 calendar days of submission to the Board. Upon approval of all parties, the 90 days may be extended an additional 30 calendar days.

(b) If the Board upholds the decision of the appointing authority, the employee shall have a right of appeal to the Superior Court on the question of whether the appointing authority acted in accordance with law. The burden of proof of any such appeal to the Board or Superior Court is on the employee. If the Board finds against the appointing authority, the appointing authority shall have a right of appeal to the Superior Court on the question of whether the appointing authority acted in accordance with law. The burden of proof of any such appeal to the Superior Court is on the appointing authority. All appeals to the Superior Court shall be by the filing of a notice of appeal with the Court within 30 days of the employee being notified of the final action of the Board.

This supersession of state law and the merit system rules shall continue in effect only so long as, and only to the extent that, the provisions of the federal Fair Labor Standards Act [29 U.S.C. 201 et seq.], by their own terms or by judicial interpretation, are deemed to apply to state government personnel practices. To the extent necessary for state compliance with the Fair Labor Standards Act, the Secretary shall have the authority to implement this section, including, but not limited to, the authority to determine where conflicts exist between state law or merit rules and the federal act, and to resolve such conflicts by appropriate rulings and regulations.

Nothing in this subsection, however, shall prohibit an officer or employee of the State who donates up to $\frac{1}{2}$ of their yearly accrual of sick leave from donating annual leave up to their available balance as of the date of donation.

(2) An officer or employee of the State may donate additional amounts of sick leave in excess of $\frac{1}{2}$ their yearly sick leave accrual per year, however, such donations must be matched on a ratio of 2 hours sick leave per 1 hour annual leave.

For purposes of this section, the term "catastrophic illness" means an illness or injury to an employee or to a member of an employee's family which is diagnosed by a physician and certified by the physician as rendering the employee or a member of the employee's family unable to work, or in the case of a family member who does not work, the medical equivalent of "unable to work," for a period greater than 5 calendar weeks. Separate periods of disability lasting 7 calendar days or more each, resulting from the same or a related medical condition and occurring within any 12-consecutive-month period, shall be considered the same period of disability. For purposes of this section, "family member" or "member of an employee's family" means an employee's spouse, son, daughter or parent who resides with the employee and who requires the personal attendance of the employee during the family member's catastrophic illness.

(3) Have established medical justification for such receipt, which must be renewed every 30 days.

(f) An employee who is covered by a collective bargaining agreement may donate leave to, or receive donations of leave from, an employee or officer who is not covered by a collective bargaining agreement.

(g) The Secretary shall have the authority to carry out the mandates of this section.

(h) The agency employing the recipient of a grant of donated leave shall pay all cost of the use of that donated leave. No funds shall be attached to any hours of donated leave.

(i) The State's liability under this program shall not exceed the number of hours donated by employees.

(j) The provisions of this section related to a direct donation of hours from one officer or employee of this State to another officer or employee shall become effective February 2, 1996. (1) An officer or employee of the State may donate up to $\frac{1}{2}$ their yearly accrual of sick leave per year without having to match with annual leave. (2) An officer or employee of the State may donate additional amounts of sick leave in excess of $\frac{1}{2}$ their yearly sick leave accrual per year, however, such donations must be matched on a ratio of 2 hours sick leave per 1 hour annual leave.

(b) A person wishing to donate leave time under this section may request the Secretary to debit the donor's sick leave and annual leave accounts.

(c) Sick leave and annual leave accrued in the Leave Bank or directly donated to an employee may be used by a recipient for either of the following:

Separate periods of disability lasting 7 calendar days or more each, resulting from the same or a related medical condition and occurring within any 12-consecutive-month period, shall be considered the same period of disability. For purposes of this section, "family member" or "member of an employee's family" means an employee's spouse, son, daughter or parent who resides with the employee and who requires the personal attendance of the employee during the family member's catastrophic illness.

(2) *Parental leave.* — An employee otherwise eligible to receive donated leave under subsection (e) of this section shall become eligible to receive up to 12 weeks of donated leave upon the birth of a child of the employee or the employee's spouse, or upon the adoption by the employee of a child who is 6 years of age or younger. Such eligibility shall expire at the end of the 6-month period beginning on the date of such birth or adoption. Subject to the 12-week maximum, donated leave may be used by the recipient for subsequent absence for a period of 1 year following the birth or adoption for maternal or pediatric medical care requiring hospitalization or extended care at home.

(d) The Secretary shall convert the donated leave into cash value at the donor's rate of pay, shall re-convert the cash value to hours of leave at the recipient's rate of pay, and shall then credit the recipient's account.

(e) Before receiving donated leave time under this section, the recipient of the leave time shall:

(1) Have been an officer or employee of this State for at least 6 months before he or she is eligible for donated leave time;

(2) Have used all of his or her sick days and $\frac{1}{2}$ of his or her annual leave; however, when the donated leave time is for the catastrophic illness of a family member, the employee must have used all of his or her sick days and annual leave; and

(3) Have established medical justification for such receipt, which must be renewed every 30 days for leave in connection with a catastrophic illness.

(f) An employee who is covered by a collective bargaining agreement may donate leave to, or receive donations of leave from, an employee or officer who is not covered by a collective bargaining agreement.

(g) The Secretary shall have the authority to carry out the mandates of this section.

(i) The State's liability under this program shall not exceed the number of hours donated by employees.

(j) The provisions of this section related to a direct donation of hours from one officer or employee of this State to another officer or employee shall become effective February 2, 1996. The provisions of this section related to donation of hours to the Leave Bank shall become effective upon the establishment of the Bank or May 2, 1996, whichever occurs first.

(k) The leave described in this section is intended to run concurrently with any leave available under the Family Medical Leave Act, 29 U.S.C. 2601, et seq.

Part V
Public Officers and Employees
Chapter 60C
Delaware Tobacco Settlement Act of 1999

§ 6080. Findings and purpose.

(a) Cigarette smoking presents serious public health concerns to the State and to the citizens of the State. The Surgeon General has determined that smoking causes lung cancer, heart disease and other serious diseases, and that there are hundreds of thousands of tobacco-related deaths in the United States each year. These diseases most often do not appear until many years after the person in question begins smoking.

(b) Cigarette smoking also presents serious financial concerns for the State. Under certain health-care programs, the State may have a legal obligation to provide medical assistance to eligible persons for health conditions associated with cigarette smoking, and those persons may have a legal entitlement to receive such medical assistance.

(c) Under these programs, the State pays millions of dollars each year to provide medical assistance for these persons for health conditions associated with cigarette smoking.

(d) It is the policy of the State that financial burdens imposed on the State by cigarette smoking be borne by tobacco product manufacturers rather than by the State to the extent that such manufacturers either determine to enter into a settlement with the State or are found culpable by the courts.

(e) On November 23, 1998, leading United States tobacco product manufacturers entered into a settlement agreement, entitled the "Master Settlement Agreement," with the State. The Master Settlement Agreement obligates these manufacturers, in return for a release of past, present and certain future claims against them as described therein, to pay substantial sums to the State (tied in part to their volume of sales); to fund a national foundation devoted to the interests of public health; and to make substantial changes in their advertising and marketing practices and corporate culture, with the intention of reducing underage smoking.

(f) It would be contrary to the policy of the State if tobacco product manufacturers who determine not to enter into such a settlement could use a resulting cost advantage to derive large, short-term profits in the years before liability may arise without ensuring that the State will have an eventual source of recovery from them if they are proven to have acted culpably. It is thus in the interests of the State to require that such manufacturers establish a reserve fund to guarantee a source of compensation and to prevent such manufacturers from deriving large, short-term profits and then becoming judgment-proof before liability may arise.

(72 Del. Laws, c. 182, § 1.)

§ 6081. Definitions.

(a) "Adjusted for inflation" means increased in accordance with the formula for inflation adjustment set forth in Exhibit C to the Master Settlement Agreement.

(b) "Affiliate" means a person who directly or indirectly owns or controls, is owned or controlled by, or is under common ownership or control with, another person. Solely for purposes of this definition, the terms "owns," "is owned" and "ownership" mean ownership of an equity interest, or the equivalent thereof, of 10 percent or more, and the term "person" means an individual, partnership, committee, association, corporation or any other organization or group of persons.

(c) "Allocable share" means allocable share as that term is defined in the Master Settlement Agreement.

(d) "Cigarette" means any product that contains nicotine, is intended to be burned or heated under ordinary conditions of use, and consists of or contains:

(1) Any roll of tobacco wrapped in paper or in any substance not containing tobacco; or

(2) Tobacco, in any form, that is functional in the product, which, because of its appearance, the type of tobacco used in the filler, or its packaging and labeling, is likely to be offered to, or purchased by, consumers as a cigarette; or

(3) Any roll of tobacco wrapped in any substance containing tobacco which, because of its appearance, the type of tobacco used in the filler, or its packaging and labeling, is likely to be offered to, or purchased by, consumers as a cigarette described in paragraph (d) (1) of this section. The term "cigarette" includes "roll-your-own" (i.e., any tobacco which, because of its appearance, type, packaging or labeling is suitable for use and likely to be offered to, or purchased by, consumers as tobacco for making cigarettes). For purposes of this definition of "cigarette," 0.09 ounces of "roll-your-own" tobacco shall constitute 1 individual "cigarette."

(e) "Master Settlement Agreement" means the settlement agreement (and related documents) entered into on November 23, 1998, by the State and leading United States tobacco product manufacturers.

(f) "Qualified escrow fund" means an escrow arrangement with a federally- or State-chartered financial institution having no affiliation with any tobacco product manufacturer and having assets of at least \$1,000,000,000 where such arrangement requires that such financial institution hold the escrowed funds' principal for the benefit of releasing parties and prohibits the tobacco product manufacturer placing the funds into escrow from using, accessing or directing the use of the funds' principal except as consistent with § 6082(2) of this title.

- (g) "Released claims" means released claims as that term is defined in the Master Settlement Agreement.
- (h) "Releasing parties" means releasing parties as that term is defined in the Master Settlement Agreement.
- (i) "Tobacco product manufacturer" means an entity that after July 20, 1999, directly (and not exclusively through any affiliate):

(1) Manufactures cigarettes anywhere that such manufacturer intends to be sold in the United States, including cigarettes intended to be sold in the United States through an importer (except where such importer is an original participating manufacturer (as that term is defined in the Master Settlement Agreement) that will be responsible for the payments under the Master Settlement Agreement with respect to such cigarettes as a result of the provisions of Section II(mm) of the Master Settlement Agreement and that pays the taxes specified in Section II(z) of the Master Settlement Agreement, and provided that the manufacturer of such cigarettes does not market or advertise such cigarettes in the United States);

(2) Is the first purchaser anywhere for resale in the United States of cigarettes manufactured anywhere that the manufacturer does not intend to be sold in the United States; or

(3) Becomes a successor of an entity described in paragraph (i)(1) or (2) of this section.

The term "tobacco product manufacturer" shall not include an affiliate of a tobacco product manufacturer unless such affiliate itself falls within any of the provisions of paragraphs (i)(1)-(3) of this section.

(j) "Units sold" means the number of individual cigarettes sold in the State by the applicable tobacco product manufacturer (whether directly or through a distributor, retailer or similar intermediary or intermediaries) during the year in question, as measured by excise taxes collected by the State on packs (or "roll-your-own" tobacco containers) bearing the excise tax stamp of the State. The Department of Finance agency shall promulgate such regulations as are necessary to ascertain the amount of State excise tax paid on the cigarettes of such tobacco product manufacturer for each year.

(72 Del. Laws, c. 182, § 1.)

§ 6082. Requirements.

Any tobacco product manufacturer selling cigarettes to consumers within the State (whether directly or through a distributor, retailer or similar intermediary or intermediaries) after July 20, 1999, shall do 1 of the following:

(1) Become a participating manufacturer (as that term is defined in Section II(jj) of the Master Settlement Agreement) and generally perform its financial obligations under the Master Settlement Agreement; or

(2) a. Place into a qualified escrow fund by April 15 of the year following the year in question the following amounts (as such amounts are adjusted for inflation):

1. 1999: \$.0094241 per unit sold after July 20, 1999;
2. 2000: \$.0104712 per unit sold;
3. For each of 2001 and 2002: \$.0136125 per unit sold;
4. For each of 2003 through 2006: \$.0167539 per unit sold;
5. For each of 2007 and each year thereafter: \$.0188482 per unit sold.

b. A tobacco product manufacturer that places funds into escrow pursuant to paragraph (2)a. of this section shall receive the interest or other appreciation on such funds as earned. Such funds themselves shall be released from escrow only under the following circumstances:

1. To pay a judgment or settlement on any released claim brought against such tobacco product manufacturer by the State or any releasing party located or residing in the State. Funds shall be released from escrow under this paragraph (2)b.1. in the order in which they were placed into escrow, and only to the extent and the time necessary to make payments to required under such judgment or settlement;

2. To the extent that a tobacco product manufacturer establishes that the amount it was required to place into escrow on account of units sold in the State in a particular year was greater than the Master Settlement Agreement payments, as determined pursuant to Section IX(1) of that Agreement including after final determination of all adjustments, that such manufacturer would have been required to make on account of such units sold had it been a participating manufacturer, the excess shall be released from escrow and revert back to such tobacco product manufacturer; or

3. To the extent not released from escrow under paragraph (2)b.1. or 2. of this section, funds shall be released from escrow and revert back to such tobacco product manufacturer 25 years after the date on which they were placed into escrow.

c. Each tobacco product manufacturer that elects to place funds into escrow pursuant to this subdivision shall annually certify to the Attorney General that it is in compliance with this subdivision. The Attorney General may bring a civil action on behalf of the State against any tobacco product manufacturer that fails to place into escrow the funds required under this section. Any tobacco product manufacturer that fails in any year to place into escrow the funds required under this section shall:

1. Be required within 15 days to place such funds into escrow as shall bring it into compliance with this section. The court, upon a finding of a violation of this subdivision, may impose a civil penalty to be paid to the general fund of the State in an amount not to exceed 5 percent of the amount improperly withheld from escrow per day of the violation and in a total amount not to exceed 100 percent of the original amount improperly withheld from escrow;

2. In the case of a knowing violation, be required within 15 days to place such funds into escrow as shall bring it into compliance with this section. The court, upon a finding of a knowing violation of this subdivision, may impose a civil penalty to be paid to the Delaware Health Fund of the State in an amount not to exceed 15 percent of the amount improperly withheld from escrow per day of the violation and in a total amount not to exceed 300 percent of the original amount improperly withheld from escrow; and

3. In the case of a second knowing violation, be prohibited from selling cigarettes to consumers within the State (whether directly or through a distributor, retailer or similar intermediary) for a period not to exceed 2 years.

Each failure to make an annual deposit required under this section shall constitute a separate violation.

§ 6085. Certifications; directory; tax stamps.

(a) *Certification.* — Every tobacco product manufacturer whose cigarettes are sold in this State, whether directly or through a distributor, retailer or similar intermediary or intermediaries, shall execute and deliver in the manner prescribed by the Attorney General a certification to the Department and Attorney General, no later than April 30 of each year, certifying under penalty of perjury that, as of the date of such certification, such tobacco product manufacturer is either a participating manufacturer or is in full compliance with Chapter 60C of this title, including all quarterly installment payments required by § 6087(e) of this title.

(1) A participating manufacturer shall include in its certification a list of its brand families. The participating manufacturer shall update such list 30 calendar days prior to any addition to or modification of its brand families by executing and delivering a supplemental certification to the Attorney General and Department.

(2) A nonparticipating manufacturer shall include in its certification:

a. A list of all of its brand families and the number of units sold for each brand family that were sold in the State during the preceding calendar year;

b. A list of all its brand families that have been sold in the State at any time during the current calendar year;

c. Indicating, by an asterisk, and brand family sold in the State during the preceding calendar year that is no longer being sold in the State as of the date of such certification; and

d. Identifying by name and address any other manufacturer of such brand families in the preceding or current calendar year.

The nonparticipating manufacturer shall update such list 30 calendar days prior to any addition to or modification of its brand families by execution and delivering a supplemental certification to the Attorney General and Department.

(3) In the case of a nonparticipating manufacturer, such certification shall include representations that:

a. Such nonparticipating manufacturer is registered to do business in the State or has appointed a resident agent for service of process and provided notice thereof as required by § 6086 of this title; and

b. Such nonparticipating manufacturer:

1. Has established and continues to maintain a qualified escrow fund; and

2. Has executed a qualified escrow agreement that has been reviewed and approved by the Attorney General and that governs the qualified escrow fund; and
- c. Such nonparticipating manufacturer is in full compliance with Chapter 60C of this title and this chapter, and any regulations promulgated pursuant thereto; and
- d. 1. The name, address and telephone number of the financial institution where the nonparticipating manufacturer has established such qualified escrow fund required pursuant to Chapter 60C of this title and all regulations promulgated thereto;
 2. The account number of such qualified escrow fund and any sub-account number for Delaware;
 3. The amount such nonparticipating manufacturer placed in such fund for cigarettes sold in the State during the preceding calendar year, the date and amount of each such deposit, and such evidence or verification as may be deemed necessary by the Attorney General to confirm the foregoing; and
 4. The amount and date of any withdrawal or transfer of funds the nonparticipating manufacturer made at any time from such fund or from any other qualified escrow fund into which it ever made escrow payments pursuant to Chapter 60C of this title and all regulations promulgated thereto.

(4) A tobacco product manufacturer may not include a brand family in its certification unless:

- a. In the case of a participating manufacturer, said participating manufacturer affirms that the brand family is to be deemed to be its cigarettes for purposes of calculating its payments under the master settlement agreement for the relevant year, in the volume and shares determined pursuant to the master settlement agreement; and
- b. In the case of a nonparticipating manufacturer, said nonparticipating manufacturer affirms that the brand family is to be deemed to be its cigarettes for purposes of Chapter 60C this title.

Nothing in this section shall be construed as limiting or otherwise affecting the State's right to maintain that a brand family constitutes cigarettes of a different tobacco product manufacturer for purposes of calculating payments under the master settlement agreement or for purposes of Chapter 60C of this title.

(5) Tobacco product manufacturers shall maintain all invoices and documentation of sales and other such information relied upon for such certification for a period of 5 years, unless otherwise required by law to maintain them for a greater period of time.

(b) *Directory of cigarettes approved for stamping and sale.* — Not later than August 7, 2003, the Attorney General shall develop and publish on its website a directory listing all tobacco product manufacturers that have provided current and accurate certifications conforming to the requirements of subsection (a) of this section and all brand families that are listed in such certifications (the "Directory"), except as noted below.

(1) The Attorney General shall not include or retain in such Directory the name or brand families of any nonparticipating manufacturer that has failed to provide the required certification or whose certification the Attorney General determines is not in compliance with paragraphs (a)(2) and (3) of this section, unless the Attorney General has determined that such violation has been cured to the satisfaction of the Attorney General.

(2) Neither a tobacco product manufacturer nor brand family shall be included or retained in the Directory if the Attorney General concludes, in the case of a nonparticipating manufacturer, that

- a. Any escrow payment required pursuant to Chapter 60C of this title for any period for any brand family, whether or not listed by such nonparticipating manufacturer, has not been fully paid into a qualified escrow fund governed by a qualified escrow agreement that has been approved by the Attorney General; or
- b. Any outstanding final judgment, including interest thereon, for a violation of Chapter 60C of this title has not been fully satisfied for such brand family or such manufacturer.

(3) The Attorney General shall update the Directory as necessary in order to correct mistakes and to add or remove a tobacco product manufacturer or brand family to keep the Directory in conformity with the requirements of this chapter. The Attorney General shall post in the Directory and transmit by e-mail or other practicable means to each affixing agent and tobacco product manufacturer notice of any removal from the Directory of that tobacco product manufacturer or brand family at least 30 days prior to removal from the Directory of such tobacco product manufacturer or brand family. Unless otherwise provided by agreement between an affixing agent and a tobacco product manufacturer, the affixing agent shall be entitled to a refund from a tobacco product manufacturer for any money paid by the affixing agent to the tobacco product manufacturer for any cigarettes of the tobacco product manufacturer in the possession of the affixing agent on the effective date of removal from the Directory, or as subsequently received from a retail dealer as provided herein, of that tobacco product manufacturer or brand family of cigarettes. Unless otherwise provided by agreement between a retail dealer and an affixing agent or a tobacco product manufacturer, a retail dealer shall be entitled to a refund from an affixing agent or a tobacco product manufacturer for any money paid by the retail dealer to such affixing agent or tobacco product manufacturer for any cigarettes of the tobacco product manufacturer still in the possession of the retail dealer on the effective date of removal from the Directory of that tobacco product manufacturer or brand family of cigarettes. The Attorney General shall not restore to the Directory the tobacco product manufacturer or the brand family until the tobacco product manufacturer has paid the affixing agent or retail dealer any refund due.

(4) Every affixing agent shall provide and update as necessary an electronic mail address to the Attorney General for the purpose of receiving any notifications as may be required by this chapter.

(c) *Prohibition against stamping or sale of cigarettes not in the directory.* — It shall be unlawful for any person:

(1) To affix a stamp to a package or other container of cigarettes of a tobacco product manufacturer or brand family not included in the Directory;

(2) To sell, offer or possess for sale in this State, cigarettes of a tobacco product manufacturer or brand family not included in the Directory.

(74 Del. Laws, c. 124, § 1.)

§ 6086. Agent for service of process.

(a) *Requirement for agent for service of process.* — Any nonresident or foreign Non-participating manufacturer that has not registered to do business in the State as a foreign corporation or business entity shall, as a condition precedent to having its brand families included or retained in the Directory, appoint and continually engage without interruption the services of an agent in this State to act as agent for the service of process on whom all process, and any action or proceeding against it concerning or arising out of the enforcement of this title and Chapter 60C of this title, may be served in any manner authorized by law. Such service shall constitute legal and valid service of process on the nonparticipating manufacturer. The nonparticipating manufacturer shall provide the name, address, phone number and proof of the appointment and availability of such agent to, and to the satisfaction of, the Department and Attorney General.

(b) The nonparticipating manufacturer shall provide notice to the Department and Attorney General 30 calendar days prior to termination of the authority of an agent and shall further provide proof to the satisfaction of the Attorney General of the appointment of a new agent no less than 5 calendar days prior to the termination of an existing agent appointment. In the event an agent terminates an agency appointment, the nonparticipating manufacturer shall notify the Department and Attorney General of said termination within 5 calendar days and shall include proof to the satisfaction of the Attorney General of the appointment of a new agent.

(c) Any nonparticipating manufacturer whose cigarettes are sold in this State, who has not appointed and engaged an agent as herein required, shall be deemed to have appointed the Secretary of State as such agent and may be proceeded against in courts of this State by service of process upon the Secretary of State; provided, however, that the appointment of the Secretary of State as such agent shall not satisfy the condition precedent for having the brand families of the nonparticipating manufacturer included or retained in the Directory.

(74 Del. Laws, c. 124, § 1.)

§ 6087. Reporting of information; escrow installments.

(a) *Reporting by affixing agents.* — Not later than 20 calendar days after the end of each calendar quarter, and more frequently if so directed by the Department, each affixing agent shall submit such information as the Department and Attorney General require to facilitate compliance with this chapter, including, but not limited to, a list by brand family of the total number of cigarettes, or, in the case of roll your own, the equivalent stick count, for which the affixing agent affixed stamps during the previous calendar month or otherwise paid the tax due for such cigarettes. The affixing agent shall maintain, and make available to the Department and the Attorney General, all invoices and documentation of sales of all nonparticipating manufacturer cigarettes and any other information relied upon in reporting to the Department for a period of 5 years.

(b) *Disclosure of information.* — The Department is authorized to disclose to the Attorney General any information received and requested by the Attorney General for purposes of determining compliance with and enforcing the provisions of this chapter and Chapter 60C of this title. The Department and Attorney General shall share with each other the information received under this chapter, and may share such information with other federal, State or local agencies only for purposes of enforcement of this chapter, Chapter 60C of this title, or corresponding laws of other states.

(c) *Verification of qualified escrow fund.* — The Attorney General may require at any time from the nonparticipating manufacturer proof, from the financial institution in which such manufacturer has established a Qualified Escrow Fund for the purpose of compliance with Chapter 60C of this title, of the amount of money in such fund, exclusive of interest, the amount and date of each deposit to such fund, and the amount and date of each withdrawal from such fund.

(d) *Requests for additional information.* — In addition to the information required to be submitted pursuant to Chapter 60C of this title and this chapter, the Department may require an affixing agent or tobacco product manufacturer to submit any additional information including, but not limited to, samples of the packaging or labeling of each brand family, as is necessary to enable the Attorney General to determine whether a tobacco product manufacturer is in compliance with Chapter 60C of this title.

(e) *Quarterly escrow installments.* — To promote compliance with this chapter, the Department may promulgate regulations requiring a tobacco product manufacturer subject to the requirements of § 6085(a)(2) of this title to make the escrow deposits required in quarterly installments during the year in which the sales covered by such deposits are made. The Department may require production of information sufficient to enable the Attorney General to determine the adequacy of the amount of the installment deposit.

§ 6088. Penalties and other remedies; Class B misdemeanor.

(a) *License revocation and civil penalty.* — In addition to or in lieu of any other civil or criminal remedy provided by law, upon a determination that an affixing agent has violated § 6085(c) of this title or any regulation adopted pursuant to this chapter, the Department

may revoke or suspend the license of the affixing agent in the manner provided by Chapter 53 of Title 30. Each stamp affixed and each sale or offer to sell cigarettes in violation of § 6085(c) of this title shall constitute a separate violation. For each violation hereof, the Department may also impose a civil penalty in an amount not to exceed the greater of 500% of the retail value of the cigarettes or \$5,000 upon a determination of violation of § 6085(c) of this title or any regulations adopted pursuant thereto. Such penalty shall be imposed in the manner provided by Chapter 53 of Title 30.

(b) *Contraband and seizure.* — Any cigarettes that have been sold, offered for sale, or possessed for sale in this State in violation of § 6085(c) of this title shall be deemed contraband under § 5346 of Title 30 and such cigarettes shall be subject to seizure and forfeiture as provided in such section, and all such cigarettes so seized and forfeited shall be destroyed and not resold.

(b) (1) The provisions for salaries in the Budget Appropriation Bill are projected to cover the salaries and wages which shall become due and payable during the fiscal year. All agencies shall stay within their appropriations for salaries as well as positions authorized.

(2) The Budget Appropriation Bill assumes salary savings in all branches of state government. All agencies in the judicial, executive, and legislative branches of state government are directed to continue any and all vacancies within their respective agencies as necessary to remain within their level of funding for salaries and wages.

(c) All agencies/school districts receiving energy funding in the Budget Appropriation Bill must make monthly consumption and/or purchase reports to the Energy Office.

(d) At the close of the fiscal year, all unencumbered appropriated special funds shall revert to the budget unit internal program unit/holding account, except Title IV-D (ASF) funds, unless otherwise specified.

(e) (1) Where the number of employee positions has been set forth in the salary line appropriation for an agency in § 1 of the Budget Appropriation Bill, such number shall be interpreted to mean equivalent full-time positions. The Office of Management and Budget shall maintain a listing of the employee positions as provided, the salary or wage for each position, and the source of funding. A report of this listing shall be furnished monthly by the Director of the Office of Management and Budget and to the Controller General. The total of such salaries and wages for each agency shall not exceed the agency appropriation therefore and the number of employee positions shall not be changed except as provided in paragraph (e)(2) of this section. During the period when recruit classes for State Police are in training, the total number of employees shall apply only to uniformed personnel authorized for duty.

(2) The number of employee positions authorized as equivalent full-time positions paid by General Fund appropriations and the number of other positions, paid by funds other than General Fund appropriations are reflected in § 1 of the Budget Appropriation Bill within each agency for the fiscal year. No agency shall change the total number of positions within each funding source without prior approval of the Delaware State Clearinghouse Committee; and no agency shall transfer a position between divisions/appropriation units except with the approval of the Delaware State Clearinghouse Committee. All Job Training Partnership Act funds expended for full-time positions shall be employed within the State.

(f) Funds provided in § 1 of the Budget Appropriation Bill may be expended for purposes in which agencies have specifically entered into agreement with the federal government for the reimbursement of such expenses; provided however, that the federal government specifically requires such reimbursement procedures and that the agency has specific authorization in accordance with the provisions of Chapter 76 of this title, Federal Grant and Nonfederal Grant Coordination, to enter into such program; and, provided that such reimbursements be accounted for in conformance with the Budget and Accounting Manual and that such reimbursements be used to fulfill the intent and purposes of § 1 of the Budget Appropriation Bill.

(g) (1) The Budget Appropriation Bill contemplates receipt of federal funds and state special funds for certain programs or functions administered by agencies. Funds herein appropriated in § 1 of the Budget Appropriation Bill to match the federal or state special funds shall be expended only to the extent that federal or state special funds shall have been made available.

(2) Upon being informed that such program or function is terminated or funds therefore are reduced, the head of the agency shall immediately notify, in writing, the people identified in this subsection and promptly:

a. Reduce proportionately the expenditure of funds from the matching general funds of the State appropriated to match such federal or state special funds; and

b. Submit, in writing, to the Governor, Chairperson and Vice Chairperson of the Joint Finance Committee, Controller General, Director of the Office of Management and Budget, and Secretary of Finance a plan describing how each individual program or function will be accomplished, including General Fund operating budget line item expenditure reductions.

In the event the General Assembly does not authorize continuation of the program or function, the Director of the Office of Management and Budget is hereby directed to revert the remaining matching general funds.

(4) Agencies who are recipients of federal funds in support of programs or services, and have indirect costs or any costs identified as a Section II cost, per the Statewide Cost Allocation Plan (SWCAP), shall budget these costs when the application is presented to the Delaware State Clearinghouse.

(5) All agencies or schools receiving federal funds subject to the federal Single Audit Act [31 U.S.C. § 7501 et seq.] shall:

This section directs that:

(1) The Family Court of Delaware, the office of the Attorney General and the Department of Health and Social Services shall continue such cooperative agreement for the purpose of seeking appropriate reimbursement from the federal government for general and appropriated special funds expended for certain expenses incurred in the delivery of child support services by Family Court and the office of the Attorney General.

a. This fund shall be utilized for determining the next fiscal year's appropriated special funds appropriation for Family Court, the office of the Attorney General and any other agency receiving Title IV-D Funds. In the event that an amount in this fund represents a recovery based on the Statewide Cost Allocation Plan, then such amount shall not be considered for appropriation.

b. The balance of the special fund account not appropriated for the next fiscal year shall revert to the General Fund prior to December 31.

(i) All state agencies and departments that own land shall inform the Director of the Office of Management and Budget, the Controller General, and the General Assembly, quarterly, as to any and all developments relating to the possible new use, lease or sale, of any portion of said land. This section shall not apply to lands owned by the Department of Transportation that are intended for transportation purposes except as provided in § 137 of Title 17.

If the employee's regular pay is from both General Funds and special funds, termination pay shall be on a pro rata basis. The intent of this section is that if any school district charges their local share to Division III — Equalization Funds, that for termination pay purposes only, these funds are considered special funds. Exceptions to this method of payment must have the approval of the Director of the Office of Management and Budget and the Controller General. All agencies shall absorb termination pay within the appropriations set forth in the Annual Appropriations Act.

§ 6405A. Department of Transportation.

(a) Any funds appropriated from any source to the Department of Transportation shall be accounted for by program category as specified in the Section 1 Addendum of the Annual Bond and Capital Improvement Act. Amounts indicated for individual projects in the “Supplemental Information for Transportation Projects” are the Department’s best estimates of cost, but may vary depending on bid results and project designs. The descriptions and limits are general in nature and are to be used only for project identification purposes. It is the intent of the General Assembly that the Department of Transportation make all reasonable efforts to ensure the timely completion of projects subject to the limitation of the total funds available in each program.

(b) The Department is directed to continue inspecting the condition of bridges and pavements in the State and to use the Road System Program funds made available by the Annual Bond and Capital Improvement Acts and the Bridge Program, the Rehabilitation and Reconstruction Program, and the Pave and Rehabilitation Program funds made available by previous acts to ensure the bridge repairs and replacements and pavement resurfacings and rehabilitations are carried out in an expeditious manner based on the Department’s priority and management systems.

(c) It is the intent of the General Assembly that the Co-Chairs of the Joint Legislative Committee on the Capital Improvement Program shall be delegated the responsibility of approving modifications to the list of paving and rehabilitation projects in the “Road System” portion of the “Supplemental Information for Transportation Projects” when the Department of Transportation needs such modifications. These changes may be made subject to the Co-Chairs’ approval, when:

- (1) The Department has completed or determined that it has sufficient funds on hand to complete projects in the program category; or
- (2) When projects so listed cannot be constructed in the construction season covered by the Annual Bond and Capital Improvement Act because of conflicting public works projects in progress or scheduled, or for other compelling reasons; and
- (3) Funds appropriated to the Road System program category are available for use on additional or other projects fitting within that category.

In modifying the list, the Department must substitute the next suitable paving and rehabilitation project or projects from the most recently approved Department of Transportation Capital Transportation Program or based on the Department's Road System priority and management systems. A copy of the changes should be forwarded to the Director of the Office of Management and Budget and Controller General.

(d) Any funds appropriated from the Community Transportation Fund (XX/00) of the "Supplemental Information For Transportation Projects" attached hereto may be designated for Greenways having a transportation component as long as those Greenways will be dedicated to public use. Legislators may designate moneys to be appropriated into a general pooled account to be used statewide, or may reserve moneys for Greenways projects to be designated at a later time, or may designate specific sums of moneys to specific Greenways projects. For the purposes of this section, a project shall be deemed to have a "transportation component" whenever it involves walkways, pathways, bikeways, trails or other routes for the movement of people or goods. Project estimates shall be prepared by the Department of Natural Resources and Environmental Control (DNREC) and processed through the Department of Transportation's (DOT) Community Transportation Fund procedure for inclusion in the Capital Improvement Act by the General Assembly. Funds appropriated through an Annual Bond and Capital Improvement Act will be funded from the Transportation Trust Fund and transferred to DNREC by DOT. DNREC will be responsible for the design, rights-of-way purchasing, construction and maintenance of such Greenways and establishing a process similar to DOT's process for administering the Community Transportation Fund. The Delaware Transportation Authority shall have the authority to use its powers granted under Chapter 13 of Title 2 to acquire property for Greenways projects having a transportation component dedicated to public use, and to transfer the property so acquired to the Department of Natural Resources and Environmental Control or to a local government accepting responsibility for the projects' development, ownership and operation.

(e) The Department of Transportation is hereby authorized to explore and/or construct feasible alternatives to traffic signals, including, but not limited to, geometric design changes to intersections or crossovers, in the vicinity of those locations where traffic signals may currently exist or otherwise be considered as warranted.

(f) The Delaware Transit Corporation ("DTC") administers a program to provide assistance to certain qualifying agencies for the transportation of the elderly, persons with disabilities, and thereafter for others needing transportation services, under the provisions of 49 U.S.C. § 5310 ("5310 Program"). The 5310 Program requires the qualifying agencies to agree to comply with the program's rules and regulations, and the agencies compete for funding in an annual certification/approval process. The normal match of federal funds to other funds is on an 80/20 funds basis. The following provisions shall apply in the DTC's administration of the 5310 Program.

(1) In ranking applicants for the 5310 Program, enhanced scoring of the applications will be given first to those qualifying applicants emphasizing the replacement of their existing fleet, and second to those qualifying applicants who provide a contributing share commitment larger than the normal nonfederal ratio, thus expanding the leverage provided by the federal funds available for the 5310 Program. These additional funds shall not be used as a replacement for Transit System funds or federal funds for this program, but shall be applied to this program in addition to the amount authorized in the Annual Bond and Capital Improvement Act.

(2) In administering the 5310 Program, the DTC shall take steps to assure that the qualifying applicant agencies use these vehicles first for program related needs, then to meet the transportation needs of elderly persons and persons with disabilities who do not participate in the agencies' programs, and finally for other local transportation needs, as required by federal regulations. In keeping these commitments and providing DTC-originated trips beyond the qualifying agencies program needs, those agencies receiving funds from the Kent/Sussex reimbursable line (55-06-01-85-83) Kent and Sussex Transportation shall be reimbursed at a rate of twice the applicable DTC fare. All other agencies providing such DTC-originated trips shall be reimbursed at a rate of 3 times the applicable DTC fare. Agencies providing such trips will be responsible for collection of and accounting for fares in accordance with DTC guidelines. Receipt of such fares and reimbursement to the qualifying agencies shall occur on a monthly basis between DTC and the agencies.

§ 6406A. Department of Education.

(a) Purchase orders and change orders for school construction projects which are coded to a different school construction project line within the applicable school district will be approved upon review and determination by the Department of Education and Office of Management and Budget that full compliance of § 2.4.3B(1) and (2) of the State of Delaware School Construction Manual has been met. All such purchase orders or change orders must reference the appropriate projects, lines of authorization and appropriate section of the School Construction Manual.

(b) The Department of Technology and Information is prohibited from establishing or maintaining state-supported e-mail addresses for public school students except as may be deemed necessary by the local school district. This section shall not preclude local school districts from providing student access to e-mail with local discretionary funds either through their own e-mail server or through a contract with the Department of Technology and Information.

§ 6516. Payment of bills or statements of account.

(a) The approval of any bill, invoice or statement by the Secretary of Finance, or the presentation of any payment transaction approved by him or her, shall be considered full authority for the payment of the same by the State Treasurer.

(b) All checks shall be drawn in consecutive numerical order. The Secretary of Finance shall keep records of expenditures of all state agencies so that the amount and nature of all such expenditures may be readily ascertained.

(c) The Secretary of Finance shall periodically verify that the State Treasurer has drawn no checks other than those that have been accounted for in the manner provided in this section.

(d) In the event that the State shall, within 30 days of the later of the presentment of a valid invoice or bill on which a state agency (as defined in this chapter) is liable to make payment or the receipt of the goods or services reflected in such invoice or bill, fail to make

payment on such invoice or bill, the vendor presenting such invoice or bill may require the payment of interest by such state agency; provided, however, that:

(1) Presentment is deemed made when an invoice or bill is received by that agency, provided that the invoice or bill is received in a form consistent with the State Accounting Manual and regulations issued by the Director of the Office of Management and Budget and the Secretary of Finance.

(2) The vendor may not require interest with respect to any portion of such invoice or bill if such portion is controverted on reasonable grounds by the state agency, provided that the agency notifies the vendor in writing, within the 30-day period specified in this subsection, of the reason or reasons for controverting the invoice or bill.

(3) A vendor may require that interest under this subsection commence from the end of the 30-day period and continue until payment. All interest charges under this chapter shall be paid by the agency receiving the goods or services from the vendor. Such interest shall be calculated by the vendor in dollar amounts and expressly billed as such to the agency receiving goods or services from the vendor.

(4) A vendor may require that interest under this subsection accrue on the unpaid balance at a rate not to exceed an annualized rate of 12 percent.

(5) Agencies liable for interest payments under this subsection shall be authorized to make such payments from amounts appropriated for "contractual services" in the event an unencumbered balance shall exist in such line. In the case of agencies of public or higher education, such payment shall be made from local funds or state general funds not restricted to another purpose. The Office of Management and Budget shall establish procedures according to which interest payments under this subsection are recorded separately from other expenditures for contractual services.

(6) The requirement that interest payments be made by the agency receiving goods or services be imposed upon a different agency when, in the sound discretion of the Director of the Office of Management and Budget and the Controller General, the receiving agency demonstrates that some other agency or agencies bear greater responsibility for causing the delay which occasioned the payment of interest, in which case the responsible agency or agencies shall reimburse the receiving agency for interest charges.

(e) The Secretary of Finance shall transmit to the Controller General on January 15 and July 15 of each year a report which provides the following information:

(1) The name of any state agency which has, within the past 6 months, paid interest to a vendor in accordance with subsection (d) of this section;

(2) The number of such interest payments made by each agency; and

(3) The total amount of interest paid by each agency.

(f) For public works contracts as defined by § 6902 of this title, the following shall apply:

(1) The agency agent, by mutual agreement, may make progress payments on contracts of less than 90 days and shall make monthly progress payments on all other contracts as provided for in this paragraph.

The agency agent shall approve or disapprove an estimate of the work submitted for payment within 7 days from the date of submission of the written application for payment. If the agency agent approves the estimate of work, such estimate shall be certified for payment. If the agency agent disapproves the estimate of work, the agency or the agency agent shall issue a specific written finding within 21 days from the submission of the applicant for payment setting forth those items in detail in the estimate of the work that are not approved for payment under the contract. The agency may withhold 150% of the amount of expenses the agency reasonably expects to incur, as approved by the Director of the Office of Management and Budget, in correcting the deficiency set forth in the written finding. The progress payments shall be paid on or before 21 days after the estimate of work is certified and approved. If the approval of a federal agency is required, the payment shall be deemed timely if the payment is made within 10 days of a required federal agency's approval.

(2) An agency agent, contractor or subcontractor may decline to approve and certify a billing or estimate or a portion of a billing or estimate for any of the following reasons:

a. Unsatisfactory job progress;

b. Defective construction work of materials not remedied;

c. Disputed work or materials;

d. Failure to comply with material provisions of the contract;

e. Third-party claims filed or reasonable evidence that a claim will be filed;

f. Failure of the contractor or subcontractor to make timely payments for labor, equipment or materials;

g. Damage to the agency, contractor or subcontractor;

h. Reasonable evidence that the construction cannot be completed for the unpaid balance of the construction contract; or

i. Retainage of funds.

(3) The retainage, as allowed by § 6962(d)(5) of this title, shall be retained by the agency as a guarantee for complete performance of the contract, to be paid to the contractor within 60 days after completion or filing notice of completion of the contract or within 30 days of a required federal agency's final approval or certification. Retention of payments by an agency longer than 60 days after final completion and acceptance requires a specific written finding by the agency of the reasons justifying the delay in payment. Such

written finding shall be furnished by the agency within 10 days after completion or filing notice to the contractor or within 10 days of the required federal agency's final approval or certification. No agency may retain any moneys after 60 days in an amount exceeding 150% of the necessary amount to pay the expenses the agency reasonably expects to incur in order to pay or discharge the expenses determined by the agency in the finding justifying the retention of moneys.

(4) If a progress payment to a contractor is delayed by more than 21 days after the date of the agency agent's approval or the final payment to a contractor is delayed by more than 60 days after the date of the final submission, the contractor may require the payment of interest by such agency, except for periods of time during which payment is withheld pursuant to paragraph (f)(2) of this section, beginning on the twenty-second day for progress payments and on the sixty-first day for final payment; provided, however, that:

a. Presentment is deemed made when an invoice or bill is received by that agency or agency agent, provided that the invoice or bill is received in a form consistent with the State Accounting Manual and regulations issued by the Director of the Office of Management and Budget and the Secretary of Finance. Such forms shall be included in the project's bid documents.

b. The contractor may not require interest with respect to any portion of such invoice or bill if such portion is controverted on reasonable grounds by the state agency or agency agent, provided that the agency notifies the contractor in writing, within the 21-day period for progress payments or 60 days for final payments, of the reason or reasons for controverting the invoice or bill.

c. A vendor may require that interest under this subsection commence from the end of the 21-day period for progress payments or the 60-day period for final payment and continue until payment. All interest charges under this chapter shall be paid by the agency receiving the goods or services from the contractor. Such interest shall be calculated by the contractor in dollar amounts and expressly billed as such to the agency receiving goods or services from the contractor.

d. A contractor may require that interest under this subsection accrue on the unpaid balance at a rate not to exceed 2% above the prime interest rate as established by the Federal Reserve.

e. Agencies liable for interest payments under this subsection shall be authorized to make such payments from amounts appropriated for "contractual services" in the event an unencumbered balance shall exist in such line. In the case of agencies of public or higher education, such payment shall be made from local funds or state general funds not restricted to another purpose. The Office of Management and Budget shall establish procedures according to which interest payments under this subsection are recorded separately from other expenditures for contractual services.

f. Interest payments to be made by the agency receiving goods or services may be imposed upon a different agency when, in the sound discretion of the Director of the Office of Management and Budget and the Controller General, the receiving agency demonstrates that some other agency or agencies bear greater responsibility for causing the delay which occasioned the payment of interest, in which case the responsible agency or agencies shall reimburse the receiving agency for interest charges.

(5) The agency, contractor or subcontractor may change the time periods outlined in this subsection only if:

a. Prior written approval is given by the Director of the Office of Management and Budget;

b. The public works contract specifically provides in a clear and conspicuous manner for a later payment defined by a specific number of days after certification and approval; and

c. All plan documents, including bid plans and construction plans, shall permanently display, in clear and conspicuous type, the following legend or substantially similar language:

NOTICE OF EXTENDED PAYMENT PROVISION

This contract allows the agency, contractor and subcontractor to make payment within _____ days after certification and approval of billings and estimates. Such changes shall also be indicated in a clear and conspicuous manner by contractors and subcontractors on all contracts with subcontractors and material suppliers.

(6) An agency may change the time period to certify and approve a billing or estimate only if:

a. Prior approval is given by the Director of the Office of Management and Budget;

b. The public works contract specifically provides in a clear and conspicuous manner for an extended time period within which a billing or estimate shall be certified or approved, defined by a specific number of days after the agency has received the billing or estimate; and

c. All plan documents, including bid plans and construction plans, shall include, in clear and conspicuous type, the following legend or substantially similar language:

NOTICE OF EXTENDED CERTIFICATION AND APPROVAL PERIOD PROVISION

This contract allows the agency to certify and approve billings and estimate within _____ days after the billings and estimates are received from the contractor.

Such changes shall also be indicated in a clear and conspicuous manner by contractors and subcontractors on all contracts with subcontractors and material suppliers.

(7) The contractor shall pay the contractor's subcontractors or material suppliers and each subcontractor shall pay the subordinate subcontractors or material supplier within 21 days of receipt of each progress payment, unless otherwise agreed to in writing by the parties, the respective amounts allowed the subordinate or subcontractor or material supplier on account of the work performed by

subordinate contractors and material suppliers, to the extent of each subordinate subcontractor's or material suppliers interest therein, except that no contract for public works may materially alter the rights of any contractor, subcontractor, subordinate subcontractor or material supplier to receive prompt and timely payment as provided under this subsection or Chapter 35 of Title 6. If a progress or final payment to a subordinate subcontractor or material supplier is delayed by more than 21 days after receipt of a progress or final payment by the contractor or subcontractor, the subordinate subcontractor or material supplier may require payment of interest by the contractor or subcontractor except for periods of time during which payment is withheld pursuant to paragraph (2) of this section, beginning on the twenty-second day, provided, however, that:

a. Presentment is deemed made when an invoice or bill is received by that contractor or subcontractor, provided that the invoice or bill is received in a form consistent with the contractor's or subcontractor requirements.

b. The subcontractor or material supplier may not require interest with respect to any portion of such invoice or bill if such portion is controverted on reasonable evidence by the contractor or subcontractor, provided that the contractor or subcontractor notifies the vendor in writing within the 21-day period specified in this subsection of the reason or reasons for controverting the invoice or bill.

c. A subordinate subcontractor or material supplier may require that interest under this subsection commence from the end of the 21-day period and continue until payment. All interest charges under this chapter shall be paid by the contractor or subcontractor and shall not be charged to any state agency. Such interest shall be calculated by the subordinate subcontractor or material supplier in dollar amounts and expressly billed as such to the contractor or subcontractor.

d. A subordinate subcontractor or material supplier may require that interest under this subsection accrue on the unpaid balance at a rate not to exceed 2% above the prime interest rate as established by the Federal Reserve.

(8) In any action or arbitration brought to collect payments or interest under this subsection, the arbitrator or court shall award damages equal to the amount that is determined by the arbitrator or court to have been wrongfully withheld. An amount shall not be deemed to have been wrongfully withheld to the extent it bears a reasonable relation to the value of any disputed amount or claim held in good faith by the agency contractor or subcontractor against whom the contractor, subcontractor or material supplier is seeking to recover payment.

§ 6517. Secretary of Finance to safeguard and systematize expenditure.

The Secretary of Finance may make such requirements as will tend to safeguard or systematize the expenditure of the State's money; but the Secretary of Finance shall make no requirement that will unnecessarily interfere with the prompt payment of the amounts due, and under no circumstances shall the Secretary of Finance cause the payment of salaries of state officers to be delayed beyond the date upon which the same are due, nor shall the Secretary of Finance have the authority to countersign the checks of the Treasury Department.

(32 Del. Laws, c. 30, § 7; Code 1935, § 430; 29 Del. C. 1953, § 6517; 54 Del. Laws, c. 39, § 5; 57 Del. Laws, c. 741, § 1D; 70 Del. Laws, c. 186, § 1.)

§ 6518. Examination of bills and accounts by Secretary of Finance; grounds for disapproval.

(a) The Secretary of Finance shall examine all bills, statements, accounts and demands against the State and the Secretary of Finance may require affidavits that articles have been furnished, services rendered and expenses incurred, as claimed. The Secretary of Finance shall refuse to approve any bill or statement of indebtedness which has not been presented to the Secretary of Finance in conformity with this chapter, or which would more than exhaust the appropriation from which it must be paid, or which is not in accordance with the contract under which the indebtedness was created or where the agency shall have refused to furnish the Secretary of Finance with any information or data that the Secretary of Finance may require for the execution of the Secretary's duties, or where the order or requisition, or bill or statement of indebtedness involves any transaction or item not in accordance with law. The Secretary of Finance shall have no right to refuse approval except on the grounds specified.

(b) Nothing in this section shall apply to the Governor of this State or to the judicial department thereof, or to the principal or interest of any obligation of the State.

(32 Del. Laws, c. 30, § 8; Code 1935, § 431; 29 Del. C. 1953, § 6518; 54 Del. Laws, c. 39, § 5; 57 Del. Laws, c. 741, § 1D; 70 Del. Laws, c. 186, § 1.)

§ 6519. Expenditures not to exceed appropriations.

(a) No order or requisition shall be made, nor any engagement entered into, nor shall any expense be incurred by any agency which will result in an expenditure of money in excess of the appropriation made to such agency. No obligation incurred by any officer or employee in violation of this section shall impose any liability upon the State.

(b) Notwithstanding subsection (a) of this section, school districts and colleges may requisition, on or after March 1, school supplies or capital outlay items for the following school year with the provision that the obligations thus incurred shall not be due and payable until after July 1 of the next fiscal year. In the case of capital outlay items, the purchasing agency must demonstrate that the item is needed

at the outset of the school year and that it cannot be obtained in time unless it is ordered before the close of the fiscal year prior to the year in which it is actually needed. This exception to subsection (a) of this section shall be permitted under the rules and regulations of the Director of the Office of Management and Budget.

(c) Notwithstanding any other provision of law, the State may advance, from time to time, from the General Fund to the Department of Transportation for its corporate purposes an amount reasonably expected to be reimbursed to the State by or on behalf of the Department of Transportation within 2 weeks of any such advance or by written agreement between the Secretary of Finance and the Secretary of Transportation. However, under any circumstances, the Department of Transportation shall fully reimburse all funds advanced prior to the end of the fiscal year. The Secretary of Finance is hereby authorized on behalf of the State to enter into contracts or other arrangements with the Department of Transportation to provide for such advances and reimbursement. Any such contracts or arrangements shall take into account the availability of amounts in the General Fund to meet the obligations of the State for the purposes to be met from appropriations by the General Assembly.

(d) Notwithstanding any other provisions of law, the State, in order to comply with the federal Cash Management Improvement Act of 1990 (Public Law 101-453, dated October 24, 1990), may advance funds from the Treasury to state agencies participating in federal assistance programs, where participation in such programs has been authorized in accordance with Chapter 76 of this title. Any advances and reimbursements made pursuant to this subsection shall be in compliance with rules and regulations of the Director of the Office of Management and Budget.

(e) Notwithstanding any provisions of law to the contrary, if during the course of a fiscal year, any reorganized local school district is unable to meet its obligation to fund the local share of semimonthly payroll due to either delayed receipt of property tax collectibles or previous expenditure of all available revenues, the Secretary of Finance and Director of the Office of Management and Budget, with the consultation of the Controller General, are authorized to release the unfunded payroll by covering the local liability with general funds. Such a use of general funds shall be contingent upon the reorganized local school district submitting to the Secretary of Finance a letter of agreement, signed by the district superintendent and president of the local board of education, which stipulates that the district will repay the state General Fund in full, including an amount for interest defined as the average rate of return on state investments during the period of the loan. Such repayment shall be made by means of a tax anticipation note or other means available to the district and shall be accomplished prior to releasing the next regular payroll. The provisions of this section shall not apply to obligations other than payroll. The provisions of this section may be utilized only once by each reorganized local school district during the course of any 1 fiscal year and may not be utilized for the June 30th payroll.

§ 6519A. Expenditures to firms that discriminate on basis of sex prohibited.

No order or requisition shall be made, nor any engagement entered into, nor shall any expense be incurred by any agency which will result in an expenditure of money to any person or firm that directly or indirectly refuses, withholds from or denies to any person on the basis of sex full and equal accommodations, facilities, advantages or privileges. No obligation incurred by any officer or employee in violation of this section shall impose any liability upon the State.

(64 Del. Laws, c. 135, § 1.)

§ 6520. Advances to agencies; regulation and security.

(a) No greater sum than is necessary to meet expenses then incurred shall be drawn from the Treasury of this State for or on account of any agency. An agency which is authorized to expend any moneys on behalf of this State may, however, have money advanced to it from the State Treasury, in such sums and subject to such rules and regulations as the Secretary of Finance may determine; provided however, that the amount advanced from the General Fund to any agency at any 1 time shall not exceed \$5,000.

(b) To secure such an advance, the head of the agency desiring the same must certify in duplicate to the Secretary of Finance what amount is needed, that it is needed for immediate use and, as specifically as may be, the purposes for which the expenditure is required. The Secretary of Finance and the State Treasurer shall deal with such certificates in the same manner as with bills or statements of indebtedness as provided in this chapter.

(c) In case of any such advance, the person or official making the certificate shall within 30 days after receipt of an advance file with the Secretary of Finance and the State Treasurer a detailed statement of the amounts expended with vouchers therefor and all advances so made shall be accounted for.

§ 6521. Use of unexpended appropriations to meet unpaid requisitions.

The Secretary of Finance during the last month of the fiscal year may set aside, from unexpended appropriations, a sum sufficient to pay all bills for which requisitions have been issued in accordance with this chapter during the fiscal year, but which remain unpaid. No

such sum shall be set aside for the purpose of paying state employees' salaries or wages which do not become due and payable until the next fiscal year. Funds so set aside shall not lapse or revert at the end of such fiscal year and shall continue to be available in the fiscal year following until reverted by the Secretary of Finance. In no instance shall such funds continue beyond June 30 of the fiscal year following.

§ 6522. Disposal of spoiled checks.

If a check of the State Treasurer is spoiled and becomes useless, a note of such fact shall be made on the stub thereof and the check shall be cancelled and handed to the Secretary of Finance, who shall file the same with the bills and vouchers and shall enter the same in a book, as provided in § 6516 of this title with respect to bills and statements of indebtedness.

(d) Appropriated general funds may be transferred within a department or agency of the State, subject to the authority and limitations set forth in Part VI of this title, and the approval by the Controller General, except that approval by the Controller General is not required on transfers from the Budget Commission; provided, however, that no funds may be transferred into appropriations for "personnel costs," "salaries" or "salaries and wages" from appropriations for nonsalary items. Funds appropriated by the Budget Appropriation Bill for "contingency funds" shall not be used for the payment of a line-item salary, except as otherwise specifically provided by law and for the sole purpose of maintaining the salary schedule set forth for school employees in Chapter 13 of Title 14.

(1) Specific nonroutine requirements, which shall be documented and controlled through separate accounts within the Office of Management and Budget contingencies.

(2) Personnel costs to meet overall state personnel cost requirements. Such transfers shall be fully documented.

(3) Matching funds and public education funds where extended educational components may be administered within other departments or agencies.

(g) Agencies having appropriated special funds in § 1 of the Budget Appropriation Bill and only 1 holding account may directly deposit funds into their appropriation lines, not to exceed the total appropriation for each line contained in § 1 of the Budget Appropriation Bill. Any additional receipts must be deposited in the holding account.

(h) Transfers among the various appropriated special fund appropriation lines, excluding those in subsection (f) of this section and from a holding account into an expenditure account, require the approval of the Director of the Office of Management and Budget and Controller General.

The authority of the Director of the Office of Management and Budget under this section shall apply to local and special school districts insofar as they administer funds supplied by the State, but not with regard to funds raised locally.

(29 Del. C. 1953, § 6529; 54 Del. Laws, c. 39, § 8; 57 Del. Laws, c. 234, § 2; 57 Del. Laws, c. 741, § 1H; 70 Del. Laws, c. 186, § 1; 75 Del. Laws, c. 88, § 21(13).)

§ 6530. Other employment costs (fringe benefits).

The Secretary of Finance and the Director of the Office of Management and Budget shall promulgate such budgetary, accounting, funding and reporting rules and regulations as shall be necessary to implement § 6340 of this title.

(29 Del. C. 1953, § 6530; 58 Del. Laws, c. 579, § 2; 75 Del. Laws, c. 88, § 21(13).)

(a) All state agencies and departments which provide goods and services to any other state agency, state department or to any other governmental agency, person, corporation, partnership or business organization on a reimbursement basis shall be reimbursed in amounts which shall not be less than the full cost of such goods and services. If, however, the Governor, or the Governor's designate, after receiving a written request from an agency or department, shall indicate to such agency or department that such reimbursement for the full cost of goods or services provided is not in the best interest of the State, then reimbursement for the full cost of any goods or services provided shall not be required until June 30 of the next odd year. This section shall not apply to specialized transportation authorities created pursuant to Chapter 17 [repealed] of Title 2.

(b) "Full cost" is defined as purchase or out-of-pocket costs including other employment costs plus overhead costs, computed in accordance with accepted governmental accounting principles, as prescribed by the Secretary of Finance.

(29 Del. C. 1953, § 6531; 58 Del. Laws, c. 579, § 2; 61 Del. Laws, c. 457, § 2; 62 Del. Laws, c. 92, § 1; 70 Del. Laws, c. 186, § 1.)

§ 6532. Cost-of-living salary supplements [Repealed].

Repealed by 61 Del. Laws, c. 116, § 86(b), effective July 1, 1977.

§ 6533. Limitation on appropriations.

(a) The following terms, as used in this section, shall be defined as follows:

(1) "Appropriation" shall include automatic appropriations and continuing appropriations. An automatic appropriation shall be deemed made when any of the funds so appropriated are expended. A continuing appropriation shall be deemed made on the effective date of the first expenditure of funds so appropriated, notwithstanding the fact that the appropriation may be made continuing by virtue of a later act preventing the reversion of the appropriation.

(2) "Automatic appropriation" shall mean an appropriation which specifies no fixed dollar maximum amount, that amount being determined upon the occurrence of a stated future condition.

(3) "Budget Act" shall mean the Budget Appropriation Bill duly enacted according to §§ 6335 through 6338 of this title, approved by the Governor, and any amendatory legislation.

(4) "Budget Reserve Account" as used in subsection (b) of this section shall mean the Budget Reserve Account as of the close of the fiscal year next preceding the year in which the appropriation, supplemental appropriation or Budget Act described in that subsection is enacted.

(5) "Continuing appropriation" shall mean the unencumbered balance of any General Fund appropriation which, once established, is automatically renewed in any succeeding fiscal year without further legislative action.

(6) "General Fund" shall be as defined in § 6102 of this title.

(7) "Revenue anticipation bonds or notes" shall mean notes or bonds issued by the State in anticipation of the receipt by the State of taxes and revenues payable to the State and to the payment of which the State has pledged its full faith and credit, to the extent that the proceeds of such bonds or notes are deposited in the General Fund.

(8) "Supplemental appropriation" shall mean an appropriation provided by a Supplementary Appropriation Bill pursuant to § 6339 of this title.

(b) No appropriation, supplemental appropriation or budget act shall cause the aggregate General Fund appropriations enacted for any given fiscal year to exceed 98 percent of the estimated General Fund revenue for such fiscal year from all sources, including estimated unencumbered funds remaining at the end of the previous fiscal year. An act approved pursuant to Article VIII, § 3 of the Delaware Constitution of 1897, shall not be considered an appropriation for the purpose of this section. Estimated unencumbered funds are calculated by taking the estimated General Fund cash balance at the end of the fiscal year less estimated revenue anticipation bonds or notes, estimated encumbrances, estimated continuing appropriations and the amount of the Budget Reserve Fund as established in subsection (d) of this section at the end of said fiscal year. The amount of said revenue estimate and estimated unencumbered funds remaining shall be determined by the most recent joint resolution approved from time to time by a majority of the members elected to each House of the General Assembly and signed by the Governor.

(c) Notwithstanding subsection (b) of this section, any portion of the amount between 98 and 100 percent of the estimated General Fund revenue for any fiscal year as estimated in accordance with subsection (b) of this section may be appropriated in any given fiscal year in the event of emergencies involving the health, safety or welfare of the citizens of the State, such appropriations to be approved by $\frac{3}{5}$ of the members elected to each House of the General Assembly.

(d) There is hereby established a Budget Reserve Account within the General Fund. Within 45 days after the end of any fiscal year, the excess of any unencumbered funds remaining from the said fiscal year shall be paid by the Secretary of Finance into the Budget Reserve Account; provided, however, that no such payment will be made which would increase the total of the Budget Reserve Account to more than 5 percent of only the estimated General Fund revenues as set by subsection (b) of this section. The excess of any unencumbered funds shall be determined by subtracting from the actual unencumbered funds at the end of any fiscal year an amount which together with the latest estimated General Fund revenues is necessary to fund the ensuing fiscal year's General Fund budget including the required estimated supplemental and automatic appropriation for said ensuing fiscal year less estimated reversions. The General Assembly by three-fifths vote of the members elected to each House may appropriate from the Budget Reserve Account such additional sums as may be necessary to fund any unanticipated deficit in any given fiscal year or to provide funds required as a result of any revenue reduction enacted by the General Assembly.

(e) There is hereby established a Revenue Refund Account within the Office of the State Treasurer. Prior to depositing receipts and moneys of this State to the credit of the State Treasurer in the General Fund, the State Treasurer and the Secretary of Finance shall determine the appropriate refund amounts by major categories and pay same into the Revenue Refund Account.

(1) [Repealed.]

(2) The State Treasurer shall prepare and issue reports periodically, upon request, as follows:

a. Estimates of refund disbursements for the current fiscal year and next succeeding fiscal year by major categories for use by the Delaware Economic and Financial Advisory Council (or its successor entity) and/or members thereof; and

b. Status of Revenue Refund Account by major categories at the close of business for each month for use by the Secretary of Finance, the Director of the Office of Management and Budget, and the Controller General.

(f) No appropriation or supplemental appropriation enacted for any given fiscal year for grants-in-aid in the aggregate shall:

(1) Exceed 1.2 percent of the estimated net state General Fund revenue estimated in March for such fiscal year from all sources; and

(2) Cause the aggregate state General Fund appropriations enacted for any given fiscal year to exceed 98 percent of the estimated net state General Fund revenue for such fiscal year from all sources, including estimated unencumbered funds remaining at the end of the previous fiscal year.

The term "estimated net state General Fund revenue" means the estimated gross state General Fund revenue less estimated revenue refunds.

(g) Any appropriation for municipal street aid shall not be subject to the limitation in subsection (f) of this section.

(h) After the end of each fiscal year, the Director of the Office of Management and Budget shall transfer the appropriation to the OPEB Fund required under § 5544(c)(2) of this title.

(61 Del. Laws, c. 411, § 1; 62 Del. Laws, c. 235, §§ 1, 2; 63 Del. Laws, c. 196, § 3; 65 Del. Laws, c. 87, § 79; 66 Del. Laws, c. 87, § 4; 66 Del. Laws, c. 345, § 17; 75 Del. Laws, c. 88, § 21(13); 83 Del. Laws, c. 290, § 1(8); 83 Del. Laws, c. 323, § 1; 84 Del. Laws, c. 100, § 5.)

§ 6534. Revenue estimates.

(a) The Governor shall submit to all members of the General Assembly and the Controller General an estimate of anticipated General Fund revenues by major categories for the current and next immediate fiscal year. Such report shall be made not later than October 25, December 25, March 25, May 25, and June 20.

(b) (1) Anticipated General Fund revenue estimate figures must be reported as net, i.e., anticipated refunds for overpayments of taxes and fees required by Delaware state law must be subtracted by major categories for the current and next immediate fiscal year from gross estimates of anticipated General Fund revenues.

(2) The Secretary of Finance shall report such revenue refund disbursements on all financial statements issued by the Department of Finance. Further, estimates of fiscal year revenues and disbursements prepared by the Delaware Economic and Financial Advisory Council (or its successor entity) shall follow this procedure.

(3) The Delaware Economic and Financial Advisory Council shall review the report described in § 8305(6)b. of this title and shall, based on such review and any other information as the Council deems appropriate, approve by majority vote no later than May 25 of the year following the issuance by the Division of Revenue of the report an estimate of the revenue loss to the State caused by tax preferences as that term is defined in § 8305(6) of this title.

(b) The formula for services purchased by the Division of Libraries shall be as follows for fiscal year 2012 and in each succeeding fiscal year:

Any funds not allocated under this subsection shall be distributed to the contract public libraries on the same pro-rata basis as funds are allocated pursuant to paragraphs (b)(1) and (2) of this section to enable contract public libraries to improve collections, staffing or other priorities as mutually agreed by each public library and the Division of Libraries with the approval of the Council on Libraries.

§ 6603. Limitation on expenditures.

(a) In no case shall the Division pay, for the services received, more than was expended, exclusive of state and federal aid, by the political subdivision or organization operating the library.

(b) If in any year the state appropriations to the Division for services under this chapter are not sufficient to meet the cost of approved contracts for services or state appropriations exceed the formula designated in § 6602(b) of this title, the Division shall prorate the available funds in such manner so that each public library or public library system shall receive its proportionate share.

(c) In the event that no moneys are appropriated for the purpose of this chapter in any year, no public library or public library system shall have any claim to any other moneys appropriated to the Division.

Limited access options may include, but need not be limited to, the use of dedicated computers for minors which are filtered or provide access solely to age-appropriate electronic library collections.
- (e) A library shall enforce its acceptable use policy through sanctions, which may include suspension or revocation of library privileges. The public libraries of the State shall communicate with one another in order to determine if a potential user has been sanctioned elsewhere in the State.
- (f) A copy of the library's acceptable use policy and the penalties for violating the policy must be given to all new library patrons with their library cards. A copy must also be posted in the library's computer area.

(g) Libraries subject to the provisions of this chapter may cooperate to develop uniform standards for acceptable use policies and sanctions for violations of the policies. § 6910. Applicability.

(a) This subchapter shall apply to all covered agencies as defined in § 6902(6) of this title.

(b) Any organization, entity or person designated as the recipient of grant-in-aid shall be entitled to purchase material, nonprofessional services, or professional services under any central contract negotiated by the Section during the fiscal year for which aid is appropriated, provided that all of the following apply:

- (1) The organization, entity, or person received an appropriation of at least \$100,000.
- (2) The organization, entity, or person has a staff of at least 5 people.

(c) Any bona fide nonprofit organization, entity, or person who is under contract with the State to provide goods or services shall be entitled to purchase materials, nonprofessional services, or professional services under any central contract negotiated by the Section during the fiscal year for which said nonprofit contract is in effect, provided that either of the following apply:

- (1) The organization, entity, or person is a bona fide § 501(c)(3) [26 U.S.C. § 501(c)(3)] organization under the United States Internal Revenue Code.
- (2) The organization, entity, or person is a member in good standing of the Delaware Alliance for Nonprofit Advancement or a Delaware registered nonprofit corporation.

(d) Any organization, entity, or person who is a participant in the Business Enterprise Program sanctioned by Division of the Visually Impaired (DVI) shall be entitled to purchase material, nonprofessional services, or professional services under any central contract negotiated by the Section, provided that the participant holds a valid license issued by DVI.

(e) Any municipality, political subdivision, or local government unit within the State shall be entitled to purchase material, nonprofessional services, or professional services under any central contract negotiated by the Section.

(70 Del. Laws, c. 601, § 5; 71 Del. Laws, c. 409, § 1; 73 Del. Laws, c. 388, § 1; 74 Del. Laws, c. 419, § 3; 75 Del. Laws, c. 88, § 22; 79 Del. Laws, c. 225, § 1; 82 Del. Laws, c. 179, § 1.)

§ 6911. Authority and responsibilities.

(a) The Section shall act as the exclusive contracting agent for all purchases of materiel and nonprofessional services not subject to the small purchasing procedures made by contracting agencies and as outlined in this subchapter and made by 2 or more covered agencies except for lodging and interstate and international travel and except as provided for in subsection (d) of this section.

(b) The Section shall have the following responsibilities for central contracts:

- (1) Assembling the bid specification package;
- (2) Conducting the advertising, bidding and awarding of each contract;
- (3) Resolving disagreements between vendors and agencies; and
- (4) Assuring that vendors and products meet the requirements of awarded contracts.

(c) Each agency that participates in a central contract shall have the following responsibilities for the materiel or service purchased under that contract:

- (1) Providing and approving commodity specifications;
- (2) Participating in user groups by requiring that appropriate covered agency staff attend user group meetings, as described in § 6912 of this title; and
- (3) Providing information concerning contract effectiveness to the Section.

(d) Covered agencies shall exclusively use central contracts. A covered agency head may exempt the agency from a central contract only when all of the following conditions are met by the covered agency head:

- (1) Demonstration that participation in a central contract would negatively impact the operations of the covered agency. However, operations, as used in this subsection, shall not include the fiscal impact to the covered agency;
- (2) Demonstration that the covered agency has attempted to negotiate the specifications with the Section prior to the covered agency head exempting the materiel or service; and
- (3) Demonstration that the exemption is an exception to the covered agency's use of a central contract rather than a common practice.

Any exemption issued by an agency head under this subsection shall not be a blanket exemption but shall only apply to an individual central contract.

(e) The Administrator of the Section may waive the requirement that a covered agency use a state contract in the event the Administrator deems such a waiver is in the best interest of the State.

(70 Del. Laws, c. 601, § 5; 74 Del. Laws, c. 419, § 3; 75 Del. Laws, c. 88, § 22; 75 Del. Laws, c. 89, § 157.)

§ 6912. Covered agency user groups.

(a) The Section shall establish, convene and chair user groups for the purchase of a materiel or service or group of materiel and/or services by a central contract or contracts. Convention of a user group may include, but is not limited to, a formal meeting, electronic mail among user group members and/or a teleconference among user group members. The method by which the user group convenes shall be agreed to by all user group members.

(b) The Section shall provide reasonable opportunity for each covered agency to participate in a user group if that covered agency anticipates the purchasing of materiel or service or services or a group of materiel and/or services under a specific central contract to be written and bid. A covered agency not participating in a user group shall not be grounds for an exception to the use of that central contract. A user group shall perform at least the following functions for the materiel or service or group of materiel and/or services to be purchased by a central contract:

- (1) Make recommendations on the contents of the contract;
- (2) Rate vendors, materials and/or services;
- (3) Rate the effectiveness of the contract; and
- (4) Qualify a materiel and/or service.

(70 Del. Laws, c. 601, § 6; 74 Del. Laws, c. 419, § 3; 75 Del. Laws, c. 88, § 22.)

§ 6913. Contracting and purchasing advisory council.

(a) There is established a Contracting and Purchasing Advisory Council to consist of all covered agency heads or their designee and 1 additional member representing all public school districts. The Administrator of the Section shall be a nonvoting member of the Council.

(b) The Director of the Office shall be the Council Chair.

(c) The purpose of the Council is to advise as to the effectiveness of and make recommendations for changes to the State's procurement laws, policies and practices to the Director of the Office and the Administrator of the Section.

(d) The Council shall be responsible for:

(1) Recommending procurement policy and administrative procedures to the Director. The Director shall elicit the Council's comments before issuing policy statements, policy changes, administrative procedures or administrative changes regarding this chapter;

(2) Reporting annually to the Governor by December 31 of each year concerning the effectiveness of the State's procurement processes. This report shall include recommended changes to the State's procurement laws as may be necessary to improve the State's overall effectiveness;

(3) Reviewing vendor concerns regarding the overall procurement process and recommending appropriate action relating to these concerns; and

(4) Setting the dollar amount thresholds required in this chapter. When setting these dollar amount thresholds, the Council shall take into consideration operational issues and inflation. Nothing in this subsection shall affect the amounts set in § 6960 of this title.

(e) A Contracting and Purchasing Committee shall also be established. The Section Administrator shall appoint representatives to the Committee, with the approval of the Council. The Section Administrator shall chair the Committee. The Committee shall staff the Council, monitor the effectiveness of the State's procurement process, recommend changes to the procurement process, policies and procedures and any other duties deemed necessary by the Council.

(70 Del. Laws, c. 601, § 7; 74 Del. Laws, c. 419, § 3; 75 Del. Laws, c. 88, §§ 16(5), 22; 83 Del. Laws, c. 56, § 33(b).)

§ 6914. Delegation of centralized contracting authority.

The Section may delegate its centralized contracting authority for specific materials and/or services or groups of materials and/or services to another covered agency with the covered agency's concurrence.

(70 Del. Laws, c. 601, § 7; 74 Del. Laws, c. 419, § 3; 75 Del. Laws, c. 88, § 22.)

§ 6915. Exceptions.

(a) In a contract for professional services, public works or nonprofessional services, where the contract includes items that are a part of a central purchasing contract, those items shall not be subject to the purchasing requirements of this title.

(b) If a service or a materiel is a component part of a specific project that is part of another contract, then the requirements of this subchapter shall not apply.

(c) This section is not intended to allow agencies to avoid the use of central purchasing contracts by contracting with a vendor under the auspices of procuring a good or service when the sole or partial purpose of such a contract is to procure from that vendor another good or service that is on a central purchasing contract.

(70 Del. Laws, c. 601, § 7; 74 Del. Laws, c. 419, § 3.)

§§ 6916-6921.

Subchapter III

Matériel and Nonprofessional Services

§ 6922. Small purchase procedure.

(a) *Applicability.* — Any state contract for which an agency is a party for matériel or nonprofessional services, whose annual probable cost is less than the threshold amount or amounts set by the Contracting and Purchasing Advisory Council pursuant to § 6913 of this title, may be made under small purchase procedures established by the Director.

(b) *Procedure.* — The Director, with the approval of the Contracting and Purchasing Advisory Council, shall provide for a simplified administrative process for obtaining competitive prices for small purchases. The procedure shall incorporate the procedures identified as lifecycle costing analysis as specified in §§ 6902 and 6909A(b) of this title. This procedure shall be in writing and distributed to all agencies.

(70 Del. Laws, c. 601, § 7; 74 Del. Laws, c. 419, § 5; 75 Del. Laws, c. 88, § 16(5).)

§ 6923. Competitive sealed bidding.

(a) *Applicability.* — Any state contract except for lodging and interstate and international travel and for which an agency is a party for matériel or nonprofessional services, whose annual probable cost is greater than the threshold amount or amounts set by the Contracting and Purchasing Advisory Council pursuant to § 6913 of this title, shall be made only through the use of competitive sealed bids.

(b) *Advertising requirements.* — (1) If the probable cost of the matériel or nonprofessional services estimated to annually exceed the threshold amount or amounts set by the Contracting and Purchasing Advisory Council pursuant to § 6913 of this title, the procurement shall be made only after public advertising and the receipt of sealed bids as provided for in this subchapter. The advertisement for such

bids shall be published at least once a week for 2 consecutive weeks in a newspaper published or circulated in each county of the State. Public advertising shall require electronic publication accessible to the public in a manner prescribed pursuant to § 6902(11) of this title for 2 consecutive weeks.

(2) The advertisement for bids shall state the name of the procuring agency, indicate with reasonable accuracy the character, quantity and location of the work or the character and quantity of materiel, the time and place for the opening of bids and where the specifications or descriptions may be obtained. The advertisement shall also state that the agency may extend the time and place for opening of bids from that described in the advertisement, on not less than 2 calendar days' notice, by certified delivery, facsimile machine or other electronic means to those bidders who obtained copies of the specifications or descriptions.

(c) *Bid openings.* — (1) Bids shall be opened publicly at the time and place designated in the invitation to bid. The main purpose of the bid opening is to reveal the name(s) of the bidder(s), not to serve as a forum for determining the low bidder(s). The disclosure of additional information, including prices, shall be at the discretion of the procuring agency until such time that the responsiveness of each bid has been determined.

(2) The contract shall be awarded within 30 calendar days of the bid opening to the lowest responsive and responsible bidder whose bid conforms in all material respects to the requirements and criteria set forth in the invitation to bid, except that in the case of a public school district and its board or designee or the Department of Education, the contract shall be awarded within 60 days thereafter.

(3) The bids, bid summaries and bid tabulations shall not be open for public inspection until after receipt of a fully executed contract. Bids shall be unconditionally accepted without alteration. Bids shall be evaluated based on the requirements set forth in the invitation to bid. No criteria may be used in bid evaluations that are not set forth in the invitation to bid. After bid opening, no corrections in bid prices or other provisions of bids prejudicial to the interests of this State or fair competition shall be permitted.

(d) *Vendor eligibility.* — (1) A firm may be required to have a valid State of Delaware business license prior to the execution of an agency contract.

(2) Vendors are responsible for reviewing all public advertisements which announce the invitation to bid for an agency contract.

(3) To supplement the contract public notice, the agency may compile and maintain a prospective vendors list. Inclusion of the name of a person shall not indicate whether the firm is responsible concerning a particular procurement or otherwise capable of successfully performing a contract.

(4) Firms desiring to be included on the prospective vendors list shall notify the agency. Upon notification, the agency shall mail or otherwise provide the firm with a vendor registration form. The firm shall complete the vendor registration form and return it to the agency. A vendor registration list shall not be used as a means to restrict competition.

(5) No cause of action shall accrue from any good faith effort to contact and distribute invitations to bid, amendments to invitations to bid as well as all correspondence utilizing the agency's vendor eligibility list.

(6) Firms that fail to respond to solicitations for 2 consecutive procurement contracts for a particular item may be removed from the applicable vendors list. The agency shall send notice of such a removal by mail or facsimile to the firm. Firms may be reinstated upon request.

(e) *Invitation to bid.* — (1) The agency shall make available invitations to bid at least 14 days before the time and date of the bid opening, unless a shorter time is deemed necessary for a particular procurement as determined in writing by the agency.

(2) The invitation to bid shall include the following:

a. Instructions and information concerning the bid submission requirements, including the time, date and place set for bid opening and any other special information;

b. The description, specifications, evaluation criteria, delivery or performance schedule and inspection and acceptance requirements for the contract; and

c. The contract terms and conditions, including, but not limited to, warranty and bonding or other security requirements, as applicable.

(3) If the invitation to bid incorporates documents by reference, the invitation to bid shall specify where such documents may be obtained or reviewed.

(4) An invitation to bid may require the submission of bid samples, descriptive literature and technical data and may require inspection or testing of a product before award.

(5) A copy of the invitation to bid shall be made available for public inspection at the agency.

(f) *Pre-bid conferences.* — An agency may conduct a pre-bid conference within a reasonable time but not less than 7 days before a bid opening to explain the requirements of an invitation to bid. An agency may require mandatory attendance by bidders at such pre-bid conferences to qualify as a responsible and responsive bidder. Statements made at the pre-bid conference shall not be considered amendments to the invitation to bid unless a written amendment is issued pursuant to subsection (g) of this section.

(g) *Amendments to invitations to bid.* — (1) An amendment to an invitation to bid shall be issued to:

a. Make changes in the invitation to bids;

b. Correct defects or ambiguities in the invitation to bid; and/or

c. Change the date, place or time of the bid opening.

(2) Amendments to invitations to bid shall be so identified and shall be sent to all firms to whom the agency distributed an invitation to bid.

(3) The agency shall obtain verification of bidder receipt of all amendments issued.

(h) *Withdrawal of bids.* — (1) A bidder may withdraw its bid at any time before bid opening if the withdrawal is received in writing before the bid opening at the location designated in the invitation for bids for receipt of bids. A bidder or its authorized representative may withdraw its bid in person if, before the bid opening, the identity of the person requesting withdrawal is established and that person signs a receipt for the bid.

(2) All documents concerning a withdrawal of a bid shall be retained in the appropriate procurement file.

(3) After a bid opening, a firm may request in writing that its respective bid be withdrawn. Such a request may be allowed only upon the approval of the agency. If withdrawal of a bid after bid opening is permitted or denied, the agency shall prepare a written determination showing that the request was permitted or denied along with the reasons for such determination.

(i) *Late bids and late modifications.* — (1) A bid or withdrawal of a bid is late if it is received at the location designated in the invitation to bid for receipt of bids after the time and date set for bid opening.

(2) Bidders submitting bids or withdrawals of bids that are late shall be notified as soon as practicable and the bid shall be returned unopened.

(3) Documentation concerning a late bid or late withdrawal of a bid shall be retained in the appropriate procurement file.

(j) *Receipt, opening and recording of bids.* — (1) Except as provided in paragraph (j)(2) of this section, each bid shall be time stamped upon receipt and stored by the agency unopened in a secure place until the time and date set for bid opening.

(2) An envelope that is not marked as a bid or does not identify the bidder or solicitation may be opened solely for the purpose of identification. Record shall be made on the envelope of the reason for opening it, the date and time it was opened, the solicitation to which the bid responded and the signature of the person who opened the envelope. The envelope shall be resealed and retained in the procurement file.

(3) Bids shall be opened publicly and in the presence of 1 or more witnesses at the time, date and location designated in the invitation. Bid information shall be disclosed at the public opening pursuant to paragraph (c)(1) of this section. The bid information made available at the public opening shall be recorded on a bid abstract. The name of the required witness shall also be recorded. The bid abstract shall be available for public inspection.

(4) Bids shall not be available for public inspection before receipt of a fully executed contract pursuant to paragraph (c)(3) of this section. After contract award, the bids shall be available for public inspection, except to the extent that withholding of information is permitted by Chapter 100 of this title or otherwise permitted or required by law. If the bidder designates a portion of its bid as confidential, it shall isolate and identify in writing the confidential portions. The bidder shall include with this designation a statement that explains and supports the firm's claim that the bid items identified as confidential contain trade secrets or other proprietary data.

(k) *Bid evaluation and award.* — (1) The contract shall be awarded to the lowest responsible and responsive bidder whose bid meets the requirements and evaluation criteria set forth in the invitation to bid. If the invitation to bid so provides, award may be made by individual line item, by group of line items, by county, zone or any other way designated by the agency or for the aggregate total of all line items; otherwise award shall be made in lump sum. A formal contract shall be executed with the successful bidder within 20 days after the award of the contract.

(2) A contract may be awarded to a firm other than the lowest responsible and responsive bidder if, in the opinion of the agency, the interests of the State shall be better served by awarding the contract to some other bidder provided the agency head makes a written determination of the reason or reasons for granting the contract to a firm other than the lowest responsible and responsive bidder.

(3) A product acceptability evaluation may be conducted to determine whether a bidder's product meets the bid specifications. Any bidder's offer that does not meet the bid specifications shall be rejected as nonresponsive.

(4) Bids shall be evaluated to determine which bidder offers the lowest cost to the agency in accordance with the evaluation criteria set forth in the invitation to bid. Only objectively measurable criteria that are set forth in the invitation to bid shall be applied in determining the lowest bidder. Examples of such criteria include, but are not limited to, transportation cost, energy cost, ownership cost and other identifiable costs. Evaluation factors need not be precise predictors of actual future costs, but to the extent possible, the evaluation factors shall be reasonable estimates based upon information the agency has available concerning future use. Prior unsatisfactory performance on a State contract by a bidder may be included in the evaluation criteria to determine if a bidder is responsible.

(5) A contract may not be awarded to a bidder submitting a higher quality item than that designated in the invitation for bids unless the bidder is also the lowest bidder as determined under this section. The agency may seek clarification of a bid, but negotiations are not permitted with any bidder.

(6) If 2 or more responsible firms bid an equal amount and such amount is the lowest bid, the agency may award the contract to any 1 of them or reject all bids consistent with the provisions of this section.

(7) A record showing the basis for determining the successful bidder shall be retained in the agency procurement file.

(8) A written notice of award shall be sent to the successful bidder. For procurement greater than the threshold amount or amounts set by the Contracting and Purchasing Advisory Council pursuant to § 6913 of this title, each unsuccessful bidder shall be notified of the award. Notice of award shall be made available to the public.

(l) *Only 1 bid received.* — (1) If only 1 responsive bid is received to an invitation for bids, an award may be made to the single bidder if the agency determines that:

- a. The price submitted is fair and reasonable and other prospective bidders had reasonable opportunity to respond; or
- b. There is not adequate time for re-solicitation.

(2) If only 1 responsive bid is received and the bid is rejected, the agency may:

- a. Solicit new bids; or
- b. Cancel the proposed procurement.

(m) *Cancellation of invitation to bid.* — An invitation to bid or other solicitation may be canceled or any or all bids may be rejected in whole or in part prior to the opening of bids as may be specified in the solicitation if it is in the best interest of the State. The reasons for the cancellation or rejection shall be made part of the procurement file.

(1) If an invitation to bid or other solicitation is canceled prior to the opening of bids, a notice of cancellation shall be sent to all bidders.

(2) Any bids that have been received shall be returned unopened to the bidders.

(n) *Rejection of individual bids.* — A bid may be rejected if:

- (1) The bidder is determined to be nonresponsive pursuant to subsection (o) of this section; or
- (2) The bid is nonresponsive or nonresponsible in accordance with subsection (k) of this section; or
- (3) It is otherwise not advantageous to the State.

Bidders whose bids are rejected under this section shall be notified in writing about the rejection. Record of the rejection shall be made part of the procurement file.

(o) *Responsiveness of bidders.* — An agency shall determine that a bidder is responsive before awarding a contract to that bidder. Factors to be considered in determining if a bidder is responsible include:

- (1) The bidder's financial, physical, personnel or other resources, including subcontracts;
- (2) The bidder's record of performance and integrity;
- (3) Whether the bidder is qualified legally to contract with the State; and
- (4) Whether the bidder supplied all necessary information concerning its responsiveness.

The agency may establish specific responsibility criteria for a particular procurement. Specific responsibility criteria shall be set forth in the solicitation. If an agency determines that a bidder is nonresponsive and/or nonresponsible, the determination shall be in writing and set forth the basis for the determination. A copy of the determination shall be promptly sent to the affected bidder. The final determination shall be made part of the procurement file.

(p) *Electronic bid submission.* — (1) If the Office or an agency determines that an electronic bid submission is advantageous, the Office or the agency may use electronic bidding to obtain bids for the purchase of goods and nonprofessional services.

(2) The solicitation must designate that the procurement method will be an electronic bid submission, a schedule of bid activities, and an electronic mail account to which the bidding response must be sent.

(3) The Office's or the agency's representative and a witness shall open the e-mail account immediately after the closing date and time; record the vendors that submitted bids, the date and time submitted, the bids, and associated prices; and prepare a bid tabulation of all responsive vendors for review.

(q) *Reverse auction.* — (1) When the Office determines that a reverse auction is advantageous, the Office may use the reverse auction bidding method to obtain bids for the purchase of goods and nonprofessional services.

(2) The solicitation must designate both an opening date and time and a closing date and time. The closing date and time need not be a fixed point in time, but may remain dependent on a variable or variables specified in the solicitation. At the opening date and time, the Office must begin accepting real-time, on-line bids. The solicitation must remain open until the closing date and time, as may be determined by a variable or variables specified in the solicitation.

(3) The Office may require bidders to register before the opening date and time and, as part of that registration, to agree to any terms, conditions or other requirements of the solicitation.

(4) a. Following receipt of the first bid after the opening date and time, all bid prices must be posted electronically to the Internet and updated on a real-time basis. At any time before the closing date and time, a bidder may lower the price of its bid, as long as its bid price is less than the then-current bid. A bidder's lowest bid price supercedes the bidder's prior higher bid price. Bid prices may not be increased any time after the opening date and time. All bids are binding and may not be withdrawn unless the bid price entered by the bidder is entered incorrectly. If a price entered by the bidder is in error, the bidder must correct the bid within the time period and manner specified in the solicitation.

b. After the Office closes the bid, the bidder may request, in writing via an electronic mail message to the Office as specified in the solicitation, that its respective bid be withdrawn. Such a request may be allowed only upon the approval of the Office. If withdrawal of a bid after the Office closes the bid is permitted or denied, the Office shall prepare a written determination showing that the request was permitted or denied along with the reasons for such determination.

c. If the lowest responsive bid is withdrawn after the closing date and time, the Office may cancel the solicitation or reopen on-line real time bidding to all preexisting bidders by giving notice to all preexisting bidders of both the new opening date and time and the new closing date and time. Notice that electronic bidding will be reopened must be given as specified in the solicitation.

(5) Receipt and safeguarding of bids. Other than price, any information provided to the Office by a bidder must be safeguarded as required by § 6923(j)(4) of this title.

(r) *On-line bidding method.* —

If the Office or an agency determines that an on-line bidding method is beneficial, the Office or the agency may use an on-line bidding method to obtain and evaluate bids for the purchase of goods and nonprofessional services.

§ 6924. Competitive sealed proposal; request for proposal procedure.

(a) *Applicability.* — When the agency head makes a determination that the use of competitive sealed bidding is either not practical or not in the best interest of the State, a contract may be entered into through competitive sealed proposals. The determination to use competitive sealed proposals may be made if it is necessary to:

- (1) Use a contract other than a fixed-price type;
- (2) Conduct oral or written discussions with offerors concerning technical and price aspects of their proposals;
- (3) Afford offerors an opportunity to revise their proposals;
- (4) Compare the different price, quality and contractual factors of the proposals submitted;
- (5) Award a contract in which price is not the determining factor; or
- (6) The agency is unable to draft specifications in sufficient detail to be applicable to competitive sealed bidding.

(b) *Advertising requirements.* — (1) Proposals shall be solicited through a request for proposal which shall be issued and shall include the location where proposals are to be received and the date and time the proposals are to be opened.

(2) Adequate public notice of the request for proposals shall be given in the same manner as provided in § 6923(b) of this title.

(3) Proposals shall be opened publicly at the time and place designated in the request for proposals. The name of each offeror and such other relevant information as is specified in the request for proposals shall be read publicly and recorded in accordance with the request for proposal promulgated by the agency. All other information contained in the proposals shall be confidential so as to avoid disclosure of contents prejudicial to competing offerors during the process of negotiation.

(4) The request for proposals shall state the relative importance of price and other evaluation factors.

(5) Offerors intending to submit proposals may be afforded an opportunity for discussion for the purpose of clarification to assure full understanding of and responsiveness to the solicitation requirements. Negotiations may be conducted with responsible offerors who submit proposals found to be reasonably likely to be selected for award. Offerors shall be accorded fair treatment with respect to any opportunity for discussion and amending proposals, and such amendments may be permitted after submissions and before award for the purpose of obtaining best and final offers. In conducting discussions, there shall be no disclosure of any information derived from proposals submitted by competing offerors.

(6) The award shall be made in writing to the responsible offeror whose proposal is determined to be the most advantageous to the State taking into consideration the evaluation factors set forth in the request for proposals. No other factors or criteria may be used in the evaluation. (The award of a contract for goods and/or services may be made upon criteria which do not include price. The contract file shall contain the basis on which the award is made.)

(c) *Request for proposals.* — (1) A request for proposals shall set forth those factors listed in § 6923(e) of this title that are applicable and shall also state:

- a. The type of materiel or services required and a description of the work involved;
- b. The type of contract to be used;
- c. That offerors may designate as trade secrets or proprietary data portions of the proposals;
- d. That discussions may be conducted with offerors who submit proposals determined to be likely to be selected for award;
- e. The minimum information that the proposal must contain; and
- f. The closing date and time for receipt of proposals.

(2) A request for proposals shall be issued at least 14 calendar days before the closing date and time for receipt of proposals unless a shorter time is determined necessary in writing by the agency.

(3) Notice of the request for proposals shall be issued in accordance with § 6923(b) of this title.

(4) Vendor lists compiled and maintained in accordance with § 6923(d) of this title may serve as a method for soliciting competitive sealed proposals.

(5) Amendments to requests for proposals shall be made in accordance with § 6923(g) of this title.

(d) *Pre-proposal conferences.* — Pre-proposal conferences may be convened in accordance with § 6923(f) of this title.

(e) *Late proposals or late withdrawals.* — (1) A proposal received after the closing date and time for receipt of proposals is late and shall not be considered. A best and final offer received after the closing date and time for receipt of best and final offers is late and shall not be considered.

(2) No offeror shall be permitted to make a modification to its original proposal after the date and time for the receipt of proposals and before negotiations start pursuant to subsection (g) of this section.

(3) A modification of a proposal resulting from an amendment issued after the closing date and time for receipt of proposals or a modification of a proposal resulting from discussions during negotiations shall be considered if received by the closing date and time set forth in the amendment or by the closing date and time for submission of best and final offers, whichever is applicable. If the modifications described in this subsection are received after the respective date and time described in this subsection, the modifications are late and shall not be considered by the agency.

(f) *Evaluation of proposals.* — (1) Each agency shall establish written administrative procedures for the evaluation of the proposals.

(2) For the purpose of conducting negotiations, the agency shall determine, in accordance with subsection (g) of this section, that proposals are either likely to be selected for award or unacceptable. A determination that a proposal is unacceptable shall be in writing, state the basis of the determination and be retained in the procurement file. If the agency determines that an offeror's proposal is unacceptable, the agency shall notify that offeror of the determination and that the offeror shall not be afforded an opportunity to modify its offer.

(g) *Negotiations with individual offerors.* — All agencies shall have a right to negotiate with individual offerors after their proposals are opened. The agency shall establish a committee, procedures and schedules for conducting negotiations. Disclosure of 1 offeror's price to another and any information derived from competing proposals is prohibited.

(h) *Best and final offers.* — If negotiations are conducted pursuant to subsection (g) of this section, the agency shall issue a written request for best and final offers. The request shall set forth the date, time, and place for the submission of best and final offers. The request for best and final offers shall inform offerors that, if they do not submit a notice of withdrawal or a best and final offer, their immediate previous offer will be construed as their best and final offer. Best and final offers shall be requested only once, unless the agency makes a written determination that it is advantageous to the State to conduct further negotiations or change the State's requirements.

(i) *Mistakes in proposals.* — Prior to the time and date set for receipt of best and final offers, any offeror with whom negotiations have been held may withdraw the offer or correct any mistake by modifying the offer.

(j) *Contract award.* — (1) The contract shall be awarded within 90 days of the closing date and time advertised in the request for proposals. The agency shall award a contract to the offeror whose proposal is determined in writing to be most advantageous to the State, based on the factors set forth in the request for proposals. The determination shall explain the basis of award.

(2) The agency shall notify each unsuccessful offeror in writing of the award.

(3) After receipt of a fully executed contract, the proposals shall be open for public inspection in accordance with § 6923(j)(4) of this title.

(4) A formal contract shall be executed with the successful firm within 20 days after the award of the contract.

(k) *Cancellation of requests for proposals.* — A request for proposals or other solicitation may be canceled in whole or in part prior to the opening of proposals as may be specified in the solicitation if it is in the best interest of the State. The reasons for the cancellation shall be made part of the procurement file.

If a solicitation is canceled prior to the opening of proposals, a notice of cancellation shall be sent to all offerors, and any proposals that have been received shall be returned unopened to the offerors.

(l) *Rejection of individual proposals.* — A proposal or quotation may be rejected for 1 or more of the following reasons:

(1) The person responding to the solicitation is determined to be nonresponsive or nonresponsible pursuant to subsection (m) of this section;

(2) It is unacceptable;

(3) The proposed price is unreasonable; or

(4) It is otherwise not advantageous to the State.

Offerors whose proposals are rejected under this section shall be notified in writing about the rejection. Record of the rejection shall be made part of the procurement file. The reasons for the rejection shall be stated in the determination.

(m) *Responsibility of offerors.* — An agency shall determine that an offeror is responsible before awarding a contract to that offeror. Factors to be considered in determining if an offeror is responsible include:

(1) The offeror's financial, physical, personnel or other resources, including subcontracts;

(2) The offeror's record of performance and integrity;

- (3) Whether the offeror is qualified legally to contract with the State;
- (4) Whether the offeror supplied all necessary information concerning its responsibility; and
- (5) Any other specific criteria for a particular procurement which an agency may establish; provided, that the criteria shall be set forth in the solicitation and is otherwise in conformity with state and/or federal law.

If an agency determines that an offeror is nonresponsive and/or nonresponsible, the determination shall be in writing and set forth the basis for the determination. A copy of the determination shall be promptly sent to the affected offeror. The final determination shall be made part of the procurement file.

(70 Del. Laws, c. 601, § 7; 71 Del. Laws, c. 4, § 8.)

§ 6925. Sole source procurement.

(a) A contract may be awarded for materiel or nonprofessional services without competition if the agency head, prior to the procurement, determines in writing that there is only 1 source for the required materiel or nonprofessional service. Sole source procurement shall not be used unless there is sufficient evidence that there is only 1 source for the required material or service and that no other type of material or service will satisfy the requirements of the agency. The agency shall examine cost or pricing data, which shall include lifecycle costing analysis as specified in §§ 6902 and 6909A(b) of this title if the sole source offers more than 1 type or variety of equipment, prior to an award under this section. Sole source procurement shall be avoided, except when no reasonable alternative sources exist. A written determination by the agency stating the basis for the sole source procurement shall be included in the agency contract file. Textbooks and related instructional materials are sole source purchases.

(b) An agency seeking a sole source procurement shall prepare written documentation citing the existence of a sole source condition. The document shall include the specific efforts made to determine the availability of any other source and an explanation of the procurement need. The agency may, for confirmation, submit this documentation to the Section for review and comment prior to the intended date of award.

(c) The agency shall negotiate with the single supplier, to the extent practicable, a contract advantageous to the agency. The agency shall enter into a formal contract stating the terms and conditions of the procurement.

(70 Del. Laws, c. 601, § 7; 74 Del. Laws, c. 419, § 6; 75 Del. Laws, c. 88, § 22.)

§ 6926. Multiple source contracting.

An agency may award a contract for a particular materiel or nonprofessional service to 2 or more firms if the agency head makes a determination that such an award is in the best interest of the State. If such a determination is made, the advertisement shall include a notification of the right of the agency to make such an award and the criteria upon which such an award shall be based.

(70 Del. Laws, c. 601, § 7.)

§ 6927. Bid and contract security.

(a) *Bid bonds.* — For the purchase of materiel and nonprofessional services, in accordance with § 6923 of this title, the agency or a representative delegated by the agency may, at their discretion, require that bids be accompanied by:

(1) A deposit of either a good and sufficient bond to the State for the benefit of the agency involved; such bonds shall be issued with a corporate surety authorized to do business in this State, the surety shall be approved by the agency, and the bond form used shall be the standard form included as part of the bid documents issued by the Office of Management and Budget for this purpose; or

(2) A security of the bidder assigned to the agency for a sum equal to at least 10% of the bid.

The bid bond or bid security need not be for a specific sum but may be stated to be for a sum equal to 10% of the bid to which it relates. A bid bond or bid security may be stated as a certain stated sum provided that the sum is equal to or greater than 10% of the bid.

Bid or performance bonds shall not be used as a substitute for a determination of bidder responsibility. If a bid is withdrawn at any time before bid opening, any bid security shall be returned to the bidder.

(b) *Loss of bid bond as damages.* — In the event of any successful bidder refusing or neglecting to execute a formal contract and bond within 20 days of awarding the contract, the bid bond or security deposited by the successful bidder shall be taken and become the absolute property of the State for the benefit of the agency as liquidated damages. Such damages shall neither constitute a forfeiture nor a penalty and shall be deposited with the Secretary of Finance. Such moneys pertaining to Department of Transportation contracts shall be deposited in the Transportation Trust Fund. The contracting agency may award the contract to the next lowest responsible bidder or re-advertise for new bids.

(c) *Return of bid bond.* — Upon the execution of a formal contract and performance bond, the bid bond shall be returned to the successful bidder.

(d) *Performance bonds.* — Simultaneous with the execution of the formal contract where required by §§ 6923(k)(1) and 6924(j)(1) of this title, the procuring agency may require the successful bidder to execute a good and sufficient bond to the State for the benefit of the agency. Such performance bonds shall:

(1) Be with a corporate surety authorized to do business in this State;

(2) Be in a sum equal to 100% of the contract award, except as otherwise provided in this subsection; and

(3) Be in the standard form issued by the Office of Management and Budget for this purpose and shall be included in the projects' bid documents.

Contracts for the purchase of material with a value less than the threshold amount(s) established by the Contracting and Purchasing Advisory Council may reduce or waive this bond requirement from the successful bidder. Such reduction or waiver shall be stated in the bid specifications.

(e) *Contents of performance bonds.* — The bond shall be conditioned upon the faithful compliance and performance by the successful bidder of each and every term and condition of the contract and the proposal, plans and specifications thereof. Each term and condition shall be met at the time and in the manner prescribed by the contract and the specifications, including the payment in full to every person furnishing materiel or performing labor in the performance of the contract, of all sums of money due the person for such labor and materiel. The bond shall also contain the successful bidder's guarantee to indemnify and save harmless the State and the agency from all costs, damages and expenses growing out of or by reason of the successful bidder's failure to comply and perform the work and complete the contract in accordance with the contract.

(f) *Invoking a performance bond.* — The agency may, when it considers that the interests of the State so require, cause judgment to be confessed upon the bond. All sums received through confession of judgment shall be deposited with the Secretary of Finance for the credit of the agency. Such moneys pertaining to Department of Transportation contracts shall be deposited in the Transportation Trust Fund. Every person furnishing materiel or performing labor under the contract for which the successful bidder is liable may maintain an action on the bond for the person's own use in the name of the State or the contracting county in any court of competent jurisdiction for the recovery of such sum or sums as may be due such person from the successful bidder, but if the bond so provides, no suit shall be commenced after the expiration of 1 year following the date on which the successful bidder ceased work on the contract, otherwise suits may be commenced at any time within 3 years following the date the last work was done on the contract. No person or surety, in any action brought under this section or on the bond required in this section shall assert as a defense to such action the claim that the bond given pursuant to this section contained a limitation or restriction not provided for by this section.

(g) *Other security for contracts under threshold amount(s).* — Contracts for the purchase of materiel and nonprofessional services valued less than the threshold amount(s) set by the Contracting and Purchasing Advisory Council may contain a waiver of the bond requirement provided that the successful vendor post with the State an irrevocable letter of credit or other suitable or readily collectible financial security for the project. Such letter of credit or other security shall be issued for a term commencing simultaneously with the execution of the formal contract and terminating no later than 3 years subsequent to the date of delivery of such materiel or nonprofessional service or to the extent of the warranty period, whichever is greater. In no event shall such security expire without the express written approval of the State. Such waiver as described in this paragraph shall be stated in the bid specifications.

(h) *Waivers from performance bonds.* — On a contract for the purchase of a materiel or nonprofessional service, the State may, at its discretion, reduce or waive the bond or other form of security. Such waiver shall be stated in the bid specifications.

(i) In the case of bids submitted to agencies other than any county of this State and other than any public school district, wherever security is required under this section, the vendor shall also supply with its bid its taxpayer identification number (i.e., federal employer identification number or Social Security number) or a Delaware business license number and, should the vendor be awarded a contract, such vendor shall provide to the agency the taxpayer identification or Delaware business license numbers of such subcontractors. Such numbers shall be provided on the later of the date on which such subcontractor is required to be identified or the time the contract is executed. The agency shall report to the Division of Revenue each vendor selected for award within 15 days of execution of the contract and each subcontractor within 15 days of such contractor having been identified to the agency or on the date of execution of the contract, whichever is later, unless the Director of the Division of Revenue has notified the agency of criteria according to which, in the Director's discretion, reporting is not required, and the contract meets such criteria.

(70 Del. Laws, c. 601, § 7; 70 Del. Laws, c. 186, § 1; 73 Del. Laws, c. 428, §§ 1, 2; 75 Del. Laws, c. 88, § 16(5).)

§ 6928. Failure to comply with contract.

If any firm entering into a contract under the authority of this chapter neglects or refuses to perform it or fails to comply with the terms thereof, the agency may terminate the contract and proceed to award a new contract in accordance with this chapter or the agency may require the surety on the performance bond to complete the contract in accordance with the terms of the performance bond. Nothing herein shall preclude the agency from pursuing additional remedies as otherwise provided by law.

(70 Del. Laws, c. 601, § 7.)

§ 6929. Contract insurance and contract liability.

In addition to bond requirements as stated in § 6927 of this title, each successful bidder shall purchase adequate insurance for the performance of the contract and, by submission of a bid, agrees to indemnify and save harmless and to defend all legal or equitable actions brought against the State, any agency, officer and/or employee of the State, for and from all claims of liability which is or may be the result of the successful bidder's actions during the performance of the contract. The purchase or nonpurchase of such insurance or the involvement of the successful bidder in any legal or equitable defense of any action brought against the successful bidder based upon work performed pursuant to the contract will not waive any defense which the State, its agencies and their respective officers, employees and agents might otherwise have against such claims, specifically including the defense of sovereign immunity, where applicable, and by the

terms of this section, the State and all agencies, officers and employees thereof shall not be financially responsible for the consequences of work performed, pursuant to said contract.

(70 Del. Laws, c. 601, § 7.)

§ 6930. Right to audit records.

An agency shall have the right to audit the books and records of a contractor or any subcontractor under any contract or subcontract to the extent that the books and records relate to the performance of the contract or subcontract. The books and records shall be maintained by the contractor for a period of 3 years from the date of final payment under the prime contract and by the subcontractor for a period of 3 years from the date of final payment under the subcontract.

(70 Del. Laws, c. 601, § 7.)

§ 6931. Procurement of information and telecommunications systems.

All information regarding the procurement of information and telecommunication technology, as prescribed by the Executive Director of the Office of Information Systems, shall be submitted to the Office of Information Systems no later than 90 days from the receipt of such materiel. The acquisition of computer information systems shall be governed by Chapter 63 of this title.

(70 Del. Laws, c. 601, § 7.)

§ 6932. Maximum practicable competition.

Descriptions or specifications shall not use a brand or trade name except as an indication of the type and quality of materiel and in all such cases shall contain the words "or approved equal." All specifications shall seek to promote overall economy for the purposes intended and encourage competition in satisfying the agency's needs and shall not be unduly restrictive.

(70 Del. Laws, c. 601, § 7.)

§ 6933. Authorization for cooperative purchasing.

(a) The Section may, with written approval of the Director, participate in, sponsor, conduct or administer a cooperative or joint purchasing agreement for the procurement of materiel or nonprofessional services with 1 or more public procurement units either within the State or within another state in accordance with an agreement entered into between the participants.

(b) The Section may grant temporary approval to another agency to participate in, sponsor, conduct or administer a cooperative or joint purchasing agreement for the procurement of materiel or nonprofessional services with the written approval of the Director.

(70 Del. Laws, c. 601, § 7; 75 Del. Laws, c. 88, §§ 16(5), 22; 77 Del. Laws, c. 327, § 29; 78 Del. Laws, c. 290, § 24(c).)

§ 6934. Purchase of used materiel or equipment.

Any agency may purchase used equipment or other materiel by negotiated purchase, rather than by competitive bidding, as provided in this chapter, if it is demonstrated to the satisfaction of the agency head that the negotiated price is reasonable for the intended use. The contracting agency shall use lifecycle costing analysis as specified in §§ 6902 and 6909A(b) of this title prior to demonstrating to the agency head that the negotiated price is reasonable for the intended use.

(70 Del. Laws, c. 601, § 7; 74 Del. Laws, c. 419, § 7.)

§ 6935. Purchases using federal contracts.

The Director may enter into negotiations with various manufacturers or distributors and award contracts which will enable agencies and local governments to purchase materiel at prices approved by the General Services Administration of the United States government or its successor.

(70 Del. Laws, c. 601, § 7; 75 Del. Laws, c. 88, § 16(5).)

§ 6936. Special requirements for financial contracts.

No contract shall be awarded which includes the transportation, handling or storage of moneys, including lawful currency and coin, negotiable and nonnegotiable securities, stocks, bonds, coupons and things of unusual value unless the successful bidder shall have, at the time of the award of the contract, a valid license as required by Chapter 32 of Title 5. At the time of the submission of its bid, the bidder shall provide evidence of possession of such license or evidence that application for such license was made with the State Banking Commissioner and all fees required by such Chapter 32 of Title 5 had been paid.

(70 Del. Laws, c. 601, § 7.)

§ 6937.

§ 6938. Purchase of recycled, reusable and recyclable products.

(a) The State shall have as a goal the maximum feasible purchase of recycled content products and reusable or recyclable products, and the maximum feasible percentage of postconsumer recycled content in its purchases. For any item that is being purchased by the State and for which the U.S. Environmental Protection Agency has developed a Comprehensive Procurement Guideline as required by § 6002 of the Resource Conservation and Recovery Act (RCRA), as amended (42 U.S.C. § 6962), it shall be a goal of the State to purchase that item with a recycled content that meets or exceeds the EPA guideline standards.

(b) Prior to initiating a request for procurement of any product, an agency shall review its existing specifications for such product to determine whether recycled content products or reusable or recyclable products are directly or indirectly excluded. The agency must eliminate any such exclusion from its specifications, unless it can demonstrate in writing to the satisfaction of the agency head that the exclusion is either:

- (1) Operationally necessary;
- (2) Legally mandated; or
- (3) *Necessary to avoid excessive cost.* — Excessive cost shall be defined as when the recycled product cost is greater than 5% of the equivalent virgin product cost. Such costs shall include lifecycle costing analysis as defined by §§ 6902 and 6909A(b) of this title.

(c) When requesting any purchase of a product for which the U.S. EPA has established a Comprehensive Procurement Guideline, an agency is required to buy the specified product unless the agency can demonstrate in writing to the satisfaction of the agency head that a product meeting the standards either:

- (1) Is not available competitively;
- (2) Is not available within a reasonable time frame;
- (3) Does not meet appropriate performance standards; or
- (4) Is available only at an excessive cost as defined in paragraph (b)(3) of this section.

(d) There is established an interagency work group comprised of 1 representative from the Office of Management and Budget, the Department of Natural Resources and Environmental Control, the Department of Transportation and the Department of Health and Social Services. This work group shall be known as the State Materials Recycling Team (SMRT) and its members shall be appointed by the respective Department heads. The Chair of the SMRT will be selected by the team's membership. The work group's primary purposes shall be:

- (1) To educate state agencies about recycling and to promote the purchase of recycled products as called for in this subsection;
- (2) To develop a methodology for tracking purchases made in accordance with this section;
- (3) To review and assess State agency recycling practices; and
- (4) To report to the Governor and the General Assembly on an annual basis its findings and conclusions with respect to the above purposes.

(72 Del. Laws, c. 491, § 1; 74 Del. Laws, c. 419, § 8; 75 Del. Laws, c. 88, § 16(5); 81 Del. Laws, c. 49, § 3; 81 Del. Laws, c. 374, § 19.)

§ 6939. Purchase of energy efficient products.

(a) Agencies shall purchase Energy Star products, as designated by the federal Environmental Protection Agency, when such products are available. The agency may include non-Energy Star rated equipment as an alternate in the bid documents to enable lifecycle costing analysis to be performed as part of the analysis of responsive bids. The agency shall be required to award a contract that includes the procurement of Energy Star rated equipment unless the agency can demonstrate, in writing, to the satisfaction of the Director, that the interests of the state would be better served by procuring non-Energy Star rated equipment.

(b) Prior to initiating a request for procurement of any product, an agency shall review the specifications for such product to determine whether an Energy Star product is available. If an Energy Star product is available, the agency is required to include in its bid specifications the requirement that the product be an Energy Star product unless the agency can demonstrate, in writing, to the satisfaction of the agency head, that a product with an Energy Star rating meets at least 1 of the following criteria:

- (1) The product is not available competitively,
- (2) The product is not available within a reasonable time frame, or
- (3) The product does not meet appropriate performance standards.

The agency may include non-Energy Star rated equipment as an alternate in the bid documents to enable lifecycle costing analysis to be performed as part of the analysis of responsive bids. The agency shall be required to award a contract that includes the procurement of Energy Star rated equipment unless the agency can demonstrate, in writing, to the satisfaction of the Director, that the interests of the state would be better served by procuring non-Energy Star rated equipment.

(74 Del. Laws, c. 416, § 1; 75 Del. Laws, c. 88, § 16(5).)

Subchapter IV

Public Works Contracting

§ 6960. Prevailing wage requirements.

(a) The specifications for every contract or aggregate of contracts relating to a public works project in excess of \$500,000 for new construction (including painting and decorating) or \$45,000 for alteration, repair, renovation, rehabilitation, demolition or reconstruction (including painting and decorating of buildings or works) to which this State or any subdivision thereof is a party and for which the State appropriated any part of the funds and which requires or involves the employment of mechanics and/or laborers shall contain a

provision stating the minimum wages to be paid various classes of laborers and mechanics which shall be based upon the wages that will be determined by the Delaware Department of Labor, Division of Industrial Affairs, to be prevailing in the county in which the work is to be performed. As of January 1, 2016, the Delaware Department of Labor, Division of Industrial Affairs shall establish the prevailing wage for each respective craft or class of laborers and mechanics at the same rates established in collective bargaining agreements between labor organizations and their employers, or when collective bargaining agreement rates do not prevail, that govern work of a similar nature and similar crafts or classes of laborers and mechanics for the county where the public works contract will be performed if that particular labor organization's collective bargaining rate prevailed and they participated in the survey, for that particular trade or craft in that particular county for 4 consecutive years. When collective bargaining rates do not apply, the prevailing wage shall be the highest rate of the 4 years. If the agreed rate of pay is designated to be the craft's collective bargaining agreement, the annual rate adjustment will be determined by the collective bargaining agreement rate for each craft and county, each year. When collective bargaining rates do not prevail, the annual rate adjustment shall be the Consumer Price Index-Construction. If the prevailing wage cannot be reasonably and fairly determined in any locality because no such agreements exists or the collective bargaining rate has not prevailed for 4 consecutive years the Department shall use the prevailing wage as established by the Department's annual prevailing wage survey. There will be a 1-time challenge of the prevailing wage rate per cycle as in the Department regulations.

For each respective craft or class of laborers or mechanics, the craft or class whose collectively bargained wages as of January 1, 2015, for that particular labor organization's collective bargaining rate prevailed for that particular trade or craft in that particular county is the prevailing wage rate and whose rate has prevailed for 4 of the last 5 years, or will prevail in the future for 4 consecutive years, shall have their collective bargaining agreement adopted as the prevailing wage rate negotiated by industry standards between workers and employers and the raise be determined by the collective bargaining agreement rate as of September 1 for that craft, county, and year.

All other provisions of this law are to remain unchanged.

(b) Every contract based upon these specifications must contain a stipulation that the employer must pay all mechanics and laborers employed directly upon the site of the work or engaged in any custom fabrication work, regardless of where the work is performed, unconditionally and not less often than once a week and without subsequent deduction or rebate on any account, the full amounts accrued at time of payment, computed at wage rates not less than those stated in the specifications, regardless of any contractual relationship which may be alleged to exist between the employer and such laborers and mechanics. The specifications must further stipulate that the scale of wages to be paid must be posted by the employer in a prominent and easily accessible place at the site of the work, and that there may be withheld from the employer so much of accrued payments as may be considered necessary by the Department of Labor to pay to laborers and mechanics employed by the employer the difference between the rates of wages required by the contract to be paid laborers and mechanics on the work and rates of wages received by such laborers and mechanics to be remitted to the Department of Labor for distribution upon resolution of any claims.

(c) Every contract based upon these specifications shall contain a stipulation that sworn payroll information, as required by the Department of Labor, be furnished weekly. The Department of Labor shall keep and maintain the sworn payroll information for a period of 6 months from the last day of the work week covered by the payroll.

(d) The Department of Labor shall investigate all claims that the prevailing wage rates as provided for under this section are not being or have not been paid. Upon finding that an employer has not paid or is not paying the prevailing wage rates, the Department of Labor shall notify the employer of the violations by certified mail and make an effort to obtain compliance. Upon failure to obtain compliance within 15 days of receipt of said certified mail, the Secretary may terminate all rights of the employer to proceed with the work under the public construction contract, and the employer shall be responsible for all damages resulting therefrom.

(e) Any employer who knowingly fails or refuses to pay the prevailing wage rates provided for under this section, or who fails to submit payroll reports or post notice of the wage rates which apply to the project shall, for each such violation, be subject to a civil penalty of not less than \$1,000 nor more than \$5,000 for each violation. No public construction contract in this State shall be bid on, awarded to or received by any contractor or subcontractor or any person, firm, partnership or corporation in which such employer has an interest who, within 2 years after entry of a judgment pursuant to this chapter, is adjudicated in violation of this chapter in a subsequent proceeding until 3 years have elapsed from the date of the subsequent penalty judgment. A civil penalty claim may be filed in any court of competent jurisdiction.

(f) Any laborer or mechanic employed by any employer, or the Department of Labor on behalf of any laborer or mechanic employed by any employer, who is paid in a sum less than the prevailing wage rates provided for under this section shall have a right of action against the employer in any court of competent jurisdiction to recover treble the difference between the amount so paid and the prevailing wage rate. Such action may be brought by the Department of Labor in the name and for the benefit of the laborer or mechanic with or without an assignment of the claim from the employee and upon notice to the aggrieved employee, the Department of Labor shall have the power to settle and adjust any such claim to the same extent as would the aggrieved employee. It shall not be a defense to such action that the underpayment was received by the laborer or mechanic without protest. Upon the filing of an action under this section, the employer shall post suitable bond approved by the court for the damages which may be recoverable thereunder. Any judgment entered for plaintiff shall include an award for reasonable attorney's fees and costs of prosecution. The Department of Labor shall not be required to pay the filing fee or other costs of the action or fees of any nature to file bond or other security of any nature in connection with such action or with proceedings supplementary thereto or as a condition precedent to the availability to the Department of any process in aid of such

action or proceedings. The Department shall have the authority to join various claimants in 1 preferred claim lien and, in case of suit, to join them in 1 cause of action.

(g) Any wages collected under this chapter, but not claimed by the employee within 1 year from the date of collection, shall be retained by the Department of Labor for enforcement purposes.

(h) No action to recover wages and damages under this section shall be brought after the expiration of 2 years from the accruing of the cause of action.

(i) Whenever any person shall contract with another for the performance of any work which the contracting person has undertaken to perform, the contracting person shall become civilly liable to employees engaged in the performance of work under such contract for the payment of wages, exclusive of treble damages, as required under this section, whenever and to the extent that the employer of such employees fails to pay such wages, and the employer of such employees shall be liable to such person for any wages paid by the employer under this section. If pursuant to this subsection a person becomes civilly liable to employees of another, such liability shall not constitute a violation of this section for purposes of the termination, civil penalty and debarment provisions of subsections (d) and (e) of this section.

(j) A contract manager shall be responsible for monitoring compliance with this section, but shall not become civilly liable to the same extent as the contracting person. For purposes of this section, "contract manager" means any person who performs the function of the contracting person without becoming a party to the contract of performance, but rather contracts with the recipient of the goods or services to act as the recipient's agent. A contract manager who knowingly fails or refuses to monitor compliance with this section shall, for each such failure or refusal, be subject to a civil penalty of not less than \$100 nor more than \$500. A civil penalty claim under this subsection may be filed in any court of competent jurisdiction. A contract manager's liability for a civil penalty pursuant to this subsection shall not constitute a violation of this section for purposes of the termination, civil penalty and debarment provisions of subsections (d) and (e) of this section.

(k) Any employer who discharges or in any manner discriminates against an employee because that employee has made a complaint or has given information to the Department pursuant to this chapter, or because that employee has caused to be instituted or is about to cause to be instituted any proceedings under this chapter, or has testified or is about to testify in any such proceedings, shall be deemed in violation of this chapter and shall be subject to a civil penalty of not less than \$1,000 nor more than \$5,000 for each violation.

(l) [Repealed.]

(m) None of the specifications of this section shall apply to a project of the Department of Transportation wholly funded by Community Transportation Funds. None of the specifications of this section shall apply to a project wholly funded by the Municipal Street Aid Program authorized pursuant to Chapter 51 of Title 30.

§ 6961. Small public works contract procedures.

(a) *Applicability.* — Any state contract for which an agency is a party and for which the probable cost is less than or equal to the threshold amount(s) set by the Contracting and Purchasing Advisory Council pursuant to § 6913 of this title for small public works contracts shall be subject to the provisions of this section.

(b) *Procedure.* — All contracts entered into pursuant to this section shall follow the procedures as prescribed by the Director pursuant to § 6922 of this title.

(c) Bid and performance bonds as authorized in § 6962 of this title may be made a requirement by the agency for contracts made pursuant to this section.

(70 Del. Laws, c. 601, § 9; 75 Del. Laws, c. 88, § 16(5).)

§ 6962. Large public works contract procedures [For application of this section, see 82 Del. Laws, c. 36, § 3].

(a) *Applicability.* — Any state contract for which an agency is a party and for which the probable cost is greater than the amount set by the Contracting and Purchasing Advisory Council pursuant to § 6913 of this title for small public works contracts shall be subject to the provisions of this section.

(b) *Advertising requirements.* — Each agency shall publicly announce, not less than once a week for 2 consecutive weeks in a newspaper published or circulated in each county of the State, each public works contract. Public advertising shall require electronic publication accessible to the public in a manner prescribed pursuant to § 6902(11) of this title for 2 consecutive weeks. An agency may also maintain a register of prospective bidders which may be used to provide direct notification of contracts to be bid. This register shall not be used in a manner which will limit the competitiveness of the bidding process described in this subchapter. No agency shall be subject to a cause of action or be otherwise liable for any errors or omissions in administering a bid registry. The public announcement shall also state the nature of the contract under the following conditions:

(1) If the agency requires all bidders to be registered or prequalified in order to receive bidding documents for the proposed contract, the announcement shall state in general terms the character and location of the work and bid and performance bond requirements. If the agency requires prequalification of subcontractors in its invitation to bid, no contractor shall list a subcontractor in its subcontractor listing who has not already been prequalified by the agency.

(2) If the agency does not require bidder registration or prequalification for the proposed contract, the announcement shall state with reasonable accuracy the character, quantity and location of the work as well as bid and performance bond requirements. The public announcement shall also state that the agency may extend the time and place for the opening of bids from that described in the announcement. Such extension shall not take place unless at least 2 calendar days' notice, by certified delivery, facsimile transmission or by other verifiable electronic means, is sent to those bidders who obtained copies of the plans and specifications or contract descriptions.

(c) *Bidder prequalification requirements.* —

(1) The Office shall establish a 2-step process for the prequalification of contractors and subcontractors that desire to bid on large public works contracts for which prequalification is specified by the contracting agency. A contractor shall not be permitted to bid

on a contract that requires prequalification unless the contractor has been prequalified pursuant to this subsection. A prequalified and classified contractor shall not be permitted to submit a bid on a specific contract unless the contractor completes a questionnaire and submits supplemental information at the option of the contracting agency or per paragraph (c)(9)a. of this section to the Office pertaining to that contract. The supplemental request for information shall not include any information requested during the first step of the prequalification process, but may require the contractor to affirm that no material changes have occurred since the application for the first step of the prequalification process was submitted to the Office. The prequalification process shall apply to general contractors and subcontractors in the areas that are deemed necessary by the Office.

(2) The prequalification classification issued by the Office as part 1 of the prequalification process shall be valid for 24 months. A contractor or subcontractor subject to prequalification shall request to be reclassified by the Office after the 24-month period in order to remain eligible to bid on public works contracts that require prequalification. A contractor or subcontractor who holds a valid prequalification classification shall report any material changes which could adversely affect the prequalification, as established in paragraph (c)(3) of this section, to the Office in writing within 10 days of the material change. A contractor or subcontractor may report to the Office in writing material changes which could positively affect the prequalification, as established in paragraph (c)(3) of this section. Based on the information provided, the Office may change the classification or revoke prequalification at the sole discretion of the Director.

(3) The prequalification process shall include a requirement that the contractor or subcontractor submit a statement under oath on a form designated by the Office. The form shall fully describe and establish the financial ability, responsibility, plant and equipment, organization, ownership, relationships, and prior experience of the contractor or subcontractor and any other pertinent and material facts as may be deemed necessary by the Office. At the discretion of the Office, the submission shall include part or all of the following:

- a. The most recent audited financial statement and/or financial statement review containing a complete statement of the proposing contractor's or subcontractor's financial status. Such statement shall include the contractor's Z score;
- b. The proposing contractor's or subcontractor's experience on other public works or private sector projects, including but not limited to the size, complexity and scope of the firm's prior projects;
- c. Performance reviews of the proposing contractor or subcontractor on previously awarded public works or private sector construction projects within the last 5 years;
- d. Civil judgments and/or criminal history of the proposing contractor's or subcontractor's principals;
- e. Any debarment or suspension by any government agency;
- f. Any revocation or suspension of a license;
- g. Any bankruptcy filings or proceedings; and
- h. A statement as to organization, which shall demonstrate the adequacy of such organization to undertake a public works contract. This statement shall include the resumes of the management and professional staff.

(4) After the receipt of the submission provided for in paragraph (c)(3) of this section, the Office may verify all information provided in the contractor's or subcontractor's submission, including applicable license and certificate requirements, federal or state debarments, and violations of law. The Office may also conduct inquiries or surveys of the contractor's or subcontractor's prior customers.

(5) a. Based upon the submission provided for in paragraphs (c)(3) and (4) of this section, the Office Review Committee, which shall include at least 2 Office employees, shall assign a contractor or subcontractor the following classification or classifications and limits for the purpose of determining the types of projects for which a contractor or subcontractor is entitled to bid:

1. A trade(s) or work classification(s); and
2. The maximum contract dollar value for which the contractor or subcontractor may submit a bid.

To effectuate these requirements of the prequalification process, the Office shall develop rules and regulations for assigning classifications and maximum dollar limits.

b. The classification shall be made, or prequalification may be denied, and notice thereof shall be sent to the contractor or subcontractor within 5 days of the determination made pursuant to paragraph (c)(5)a. of this section by registered or certified mail or other legally valid methods. Notice of prequalification classification or denial shall also be sent to the contracting agency if said agency is not the Office.

(6) Based upon the proposing contractor's or subcontractor's answers to the step-1 or step-2 prequalification questionnaire, the Office may deny prequalification for any 1 of the following specified reasons:

- a. Insufficient financial ability to perform a public works contract;
- b. Inadequate experience to undertake a public works contract;
- c. Documented failure to perform on prior public or private construction contracts, including but not limited to final adjudication or admission of violations of prevailing wage laws in Delaware or any other state;
- d. Prior judgments for breach of contract that indicate the proposing contractor or subcontractor may not be capable of performing the work or completing a large public works contract;
- e. Criminal convictions for fraud, misrepresentation or theft relating to contract procurement;

- f. Previous debarment or suspension of the contractor or subcontractor by any government agency that indicates the proposing contractor or subcontractor may not be capable of performing the work or completing a large public works contract;
- g. Previous revocation or suspension of a license that indicates the proposing contractor or subcontractor may not be capable of performing the work or completing a public works contract;
- h. Previous bankruptcy proceedings that indicate the proposing contractor or subcontractor may not be capable of performing the work or completing a public works contract; or
- i. Failure to provide accurate prequalification information on past or current prequalification questionnaires.

Reason or reasons for the denial of prequalification shall be in writing, and shall be sent to the contractor or subcontractor within 5 working days of such decision. An agency may refuse to provide any contractor or subcontractor disqualified under this paragraph plans and specifications for a contract. An agency receiving a bid from a contractor or subcontractor disqualified under this paragraph shall not consider such bid.

(7) Any contractor or subcontractor disqualified pursuant to paragraph (c)(6) of this section may request a review of such decisions with the Director within 5 working days of the receipt of the agency's notification of the prequalification decision. Such request shall be made in writing. No action in law or equity shall lie against any agency or its employees if the contractor or subcontractor does not first review the decision with the Director. To the extent the contractor or subcontractor brings an action challenging a decision made pursuant to paragraph (c)(6) of this section after such review by the Director, the court shall afford great weight to the decision of the Office head and shall not overturn such decision unless the contractor or subcontractor proves by clear and convincing evidence that such decision was arbitrary and capricious.

(8) The Office shall maintain a registry of all contractors and subcontractors prequalified to bid on public works projects. The registry shall include the classification or classifications of the contractor or subcontractor and the maximum contract dollar value for which the contractor or subcontractor may submit a bid.

(9) a. In addition to the prequalification required herein, any agency shall require a contractor or subcontractor to provide supplemental information that is specifically relevant to the public works contract to be bid. Such additional information shall be considered supplemental certification and shall not duplicate in any way the information required by the Office in its prequalification process except for labor supply available to complete the project in a timely manner.

b. Based upon the proposing contractor's or subcontractor's answers to the agency's supplemental prequalification questionnaire, the Director, or in the case of school projects, the school district may deny the prequalification for any 1 of the following specified reasons:

1. Inadequate experience to undertake the specific project that requires supplemental prequalification;
2. Inadequate expertise to undertake the specific project that requires supplemental prequalification;
3. Failure to provide supplemental prequalification information for the specific project that requires supplemental prequalification; or
4. Inadequate labor supply available to complete the project in a timely manner.

Denial of supplemental prequalification by the Office, or in the case of school projects, the school district shall be in writing no later than 2 weeks before the close of the project bid and shall be sent to the contractor or subcontractor within 5 working days of such decision. An agency may refuse to provide any contractor or subcontractor disqualified under this paragraph plans and specifications for the contract. An agency receiving a bid from a contractor or subcontractor disqualified under this paragraph shall not consider such bid.

(10) Any contractor or subcontractor disqualified pursuant to paragraph (c)(9) of this section may request in writing within 5 working days of the receipt of the Office's or, in the case of school projects, the school district's, supplemental prequalification a review of such decisions with the Director or the Director's designee or, in the case of school projects, the school district. No action in law or equity shall lie against any agency or its employees if the contractor or subcontractor does not first review the decision with the Director or, in the case of school projects, the school district within 5 working days after the decision is rendered by the Office or, in the case of school projects, the school district. To the extent the contractor or subcontractor brings an action challenging a decision made pursuant to paragraph (c)(9) of this section after such review by the Director or, in the case of school projects, the school district, the court shall afford great weight to the decision of the Director or, in the case of school projects, the school district and shall not overturn such decision unless the contractor or subcontractor proves by clear and convincing evidence that such decision was "arbitrary and capricious."

(11) In addition, for the US 301 project from the Maryland-Delaware state line to its termination at Delaware Route 1, all contractors and subcontractors are required, independently or through agreement with other organizations, to provide craft training for journeyman and apprentice levels through a bona fide program approved by and registered with the State of Delaware and/or United States Department of Labor.

(12) a. A Department of Transportation project, excluding a municipal street aid contract, must include a performance-based rating system.

b. The Department of Transportation's performance-based rating system must be defined in regulations promulgated by the Secretary of the Department of Transportation.

c. A contractor is eligible to bid as follows:

1. A contractor meeting or exceeding the minimum contractor's performance rating at the time of bid, as determined by the Department's performance-based contractor evaluation system, is eligible to bid.

2. A contractor who does not meet or exceed the minimum contractor's performance rating at the time of bid is eligible to bid if the contractor agrees to allow the Department to retain 5% of the payments to be made to the contractor for work performed under the contract under the procedures provided in paragraph (d)(5)a.1. of this section.

B. A contract under paragraph (c)(12)c.2. of this section must contain all of the following provisions:

I. A variable retainage in an amount that does not exceed 5%, that is established at the discretion of the Secretary.

II. When the project is at 50% completion, the contractor may request that the retainage be reduced to 2% after an interim evaluation of the current project.

III. The project completion percentage will be based on the actual work completed, excluding money paid for stored materials.

(13) a. If there is a craft training requirement for a craft in the project under § 6960A of this title, a contractor must commit that the contractor and all subcontractors will provide craft training for journeyman and apprentice levels at the time the contractor executes the public works contract.

1.–3. [Repealed.]

b., c. [Repealed.]

d. The Secretary of the Department of Labor may promulgate and adopt regulations to implement this paragraph (c)(13) of this section.

(d) *Bid specifications and plans requirements.* —

(1) *Preparation of plans and specifications and approvals.* — The contracting agency shall cause suitable plans and specifications to be prepared for all contracts pursuant to this section. All plans and specifications shall be prepared by registered and licensed architects and/or engineers who shall sign the plans and specifications and affix their seals thereto. This requirement may be waived if:

a. The work to be covered by the public works contract is to be performed in accordance with identical plans and specifications similarly signed and sealed pursuant to which previous public works contracts have been awarded under this subchapter. Any architect and/or engineer who signed and sealed the original of such identical plan(s) will have no liability arising from the use of those plans other than the use contemplated by the contract pursuant to which the original copies of such plans was created, unless such architect and/or engineer reviews and approves such different use; or

b. The project does not require architectural and engineering services and the agency head waives in writing the use of such services.

(2) *Agency assistance.* — An agency may retain, in accordance with subchapter V of this chapter, the professional services of a general contractor or other qualified firm to assist in cost estimation, economic design analysis and construction.

(3) *Prohibition of brand specification.* — The description of work and/or materiel and the plans and specifications shall not use a brand or trade name, except as an indication of the type or quality of materiel and in all such limited cases shall contain the words "or approved equal."

(4) *Special provisions.* — a. *Anti-pollution, conservation, environmental measures or Energy Star equipment not covered by contract specifications.* — 1. The description of the materiel and the plans and specifications for the work issued by the agency shall set forth those provisions of federal, state and local statutes, ordinances, rules and regulations respecting anti-pollution, conservation and environmental protection which affect the project or projects for which such solicitations or bids are sought.

2. If the successful bidder must undertake anti-pollution, conservation or environmental protection work not specified in the agency's plans and specifications or descriptions of materiel, including measures required by the enactment of new or the amendment of existing statutes, ordinances, rules or regulations occurring after the submission of the successful bid or quotation, the awarding agency shall issue a change order, as provided for in § 6963 of this title, setting forth the additional measures that must be undertaken.

3. *Cost.* — The cost of such a change order to the awarding agency shall be determined in accordance with the contract for change orders or force accounts. If no such provision is set forth in the contract, then the cost to the awarding agency shall be the contractor's costs for wages, labor costs other than wages, wage taxes, materiel, equipment rentals, insurance and subcontracts attributable to the additional activity plus a reasonable sum for overhead and profit.

4. *Authorization.* — Written authorization by the agency is to be given to the successful bidder prior to the bidder undertaking such additional activity. Costs incurred by the successful bidder for additional work performed without prior approval shall not be approved for payment by the agency.

5. *Energy Star equipment.* — Prior to finalizing specifications for equipment to be purchased as part of a large public works contract, the agency or its architect and/or engineer shall review all equipment to determine whether Energy Star rated products are available. For each piece of equipment, if an Energy Star product is available, the specifications and bid documents shall require

the use of an Energy Star product unless the agency can demonstrate, in writing, to the satisfaction of the Director, that a product with an Energy Star rating meets at least 1 of the following criteria:

- A. The Energy Star rated equipment is not available competitively,
- B. The Energy Star rated equipment is not available within a reasonable time frame, or
- C. The Energy Star rated equipment does not meet appropriate performance standards.

The agency may include non-Energy Star rated equipment as an alternate in the bid documents to enable lifecycle costing analysis to be performed as part of the analysis of responsive bids. The agency shall be required to award a contract that includes the procurement of Energy Star rated equipment unless the agency can demonstrate, in writing, to the satisfaction of the Director, that the interests of the state would be better served by procuring non-Energy Star rated equipment.

b. *Preference for Delaware labor.* — In the construction of all public works for the State or any political subdivision thereof or by firms contracting with the State or any political subdivision thereof, preference in employment of laborers, workers or mechanics shall be given to bona fide legal citizens of the State who have established citizenship by residence of at least 90 days in the State. Each public works contract for the construction of public works for the State or any political subdivision thereof shall contain a stipulation that any person, company or corporation who violates this section shall pay a penalty to the Secretary of Finance equal to the amount of compensation paid to any person in violation of this section.

(5) *Retainages and substitution of securities.* — a. *Authority to withhold contract retainage.* — 1. Agencies may retain a portion of the payments to be made to a contractor for work performed pursuant to a public works contract. The percentage of the value of work performed which may be retained shall be established for each particular contract in the contract bidding documents and shall be incorporated into the contract. The percentage retained shall be 5% of the value of the work completed by the contractor under the contract. Upon completion of the work under the contract, the agency may release 60% of the amount then retained. The balance of the amount retained will be held until:

- A. All reports required of the contract are received;
- B. All subcontractors in trades listed on the bid form are paid by the contractor, unless the amount owed to the subcontractor is disputed, in which case the agency may withhold 150% of the amount withheld by the contractor in its dispute with the subcontractor; and
- C. Final payment is authorized by the agency.

2. The agency may, at its option, retain, temporarily or permanently, a small amount and may cause the contractor to be paid, temporarily or permanently, from time to time, such portion of the amount retained as it deems equitable. The contractor shall be paid for all work that is due to the contractor under the contract except for the amount retained.

3. The agency may at the beginning of each public works contract establish a time schedule for the completion of the project. If the project is delayed beyond the completion date due to the contractor's failure to meet the contractor's own responsibilities, the agency may forfeit all or part of retainage at its discretion.

b. *Procedures requirement.* — Agencies shall establish standard procedures and regulations for the administration of contract retainages prior to entering into contracts which require retainages. All agency procedures shall provide for contract retainage and substitution of securities for retainage.

c. *Substitution of securities.* — 1. The contractor under a public works contract, with the approval of the agency, may deposit securities as authorized by this section in substitution for moneys being withheld from the contractor as retainage. Securities allowable for substitution of retainage shall be: United States Treasury Bonds, United States Treasury Notes, United States Treasury Certificates of Indebtedness or United States Treasury Bills; bonds or notes of the State; bonds of any political subdivision of the State; or certificates of deposit from state or national banks located in this State; or any letter of credit or other security approved by the agency.

2. The contractor shall have the right to withdraw and take all or portions of the moneys being retained from the contractor under the contract by depositing securities in substitution for such moneys. The contractor may do so only in accordance with the agency's standard procedures and mechanisms. Such substitution shall be approved by the agency only if the aggregate market value of the securities are at least as great as the contract retainages being withdrawn.

3. A contractor may substitute cash for and receive back all or part of the securities on deposit from the contractor. The cash must at least have the same value as the market value of the securities received back from the agency.

4. The contractor shall be entitled to receive, in all events, all interest and income earned on the securities deposited by the contractor in substitution for contract retainage. If the securities deposited are in the form of coupon bonds, the agency or the escrow agent designated by it and holding the deposited securities shall deliver each coupon to the contractor as it matures.

5. All securities shall be released, delivered and paid over to the contractor at such time as cash moneys being retained from the contractor would have been released, delivered and paid over to the contractor under the public works contract if there had been no substitution for the cash moneys.

6. All costs of depositing and maintaining securities as provided for in this section shall be borne by the contractor.

7. No agency shall have any duty to invest moneys being retained by it from a contractor under a public works contract in any interest bearing account or to establish any procedures or mechanisms for any such investment.

8. Notwithstanding any other provisions of this section, any contracting agency may deny the contractor on any public works contract permission to substitute securities for moneys being held as retainages. This action shall be taken only for good cause and when the agency deems it to be in the best interest of the contracting agency. Written notice shall be given to the contractor and a hearing shall be held by the agency showing cause for such denial if requested in writing by the contractor. Denial of such substitution shall be for a stated period of time, not to exceed a period of 3 years, and shall continue until the end of the stated time period, or until the contractor has successfully completed all outstanding public works contracts without forfeiting any part of the retainage held by the agency, whichever occurs first.

(6) *Partial payments.* — Any public works contract executed by any agency may provide for partial payments with respect to materials placed along or upon the sites or stored at secured locations, which are suitable for use in the performance of the contract. When approved by the agency, partial payments may include the values of tested and acceptable materials of a nonperishable or noncontaminative nature which have been produced or furnished for incorporation as a permanent part of work yet to be completed, provided acceptable provisions have been made for storage. Any allowance made for materials on hand will not exceed the delivered cost of the materials as verified by invoices furnished by the contractor, nor will it exceed the contract bid price for the material complete in place.

(7) *Equality of employment opportunity and equal pay on public works.* —

a. As a condition of the awarding of any contract for public works financed in whole or in part by state appropriation, such contracts shall include the following provisions:

During the performance of this contract, the contractor agrees as follows:

1. The contractor will not discriminate against any employee or applicant for employment because of race, creed, color, sex, sexual orientation, gender identity or national origin. The contractor will take positive steps to ensure that applicants are employed and that employees are treated during employment without regard to their race, creed, color, sex, sexual orientation, gender identity or national origin. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places available to employees and applicants for employment notices to be provided by the contracting agency setting forth this nondiscrimination clause.

2. The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, creed, color, sex, sexual orientation, gender identity or national origin.

3. The contractor will ensure employees receive equal pay for equal work, without regard to sex. Employee pay differential is acceptable if pursuant to a seniority system, a merit system, a system which measures earnings by quantity or quality of production, or if the differential is based on any other factor other than sex.

b. The Secretary of the Department of Labor shall be responsible for the administration of this provision and shall adopt such rules and regulations and issue such orders as deemed necessary to achieve the purposes thereof; provided, that no requirement established hereby shall be in conflict with § 6904 of this title.

c. For the purposes of this section:

1. “Protective hairstyle” includes braids, locks, and twists.

2. “Race” includes traits historically associated with race, including hair texture and a protective hairstyle.

(8) *Bid bonding requirements.* — a. All bids shall be accompanied by a deposit of either a good and sufficient bond to the agency for the benefit of the agency, with corporate surety authorized to do business in this State, the form of the bond and the surety to be approved by the agency, and the bond form used shall be the standard form issued by the Office of Management and Budget for this purpose or a security of the bidder assigned to the agency, for a sum equal to at least 10% of the bid. The bid bond need not be for a specific sum, but may be stated to be for a sum equal to 10% of the bid to which it relates and not to exceed a certain stated sum, if said sum is equal to at least 10% of the bid. Any bid which, at the time it is submitted, is not accompanied by a bid bond or sufficient security as required by this paragraph shall not be opened or read, and shall be rejected.

b. Upon the execution of a formal contract and performance bond, the bid bond or security shall be returned to the successful bidder. The security of the unsuccessful bidders shall be returned to them immediately upon the awarding of the contract or the rejection of all bids, but in no event later than 30 days after the opening of bids with the exception of school districts and the Department of Public Instruction, which shall be no more than 60 days unless the contracting agency or school district extends the bid evaluation period by 5 working days per the requirements of paragraph (d)(13)a. of this section. If the bid evaluation period is extended by 5 working days, then the security of each unsuccessful bidder shall be returned to them on the first working day after the end of the extended bid evaluation period.

c. *Loss of bid bond as damages.* — In the event of any successful bidder refusing or neglecting to execute a formal contract and bond within 20 days of the awarding of the contract, the bid bond or security deposited by the successful bidder shall be taken and become the absolute property of the State for the benefit of the agency as liquidated damages. Such damages shall neither constitute a forfeiture nor a penalty and shall be deposited with the Secretary of Finance. Such moneys pertaining to Department of

Transportation contracts shall be deposited in the Transportation Trust Fund. The contracting agency may award the contract to the next lowest responsible bidder or re-advertise for new bids.

d. In the case of bids submitted to agencies other than any county of this State and other than any public school district, wherever security is required under this section, the vendor shall also supply with its bid its taxpayer identification number (i.e., federal employer identification number or social security number) or a Delaware business license number and, should the vendor be awarded a contract, such vendor shall provide to the agency the taxpayer identification or Delaware business license numbers of such subcontractors. Such numbers shall be provided on the later of the date on which such subcontractor is required to be identified or the time the contract is executed. The agency shall report to the Division of Revenue each vendor selected for award within 15 days of execution of the contract and each subcontractor within 15 days of such contractor having been identified to the agency or on the date of execution of the contract, whichever is later, unless the Director of the Division of Revenue has notified the agency of criteria according to which, in the Director's discretion, reporting is not required and the contract meets such criteria.

(9) *Performance bonding requirements.* — a. Simultaneous with the execution of the formal contract, the successful bidder shall also execute a good and sufficient bond to the contracting agency for the benefit of the agency, with corporate surety authorized to do business in this State, in a sum equal to 100% of the contract price and the bond form used shall be the standard form issued by the Office of Management and Budget.

b. The bond shall be conditioned upon the faithful compliance and performance by the successful bidder of each and every term and condition of the contract and the proposal and plans and specifications thereof, at the time and in the manner prescribed by the contract and the plans and specifications, including the payment in full, to every firm furnishing material or performing labor in the performance of the contract, of all sums of money due it for such labor or material. The bond shall also contain the successful bidder's guarantee to indemnify and save harmless the agency from all costs, damages and expenses growing out of or by reason of the successful bidder's failure to comply and perform the work and complete the contract in accordance with the contract.

c. The agency may, when it considers that the interests of the agency so require, cause judgment to be confessed upon the bond. All sums received through confession of judgment shall be paid for the credit of the agency to the Secretary of Finance or to the chief financial officer of the agency if it is not a state agency.

d. Every firm furnishing material or performing labor under the contract for which the successful bidder is liable may maintain an action on the bond for its own use in the name of the agency in any court of competent jurisdiction for the recovery of such sum or sums as may be due such firm from the successful bidder, but if the bond so provides, no suit shall be commenced after the expiration of 1 year following the date on which the successful bidder ceased work on the contract. Otherwise, suits may be commenced at any time within 3 years following the date the last work was done on the contract.

e. No firm or surety, in any action brought under this section, or on the bond required by this section, shall assert as a defense to such action the claim that the bond given pursuant to this section contained a limitation or restriction not provided for by this section.

f. In the event of defaults of its contracts, the money collected on the performance bonds shall be utilized by the contracting agency for the projects for which the performance bonds were issued. All performance bond proceeds received shall be deposited with the Secretary of Finance for the credit of the agency. Such moneys pertaining to Department of Transportation contracts shall be deposited in the Transportation Trust Fund.

g. In addition to the bond, letter of credit or other financial security posted by the successful bidder in conjunction with the execution of the formal contract, each successful bidder, regardless of the type of the security posted or waived, as the case may be, must purchase adequate insurance for the performance of the contract and, by submission of a bid, does agree to indemnify and save harmless and to defend all legal or equitable actions brought against the agency or officer or employee of the agency for and from all claims of liability which is or may be the result of the successful bidder's actions during the performance of the contract. The purchase or nonpurchase of such insurance or the involvement of the successful bidder in any legal or equitable defense of any action brought against the successful bidder based upon work performed pursuant to the contract shall not waive any defense which the agency and its officers and employees might otherwise have to such claims, specifically including the defense of sovereign immunity, where applicable, and by the terms of this section, the agency and its officers and employees shall not be financially responsible for the consequences of work performed, pursuant to said contract.

h. Contracts may contain a waiver of the bond requirement; provided however, that the successful bidder post with the contracting agency an irrevocable letter of credit or other suitable or readily collectible financial security for the project. Such security shall be subject to the terms and conditions of the contracting agency.

(10) *Public buildings; special requirements.* — a. *Pre-bid meeting requirement.* — In the case of any public works contract for the construction, reconstruction, alteration or repair of any public building (not a road, street or highway) the agency shall call a meeting of all prospective bidders upon reasonable notice and at a place and time stated in the notice. The meeting shall be at least 15 days before the date for the submission of bids.

At the meeting, all the participants, including the agency, shall attempt to agree upon a listing of all subcontractor categories to be included in the bids for performing the work as required by paragraph (d)(10)b. of this section and any such agreed listing shall be final and binding upon all bidders and upon the agency. If all of the participants do not agree on such a listing at the meeting, then the agency itself, at least 10 days before the due date for the submission of bids, shall determine the subcontractor categories to be

included in the listing. The listing, whether agreed to by all of the participants at the meeting or determined by the agency itself in the absence of the unanimous agreement of the participants at the meeting, shall be published by the agency at least 10 days before the due date for the submission of bids by mailing and listing to all of the participants at the meeting. The listing, as so published, shall be final and binding upon all bidders and the agency and it shall be filled out completely, in full, without any abbreviations. If the agency required prequalification of subcontractors pursuant to this section in its invitation to bid, no contractor shall list a subcontractor in its subcontractor listing required by this subsection who has not already been prequalified by the agency.

b. *Subcontracting requirements.* — All contracts for the construction, reconstruction, alteration or repair of any public building (not a road, street or highway) shall be subject to the following provisions:

1. Such contract shall be awarded only to a bidder whose bid is accompanied by a statement containing, for each subcontractor category set forth in the listing as provided in paragraph (d)(10)a. of this section the name and address (city or town and State only — street number and P.O. Box addresses not required) of the subcontractor whose services the bidder intends to use in performing the work and providing the materiel for such subcontractor category. Where any services and/or materiel are to be provided by or through a third-tier contractor, the bidder shall also supply the name and address of the third-tier contractor. If a bidder intends to perform the work or provide the materiel for any subcontractor category specifically established by the agency and as set forth in the listing provided for in paragraph (d)(10)a. of this section, the bidder must list itself as the subcontractor for that category. If at the time it is submitted a bid is not accompanied by the subcontractor statement required by this subparagraph, or if a bidder fails to list itself as the subcontractor for any category for which it intends to perform the work or provide the materiel, the bid shall not be opened or read, and shall be rejected.

2. The contracting agency shall neither accept any bid nor award any contract to any bidder which, as the prime contractor, has listed itself as the subcontractor for any subcontractor category on the listing as provided in paragraph (d)(10)a. of this section, unless:

- A. It has been established to the satisfaction of the awarding agency that the bidder has customarily performed the specialty work of such subcontractor category by artisans regularly employed by the bidder's firm;
- B. That the bidder is duly licensed by the State to engage in such specialty work, if the State requires such licenses; and
- C. That the bidder is recognized in the industry as a bona fide subcontractor or contractor in such specialty work and subcontractor category.

The typical subcontractor categories involving specialty work includes, by way of illustration and not limited to, plumbing, electrical wiring, heating, roofing, insulating, weather stripping, masonry, bricklaying and plastering. The decision of the awarding agency as to whether a bidder who lists itself as the subcontractor for a subcontractor category set forth in the listing as provided in paragraph (d)(10)a. of this section shall be final and binding upon all bidders, and no action of any nature shall lie against any awarding agency or its employees or officers because of its decision in this regard.

3. After such a contract has been awarded, the successful bidder shall not substitute another subcontractor for any subcontractor whose name was set forth in the statement which accompanied the bid without the written consent of the awarding agency. No agency shall consent to any substitution of subcontractors unless the agency is satisfied that the subcontractor whose name is on the bidders accompanying statement:

- A. Is unqualified to perform the work required;
- B. Has failed to execute a timely reasonable subcontract;
- C. Has defaulted in the performance on the portion of the work covered by the subcontract; or
- D. Is no longer engaged in such business.

4. All such contracts shall contain a provision for a penalty against the successful bidder for its failure to utilize any or all the subcontractors in the successful bidder's accompanying statement in the performance of the work on the public building contemplated by the contract. The penalty amount shall be set by the agency. The agency will also determine if the amount is to be deducted from payments to the bidder for contract performance or if the amount is to be paid directly to the agency by the bidder. Any penalty amount assessed against the contractor may be remitted or refunded, in whole or in part, by the agency awarding the contract, only if it is established to the satisfaction of the agency that the subcontractor in question has defaulted or is no longer engaged in such business. No claim for the remission or refund of any penalty shall be granted under this section unless an application is filed within 1 year after the liability of the successful bidder accrues. All penalty amounts assessed and not refunded or remitted to the contractor shall be reverted to the State, municipality or other agency as the case may be.

5. If awarded, not to a general contractor, but to a prime contractor which contracts directly with agency awarding and/or administering the contract, such contract may include a provision in its contract specifications that the successful bidder perform a fixed percentage of the work of said public works contract up to 50% of the total contract bid. Factors to be considered by the agency awarding the contract in setting the required percentage of amount of work the successful bidder must perform may include the degree of difficulty involved in the agency's administration of the work covered under the terms of the public works contract; the degree of specialty work contemplated in the contract including, but not limited to, the amount of plumbing, electrical wiring, heating, roofing, insulation, weather-stripping, masonry, bricklaying or plastering work under the contract; and the time

period required in which to complete the public works project. The terms of the contract shall so specify reasons for the stated percentage in its general terms and conditions. The decision of the agency setting the required percentage shall not be set aside by any court of competent jurisdiction as long as there is a rational basis for setting the required fixed percentage to be performed by the contractor. If the successful bidder fails to perform pursuant to the terms of this provision, the agency awarding and/or administering the contract may invoke the provisions of § 6964 of this title.

6. No construction manager contract for public school projects may be signed unless approved by the Director.

(11) *Other contracting requirements.* — a. *Asbestos abatement.* — The selection of any contractor to perform asbestos abatement for State-funded projects shall be approved by the Office of Management and Budget pursuant to Chapter 78 of Title 16.

b. *Standards of construction; protection of physically handicapped.* — All contracts shall conform with the standards established by the Delaware Architectural Accessibility Board as authorized by Chapter 73 of this title, unless otherwise exempted by the Board.

(12) *Public bid opening requirements.* — a. Bids shall be opened publicly and the contractor and total bid price or the contractor, base bid, and alternate price should be read aloud at the time and place designated in the plans and specifications.

b. Bids shall be unconditionally accepted without alteration. After the bid opening, no corrections in bid prices or other provisions of bids prejudicial to the interests of the State or fair competition shall be permitted.

(13) *Bid evaluation, contract award and execution procedure.* —

a. The contracting agency shall award any public works contract within 30 days of the bid opening to the lowest responsive and responsible bidder, unless the agency elects to award on the basis of best value, in which case the election to award on the basis of best value shall be stated in the invitation to bid. Any public school district and its board shall award public works contracts in accordance with this section's requirements except it shall award the contract within 60 days of the bid opening. A contracting agency shall extend the 30-day bid evaluation period by a total of 5 working days and a school district shall extend the 60-day bid evaluation period by a total of 5 working days if a bid is nonresponsive or a bidder is judged to be not responsible, and the bidder cannot be notified in writing a minimum of 5 days prior to the end of the 30-day bid evaluation period in the case of an agency, or the 60-day bid evaluation period in the case of a school district. Written notification to the bidder or bidders whose bid is non-responsive or who have been determined to be not responsible shall be received at least 5 working days prior to the end of the original or the extended evaluation period and shall specify the reason or reasons why the bid is nonresponsive or the bidder determined to be not responsible. If the bid evaluation period is extended by 5 working days, the contracting agency or school district shall notify each bidder in writing prior to the end of the 30-day bid evaluation period in the case of an agency, or the 60-day bid evaluation period in the case of a school district, that the bid evaluation period is being extended by 5 working days. The written notification to all bidders shall include the calendar date by which the agency or school district shall award a contract or reject all bids.

1. Each bid on any public works contract must be deemed responsive by the agency to be considered for award. A responsive bid shall conform in all material respects to the requirements and criteria set forth in the contract plans and specifications.

2. An agency shall determine that each bidder on any public works contract is responsible before awarding the contract. Factors to be considered in determining the responsibility of a bidder include:

A. The bidder's financial, physical, personnel or other resources including subcontracts;

B. The bidder's record of performance on past public or private construction projects, including, but not limited to, defaults and/or final adjudication or admission of violations of prevailing wage laws in Delaware or any other state;

C. The bidder's written safety plan;

D. Whether the bidder is qualified legally to contract with the State;

E. Whether the bidder supplied all necessary information concerning its responsibility; and,

F. Any other specific criteria for a particular procurement, which an agency may establish; provided however, that, the criteria shall be set forth in the invitation to bid and is otherwise in conformity with state and/or federal law.

3. If an agency determines that a bidder is nonresponsive and/or nonresponsible, the determination shall be in writing and set forth the basis for the determination. A copy of the determination shall be sent to the affected bidder within 5 working days of said determination. The final determination shall be made part of the procurement file.

4. A. If the agency elects to award on the basis of best value, the agency must determine that the successful bidder is responsive and responsible, as defined in this subsection. The determination of best value shall be based upon objective criteria that have been communicated to the bidders in the invitation to bid. The following objective criteria shall be assigned a weight consistent with all of the following:

I. Price — must be at least 70% but no more than 90%.

II. Schedule — must be at least 10% but no more than 20%.

III. Performance — must be at least 10% but no more than 20%.

B. Performance criterion must be based on a contractor's performance rating as determined by the agency's performance-based rating system. The agency's performance-based rating system must be based on previous contracting performance and may not be based on a set of prescriptive rules favoring a particular business model or business procedure. The performance-

based rating system must be defined in regulations promulgated by the Secretary of the agency and must include a procedure for a contractor to appeal a performance-based rating.

C. A weighted average stated in the invitation to bid shall be applied to each criterion according to its importance to each project. The agency shall rank the bidder according to the established criteria and award to the highest ranked bidder. Every state agency and school district shall, on a yearly basis, file a report with every member of the General Assembly and the Governor that states which projects were bid under best value and what contractor was awarded each contract.

b. A contract may be awarded to a bidder other than the lowest responsible and responsive bidder if, in the opinion of the contracting agency, the interest of the agency shall be better served by awarding the contract to another bidder. Such award shall be made only if the contracting agency makes a written determination of the award describing the reason or reasons why such award better serves the interest of the agency. The reason or reasons for making such award may include, but are not limited to, unsatisfactory performance on any previously awarded contract by the bidder being rejected.

c. The successful bidder shall execute a formal contract within 20 days after the award of the contract. The contract shall be in a form with terms and conditions approved by the contracting agency. The successful bidder shall also provide a bond as required in paragraph (d)(8) of this section within 20 days after the award of the contract.

d. If the successful bidder refuses or neglects to execute a formal contract and bond as required in this subchapter, the bidder's bid bond or security deposit shall be taken and become the absolute property of the agency for the benefit of the agency as liquidated damages, and not as a forfeiture or as a penalty. Such moneys shall be deposited with the Secretary of Finance or the chief financial officer of the agency if the agency is not a state agency.

e. If 2 or more responsible and responsive bidders shall bid an equal amount and such amount shall be the lowest bid, the contracting agency may award the contract to any 1 of them or may reject all bids.

f. A contracting agency may reject all bids on any contract prior to the award of the contract for any reason it believes to be in the best interest of the agency.

g. *Electronic bid or electronic submission.* —

1. If the Office or an agency determines that an electronic bid or electronic submission is beneficial, the Office or the agency may use the selected method to obtain bids for public works contracts.

2. The solicitation must designate that the procurement method will be an electronic bid or electronic submission, a schedule of bid activities, and an electronic mail account to which the response must be sent.

3. The Office's or the agency's representative and a witness shall open the electronic mail account immediately after the closing date and time; record the names of the vendors that responded, the date and time submitted, and the bids or associated prices; and prepare a tabulation of all responsive vendors for review.

h. *On-line bidding method.* —

If the Office or an agency determines that an on-line bidding method is beneficial, the Office or the agency may use an on-line bidding method to obtain and evaluate bids for public works contracts. The Office or agency must indicate the method in the solicitation.

i. [Repealed.]

(14) *Suspension and debarment.* —

a. 1. Any contractor who fails to perform a public works contract or complete a public works project within the time schedule established by the agency in the invitation to bid, may be subject to suspension or debarment for 1 or more of the following reasons:

A. Failure to supply the adequate labor supply ratio for the project.

B. Inadequate financial resources.

C. Poor performance on the project.

D. Failure to provide required craft training under § 6960A of this title.

2. Any subcontractor who fails to provide required craft training under § 6960A of this title may be subject to suspension or debarment.

b. If a contractor fails to perform a public works contract or complete a public works project under paragraph (d)(14)a. of this section or a subcontractor fails to provide required craft training under § 6960A of this title, the agency that contracted for the public works project may petition the Director of the Office of Management and Budget for suspension or debarment of the contractor. The agency shall send a copy of the petition to the contractor within 3 working days of filing with the Director. If the Director concludes that the petition has merit, the Director shall schedule and hold a hearing to determine whether to suspend the contractor, debar the contractor or deny the petition. The agency shall have the burden of proving, by a preponderance of the evidence, that either the subcontractor failed to provide required craft training under § 6960A of this title or the contractor failed to perform or complete the public works project within the time schedule established by the agency by failing to do so for 1 or more of the following reasons:

1. Failure to supply the adequate labor supply ratio for the project.

2. Inadequate financial resources.

3. Poor performance on the project.

4. Failure to provide required craft training under § 6960A of this title.

c. 1. Upon a finding in favor of the agency under paragraph (d)(14)b. of this section because a contractor failed to perform a public works contract or complete a public works project, the Director may suspend a contractor from bidding on any project funded, in whole or in part, with public funds for up to 1 year for a first offense, up to 3 years for a second offense and permanently debar the contractor for a third offense.

2. Notwithstanding the penalties under paragraph (d)(14)c.1, of this section, upon a finding in favor of the agency that a contractor or subcontractor failed to perform the requirements under § 6960A of this title, the Director shall suspend a contractor or subcontractor who fails to perform the requirements under § 6960A of this title and shall debar the contractor or subcontractor from bidding on any project funded, in whole or in part, with public funds for up to 5 years.

d. The Director shall issue a written decision and shall send a copy to the contractor and the agency. Such decision may be appealed to the Superior Court within 30 days for a review on the record.

§ 6963. Emergency procedures and contract change orders.

(a) All of the provisions of this subchapter may be waived pursuant to § 6907 of this title.

(b) The awarding agency may issue a change order to the public works contract setting forth any change, addition or extra work required to be undertaken by the contractor. Such changes may be necessitated by changed situations, unforeseen conditions, strikes and acts of God. Change orders shall be issued for all changes or extra work determined to be necessary and requested by the agency, but not specified in the contract or its plans and specifications. The change order shall not:

(1) Be subject to the competitive bidding requirements of this subchapter; or

(2) Invalidate the contract, provided that such change is within the scope of the contract as set forth in the standard specifications, special provisions or similar publication of the agency; or

(3) Be subject to the requirement for lifecycle costing analysis as described in §§ 6902 and 6909A(a) of this title.

(70 Del. Laws, c. 601, § 9; 74 Del. Laws, c. 419, § 9.)

§ 6964. Contract performance.

If any firm entering into a public works contract neglects or refuses to perform or fails to comply with its terms, the agency may terminate the contract and proceed to award a new contract in accordance with this subchapter or may require the surety on the performance bond to complete the contract in accordance with the terms of the performance bond.

(70 Del. Laws, c. 601, § 9.)

§ 6965. Sole source procurement.

(a) A contract may be awarded for a public works project without competition if the agency head, prior to the procurement, determines in writing that there is only 1 source for the required public works project. Sole source procurement shall not be used unless there is sufficient evidence that there is only 1 source for the required public works project and that no other type of public works project will satisfy the requirements of the agency. The agency shall examine cost or pricing data, which shall include lifecycle costing analysis as described in §§ 6902 and 6909A(a) of this title if the sole source offers more than 1 type or variety of equipment prior to an award under this section. Sole source procurement shall be avoided, except when no reasonable alternative sources exist. A written determination by the agency on the basis for the sole source procurement shall be included in the contract file.

(b) An agency seeking a sole source procurement shall prepare written documentation citing the existence of a sole source condition. The document shall include the specific efforts made to determine the availability of any other source and an explanation of the procurement need. The agency may, for confirmation, submit this documentation to the Section for review and comment prior to the intended date of award.

(c) The agency shall negotiate with the single supplier, to the extent practicable, a contract advantageous to the agency. The agency shall enter into a formal contract stating the terms and conditions of the procurement.

(70 Del. Laws, c. 601, § 9; 74 Del. Laws, c. 419, § 10; 75 Del. Laws, c. 88, § 22.)

§ 6966. Multiple source contracting.

An agency may award a contract for a particular public works project to 2 or more firms if the agency head makes a determination that such an award is in the best interests of the State. If such a determination is made, the advertisement shall include a notification of the right of the agency to make such an award and the criteria upon which such an award will be based.

(70 Del. Laws, c. 601, § 9.)

§ 6967. Requirement of occupational and business license [For application of (b) and (c), see 79 Del. Laws, c. 401, § 4].

(a) All contractors, subcontractors and independent contractors shall have a proper and current occupational and/or business license, as required by Title 30, to enter or perform work under a public works contract. It is the responsibility of a contractor to verify and make a record that all subcontractors or independent contractors working for such contractor pursuant to a public works contract shall have their occupational and/or business licenses, as required by Title 30.

(b) No agency shall accept a proposal for a public works contract unless such contractor has provided a proper and current copy of its occupational and/or business license, as required by Title 30, to such agency.

(c) Any contractor that enters a public works contract must provide to the agency to which it is contracting, within 30 days of entering such public works contract, copies of all occupational and business licenses of subcontractors and/or independent contractors that will perform work for such public works contract. However, if a subcontractor or independent contractor is hired or contracted more than 20 days after the contractor entered the public works contract the occupational or business license of such subcontractor or independent contractor shall be provided to the agency within 10 days of being contracted or hired.

(d) Any contractor, subcontractor or independent contractor that does not have a proper and current occupational and/or business license, as required by Title 30, while working under a public works contract shall be subject to a civil penalty not to exceed \$1,000. Such penalty shall be enforced by the Director of Revenue and administered in accordance with Chapters 3 and 5 of Title 30. This penalty shall be in addition to any other penalties imposed pursuant to Title 30.

(79 Del. Laws, c. 401, § 1.)

§ 6968. Requirement of certificate of registration.

(a) After a bid proposal for a public works contract is submitted, but before the award of a public works contract, a contractor must provide the agency to which it is contracting a copy of the certificate of registration under Chapter 36 of Title 19 for each subcontractor listed in the bid proposal.

(b) An agency shall provide contractors and subcontractors the opportunity to register under Chapter 36 of Title 19 before the award of a contract.

§ 6970. Open-end contract process for highway construction and reconstruction.

(a) *Legislative findings.* — The General Assembly finds that certain market conditions, including but not limited to a diminished number of available private contractors and/or limits on competitive pricing opportunities for basic materials, can impede the State's ability to complete its highway construction and reconstruction projects on a timely and useful schedule. Under these circumstances, the General Assembly finds that the limited use of an open-end contract process for such work may enable the Department of Transportation to meet its capital improvement schedules despite these impediments.

(b) Notwithstanding any portion of this chapter to the contrary, the Department of Transportation is hereby authorized to use an open-end contract process for highway construction and reconstruction projects, under the following terms and conditions:

(1) As used herein, "open-end contract" means a contract for highway construction and reconstruction work to be performed for a defined period of time, not to exceed 3 years, in which the Department may designate 1 or more locations for highway construction and reconstruction projects to be completed during the contract period, and in which the payments for the work to be performed at such locations are calculated based on a unit price/item basis during the contract period.

(2) The Department shall limit the use of this contract process to no more than 25% of its total authorized capital improvement budget for the applicable fiscal year or years, in order to provide adequate alternative contracting opportunities for those seeking to work on other Departmental highway construction and reconstruction projects.

(3) The Department may award open-end contracts to more than 1 firm, for work anywhere within the State, as it deems necessary.

(4) In all other respects, the award and execution of open-end contracts shall be deemed to have complied with the provisions of this subchapter.

(74 Del. Laws, c. 308, § 108.)

§ 6970A. Design-build contracting for Transportation Trust Fund projects.

(a) As used herein, "design-build contracting" is a project delivery method under which the procurement of both the design and construction of a project is done in a single contract with a company or combination of companies capable of providing the necessary engineering services and construction.

(b) Notwithstanding any portion of this chapter to the contrary, the Department of Transportation is hereby authorized to use design-build contracting method, under the following terms and conditions:

(1) The contract terms shall include provisions to pay the prevailing wage rates as provided in § 6960 of this title, in conjunction with federal prevailing wage rates for such work;

(2) The contracts shall adhere to § 6962(d)(4)a., (d)(7) and (d)(8) of this title;

(3) Any such contracts shall conform to all applicable federal laws and regulations concerning design-build contracting, including but not limited to 23 C.F.R. Part 636, without regard to the source of funds; and

(4) Any design-build contract for the construction of any transportation facility shall also be subject to the provisions of Chapter 8 of Title 17.

(c) The use of design-build contracting shall be used at the discretion of the Secretary of the Department of Transportation for specialized projects that have time constraints, unique site conditions, specialized construction methods or similar complexities and is expected to be used on a limited basis.

(80 Del. Laws, c. 107, § 1.)

Subchapter V

The Energy Performance Contracting Act

§ 6971. Short title; declaration of policy.

(a) This subchapter shall be known and may be cited as the “Energy Performance Contracting Act.”

(b) The General Assembly finds that investment in energy conservation measures in agency facilities can reduce the amount of energy consumed and produce immediate and long-term savings. It is the policy of this State to encourage agencies to invest in energy conservation measures that reduce energy consumption, produce a cost savings for the agency, and improve the quality of indoor air in public facilities and to operate, maintain, and when economically feasible, build or renovate existing agency facilities in such a manner as to minimize energy consumption and maximize energy savings. It is further the policy of this state to encourage agencies to reinvest any energy savings resulting from energy conservation measures in additional energy conservation efforts.

(75 Del. Laws, c. 67, § 2.)

§ 6972. Definitions.

As used in this subchapter:

(1) “Agency” means any state agency, authority, or any political subdivision of state or local government, including, but not limited to, county, city, township, village or municipal government, local school districts, and institutions of higher education, any state-supported institution, or a joint action agency composed of political subdivisions.

(2) “Energy and operational cost savings” means a measured reduction in the cost of fuel, energy consumption, and stipulated operation and maintenance created from the implementation of 1 or more energy conservation measures when compared with an established baseline for the previous cost of fuel, energy consumption, and stipulated operation and maintenance.

(3) “Energy conservation measure” means a training program, facility alteration, facility improvement, or equipment purchase to be added or used in any facility that is designed to reduce energy or operating costs and includes, but is not limited to:

a. Insulation of the facility structure and systems within the facility;

(d) The qualified provider shall be selected pursuant to § 6924 of this title.

(e) The selected qualified provider shall prepare a financial grade energy audit which, upon acceptance, shall be part of the final performance contract which shall be executed with the agency. Notwithstanding the foregoing, if after preparation of the financial grade energy audit the governmental unit decides not to execute a performance contract, then the costs incurred in preparing such financial grade energy audit shall be paid to the qualified provider by the agency, otherwise the costs of the financial grade energy audit shall be deemed part of the costs of the performance contract.

(f) Simultaneous with the execution of a contract for energy conservation measures, the agency shall require the qualified provider to provide a payment and performance bond relating to the installation of energy conservation measures in the amount equal to 100% of the value of the performance contract.

(g) Where appropriate, agencies shall determine cost-effectiveness based on the life-cycle costs of combinations of conservation measures, particularly to encourage bundling of energy efficiency projects with onsite generation and renewable energy projects.

(a) Each governmental unit shall allocate sufficient moneys for each fiscal year to make payment of any amounts payable by the governmental unit under performance contracts during that fiscal year.

(b) The agency engaging in the performance contract shall retain the savings realized by entering into the performance contract. In no event shall the agency utilize such savings to supplant otherwise appropriated funds for the agency.

(c) A governmental unit may use funds designated for operating, energy, or capital expenditures for any performance contract, including, without limitation, for purchases on an installment payment or lease purchase basis.

(d) Grants, subsidies, or other payments from the State to an agency shall not be reduced as a result of energy savings obtained as a result of a performance contract during the life of the contract.

(e) A performance contract, and payments provided there under, may extend beyond the fiscal year in which the performance contract became effective, subject to appropriation of moneys, if required by law, for costs incurred in future fiscal years. The performance contract may extend for a term not to exceed 20 years.

(f) No obligation of the State or an agency under an installment payment agreement, a guaranteed energy performance contract or any other agreement entered into in connection with a project under this Chapter 69 or Chapter 80 of this title shall constitute or create a debt of the State or agency. No such obligation of the State or an agency shall constitute a tax supported obligation or a bond or a note of the State as provided in Chapter 74 of this title.

(75 Del. Laws, c. 67, § 2; 77 Del. Laws, c. 222, § 2.)

§ 6975. Monitoring and reporting.

Subchapter VI Professional Services

§ 6980. Small professional services procurement process.

Any state contract for which an agency is a party with probable fees, including reimbursable expenses and amendments, less than the threshold amount or amounts established by the Contracting and Purchasing Advisory Council pursuant to § 6913 of this title for the completed job shall be excluded from all other portions of this subchapter. Agencies may, alternately, at their discretion, procure services which include materiel other than professional services in accordance with § 6924 of this title.

(70 Del. Laws, c. 601, § 9; 71 Del. Laws, c. 4, §§ 10, 11.)

§ 6981. Large professional service procurement process.

(a) Any state contract for which an agency is a party with probable fees, including reimbursable expenses and amendments, greater than the threshold amount or amounts established by the Contracting and Purchasing Advisory Council pursuant to § 6913 of this title for the completed job will be subject to the provisions of this subchapter. Agencies may, alternately, at their discretion, procure services which include materiel other than professional services in accordance with § 6924 of this title.

(b) Each agency shall publicly announce, not less than once a week for 2 consecutive weeks in a newspaper published or circulated in each county of the State, when professional services are required except:

- (1) In case of critical needs so certified pursuant to § 6907 of this title; or
- (2) Where professional services are determined by the agency to be necessary during the course of completion of a previously awarded contract and:
 - a. The agency determines that it would be in the best interest of the State to procure such additional or supplemental professional services from a firm already under contract for which the supplemental and additional professional services are required; and
 - b. Such additional or supplemental professional services are within the scope of the contract.

(c) Subject to the exceptions of subsection (b) of this section, each agency shall publicly announce each professional services contract subject to subsection (a) of this section by electronic publication accessible to the public in a manner prescribed pursuant to § 6902(11) of this title for 2 consecutive weeks.

(d) Such announcement shall include:

- (1) The project identification;
- (2) General description and scope of the project;
- (3) Location;
- (4) Deadline for submission of brief letters of interest;
- (5) Criteria for selection of professionals including any special criteria required for any particular project;
- (6) Indication of how interested professionals can apply for consideration;
- (7) The agency's intention to award to more than 1 firm, if applicable; and
- (8) A description of the selection process to be used, as defined in § 6982 of this title.

(e) Additional advertising shall be at the discretion of the agency.

(f) Each agency shall establish written administrative procedures for the evaluation of applicants. These administrative procedures shall be adopted and made available to the public by each agency before publicly announcing an occasion when professional services are required. One or more of the following criteria may be utilized in ranking the applicants under consideration:

- (1) Experience and reputation;
- (2) Expertise (for the particular project under consideration);
- (3) Capacity to meet requirements (size, financial condition, etc.);
- (4) Location (geographical);
- (5) Demonstrated ability;
- (6) Familiarity with public work and its requirements; or
- (7) Distribution of work to individuals and firms or economic considerations.

(g) In addition to the above, other criteria necessary for a quality, cost-effective project may be utilized.

(h) Each project shall be given individual attention, and a weighted average may be applied to criteria according to its importance to each project.

(i) For the selection process described in § 6982(b) of this title, price may be a criteria used to rank applicants under consideration.

(j) If the Office or an agency determines that an electronic submission is beneficial, the Office or the agency may use this method to obtain proposals for professional services contracts.

(1) The solicitation must designate that the procurement method will be an electronic submission, a schedule of bid activities, and an electronic mail account to which the responses must be sent.

(2) The Office's or the agency's representative and a witness shall open the electronic mail account immediately after the closing date and time; record the names of the vendors that responded and the date and time submitted; and prepare a tabulation of all responsive vendors for review.

(70 Del. Laws, c. 601, § 9; 78 Del. Laws, c. 288, § 4; 81 Del. Laws, c. 298, § 5; 82 Del. Laws, c. 36, § 1; 83 Del. Laws, c. 56, § 37; 84 Del. Laws, c. 124, § 1.)

§ 6982. Selection.

(a) Agencies shall use the selection process described in paragraphs (a)(1) through (5) of this section for those professional services within the scope of the practice of architecture, professional engineering, including, but not limited to, environmental engineering, consulting and environmental monitoring, professional land surveying, construction management, landscape architecture and geology as defined and authorized by the laws of the State or those services performed by persons engaged in the above-mentioned professions in connection with their professional employment or practice.

(1) Based upon the criteria established pursuant to § 6981(f) of this title, the agency shall rank, in order of preference, the applicants deemed to be qualified to perform the required services.

(2) Beginning with the qualified firm designated first on the preference list, the agency shall negotiate for professional services at compensation which the agency determines is fair and reasonable. The agency shall conduct an analysis of the cost of the professional services required, in addition to considering their scope and complexity. Fee proposals shall not be solicited from this or any other firm on the preference list for use in comparison of fee negotiations. The agency may require the firm receiving the award to execute a truth-in-negotiation certificate stating the wage rates and other factual unit costs supporting the compensation are accurate, complete and current at the time of contracting. All professional service contracts shall provide that the original contract price and any additions thereto shall be adjusted to exclude any significant sums where the agency determines the contract price was increased due to inaccurate, incomplete or noncurrent wage rates and other factual unit costs. All such contract adjustments shall be made within 1 year following the end of the contract.

(3) Should the agency be unable to negotiate a satisfactory contract with the qualified firm designated to be first on the preference list, at a price the agency determines to be fair and reasonable, negotiations with that firm shall be formally terminated. The agency may negotiate with the remaining firms by order of ranking. At any point in the negotiations process, the agency may, at its discretion, terminate negotiations with any or all firms.

(4) After accomplishing the evaluation and conducting discussions and negotiations, the agency shall select 1 applicant and prepare a public notice within 10 days after awarding the contract stating the firm selected. This notice will appear in a statewide news publication or by letter to all applicants. If the agency has elected to select multiple firms, the agency shall continue the selection process by negotiating with the next firm on the preference list. This process shall be continued until the required number of vendors have been selected.

(5) It shall be the responsibility of the professional services firm to be current with any professional registration or certification as required by law.

(b) For all professional services not described in subsection (a) of this section, agencies shall use the selection process described in paragraphs (b)(1) through (3) of this section.

(1) Based upon the criteria established pursuant to § 6981(f) of this title, the agency shall determine all applicants that meet the minimum qualifications to perform the required services.

(2) The agency shall then interview at least 1 of the qualified firms. The agency may negotiate with 1 firm without terminating negotiations with another firm and may negotiate with 1 or more firms during the same period. At any point in the negotiation process, the agency may, at its discretion, terminate negotiations with any or all firms.

(3) The agency may require the firm with whom the agency is negotiating to execute a truth-in-negotiation certificate stating the wage rates and other factual unit costs supporting the compensation are accurate, complete and current at the time of contracting. All professional service contracts shall provide that the original contract price and any additions thereto shall be adjusted to exclude significant sums where the agency determines the contract price was increased due to inaccurate, incomplete or noncurrent wage rates and other factual unit costs. All such contract adjustments shall be made within 1 year following the end of the contract.

(59 Del. Laws, c. 573, § 1; 60 Del. Laws, c. 589, § 1; 70 Del. Laws, c. 601, § 9; 78 Del. Laws, c. 288, § 4.)

§ 6983. State assistance to local governmental units.

The Office of Management and Budget shall provide assistance in selecting professional services firms and negotiating professional service contracts upon the request by an agency, municipality or political subdivision. The Office shall be reimbursed by the municipality or political subdivision for all costs involved.

(59 Del. Laws, c. 573, § 1; 60 Del. Laws, c. 589, § 1; 70 Del. Laws, c. 601, § 9; 75 Del. Laws, c. 88, § 16(5).)

§ 6984. Administrative provisions.

In the case of any contract entered into by an agency other than any county of this State and other than a public school district, and which is not excluded under §§ 6980 and/or 6981 of this title, no contract shall be executed unless and until the firm has provided the agency with its taxpayer identification number (i.e., federal employer identification number or Social Security number) or its Delaware business license number and, within 15 days of the time identification of any subcontractor shall be required or at the time the contract is executed, whichever is later, the number of such subcontractor. The agency shall report to the Division of Revenue each firm and subcontractor selected for an award within 15 days of identification of such firm or subcontractor under this section unless the Director of the Division of Revenue notifies the agency of criteria according to which, in the Director's discretion, reporting is not required, and the contract meets such criteria.

(59 Del. Laws, c. 573, § 1; 60 Del. Laws, c. 589, § 1; 61 Del. Laws, c. 3, § 3; 70 Del. Laws, c. 94, § 2; 70 Del. Laws, c. 601, § 9.)

§ 6985. Sole source procurement.

(a) A contract may be awarded for professional service without competition if the agency head, prior to the procurement, determines in writing that there is only 1 source for the required professional service. Sole source procurement shall not be used unless there is sufficient evidence that there is only 1 source for the required professional service and that no other type of professional service will satisfy the requirements of the agency. The agency shall examine cost or pricing data prior to an award under this section. Sole source procurement shall be avoided, except when no reasonable alternative sources exist. A written determination by the agency on the basis for the sole source procurement shall be included in the contract file.

(b) An agency seeking a sole source procurement shall prepare written documentation citing the existence of a sole source condition. The document shall include the specific efforts made to determine the availability of any other source and an explanation of the procurement need. The agency may, for confirmation, submit this documentation to the Section for review and comment prior to the intended date of award.

(c) The agency shall negotiate with the single supplier, to the extent practicable, a contract advantageous to the agency. The agency shall enter into a formal contract stating the terms and conditions of the procurement.

(70 Del. Laws, c. 601, § 9; 75 Del. Laws, c. 88, § 22.)

§ 6986. Multiple source contracting.

An agency may award a contract for a particular professional service to 2 or more firms if the agency head makes a determination that such an award is in the best interests of the State. If such a determination is made, the advertisement shall include a notification of the right of the agency to make such an award and the criteria upon which such an award will be based.

(70 Del. Laws, c. 601, § 9.)

§ 6987. Cooperative procurement.

The Section may, with written approval by the Director, allow an agency to participate in, sponsor, conduct or administer a cooperative agreement for the procurement of professional services with 1 or more public procurement units either within this State, with or within another state, or with a consortium of other states in accordance with an agreement entered into between the participants. Such agreement may include material and/or nonprofessional services with professional services. The other provisions of this subchapter shall not apply when an agency participates in an existing cooperative agreement for the procurement of professional services with a contractor holding a current contract as part of such cooperative agreement.

(73 Del. Laws, c. 427, § 1; 77 Del. Laws, c. 327, § 30; 80 Del. Laws, c. 323, § 1.)

§ 6988. Purchases using federal contracts.

The Director may enter into negotiations with various manufacturers or distributors and award contracts which will enable agencies and local governments to purchase professional services at prices approved by the General Services Administration of the United States government or its successor.

(80 Del. Laws, c. 323, § 1.)

- a. Reducing or avoiding costs.
- b. Increasing economic productivity.
- c. Improving client outcomes.
- d. Creating high wage jobs.

(2) After the Director approves the schedule under paragraph (d)(1) of this section, the agency head must request an appropriation from the General Assembly as part of the agency's annual budget request, in the amount required under the schedule to meet the funding requirements under the pay for success contract, during each fiscal year under the term of the contract.

Sale of State-Owned Materiel

§ 7001. Definitions.

(a) As used in this chapter, “agency” includes every board, department, bureau, commission, person or group of persons or other authority created and now existing or hereafter to be created to execute, supervise, control and/or administer governmental functions under the laws of this State or to perform such other duties as may be prescribed or to whom any moneys are appropriated under any budget appropriation act or supplemental appropriation act or any other act which authorizes and requires any department to collect and/or use any taxes, fees, licenses, permits or other receipts for services or otherwise for the performance of any function of or related to or supported in whole or in part by the laws of this State, and/or created to administer any laws providing for the collection of taxes, fees, permits, licenses or other forms of receipts from any sources whatsoever for the use of the State or any agency of the State.

(b) As used in this chapter, the term “materiel” shall mean materials, equipment, vehicles, tools, supplies and any other personal property, but does not include real property such as, but not limited to, land, ponds and buildings.

(29 Del. C. 1953, § 7001; 55 Del. Laws, c. 326; 68 Del. Laws, c. 233, § 1.)

§ 7002. Public auction and/or disposal of state-owned property.

(a) All equipment, supplies and materiel, including vehicles, purchased in whole or in part with state-appropriated funds shall be considered as assets of the State and not of the state agency which holds or uses the materiel. When materiel so held or used is determined by a state agency to be in excess of its needs, it shall be reported by memorandum to the Office of Management and Budget, Government Support Services Section for appropriate reallocation or disposal.

(b) When Government Support Services determines that the materiel, with the exception of vehicles and computer equipment, so reported by the agency has additional useful life, Government Support Services shall give 2 weeks’ written notice to State agencies, volunteer ambulance services, volunteer rescue services and volunteer fire departments of the availability of such materiel. Requests for such materiel shall be submitted in writing to Government Support Services. In the event 2 or more agencies request the same materiel, the Section shall make the appropriate determination as to allocation. Vehicles can be made available to agencies at fair market value as determined by the Section. Vehicles not purchased by agencies may be made available, at fair market value as determined by the Section, to any private organization that is exempt from taxation under § 501(c) of the Federal Internal Revenue Code [26 U.S.C. § 501(c)] and whose headquarters is in the State. Requests for vehicles by eligible private, nonprofit organizations, as defined herein, shall be submitted in writing to Government Support Services. Whenever any computers, computer equipment or software are deemed surplus, obsolete or no longer suitable for the purpose for which they were intended, Government Support Services shall offer to the Department of Education’s Partners in Technology Group those assets prior to disposal or disposition to any other group or agency. Upon acceptance, the Partners in Technology Group will pick up the computer equipment from the holding agency at no charge. Government Support Services shall dispose of the computer equipment refused by the Partners in Technology Group following the procedures established in subsection (c) of this section.

(c) In the event that no state agencies, volunteer ambulance services, volunteer rescue services or volunteer fire departments and in the case of vehicles, private, non-profit organizations, as defined in subsection (b) of this section request such materiel within the 2-week period, Government Support Services shall transfer the materiel to an appropriate storage area. The materiel can then be made available to other political subdivisions, nonprofit organizations, or the general public at reasonable cost as determined by the Section. The Section may arrange for public auction of such materiel when the quantity or size of the materiel makes removal from the site of the disposing agency unwarranted, or when it is in the best interest of the State.

(d) Notice of auctions shall be advertised at least once a week for 2 consecutive weeks in a Delaware newspaper circulated in each county of the State; provided, however, that if the anticipated proceeds of such auction are equal to or less than the cost of handling and advertising, the advertising requirement may be waived at the discretion of the Director of the Office of Management and Budget. The materiel shall be sold to the highest bidder at such auction. Any materiel remaining after being offered at such auction shall be disposed of by the Office of Management and Budget in the best interests of the State. All proceeds from such auctions shall be deposited with the State Treasurer.

(e) The term “excess,” as used in the section, shall not apply to used materiel which is being replaced in kind. In the event an agency determines to replace materiel, the agency may “trade in” such materiel on similar materiel with the exception of vehicles, or it may sell such materiel and credit the receipt in accordance with § 6102(c) of this title. Nothing in this section shall interfere with the right of Government Support Services to transfer or sell such equipment within the State to the groups as provided for in subsection (c) of this section at mutually agreed values prior to the public auction. The sale shall be conducted for the agency by the Office of Management and Budget, Government Support Services Section upon written request of the agency.

Subject to the limitations imposed by this subsection, but any other law to the contrary notwithstanding, refunding bonds may be sold at public or private sale, above or below par, with principal installments payable at such times and in such amounts and on such other terms and conditions as the issuing officers determine. Without limiting the foregoing, refunding bonds are not required to pay current interest for all or any portion of the issue, and thus may be "zero coupon" or "capital appreciation" bonds.

(5) No refunding bonds may be issued unless all or a portion of the proceeds of the refunding bonds are deposited irrevocably in an account pledged to pay, and are sufficient together with any other available assets in such account to meet, the payment when due of the principal, premium (if any) and interest on the bonds to be refunded. The proceeds of the refunding bonds pledged to pay the bonds to be refunded may be invested in direct obligations of, or obligations the principal of and interest on which are guaranteed by, the United States government.

(6) Any other law to the contrary notwithstanding, the issuing officers, by resolution adopted by unanimous vote, may resolve to issue refunding bonds to refund the State's Certificates of Participation (Real Estate Acquisition Program) Series 1989 so long as the other requirements of this section are satisfied and assuming that said Certificates of Participation are treated as the bonds to be refunded.

§ 7403. Notes.

In anticipation of the issuance of bonds, the issuing officers may issue and sell notes of the State at either public or private sale for not less than par and accrued interest, at a rate to be determined by the issuing officers. Such notes may be issued for a period of not exceeding 1 year and may be renewed from time to time for periods not exceeding 1 year but all such notes, including renewals, shall mature and be paid from sources, including the proceeds of bonds, but other than the proceeds of notes, not later than 4 years after their initial date of issuance. No notes shall be issued in excess of the amount of bonds authorized and unissued in anticipation of which the notes are issued. All other terms, forms and contents of such notes shall be determined by the issuing officers subject to this chapter.

§ 7404. Revenue notes.

(a) If, at any time during any fiscal year, but prior to June 25 of that year, there should be a casual deficiency of revenue in the General Fund to pay General Fund obligations or to pay existing debts, the Governor, Secretary of State and State Treasurer (the “issuing officers”) are authorized to issue revenue anticipation notes of the State in an amount they determine necessary to meet and to pay any or all of such obligations or debts.

(b) The issuing officers are hereby authorized to determine the terms, form and contents of such notes and to sell such notes, at such price or prices, at such rate or rates, at public or private sale, in such manner and from time to time, subject to this chapter, as they shall determine. Such notes and any renewals thereof shall mature within 1 year from date of the original issuance of such notes, and shall be payable at a bank (herein referred to as “the bank”) chosen at the discretion of the issuing officers. Such notes shall be imprinted with the stamp of the Governor’s signature and the stamp of the signature of the Secretary of State, and shall be manually signed by the State Treasurer. The Great Seal shall be impressed on all such notes or shall be reproduced thereon, in facsimile, and such signatures and such notes shall be authenticated by an officer of the bank.

(c) The faith and credit of the State are hereby pledged for the payment of the principal of and interest on such notes. All expenses incidental to the advertisement, preparation, issuance and delivery of revenue anticipation notes and the principal of and interest on such notes shall be paid by the State Treasurer from the General Fund.

(d) If, at any time during the fiscal year, but prior to June 15, there shall be a casual deficiency of revenue in the General Fund to pay General Fund obligations or to pay existing debts, the State Treasurer may transfer available money from the State’s special funds to the General Fund to pay such obligations or debts. Such money shall be reimbursed to the appropriate special funds as soon as sufficient General Fund moneys become available, but not later than June 15.

(a) The resolution of the issuing officers authorizing the issuance of bonds may include provisions for the date or dates of such bonds; the maturity of such bonds, which shall not exceed 20 years from their date; provisions for serial, term or “capital appreciation” bonds; sinking fund or reserve fund requirements, if any; due dates of the interest thereon; the form of bonds (including whether bonds shall be certificated or uncertificated); the denominations and designation of bonds; registration, conversion and transfer privileges; the terms of redemption with or without premium; the date and manner of sale of bonds (which may be a public or private negotiated sale at a price above or below par); provisions for the consolidation of bonds authorized to finance all or a portion of the costs of projects authorized in 1 or more authorization acts with bonds authorized by 1 or more authorization acts; limitations with respect to the interest rate or rates on bonds; provisions for receipt and deposit or investment of the good faith deposit pending delivery of bonds and such other terms and conditions of bonds and of the issuance and sale thereof as the issuing officers may determine to be in the best interests of the State.

(b) Notwithstanding the foregoing provisions of this section or any other law to the contrary, the issuing officers shall be required to provide in the resolution authorizing the issuance of general obligation bonds of the State (other than capital appreciation bonds as defined in § 7425 of this title):

(1) For the payment of bonds in annual installments, the first of which shall be not more than 1 year from the date of such bonds; and

(2) That no annual installment, except in the case of refunding of the bonds, shall be more than any prior installment of those bonds.

(b) Interest coupons on certificated obligations shall bear the facsimile signature of the State Treasurer. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons, notes or revenue notes, shall cease to be such officer before the delivery of such obligations, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes as if the officer had remained in office until such delivery.

Such contract may be terminated by the State Treasurer at any time, if so directed by the issuing officers. Any such contract shall be filed in the office of the State Treasurer as a public record.

(2) Adequate security to indemnify the State and the bank or banks at which the bond, coupon, note or revenue note is payable against any loss that may be suffered by them on account of the issuance of such replaced obligation; and

(3) Payment of the cost of preparation of the replacement obligation.

(b) Any replacement bond, coupon, note or revenue note shall be of the same form and tenor as those originally issued, shall be executed by the manual or facsimile signature of the officers in office at the time of the replacement and shall bear an impression or reproduction of the Great Seal of the State or a facsimile thereof. A facsimile of the State Treasurer's signature may appear on coupons but on a bond, note or revenue note the signature of the State Treasurer shall be in the State Treasurer's own proper handwriting. (a) (1) All proceeds from the sale of bonds or notes other than premium or accrued interest must be deposited by the State Treasurer in a special fund or funds of the State and applied for the purposes for which the bonds or notes were issued or as otherwise provided by law. All proceeds from the sale of revenue notes and all accrued interest from the sale of bonds or revenue notes must be deposited by the State Treasurer in the General Fund. Any premium from bonds or revenue notes, except for any premium received on refunding bonds, sold after January 1, 2004, including any such premium previously deposited in the General Fund, must, at the discretion of the Director of the Office of Management and Budget, Controller General, and the Secretary of Finance, be deposited in 1 of the following.

b. An escrow fund to redeem, refund, or defease debt service on existing bonds or notes of the State, or debt service on any debt or other obligation of an instrumentality of the State.

(2) If a deposit is made under paragraph (a)(1) of this section, bond authorization must be reduced by a corresponding amount. Under no circumstances may any proceeds, premium, or accrued interest be applied to pay the costs of any project not authorized by the General Assembly.

(b) The State may advance money to a special fund of the State established to hold money raised or to be raised to finance costs of projects authorized to be financed with the proceeds of bonds or notes after the adoption of an authorization act but prior to the issuance of bonds or notes authorized to be issued by that authorization act. Money may be advanced, in an amount not exceeding the greater of 3% of the estimated net General Fund revenue for that fiscal year from all sources (not including unencumbered funds remaining at the end of the previous fiscal year) as determined by joint resolution approved by a majority of the members elected to each House of the General Assembly and signed by the Governor in connection with the adoption of the annual budget appropriation bill for that fiscal year, or \$ 150,000,000, from any other fund of the State unless prohibited by any other law. § 7416. Timetable for use of funds and the sale of bonds and notes; commencement of authorized project.

(a) No funds appropriated by an authorization act shall be encumbered more than 3 years after the passage of such act for any individual project unless:

(1) Such project has progressed into any of the following phases prior to that date: Planning, initial engineering, land, building or equipment acquisition, construction or reconstruction; and

(2) Eighty-five percent of the project costs have been expended on 1 or more of such phases.

(b) No bonds or notes shall be issued or funds borrowed pursuant to an authorization act, 4 years after the passage of such act, except:

(c) Any project authorized to be undertaken with the proceeds of bonds of the State shall commence in the fiscal year in which it is authorized. If such duly authorized project has not proceeded into 1 or more of the phases identified in subsection (a) of this section within 18 months from the effective date of the original authorization, the authorized but unsold portion of the bonds shall automatically be deauthorized and any unspent cash balances shall be reverted to the Bond Reversion Account to be applied to the costs of any other authorized project, pursuant to § 7418 of this title.

(b) Vouchers for the payment of principal of, premium, if any, and interest on bonds, notes and revenue notes for payment of expenses incident to the issuance of such obligations shall be signed by the State Treasurer.

(c) Any appropriation made by the General Assembly to pay principal of, premium, if any, and interest on bonds, notes or revenue notes may be applied to pay principal of, premium, if any, and interest on obligations of other issuers pursuant to an agreement made by the issuing officers with a person agreeing to pay principal of, premium, if any, or interest on bonds, notes or revenue notes issued by the State.

(d) If, at any time, the State fails to make sufficient provisions to pay such principal of, premium, if any, and interest on bonds, notes or revenue notes, or, at the time such principal, premium or interest is payable sufficient moneys are unavailable for such payment, a sufficient sum shall be set apart by the State Treasurer from the first revenues thereafter received by the State and shall be applied to such purposes. The State Treasurer may be required to set apart and apply such revenues as provided herein at the suit of any holder of obligations for which such insufficient provision is made.

(a) Delaware Technical and Community College, Delaware State University and all state departments and agencies shall submit to Facilities Management of the Office of Management and Budget all proposed contracts for architectural services and all architectural, structural, electrical and mechanical plans, specifications and cost estimates. Facilities Management of the Office of Management and Budget shall be responsible for reviewing and approving such plans, specifications and cost estimates prior to bid advertisement, and no such contracts nor contracts for construction and reconstruction of such projects (except highway construction and reconstruction contracts and school district minor capital improvements contracts) shall be executed without the prior approval of Facilities Management of the Office of Management and Budget. All such contracts shall be let on the condition, among others, that the contractor comply with the State's equal opportunity laws. Facilities Management of the Office of Management and Budget shall insure that approved projects are not inconsistent with any authorization of budget act.

(b) Each state agency, department and institution of higher learning to which proceeds of bonds or notes are appropriated, must, on an annual basis, report to the Director of the Office of Management and Budget the status and anticipated cash flow for each project which is not complete.

(a) All new construction and/or reconstruction of existing structures financed with the proceeds of bonds or notes shall comply with flood plain management requirements adopted by the municipality in which such structure is located pursuant to the National Flood Insurance Act of 1968 (42 U.S.C. § 4011 et seq.), as amended, or successor acts. If any such structure is in a flood program nonparticipating municipality, then the State shall comply with the criteria set forth in Chapter 55 of Title 24 of the Code of Federal Regulations (24 C.F.R. § 55.1 et seq.) issued pursuant to the National Flood Insurance Act of 1968, as amended, or successor acts.

(b) All projects funded with the proceeds of bonds or notes shall be built to standards that are no less stringent than American Society of Heating, Refrigerating, and Air Conditioning Engineering, Inc., Standard 90-75, or successor standards.

(c) The restrictions imposed by this section shall be applicable to projects for which no expenditure has been made prior to July 12, 1979, unless such project has been made subject to the same restrictions by another act of the General Assembly or by contract.

(d) The department, agency or other body of the State to which proceeds of bonds or notes are appropriated shall require the inspection of buildings to be constructed, reconstructed or rehabilitated with the proceeds of bonds or notes, and, at the discretion of the Director of the Office of Management and Budget, shall require the inspection of other structures to be financed with the proceeds of such obligations excluding highways, roads and bridges. Proceeds of bonds or notes shall be allocated to provide for the cost of inspecting the projects to be financed with such funds. The portion of the total funds appropriated to the cost of any such inspection shall not exceed the following percentages of such total funds appropriated to the cost of such projects:

- (1) Projects with a maximum cost in excess of \$1,000,000 1½%
- (2) Projects with a maximum cost of \$1,000,000 or less 1¾%

If a department, agency or other body retains a construction manager, retention of an inspector shall be discretionary with the department, agency or other body regardless of the total maximum cost of the project. In contracting for the inspection of such projects, first preference shall be given to an experienced and able Delaware organization offering to provide such inspection services on a nonprofit, at-cost basis. Such contracts shall not be deemed public works contracts as defined in 54 Del. Laws, c. 106, as amended (Chapter 69 of this title, as amended). If no such organization is able or willing to perform such inspection services on such nonprofit, at-cost basis, then the contracts for such services may be let with profit-making organizations subject to 54 Del. Laws, c. 106, as amended (Chapter 69 of this title, as amended).

§ 7422. Limitations on debt and other obligations.

(a) For the purposes of this section:

(1) "Aggregate maximum annual payments" on all tax supported obligations and all Transportation Trust Fund debt obligations outstanding, plus certain lease obligations as described in subsection (c) of this section, means the maximum payments due with respect to all such obligations in any 1 fiscal year. In any case where the terms of any such obligation include limitations on the incurrence of additional debt, the determination of maximum annual payments with respect to such obligation shall be determined consistently with those terms.

(2) a. "Tax supported obligations of the State" means all of the following:

2. Any obligations of the Delaware Transportation Authority.

3. Any tax or other revenue anticipation notes or bonds of the State.

4. Any obligations to the extent that the debt service with respect thereto is reasonably expected to be offset, as determined by the Secretary of Finance, by lease payments, user fees, federal grants, or other payments from some source other than the General Fund. Such payments must be used expressly for the purpose of paying such debt service.

5. Obligations incurred to acquire a like principal amount of promissory notes or bonds issued by Delaware Technical and Community College and secured by the non-appropriated funds held in the Community College Infrastructure Fund, under subchapter II, Chapter 91 of Title 14, as certified to the Secretary of Finance by the Chair of the Board of Trustees, in a form approved by the Secretary of Finance, to the extent such notes or bonds of the College are not in default.

(3) "Transportation Trust Fund debt obligations" means all debt obligations of the Delaware Transportation Authority, including all obligations extending beyond 1 year with respect to the lease, occupancy, or acquisition of property which are incurred in connection with debt financing transactions, such as certificates of participation, and which in any case are payable from the Transportation Trust Fund. Transportation Trust Fund debt obligations do not include any obligations to the extent that the debt service with respect thereto is reasonably expected to be offset, as determined by the Secretary of Finance, by lease payments, user fees, federal grants, or other payments from some nonstate source.

(b) The aggregate principal amount of tax supported obligations of the State which may be authorized by the State in any 1 fiscal year may not exceed 5% of the estimated net General Fund revenue for that fiscal year from all sources (not including unencumbered funds remaining at the end of the previous fiscal year) as determined by the joint resolution approved by a majority of the members elected to each House of the General Assembly and signed by the Governor in connection with the adoption of the annual budget appropriation bill for that fiscal year. Any amount of tax supported obligations which are duly authorized in any fiscal year within the limits of this subsection, and then are later deauthorized, may subsequently be reauthorized without regard to the authorization limit otherwise provided by this subsection. Any amount of tax supported obligations which were duly authorized before July 1, 1991, and which are duly deauthorized after June 30, 1991, may subsequently be reauthorized without regard to the authorization limit otherwise provided by this subsection. Obligations authorized to refund other obligations of the State shall not be subject to the limits of this subsection (b).

(c) No tax supported obligation of the State and no Transportation Trust Fund debt obligation of the Delaware Transportation Authority may be incurred if the aggregate maximum annual payments on all such outstanding obligations (plus certain lease obligations described below) will exceed 15% of the estimated aggregate General Fund revenue from all sources (not including unencumbered funds remaining at the end of the previous fiscal year), plus estimated Transportation Trust Fund revenue, in both cases for the fiscal year following the fiscal year in which such obligation is incurred, such estimated revenue as determined by the most recent projections made by the Delaware Economic and Financial Advisory Council and adjusted, if appropriate, by the fiscal impact of subsequently enacted legislation as certified by the Secretary of Finance. The lease obligations referred to in the preceding sentence shall mean: (i) All obligations of the State or any agency or authority thereof which are payable from taxes, fees, permits, licenses and fines imposed or approved by the General Assembly; and (ii) all obligations of the Delaware Transportation Authority which are payable from the Transportation Trust Fund, which in either case extend beyond 1 year and are with respect to the lease, occupancy or use of property provided that such lease obligations shall not include any obligations, the lease payments with respect to which are reasonably expected to be offset (as determined by the Secretary of Finance) by lease payments, user fees, federal grants or other payments from some nonstate source. For the purposes of this subsection, the maximum annual payments on the above-described lease obligations shall be as of the most recent date available as certified by the Secretary of Finance.

(d) No obligation to which the State's full faith and credit is pledged may be incurred if the maximum annual debt service payable in any fiscal year on all such outstanding obligations will exceed the State's cumulative cash balances for the fiscal year following the fiscal year in which such obligation is incurred as estimated by the Secretary of Finance. For the purposes of this subsection, there shall not be included: (i) Obligations incurred to acquire a like principal amount of full faith and credit obligations issued by a local school district to the extent such local school district obligations are not in default; (ii) obligations guaranteed by the State except to the extent such obligations are in default; (iii) general obligation bonds of the State issued prior to January 1, 1987, for the transportation related projects as certified by the Secretary of Finance; (iv) tax or other revenue anticipation notes of the State; or (v) any obligations to the extent that the debt service with respect thereto is reasonably expected to be offset (as determined by the Secretary of Finance) by lease payments, user fees, federal grants or other payments from some source other than the General Fund.

(e) There shall be attached to every bill and amendment introduced in the House of Representatives and/or in the Senate, of the General Assembly, which authorizes the incurrence of a tax supported obligation described in subsection (b) of this section, a debt statement in substantially the following form:

For purposes of §§ 7422 and 7423 of this title, the aggregate principal amount of any capital appreciation bonds or any other bonds sold to the public for a price less than the face amount thereof shall be the aggregate of the initial offering prices at which such bonds are offered for sale to the public, whether in a private or negotiated sale or in a public or competitive sale, or sold to the initial purchaser thereof in a private placement, without, in every case, reduction to reflect underwriters' discount or placement agents' fees or other similar fees.

Part VI
Budget, Fiscal, Procurement and Contracting Regulations
Chapter 75
School Construction Capital Improvements

§ 7501. Definitions.

As used in this chapter:

- (1) "Bonds" means any bonds authorized to be issued by the State pursuant to a school construction bond authorization act.
 - (2) "Local share" means the sum of money specified in any school construction bond authorization act to render permissible the use of the state share for school construction within the particular school district.
 - (3) "Minor capital improvement" means minor capital improvement as that term is defined in § 7528 of this title.
 - (4) "Notes" means anticipation notes issued by the State in anticipation of the issuance of bonds.
 - (5) "School construction" includes, but is not limited to, the acquisition, construction, reconstruction, alteration, remodeling or enlargement of school buildings, the acquisition or installation of apparatus or equipment or educational supplies suitable for the use of such buildings, the acquisition of machinery necessary for the maintenance of such buildings or school grounds, the acquisition of land required as sites for such buildings, or for playgrounds, including land or rights in land needed to provide access to sites and to provide suitable playgrounds, and the grading or other improvements of such sites, land or rights in land, including the construction of sidewalks where authorized by law, the construction of any sewers or water mains needed to connect such buildings to any publicly owned sewer system or water system, the acquisition of temporary buildings or facilities for school purposes to be used until such time as permanent school buildings or facilities shall become available. The cost of such school construction shall not include any expenses in connection with the holding of any referendum for such school construction.
 - (6) "School construction bond authorization act" means an authorization act of the General Assembly concurred in by $\frac{3}{4}$ of all the members of each House, authorizing, among other things, the issuance of bonds and the appropriation of the proceeds thereof to finance school construction.
 - (7) "School district" means a reorganized school district, or any newly created school unit or area for which no board has been appointed or elected at the time of the effective date of any school construction bond authorization act or any area which the State Board of Education shall determine to be the area served by any school facility which is referred to in any school construction bond authorization act and for which there is specified no local share.
 - (8) "State share" means that maximum sum of money which may be paid from state sources for school construction in a particular school district as provided in any school construction bond authorization act.
 - (9) "Total cost" means the maximum sum or sums of money which may be spent for school construction under a particular school construction bond authorization act in a particular school district, provided that nothing contained in this chapter shall prevent any school district from increasing said total cost by providing a larger amount from local sources than that stated as that district's local share, nor prevent the acceptance and use of any funds appropriated by the Congress of the United States for these purposes.
- (29 Del. C. 1953, § 7501; 54 Del. Laws, c. 345; 57 Del. Laws, c. 440, §§ 1, 2; 62 Del. Laws, c. 146, § 30.)

§ 7502. Applicability of this chapter; relation to authorization act.

(a) Unless otherwise provided in any school construction bond authorization act this chapter, in addition to Chapter 74 of this title, shall apply to and control all school construction financed by the issuance of bonds and notes of the State for the purpose of school construction and the issuance of said bonds and notes and to the appropriations for school construction contained in the school construction bond authorization act.

(b) The provisions of this chapter are hereby incorporated in any school construction bond authorization act unless specifically excepted therefrom and shall be deemed a part of any school construction bond authorization act just as if contained verbatim in the school construction bond authorization act.

(29 Del. C. 1953, § 7502; 54 Del. Laws, c. 345.)

§ 7503. Matching funds.

(a) Except in the case of a school district for which a local share is not required by any school construction bond authorization act, the state share apportioned to a school district by such school construction bond authorization act shall not be expended unless the local share for such school district shall have been deposited with the State Treasurer not later than 2 years after the effective date of a school construction bond authorization act.

(b) The local share for each school construction project, excluding minor capital improvement projects, which is contained in a school construction bond authorization act, shall be computed as specified in this subsection. A local share ratio shall first be computed for each

school district, including vocational districts, and 1 for each county, for each fiscal year and shall be used in computing the local share of funding for that school district for each school construction project contained in the school construction bond act for that fiscal year. In the event that the funding of a project is spread over more than 1 school construction bond authorization act, the local share ratio which applies to that project in the school construction bond authorization act in which it first appears shall apply to all subsequent school construction bond authorization act allocations for that project. The local share ratio shall be computed by multiplying the school district ability index for the school district, or in the case of vocational schools or special schools, the county wide ability index, as defined in § 1707 of Title 14, by .40, providing, however, that the product shall not exceed .40 or be less than .20 for any school district. The local share ratio shall be rounded to the nearest one-hundredth and the result multiplied by the total cost of the school construction project in order to determine the local share.

The local share for each school construction project may include an additional amount, not to exceed 15% of the local cost as calculated in the preceding paragraph, to match additional state funds that may be appropriated to address increases in the cost of school construction projects. Provided the district receives referendum approval for this additional amount and the State appropriates additional funds subsequent to referendum passage, the district may increase its local share in accordance with the local share ratio for the project and the approved referendum subject to local school board approval.

Inclusion of a project and designation of a local share for a vocational school in a school construction bond authorization act shall be considered authorization for the vocational district to establish a tax rate sufficient to pay the principal and interest on the bonds for the local share of the project.

For the statewide autistic program, the Delaware School for the Deaf, the John G. Leach School, the Kent County Community School, the John S. Charlton School, the Sussex Consortium, Sussex County Orthopedic School, the Charles W. Bush Early Education Center, and the Howard T. Ennis School, construction shall be 100% state-funded. State funding for these schools shall include, but not be limited to, school construction projects serving students, ages three and older, who meet the criteria established in 14 Del. C. c. 31.

Inclusion of a project and designation of a local share for a special school shall be considered authorization for the school district administering the special school to obligate itself for the required bonds and for the school district to collect the revenues required to pay the principal and interest on those bonds through tuition payments authorized in § 602 of Title 14. The school district collecting the tuition for payment of bonds and interest shall maintain such debt service receipts in a separate account for the special school.

(c) The provisions of subsection (b) of this section to the contrary notwithstanding, for the fiscal years ending June 30, 1992, through June 30, 1994, the local share ratio for reorganized school districts with ability indices less than 1.0 shall be computed as follows:

FY'92: [Ability Index X .40] + $\frac{3}{4}$ [.40 — (Ability Index X .40)]

FY'93: [Ability Index X .40] + $\frac{1}{2}$ [.40 — (Ability Index X .40)]

FY'94: [Ability Index X .40] + $\frac{1}{4}$ [.40 — (Ability Index X .40)]

For purposes of this subsection the value of the ability index used in these calculations for any school district shall not be less than .50. This subsection shall not apply to vocational-technical school districts or to special schools.

§ 7504. Time limit on construction.

No school construction shall be started under authority of any school construction bond authorization act later than 2 years after the effective date of the act, and no money shall be borrowed by the State under authority of any school construction bond authorization act later than 2 years after the effective date of such act, except such moneys as are necessary to complete school construction started prior to 2 years after the effective date of any school construction bond authorization act.

(29 Del. C. 1953, § 7504; 54 Del. Laws, c. 345.)

§ 7505. Formula for construction.

No school construction shall be paid with funds appropriated by any school construction bond authorization act or with funds for which a state share is provided by any school construction bond authorization act if such construction does not conform with the formula for school construction established by the Department of Education.

(29 Del. C. 1953, § 7505; 54 Del. Laws, c. 345; 71 Del. Laws, c. 378, § 115.)

§ 7506. Local bonds.

(a) Any school district which is entitled under any school construction bond authorization act to an apportionment of a state share and which is required therein to provide a local matching share is authorized to issue its bonds for the purpose of raising money to pay the local share set forth in such school construction bond authorization act and raising such additional amount, if any, as such school district may desire to expend for school construction. If such bonds are issued, they shall be authorized by the board of education of the school district pursuant to Chapter 21 of Title 14, except in the case of the City of Wilmington, in which case the local share to be contributed by the Board of Public Education in Wilmington may be raised by the proper authorities of said City by issuing bonds pursuant to Chapter

175, Volume 52, or Chapter 163, Volume 32, Laws of Delaware, as amended. Chapter 20 of Title 14 shall be complied with in the event that the amount in addition to the local share is for school construction which varies from the standard formula. Such bonds and any notes issued in anticipation of the issuance of such bonds shall, except in the case of the City of Wilmington, be sold to the State. Such bonds shall bear interest at a rate not less than the rate payable on bonds of the State issued to provide such local share plus an amount to cover administrative expenses of the State in connection with the financing of school construction programs in an amount not exceeding one quarter of 1 percent per annum. The State shall issue its bonds to provide the local share of any school construction program in accordance with any school construction bond authorization act, as well as any additional amounts which the qualified voters of any school district shall have authorized to be expended for school construction; provided, however, that such additional amounts must first have been appropriated to such school district in a school construction bond authorization act or amendment to such an act. Such bonds shall not be included in the amount of bonds or notes pledging the faith and credit of the State which are issued and outstanding, authorized but not issued, and about to be issued. The Department of Finance of the State shall annually prepare a report setting forth in brief detail all bonds or notes issued by the State for the purpose of financing a local share of a school construction program and the bonds or notes purchased from local school districts and setting forth receipts and disbursements.

(b) Instead of issuing bonds as hereinbefore provided, any school district may pay its local share by using gifts or any other moneys on hand which are not required by law to be used for some other purpose.

(29 Del. C. 1953, § 7506; 54 Del. Laws, c. 345; 55 Del. Laws, c. 432, §§ 2-4; 58 Del. Laws, c. 315, § 11.)

§ 7507. Referendum; notice [Repealed].

Repealed by 71 Del. Laws, c. 378, § 116, effective July 8, 1998.

§ 7508. Bond anticipation notes of local district.

(a) After a local referendum authorizing the sale of local school bonds and in anticipation of the issuance of the bonds, the board of school trustees or board of education of a school district may issue and sell notes of the school district at either public or private sale for not less than par and accrued interest. The notes shall bear interest at a rate not exceeding 5% per annum. They may be renewed from time to time by the issuance and sale of new notes, but all such notes shall mature and be paid not later than 4 years after issuance. The notes shall be signed by the chairperson and 1 member of the board of school trustees or president and 1 member of the board of education of the district, the seal of the school district shall be impressed on each of the notes and shall be payable at a place prescribed by the issuing officers of the State. All provisions of law pertaining to local school bonds and not inconsistent with this chapter shall apply to notes issued hereunder.

(b) The total amount of notes outstanding at any 1 time, together with the total amount of bonds theretofore issued in any district, shall not exceed that portion of the total authorized bonded indebtedness of the school district for which bonds have been authorized by local referendum within the district.

(c) The notes may be redeemed at par and accrued interest prior to their maturity if the right of the school district to do so shall have been reserved by an express provision in the notes. The principal and interest on said notes, including renewal notes, shall be paid from the proceeds of the sale of bonds or from other funds available therefor. The notes shall be general obligations of the school district and the faith and credit of the school district shall be pledged for the full and complete payment of the principal of and interest on such notes and such notes shall be exempt from taxation with respect to both principal and interest by the State or any political subdivision thereof for any purpose. The board of education or the board of school trustees of the issuing school district shall have the same power to levy taxes to pay such notes and the interest thereon as in the case of bonds.

(29 Del. C. 1953, § 7507; 54 Del. Laws, c. 345; 57 Del. Laws, c. 92, § 2; 63 Del. Laws, c. 142, § 52; 70 Del. Laws, c. 186, § 1.)

§ 7509. Determination of necessity.

The Department of Education shall determine the present necessity for any school construction program as authorized by any school construction bond authorization act in the several school districts of the State and, in so doing, shall take into consideration the actual and projected number of pupils in the requesting school district as determined by the most current September 30 Unit Count and a standardized annual population projection prepared by or approved by the Office of State Planning Coordination, the feasibility and possibility of the consolidation of school districts, the present and future possibility of overcrowding of school facilities within the school district, the condition and quality of existing school facilities within the district and all other matters and conditions pertinent to the determination of the present necessity of the school construction program, including the reasonable future development or dissolution of the school district. In making such determination of necessity, the Department of Education shall have the authority to make a determination of necessity of a school construction program for a school district which will have a lesser total cost than the maximum total cost for such school district set forth in any school construction bond authorization act. Whenever a determination of necessity of a school construction program is made in an amount less than the total maximum cost for such school district as set forth in any school construction bond authorization act, the state share and the local share shall be reduced in the proportions they bear to the total maximum cost set forth in that act. No determination of necessity for school construction shall be made until the school district shall have identified at least 1 proposed site for such construction, which site shall have been approved as required by § 7525(a) of this title.

(29 Del. C. 1953, § 7508; 54 Del. Laws, c. 345; 71 Del. Laws, c. 378, § 117; 74 Del. Laws, c. 367, §§ 17, 18.)

§ 7510. Certificate of necessity.

(a) When the Secretary of Education has prepared the proposed annual major capital improvement program budget the Secretary shall certify the necessity for same to the State Treasurer together with the amount of the total cost, the state share and the local share, if any, as authorized by any school construction bond authorization act and shall send a copy of such certification to the State Auditor of Accounts and the Director of the Office of Management and Budget and the board of education of such school district. Upon the receipt by the State Treasurer of the certification of said determination, the said school construction program shall be deemed to be authorized, and this chapter and any school construction bond authorization act for the issuance of state and local bonds to provide funds for school construction programs shall be in full force and effect with respect to such school construction program; provided, however, that, except in cases where a local share is not required by any school construction bond authorization act, such school construction program shall not be carried out until the local share shall have been deposited with the State Treasurer. The issuing officers may at any time after the State Treasurer receives such certificate proceed to issue bonds or notes of the State to provide the funds for the state share thereof, whether or not the requisite local share shall have been actually deposited with the State Treasurer, but the proceeds of said bonds or notes shall not be expended until the requisite local share shall have been so deposited.

(b) Instead of issuing bonds, as hereinabove provided, the State may pay its share of the total cost by using gifts or any other money on hand which are not required by law to be used for some other purpose.

(c) At the same time the Secretary submits the proposed annual major capital improvement program budget and certifies the necessity and total cost, the Secretary shall publish on its website and submit to the co-chairs of the Joint Committee on Capital Improvement, the Controller General, and the Director of the Division of Research a report that includes all of the following:

(1) A summary of each project rejected, the total proposed cost of each project rejected, the reason why the project was rejected, the number of times a district has applied for a certificate for the rejected project, the most recent year's capacity and enrollment numbers for the district, and a ranking of rejected projects by need.

(2) A list of all applications, both approved and rejected, with a designation of which priority level the project is assigned under the School Construction Technical Assistance Manual.

(3) A breakdown by school district of the total amount of state funds allocated through the certificate of necessity process for the current year, the prior 5 years, and any funds that are committed for future years through a current certificate of necessity.

(29 Del. C. 1953, § 7509; 54 Del. Laws, c. 345; 57 Del. Laws, c. 440, § 4; 59 Del. Laws, c. 205, § 7; 71 Del. Laws, c. 378, § 118; 74 Del. Laws, c. 367, § 19; 75 Del. Laws, c. 88, § 21(13); 84 Del. Laws, c. 152, § 1.)

§ 7511. Approval of plans; modification.

After making the certificate required by § 7510 of this title, the Secretary of Education is authorized and directed to consider the preliminary and final plans, estimates of costs and specifications of any school construction program and to approve or modify such plans, estimates and specifications, and also to amend the certificates of necessity, provided that nothing herein shall be construed to give said Secretary of Education authority to increase the total share of such program beyond the maximum limit set forth in any school construction bond authorization act. No certificate of necessity shall be amended after the date of successful local school district referendum. In the event that a certificate shall be amended as herein provided, the fact of such amendment shall be communicated to the State Treasurer, and the copies thereof shall be sent to the State Auditor of Accounts and the Director of the Office of Management and Budget and the board of education of the school district.

(29 Del. C. 1953, § 7510; 54 Del. Laws, c. 345; 57 Del. Laws, c. 440, § 4; 71 Del. Laws, c. 378, § 119; 75 Del. Laws, c. 88, § 21(13).)

§ 7512. Consolidation of school districts.

In the event that 2 or more existing school districts shall consolidate, the maximum total cost, the maximum state share and the maximum local share of a school construction program as authorized by any school construction bond authorization act for such consolidated district shall be the totals of said amounts appearing in the school construction bond authorization act for the school districts so consolidating, except that the construction funds shall be used only as originally authorized in the certificates of necessity issued to the original districts.

(29 Del. C. 1953, § 7511; 54 Del. Laws, c. 345.)

§ 7513. Division of a school district.

In the event that an existing school district is divided into 2 or more school districts, the maximum total cost, the maximum state share and the maximum local share of the school construction program, as authorized for the existing district by any school construction bond authorization act, shall be determined and allocated among the resulting districts by the State Board of Education by taking into consideration the same factors prescribed by § 7509 of this title in determining the necessity for the school construction program in such resulting school districts. The aggregate amounts so determined by the State Board of Education to be allocated to such resulting districts shall not exceed the amount of the maximum total cost, maximum state share and maximum local share, respectively, in the pertinent school construction bond authorization act with respect to the original school district so divided. Such allocated amounts shall be in lieu of the amounts set forth in any school construction bond authorization act for the original school district, and applicable to certificates of necessity issued pursuant to the school construction bond authorization act and this chapter.

(29 Del. C. 1953, § 7512; 54 Del. Laws, c. 345.)

§ 7514. Local funds and state appropriations to be deposited.

The moneys paid to the State Treasurer by a school district as its local share under any school construction bond authorization act and any funds appropriated as its local share by the State under any school construction bond authorization act, including any additional amount appropriated to such school district by the State, and for the financing of which bonds of the State are to be issued shall be deposited by the State Treasurer in a special fund and shall be expended only for school construction in such district. Each of said local shares and additional amounts shall be credited with interest in the following manner:

These funds may also be applied to the preparation and securing of a public school district building that is being vacated but preserved for an unspecified period of time or for the return of such a building from a closed condition to use by a public school district. The State Department of Education, with the approval of the State Board of Education shall establish rules, consistent with this section, for defining minor capital expenditures.

(b) The State Department of Education, or any other department or agency of the State, shall, in no case, pay more than 60 percent of the cost of minor capital improvements nor more than the total amount designated in an authorization act as “maximum state share,” for any minor capital improvements nor less than 60 percent rounded to the nearest \$100 of the final actual total costs therefor. Any funds transferred to a school district from any source for the purpose of removing architectural barriers for the handicapped or asbestos shall constitute the 60 percent portion of a minor capital improvement. No expenditure of such funds may be made by a school district unless and until it has provided its 40 percent share of such minor capital improvement. Notwithstanding the foregoing, the State may provide for the entire costs of minor capital improvements for schools entirely supported by the State.

(c) Before contracts for minor capital improvements are let or funds expended for minor capital improvements by any school district, a portion of the costs of which are to be funded with the proceeds of bonds or notes, such school district shall transmit a request for approval of such capital expenditures to the State Department of Education, which request shall: (1) itemize the minor capital improvements to be undertaken and (2) show the estimated cost of each such item. The State Department of Education, applying the rules established pursuant to subsection (a) of this section, shall decide the school district’s payment for such minor capital improvements after: (1) inspecting the building or facilities to be improved in order to determine both the need for such minor capital improvements and compliance with the rules established pursuant to subsection (a) of this section; and (2) estimating the cost of each such minor capital improvement.

(d) The State Department of Education shall:

(1) Provide necessary help to the school district in letting bids on minor capital improvements;

(2) Inspect such improvements upon completion to determine that all specifications have been met and that the work and materials used are of acceptable quality; and thereupon

(3) Pay the state’s share of the cost of such improvements made by the school district but only subsequent to the deposit with the State Treasurer by the school district of the school district’s share, if any, of the cost of such improvements.

(e) Any school district may levy and collect a tax on taxable real property in the school district to pay its share of the cost of minor capital improvements. Such taxes shall be levied and collected by the school district subject to Chapter 19 of Title 14, as amended.

(f) The expenditure of funds for minor capital improvements shall be governed solely by this section.

§ 7530. Guaranteed energy cost savings contracts.

School districts, notwithstanding any other provision of this Code, are authorized to enter into long term contracts known as “guaranteed energy cost savings.” They are empowered to use their annual Division II energy appropriations to cover the costs of the contract. All such

contracts must contain provisions which allow termination of the contract by the district in the event of non-appropriation of sufficient identified funds to meet the terms of the contract. No additional State funds shall be available for this type of contract. Districts which enter into such an agreement, notwithstanding any change in regulations, shall be allowed to complete the contract using Division II energy appropriations. Where these contracts include hardware/material expenditures, such procurements will be subject to subchapter I of Chapter 69 of Title 29, whether the procurement is carried out by the district or vendor. In the event that the Division II energy appropriations are insufficient to meet the costs of the contract and energy used, districts shall be required to use other funds available to it for the costs exceeding the appropriations. The Division of Accounting is directed to assist school districts in implementing such contracts.

Subchapter III

Payment for Services

§ 7940. Financial liability of persons served by the Department.

(a) Any person committed to or accepting the services of any hospital, home, clinic or other facility of the Department and that person's spouse or parents in the order named, except for persons committed to a prison or correctional institution, shall at all times be jointly and severally liable for the full cost of the care, treatment or both provided such person, except as may be specifically set forth in this section. Notwithstanding any other provision of the Delaware Code, parents and spouses of a patient shall not be required to pay all or part of any of the cost of care of any patient if:

- (1) With respect to parental liability, the patient shall have attained the age of 18 years; or
- (2) With respect to spousal liability, the patient shall have attained the age of 18 years and shall have been a patient in 1 or more of the institutions served by the Department for a period of 5 years.

(b) The "cost of care, treatment or both" per diem for an inpatient facility such as, but not limited to, a hospital or home shall be deemed to mean the total disbursements made by or on behalf of such facility during a fiscal year, divided by the number of patient-

days during such fiscal year. Such cost shall be computed based on the experience of the previous fiscal year and the revised rate shall be charged beginning on the first day of the fourth month following the end of said fiscal year. In the event the inpatient facility has not been operational during the previous fiscal year, the "cost of care, treatment or both" shall be the amount determined by the Department within the guideline of available appropriations and anticipated patient-days. In the event an inpatient facility provides various services that have substantially different costs, and such different costs may be reasonably identified, the Department may determine the "cost of care, treatment or both" based upon the particular service provided. In the case of outpatient or clinic services, the "cost of care, treatment or both" shall be determined by the Department based upon the most recent available experience of actual cost.

(c) The Department is authorized and empowered to accept partial payments from any person committed to, or accepting the services of, any hospital, home clinic or other facility of the Department, or from any other person liable for the cost of care of such person, in an amount less than the full cost of care, treatment or both based upon the financial ability of such person or persons as determined by the Department. In determining financial ability to pay, the Department shall take into account the assets, liabilities, income, expenses, number of dependents of the entire family and any other relevant factors. The Department shall also promulgate such rules and regulations under subsection (i) of this section as may be necessary to insure that the enforcement of this obligation shall be as uniform as possible; provided, however, that such rules and regulations limit the financial liability of a spouse or parents to no more than 10 percent of their annual disposable income in any 12-month period of care or treatment.

(d) Except in cases committed by order of the courts of this State, the Department may require, before or after the patient is admitted or treated, the written agreement of those persons receiving or to receive care, treatment or both from the Department, and of those other persons who are liable under this section, concerning the payments required by this section. Such agreements may be reviewed from time to time at the request of the Department or the person liable and in any event shall be automatically reviewed at least once every 2 years and may be amended if the cost of care, treatment or both has changed or if the ability to pay of the person liable has changed in the judgment of the Department. The Department may require the person receiving or to receive care, treatment or both or from persons liable for the cost of care, treatment or both under this section such evidence of ability to pay as copies of federal income tax returns, tax withholding forms and statements of bank accounts and property holdings. Failure to provide such evidence may be grounds to refuse or terminate such care, treatment or both. Except in the case of the Delaware Hospital for the Chronically Ill, such evidence of ability to pay shall not be required of liable persons if they agree to pay the full cost of care, treatment or both and so long as such payments are timely rendered.

(e) Any court of this State committing a person to the jurisdiction of the Department, may, at its discretion, order said person, and such other persons liable for the payment of costs under this section over which the court has jurisdiction, to pay for the costs of care, treatment or both in such amounts as may be fixed by the Department under this subchapter.

(f) The Department, after full investigation of collectibility and/or reasons for nonpayment, shall proceed for the recovery of the moneys owed for such care, treatment or both in an action to be brought in any court of the State in the name of the Department, where such action is deemed justified. The Department of Justice of the State shall represent the Department in such cases and any costs to the State arising from such action shall be paid by the State Treasurer from moneys in the General Fund not otherwise appropriated.

(g) The Department may partially or totally waive liability for persons receiving services from a facility such as, but not limited to, a clinic when the Department determines that the cost of computing ability to pay and making collection would exceed the sums to be collected or when the Department determines that such liability would jeopardize the health of the community.

(h) In the event any person, juvenile or adult is committed to a prison or correctional institution, and in the event a court of this State has not ordered payment of the full cost of care, the Department may require such payments from such juvenile or adult while on a work release or similar program as it may deem appropriate provided that the total payment shall not exceed the actual cost of care while on the work release program.

(i) The Delaware Hospital for the Chronically Ill and any similar facility of the Department may continue, as heretofore, to refuse admission to persons adjudged to have adequate resources, either personally or from others legally liable for them, to secure such services from private facilities.

(j) The Secretary of the Department shall have the power to promulgate any rules and regulations not contrary to the laws of the State which the secretary deems necessary to carry out this section and such rules and regulations shall have the full force and effect of law.

(k) If it appears to the satisfaction of the Department that a person receiving or to receive care, treatment or both will be institutionalized for a long period of time and that the expected income of such person from all sources (including any portion of the cost of care to be paid by legally liable relatives) will be insufficient to pay for the full cost of care, treatment or both, the Department may require that all or part of the assets of such person be transferred and conveyed to the State to be applied to the cost of care as the same shall come due, any balance thereof to be returned to such person or such person's estate upon such person's discharge or death. In carrying out this provision, the Department may bring suit in any court having jurisdiction to require the transfer of such assets and may also apply for the appointment of a guardian or trustee of such person. The court, after giving appropriate notice and after hearing the evidence, shall enter such order as it deems appropriate.

(l) Nothing herein contained shall be construed to prevent the Department from refusing to admit or from discharging any patient who, for reasons other than nonpayment of cost of care, treatment or both, in the opinion of the Department, does not qualify for admission under the law or who will not benefit from the care, treatment or both available, or whose presence in any such institution will be detrimental to others.

(m) In the event that any person is aggrieved by any decision of the Department with respect to the payment of fees, refusal of admission or discharge for other than medical reasons, the person may appeal to a Special Appeals Committee consisting of the Chairpersons of the respective advisory Councils to the Division of Developmental Disabilities Services and on Substance Abuse and Mental Health and Delaware Home and Hospital and Physical Health by petition in writing stating the substance of the decision appealed from, the facts in support of the appeal and the relief sought. The Department shall reply to the petition within 10 days. The Committee shall hold a hearing within 60 days and shall render its decision promptly. The Committee's decision shall be final and binding. The Committee may establish its own rules of evidence not inconsistent with this subchapter.

§ 7941. Disclosure of income.

Notwithstanding § 1241 [repealed] of Title 30, the Secretary of Finance shall, upon the written request of the Secretary of the Department of Health and Social Services, provide the Secretary with the gross and net income, as defined in Chapter 11 of Title 30, and all other available financial data concerning those persons who are liable under this subchapter for payments for the care, treatment or both of any persons in facilities operated by the Department of Health and Social Services and who are not paying the full cost of such care, treatment or both monthly. The Secretary shall certify that information so received shall be used only for the purpose of collecting sums due the State and any employee of the Department found guilty of disclosing such information for any other purpose shall be subject to the same penalties as provided in § 1241 [repealed] of Title 30.

(4) *Solar Energy Curriculum Program.* — The Solar Energy Curriculum Program shall provide cash grants from the Green Energy Fund to high schools in Delaware that are Delmarva Power customers and that create a course, or curriculum, that teaches the science, economics, policy, and hands-on installation of solar photovoltaic technology. Grants made under this program shall provide 100% funding for the installation of a solar photovoltaic system to be used as part of the qualifying school's solar energy curriculum. Total funding may not exceed \$10,000 per school for solar equipment only, and shall not prevent the school from participating in the Green Energy Endowment Program. Green Energy Fund dollars committed to such installations shall not exceed \$100,000 per year total. The Energy Office shall establish appropriate curriculum eligibility criteria before awarding any such grants.

(5) *Unexpended Funds.* — Any amount allocated to the Green Energy Endowment Program, the Technology Demonstration Program and the Research and Development Programs and not expended during a particular year shall be considered as part of the Green Energy Fund and available for allocation and expenditure in subsequent years. Provided the Controller General approves, annual funds collected and unused during 1 fiscal year that have been apportioned to the commercial sector in the Green Energy Endowment Program may be moved for use in the residential sector in following years to allow the Energy Office to satisfy application queues should they develop.

(6) The Secretary may, in the event the Endowment program described in paragraph (d)(1) of this section above is unable to keep pace with demand, indefinitely suspend the Technology Demonstration and Research and Development programs defined in paragraphs (d)(2) and (3) of this section and direct all available funds to the Green Energy Endowment Program until such time as any queue is eliminated and all applicants have received their authorized payment.

(e) Upon a finding by the Secretary, in consultation with the Sustainable Energy Utility Oversight Board, that the incentives provided for renewable energy technologies through the operation of the Delaware Renewable Energy Portfolio Standard as authorized under subchapter III-A, of Chapter 1, of Title 26, are substantially equivalent to or exceed those allowed under this chapter, the Secretary may, providing that all approved applicants receive payments offered under the Green Energy Endowment Program, suspend in part or in full, the Green Energy Endowment Program, the Technology and Demonstration Program and/or the Research and Development Program under paragraphs (d)(1)-(3) of this section and reallocate revenues authorized under § 1014(a) of Title 26 to alternative incentive programs to promote energy efficiency and green building programs, renewable energy loan programs and incentive programs for nonprofit organizations. In the event the Secretary makes such a finding in consultation with the Sustainable Energy Utility Oversight Board, the Secretary shall provide to the Chairs of the House and Senate Energy Committees the Secretary's rationale for such a finding and a full description of the new program to be implemented.

(f) Incentives provided through the Green Energy Fund shall be exempt from taxation by the State and by the counties and municipalities of the State.

§ 8059. Sustainable Energy Utility.

(a) *Definitions.* — As used in this section:

(1) "Affected electric energy provider" means an electric distribution company, rural electric cooperative, or municipal electric company serving energy customers in Delaware.

(2) "Affected energy provider" means an affected electric energy provider or affected natural gas distribution company.

(3) "Affected natural gas distribution company" means a natural gas distribution company serving energy customers in Delaware.

(4) “Agency” means any state agency, authority, or any political subdivision of the State or local government, including, but not limited to, county, city, township, village or municipal government, local school districts, and institutions of higher education, any state-supported institution, or a joint action agency composed of political subdivisions.

(5) “Commission” means the Delaware Public Service Commission.

(6) “Energy efficiency” means a decrease in consumption of electric energy or natural gas on a per unit of production basis which does not cause a reduction in the quality or level of service provided to the energy customer, achieved through measures or programs that target consumer behavior, or replace or improve the performance of equipment, processes, or devices. Energy efficiency can also mean the reduction in transmission and distribution losses associated with the design and operation of the electrical system.

(7) “Energy savings” means reductions in electricity consumption, reductions in natural gas consumption, electricity peak demand response programs resulting in reduced electricity consumption, or measurable efficiency gains from the transition to lower-emission fuels, as determined by the Secretary through regulations pursuant to paragraph (h)(3) of this section.

(8) “Secretary” means the Secretary of the Department of Natural Resources and Environmental Control.

(9) “SEU Oversight Board” (“the Board”) means the board created pursuant to this section.

(10) “Sustainable Energy Utility” (“SEU”) is the nonprofit entity created pursuant to the provisions of this section to develop and coordinate programs for energy end-users in Delaware for the purpose of promoting the sustainable use of energy in Delaware.

(b) *Intent of legislation.* — The General Assembly finds that there remain in Delaware significant, cost-effective opportunities to acquire end-user energy efficiency savings that can lower customers’ bills and reduce the environmental impacts of energy production, delivery, and use. Delaware has an opportunity to create new markets for customer-sited renewable energy generation that will help build jobs in Delaware, improve our national security, keep value within the local economy, improve energy reliability, and protect Delawareans from the damaging effects of recurrent energy price spikes.

(c) *Sustainable Energy Utility administrative organization.* — (1) This section creates the “Sustainable Energy Utility” (“SEU”). The SEU shall design and deliver comprehensive end-user energy efficiency and customer-sited renewable energy services to Delaware’s households and businesses. The SEU shall be unaffiliated with any of the State’s electric or gas utilities, public or private.

(2) Routine administration of the SEU shall be managed by an executive director selected by the Board through an open and competitive selection process.

(d) *SEU Oversight Board.* — (1) a. The business and affairs of the SEU shall be managed by or under the direction of the SEU Oversight Board. The SEU Oversight Board shall consist of 11 members and shall include the Secretary of the Department of Natural Resources and Environmental Control (“DNREC”) or the Secretary’s designee, and the Public Advocate or the Public Advocate’s designee. The Board shall include representation from each county. Seven members of the SEU Oversight Board shall be appointed by and serve at the pleasure of the Governor, and may include, but not be limited to, representatives from the nonprofit environmental community, the nonprofit energy community, the nonprofit community servicing the low and moderate income community, the financing/accounting community, business, labor, and education. One member of the SEU Oversight Board shall be appointed by and serve at the pleasure of the President Pro Tempore, and 1 member shall be appointed by and serve at the pleasure of the Speaker of the House. The Board shall elect 1 of its members to serve as a chairperson by a majority vote. The Director of the Division of Climate, Coastal and Energy of DNREC, or the Director’s designee, shall serve on the Board in an ex officio nonvoting capacity. The terms of the board members shall typically be 4 years, and shall be staggered. The Governor may appoint members for terms of less than 4 years to ensure that the terms are staggered. The Governor may, at any time, remove any gubernatorial appointee to the SEU Oversight Board for gross inefficiency, malfeasance, misfeasance or nonfeasance, in office. A gubernatorial appointee may be deemed to have resigned their position if they are absent from 3 consecutive board meetings without good cause.

b. The SEU Oversight Board shall be governed by and subject to the Delaware Freedom of Information Act (Chapter 100 of this title).

c. The SEU Oversight Board shall include a provision in its bylaws pertaining to conflicts of interest and Board members shall be required to sign conflict of interest statements.

(2) The SEU Oversight Board may, from time to time, appoint 1 or more advisory committees. An advisory committee may include representatives of organizations which represent low and moderate income energy consumers, low and moderate income housing consumers, civic organizations, environmental organizations, the energy industry, the energy efficiency and energy conservation community, the renewable energy community, marketing and public relations, small business, agriculture, accounting, business management, banking, finance, nonprofit communities, the general public, and the academic community. The Board shall decide the number of advisory committee members (including ex officio members).

a. Among other things, the advisory committee may provide advice to the Board on issues of public policy and public education which may enhance the performance and quality of service of the SEU.

b. A candidate for an advisory committee shall require a $\frac{2}{3}$ vote of Board members in order to serve. Criteria for the advisory committee members shall include professional experience, community service, reputation, significance to Delaware, a diversified representation of the Delaware community and geographical representation of the State.

c. Nominations for the advisory committee may be submitted by Board members and public solicitation.

- (3) Board members shall serve without compensation.
- (4) No board member shall receive financial gain from service on the Board.
- (5) Board members shall not be employed by any organization directly or indirectly affiliated with the SEU or its contractors for a period of not less than 2 years after the end of their service on the Board.
- (6) The Board shall adopt by-laws, by September 28, 2007, to govern itself.
- (7) The Board shall have the following responsibilities, among others permitted by law:
 - a. Review and approve the contract-term and performance targets recommended by the executive director.
 - b. Review and approve any proposed modifications to SEU performance targets or program designs.
- (e) *SEU executive director responsibilities.* — The SEU executive director is responsible for the day-to-day functions and responsibilities of the SEU. The executive director's chief responsibilities include oversight of program management, and setting and compliance with appropriate performance and budgetary targets.
 - (1) *Program research and design.* — a. The executive director shall develop a comprehensive suite of program designs. Each program design must specify, at minimum, program goals, performance targets, an estimated budget, an implementation strategy, and an evaluation strategy. The executive director is not required to design or initiate all programs at once, but the executive director must demonstrate how each program fits within the SEU's overall strategy to meet the SEU's long-term performance targets.
 - b. The executive director is expected to fulfill the following responsibilities through program designs, RFPs, and program implementation:
 1. To be responsive to customers and market forces in implementing and redesigning the programs;
 2. To design a portfolio of programs to allow all energy end-users, regardless of electricity or gas retail providers, and regardless of market segment or end-use fuel, to participate in the SEU programs;
 3. To promote program initiatives and market strategies that address the needs of persons or businesses facing the most significant barriers to participation;
 4. To promote coordinated program delivery, including coordination with low income programs, other efficiency programs, and utility programs;
 5. To coordinate with relevant regional and national energy efforts and markets, including markets for pollution emissions offsets and credits, and renewable energy credits;
 6. To consider innovative approaches to delivering sustainable energy services, including strategies to encourage third-party financing and leveraged customer contributions to the cost of program measures, as consistent with principles of sound program design;
 7. To offer "one-stop shopping" and be the point-of-contact for sustainable energy services in Delaware;
 8. To create a comprehensive website that provides easy access to SEU programs and information for all Delawareans, allowing them to participate in SEU programs electronically;
 9. To emphasize "lost opportunity" markets, which are sustainable energy measures that can only be cost-effectively captured at particular times, such as during new construction or extensive remodeling; and
 10. To emphasize market strategies to deliver services.
 - (2) *Administration of contracts.* — The SEU shall propose and adopt rules to guide the bidding process and criteria to guide bid selection. The RFPs shall specify a contract term not to exceed the limitation set forth in The Energy Performance Contracting Act set forth in subchapter V of Chapter 69 of this title.
 - (3) *Oversight and reporting.* — a. The SEU Oversight Board shall develop a 3- to 5-year strategic plan, with input provided by board members, stakeholder groups across the State, and the public at large. The strategic plan shall be made available to the public on the SEU's website. The SEU's strategic plan shall include an educational component for the general public with a continued focus on residential energy efficiency projects.
 - b. The SEU shall publish a comprehensive annual report which shall be submitted to the Governor and the General Assembly and made available to the public on the SEU's website.
 - c. The SEU shall have certified financial statements prepared at the end of each fiscal year and make them available to the public on the SEU's website.
 - d. The SEU's financial statements shall be audited every other year by an independent certified public accounting firm qualified to perform such an audit, and the audit results shall be made available to the public on the SEU's website.
- (f) *Funding for the SEU.* — (1) DNREC may partner with the SEU to assist in the administration of some or all of the Green Energy Fund in accordance with § 8057 of this title.
 - (2) *Bonds of the SEU.* — a. The SEU may from time to time issue bonds for any corporate purpose and all such bonds, notes, bond anticipation notes or other obligations of the SEU issued pursuant to this section shall be and are hereby declared to be negotiable for all purposes notwithstanding their payment from a limited source and without regard to any other law or laws. In anticipation of the sale of such bonds, the SEU may issue negotiable bond anticipation notes and may renew the same from time to time, but the

maximum maturity of any such note, including renewals thereof, shall not exceed 5 years from the date of issue of the original note. Such notes shall be paid from any revenues of the SEU available therefor and not otherwise pledged, or from the proceeds of sale of the bonds of the SEU in anticipation of which they were issued. The notes shall be issued in the same manner as the bonds. Such notes and the resolution or resolutions authorizing the same may contain any provisions, conditions or limitations which a bond resolution of the SEU may contain.

b. The bonds and notes of every issue shall be payable solely out of the revenues of the SEU, subject only to any agreements with the holders of particular bonds or notes pledging any particular revenues and subject to any agreements with any participating facility. Notwithstanding that bonds and notes may be payable from a special fund, they shall be and be deemed to be, for all purposes, negotiable instruments subject only to the provisions of the bonds and notes for registration.

c. The bonds may be issued as serial bonds or as term bonds, or the SEU, in its discretion may issue bonds of both types. The bonds shall be authorized by resolution of the members of the SEU Oversight Board and shall bear such date or dates, mature at such time or times, not exceeding 50 years from their respective dates, bear interest at such rate or rates, payable at such time or times, be in such denominations, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in lawful money of the United States of America at such place or places, and be subject to such terms of redemption, as such resolution or resolutions may provide. Such resolution or resolutions may delegate to any combination of 3 of the members of the SEU Oversight Board, the power to determine any of the matters set forth in this paragraph (f)(2) and the power to award the bonds to a purchaser or purchasers at public sale or to negotiate a sale to a purchaser or purchasers. The bonds or notes may be sold at public or private sale for such price or prices as the SEU shall determine. Pending preparation of the definitive bonds, the SEU may issue interim receipts or certificates which shall be exchanged for such definitive bonds.

d. Neither the members of the SEU Oversight Board nor any person executing the bonds or notes shall be liable personally on the bonds or notes or be subject to any personal liability or accountability by reason of the issuance thereof.

e. The SEU shall have power, out of any funds available therefor, to purchase its bonds or notes. The SEU may hold, pledge, cancel or resell such bonds or notes subject to and in accordance with agreements with bondholders or participating facilities. The SEU may elect to have bonds issued by a conduit issuer and borrow the proceeds thereof.

f. Bonds or notes issued under this section shall not be deemed to constitute a debt or liability of the State or of any political subdivisions thereof or a pledge of the faith and credit of the State or of any such political subdivision, but shall be payable solely from the funds herein provided therefor. All such bonds or notes shall contain on the face thereof a statement to the effect that neither the State nor any political subdivision thereof shall be obligated to pay the same or the interest thereon and that neither the faith and credit nor the taxing power of the State or of any political subdivision thereof is pledged to the payment of the principal of or the interest on such bonds. The issuance of bonds under this section shall not directly or indirectly or contingently obligate the State or any political subdivision thereof to levy or to pledge any form of taxation whatever therefor, or to make any appropriation for their payment. Nothing contained in this section shall prevent or be construed to prevent the SEU from pledging its full faith and credit or the full faith and credit of a participating facility to the payment of bonds or issue of bonds authorized pursuant to this section.

g. Interest on bonds or notes issued under this section shall be exempt from income taxation by this State or any political subdivision thereof.

(3) Revenue sources contributing to the SEU for the purpose of paying bond debt may include but not be limited to funds from shared savings agreements with SEU participants and partial proceeds from the sale of Renewable Energy Credits or Solar Renewable Energy Credits in local and regional markets. The Green Energy Fund shall provide equity leverage for the SEU.

(4) Incentives provided through the SEU or proceeds from the Regional Greenhouse Gas Initiative shall be exempt from taxation by the State and by the counties and municipalities of the State.

(g) *Contracts with the State or agencies.* — The State or any agency may enter into contracts with the SEU or a qualified provider (as defined in § 6972(5) of this title) for the purpose of acquiring, constructing, operating, or providing a project, including arrangements for paying the costs of such project, which costs may include debt service requirements of the SEU relating to that project. If the SEU procures a contract in accordance with subsection (e) of this section, a contract between the SEU and the State or an agency that provides the benefit of the contract to the State or agency may be entered into by the State or agency without additional competitive procurement.

No obligation of the State or an agency under an installment payment agreement, a guaranteed energy performance contract or any other agreement entered into in connection with a project under this Chapter 80 or Chapter 69 of this title shall constitute or create a debt of the State or agency. No such obligation of the State or an agency shall constitute a tax supported obligation or a bond or a note of the State as provided in Chapter 74 of this title.

(h) *Expansion of cost-effective energy efficiency programs.* — Notwithstanding progress towards the achievement of the energy savings targets in § 1502(a) of Title 26, each affected energy provider shall implement energy efficiency, energy conservation, and peak demand reduction programs that are cost-effective, reliable, and feasible as determined through regulations promulgated pursuant to paragraph (h)(3) of this section and delivered in collaboration with the Sustainable Energy Utility as described herein.

(1) *Development and delivery of programs.* — a. An advisory council consisting of 13 members shall be established by the Secretary and shall include 2 representatives of the Sustainable Energy Utility, and 1 representative of each of the following sectors:

1. Affected energy providers;
2. Manufacturing;
3. Agriculture;
4. Environmental;
5. Commercial;
6. Residential; and
7. Low-income sectors.

The advisory council will assist affected energy providers in the development of energy efficiency, peak demand reduction, and emission-reducing fuel switching programs to meet the requirements of this section and in evaluation, measurement and verification of energy savings. Programs shall be designed to maximize the cost-savings benefits for ratepayers by utilizing private financing and allowance proceeds from the Regional Greenhouse Gas Initiative to the maximum extent practicable and consistent with this section, as the preferred sources of program financing prior to expenditures that would otherwise be eligible for rate recovery. The advisory council shall also recommend adoption of financing mechanisms, including, but not limited to, on-bill financing, property assessed clean energy (“PACE”) models, and other innovative financing tools.

b. The advisory council, in collaboration with the Public Service Commission staff, and the Public Advocate, shall recommend candidate energy efficiency, and reduction, and emission-reducing fuel-switching program elements that are cost-effective, reliable, and feasible, including financing mechanisms. Such programs shall prioritize the use of energy audits to identify comprehensive energy efficiency measures that maximize cost-effective savings. The advisory council shall recommend 3-year program portfolios and define associated savings targets for the consideration of each affected energy provider.

c. Unless otherwise provided, affected energy providers shall prepare and submit to the advisory council 3-year program plans, schedules, and budgets designed to reflect the recommended program portfolios, including the defined energy savings targets. On a 3-year cycle, the advisory council shall review energy efficiency, peak demand reduction, and fuel switching program plans for each affected energy provider and recommend them for approval by the appropriate regulatory authority, if it finds them to be cost-effective through a net-cost-benefit analysis that quantifies expected cost savings when considered in their entirety pursuant to regulations required by paragraph (h)(3) of this section. Such programs must reduce overall utility bills.

d. Evaluation, measurement, and verification costs incurred by the advisory council and affected energy providers shall be included as costs in the cost-effectiveness test for the program portfolios. Costs shall be reimbursed first by any direct revenues from the programs, including but not limited to revenues from wholesale capacity markets. If such revenues are greater than program costs, the additional revenues shall be applied towards reducing the costs of future energy efficiency programs. If such revenues are less than program costs, the remaining costs shall be allocated to affected energy providers on the basis of total annual sales of energy and reimbursed by affected energy providers as part of energy efficiency and peak demand response program operation costs.

e. The Commission shall review the programs and portfolios recommended by the advisory council, including evaluating the projected net-cost savings, in determining whether to approve such programs for implementation by Commission-regulated affected energy providers. Notwithstanding any provision in Title 26, the Commission shall approve the recovery of appropriate costs incurred by Commission-regulated affected energy providers for approved programs and portfolios on an annual basis, in the same manner as other supply resources, including allocated costs pursuant to this paragraph (h)(1). The Commission shall approve cost recovery for cost-effective energy savings resulting from cost-effective programs and portfolios of commission-regulated affected energy providers that are verified through procedures established in regulations promulgated pursuant to paragraph (h)(3) of this section and determined not to increase overall utility bills. Recovery of appropriate costs shall be through a rate-recovery mechanism that is consistent with the goals and objectives of this section and recommended by the advisory council, filed by the affected energy providers, and approved by the Commission.

1. For the portion of efficiency programs not financed through SEU-secured private financing or Regional Greenhouse Gas Initiative allowance proceeds, or other SEU resources, the Commission shall utilize a process that achieves the efficient and timely recovery on an annual basis by commission-regulated affected energy providers of appropriate costs and associated rates of return related to implementing activities and programs recommended by the advisory council.

2. For commission-regulated affected energy providers, appropriate costs incurred arising out of activities and programs recommended by the advisory council that are not subject to contemporaneous recovery shall be subject to deferred accounting treatment to ensure that program costs are less than expected savings. Program costs may not be placed in the permanent rate base, nor exceed the amortization schedule of the deferred accounting treatment.

3. Peak demand reduction programs of commission-regulated affected energy providers that are currently under review or already have been approved by the Commission, including dynamic pricing and direct load control, shall not be subject to review and approval by the advisory council.

f. Affected energy providers that are not regulated by the Commission may elect to develop, implement and fund programs for energy efficiency and peak demand reduction recommended for approval by the boards of directors for rural electric cooperatives or the pertinent local regulatory authorities for municipal electric companies. For purposes of any comparable plan implemented

pursuant to the requirements of § 363 of Title 26, energy efficiency resulting in a reduction in overall energy consumption that exceeds 10% of the electricity provider's 2007 electric consumption shall constitute an "eligible energy resource" under § 352 of Title 26, provided such energy provider has first achieved the 15% energy savings goal as required by § 1502(a)(1) of Title 26 and determined pursuant to paragraph (h)(3) of this section. Such energy efficiency shall be measured and verified as provided in paragraph (h)(3) of this section.

g. The affected energy providers and the Sustainable Energy Utility shall collaborate to promote available energy efficiency and peak demand reduction programs through a common marketing platform provided by the SEU, which shall serve as an easily accessible resource for all residents of Delaware seeking to save money through energy efficiency.

h. Nothing in this section shall reduce the authority of the Sustainable Energy Utility as defined in this title. The Sustainable Energy Utility, at its discretion, may provide private financing, allowance proceeds from the Regional Greenhouse Gas Initiative, or other financial resources to reduce implementation costs of energy efficiency programs in coordination with the affected energy providers and may collaborate with affected energy providers to provide efficiency programs.

(2) *Annual reporting.* — DNREC shall annually publish a report on statewide electricity and natural gas consumption and electricity peak energy demand and make the report available to the general public by December 31 of each calendar year. All affected energy providers shall provide actual and projected electric and natural gas consumption and peak usage data to DNREC on an annual basis as specified in regulations promulgated pursuant to paragraph (h)(3) of this section. The report shall identify progress toward the energy and peak savings targets of § 1502(a) of Title 26. In determining compliance with the applicable energy savings requirements, the Secretary shall exclude reported electricity savings or natural gas savings that are not adequately demonstrated and documented, in accordance with the regulations promulgated under paragraph (h)(3) of this section.

(3) *Evaluation, measurement, and verification of energy efficiency.* — a. Not later than June 30, 2015, the Secretary of the Department of Natural Resources and Environmental Control, with the cooperation of affected energy providers, shall, by regulation, establish the requirements of this subsection, including, but not limited to:

1. Evaluation, measurement and verification procedures and standards, including impact evaluation, environmental outcomes, process evaluation, market effects, and cost-effectiveness evaluation;
2. Requirements under which affected energy providers shall demonstrate, document, and report compliance with the energy savings targets established under § 1502(a) of Title 26; and
3. Procedures and standards for defining and measuring electricity savings and natural gas savings that can be counted towards the energy savings targets established under § 1502(a) and (b) of Title 26.

b. All regulations promulgated under this chapter shall be adopted under the Administrative Procedures Act, Chapter 101 of Title 29. Regulations promulgated by the Secretary shall not differ significantly among affected natural gas distribution companies or among affected electric energy providers. Regulations promulgated pursuant to this chapter and case decisions issued under the auspices of this chapter by the Secretary shall be subject to direct appeal to the Superior Court pursuant to the provisions of the Administrative Procedures Act, Chapter 101 of Title 29. The Environmental Appeals Board shall not have jurisdiction over any such appeal.

§ 8060. Restrictions.

(a) No county or municipal government, homeowner association, or association formed for the management of commonly-owned elements and facilities or for regulating use of private property shall adopt any covenant, restriction, deed restriction, zoning restriction, or subdivision restriction which prohibits or restricts the owner of a property from using a system for obtaining wind energy for a residential single family dwelling unit. Any such restriction adopted after August 8, 2009, shall be void and unenforceable. Notwithstanding the provisions of any existing county or municipal zoning ordinance or regulation, no prohibition against or restriction on wind energy systems for residential single-family homes that is inconsistent with this section and adopted prior to August 8, 2009, shall be effective and no conditional use or other zoning review process shall be required.

(b) A county or municipal government, homeowner association, or an association formed for the management of commonly-owned elements and facilities or for regulating use of private property may place restrictions on wind energy system installations subject to subsection (a) of this section, provided such restrictions shall not be more restrictive than the following:

- (1) Wind turbines shall be setback 1.0 times the turbine height from adjoining property line. Turbine height means the height of the tower plus the length of 1 blade.
- (2) The aggregate noise or audible sound of a wind system shall not exceed 5 decibels above the existing average noise level of the surrounding area and shall be restricted to a maximum of 60 decibels measured at any location along the property line to the parcel where the wind system is located.
- (3) Wind systems shall be free from signage, advertising, flags, streamers, any decorative items or any item not related to the operation of the wind turbine. Electric wiring for the turbines shall be placed underground for nonbuilding integrated systems.

(4) This section shall not be applicable in any county or municipal designated historic district or historic zoning district.

(5) Any wind energy system shall be buffered from any properties or structures included on the Historic Register.

(c) The provisions of this section shall apply to wind energy systems and wind facilities that qualify for support from the Green Energy Fund, as authorized under § 8057 of this title, or other such similar programs administered by the State Energy Office.

§ 8061. Delaware Voluntary Clean Energy Financing Program based on property assessments (D-PACE) or other local assessments.

(a) The General Assembly finds and declares that:

(1) The production and efficient use of energy will continue to play a central role in the economic future and environmental sustainability of Delaware and the nation as a whole; and

(2) The development, production, and efficient use of clean energy will strengthen the economy, improve the public and environmental health of this State, and contribute to the energy security of our nation; and

(3) The financing of clean energy systems and energy efficient technologies, and the powers conferred and expenditures made pursuant to this statute, will serve a valid public purpose and that the enactment of this section is expressly declared to be in the public interest.

(b) It is the purpose and intent of the General Assembly:

(1) To establish a voluntary commercial property assessed clean energy program in the State to provide access to financing for clean energy systems and energy efficient technologies with free and willing commercial property owners of both existing properties and new construction within the State.

(2) To utilize the Sustainable Energy Utility and the unique capabilities and qualities inherent within its structure and finances to launch a commercial voluntary assessed clean energy program that ensures the private capital markets can participate in this program.

(c) *Definitions.* — (1) “Benefit assessment” means a voluntary property assessment or other government service fee assessment, as authorized by this section, which is the mechanism through which a commercial property owner repays the financing for the qualifying energy improvements;

(2) “Benefited property owner” means an owner of qualifying commercial real property who desires to install qualifying energy improvements and provides free and willing consent to the benefit assessment against the qualifying commercial real property;

(3) “Clean energy systems” means renewable energy power generation including solar photovoltaic and thermal, wind, biomass, or geothermal and including waste heat recovery and other zero or net-zero emission energy sources available with advancing technology;

(4) “Commercial property” means any real property other than a residential dwelling containing less than 5 dwelling units;

(5) “County” means any county as defined in Title 9, and as authorized by this legislation or the SEU to issue benefit assessments;

(6) “Delaware Voluntary Property Assessed Clean Energy Program” or “D-PACE Program” means a program that facilitates reductions in energy production and consumption and utilizes the benefit assessments authorized by this section as security for the financing of these qualifying energy improvements;

(7) “Energy efficient technologies” means any device or piece of equipment, used in conjunction with existing infrastructure and appliances or as a replacement, that reduces energy consumption, but does not itself generate energy;

Require performance of an SEU approved energy audit or feasibility analysis of such qualifying energy improvements on the qualifying commercial real property that assesses the expected energy cost savings over the useful life of such improvements unless a qualifying energy improvement is deemed automatically qualified by the SEU;
 - b. Require an evaluation of the property owner's credit, history, and other financial obligations, before approving such financing;
 - c. If financing is approved, either by the SEU or the third-party capital provider, require the participating county to levy a benefit assessment on the qualifying commercial real property with the property owner in a principal amount sufficient to pay the costs of the improvements and any associated costs covered by the D-PACE Program that will benefit the qualifying commercial real property;
 - d. Impose requirements and criteria to ensure that the proposed improvements are consistent with the purpose of the D-PACE Program;
 - e. Impose requirements and conditions on the financing to ensure timely repayment, including, but not limited to, procedures for placing a lien on a property as security for the repayment of the benefit assessment;

- (5) The benefit assessment:
 - a. May cover up to 100% of project costs, including but not limited to, application fees, audits, equipment, maintenance, labor, and other costs directly related to the project over the project's life;
 - b. May also cover a portion of the D-PACE Program costs;
 - c. May be neither extinguished nor accelerated in the event of default or bankruptcy; and
 - d. Shall be levied and collected as to assessment payments currently and past due in the same manner as the property assessments of the participating county government on real property.
- (6) The benefit assessment shall constitute a lien against the qualifying commercial real property on which the qualifying energy improvements are made. This lien shall:
 - a. Be superior to any other liens except the lien for other property taxes and other governmental service assessments of the participating county and other municipalities and share the same senior lien as other property taxes and governmental service assessments to the extent only of the amount of the DPACE assessments, penalties and fees currently due and/or in arrears;
 - b. Remain with the real property upon sale, including sale or transfer by operation of a tax monition sale or mortgage foreclosure, regardless of method; and
 - c. In the event of default or delinquency, be pursued in the same manner as with other property assessments, with respect to any penalties, fees and remedies and lien priorities; provided that notwithstanding any other provision of law including without limitation the provisions regarding the discharge of liens contained in §§ 8761 and 8773 of Title 9, a tax sale or other foreclosure sale brought by the SEU or a third-party capital provider with respect to D-PACE assessments shall not have the effect of extinguishing any subordinate mortgage liens against the qualifying commercial real property. Notwithstanding the foregoing or any other provision of law:
 1. The SEU and third-party capital providers shall not have the authority to pursue a foreclosure of benefit assessment liens by the monition method established pursuant to § 8721 et seq. of Title 9 but shall have the authority to pursue a foreclosure of benefit assessment liens by attachment methods pursuant to § 8771 et seq. of Title 9 and § 8741 et seq. of Title 9.
 2. The tax collecting authority in a monition sale may collect in such sale, in addition to taxes, D-PACE assessments but to the extent only of the D-PACE assessments, penalties, and fees currently due or in arrears.
 3. The provisions above with respect to not extinguishing subordinate mortgage liens shall not apply in the case of a sale by monition method brought by a tax collecting authority, regardless of whether D-PACE assessments are collected at such sale.
 4. The SEU and third-party capital providers shall not be required to, nor shall they have the authority to, unless so directed by the applicable tax collecting authority, foreclose liens for property taxes and other governmental service assessments or collect such taxes and assessments in a sale with respect to D-PACE assessments.
 5. The SEU and third-party capital providers shall not be required to pay proceeds upon a tax or other sale to collect D-PACE assessments to holders of subordinate mortgage liens.

d. Notwithstanding any other provision of law:

1. At the time of a transfer of property ownership including foreclosure, the past due balances of any special assessment under this subchapter shall be due for payment, but future payments shall continue as a lien on the property.

2. In the event of a foreclosure action, the past due balances described in paragraph (d)(6)d.1. of this section immediately above shall include all payments on an assessment under this subchapter that are due and unpaid as of the date the action is filed, and all payments on the assessment that become due after that date and that accrue up to and including the date title to the property is transferred to the mortgage holder, the lien holder, or a third party in the foreclosure action. The person or entity acquiring title to the property in the foreclosure action shall be responsible for payments on the assessment that become due after the date of such acquisition.

(7) The liens created by benefit assessments may be assigned as follows:

a. Any participating county may assign to the SEU any and all liens filed by the tax collector, as provided in the written D-PACE agreement between participating county and the SEU;

b. The SEU may sell or assign, for consideration, any and all liens received from the participating county;

c. The assignee or assignees of such liens shall have and possess the same powers and rights at law or in equity as the participating county and its tax collector with regard to the precedence and priority of such lien, the accrual of interest, the fees and expenses of collection, and lien enforcement including, but not limited to, foreclosure and a suit on the debt; and

d. Costs and reasonable attorneys' fees incurred by the assignee as a result of any foreclosure action or other legal proceeding brought pursuant to this section and directly related to the proceeding shall be assessed in any such proceeding against each person having title to any property subject to the proceedings. Such costs and fees may be collected by the assignee at any time after demand for payment has been made by the assignee.

(8) The SEU shall allow third-party capital providers to provide loans directly to benefited property owners in lieu of, or in addition to, the SEU providing such loans.

(9) Pursuant to the purpose and objectives outlined herein, and with respect to the responsibilities of administering the D-PACE Program, the SEU shall develop program guidelines governing the terms and conditions under which financing may be made available to the D-PACE Program, in consultation with the Department of Natural Resources and Environmental Control, Division of Climate, Coastal and Energy, energy utilities, the banking industry, local governments, and commercial property owners;

The program guidelines document shall include:

g. Standards for monitoring and verifying the energy and cost savings and other relevant outcomes of D-PACE funded projects, consistent with the project scale and scope, as well as the goals of the D-PACE Program;

h. A requirement to educate the property owner about the costs and risks associated with participating in the D-PACE Program established by this section, including but not limited to, the effective interest rate of the benefit assessment, fees charged by the SEU to administer the program, and the risks related to the failure of the property owner to pay the benefit assessment; and

i. Greater detail on all program specifications, processes, and party duties as assigned to the SEU in this section, as well as all necessary program guidelines and other specifications consistent with the administration of a statewide D-PACE Program not listed herein.

(e) The SEU shall have the authority to:

(1) Use principal and interest payments from existing benefit assessments to fund other projects;

(2) Use other legally available funds for project financing, including but not limited to, existing revenues, federal, state, local, or philanthropic grants, or private financing, notes, or other obligations;

- (3) Impose fees to offset costs associated with executing the financing, including but not limited to, administrative costs, attorneys' fees, conducting feasibility studies, and monitoring and verifying project results;
 - (4) Specify whether these fees are to be collected at certain steps or intervals, or added into the project financing;
 - (5) Set a fixed or variable rate of interest for the repayment of the financing amount at the time the financing is arranged, or allow a third-party capital provider to set the interest rate, provided that party is financing the improvements;
 - (6) Enter into a financing agreement with the owner of qualifying commercial real property, to include billing and receiving payments from the participants (in the same manner property and government service assessments are collected); with approval of the participating county, transfer the rights and authorities of the financing agreement, including but not limited to billing and receiving payments, to a third-party capital provider, such that the party is directly financing the qualified energy improvement.
 - (7) Establish a D-PACE loss reserve.
- (f) The D-PACE Program shall not be operational and available for commercial property owner participation/financing until a comprehensive program guideline document is adopted by the SEU Board of Directors. Prior to submission to the Board of Directors for adoption, the SEU shall:

- (1) Organize a public hearing regarding the program guidelines document;

Subchapter IV

Clean Water for Delaware Act

(83 Del. Laws, c. 84, § 1.)

§ 8080. Short title.

This act shall be known and may be cited as the "Clean Water for Delaware Act."

(83 Del. Laws, c. 84, § 1.)

§ 8081. Legislative findings.

(a) The General Assembly finds all of the following:

(1) The waters of this State are among Delaware's most basic and valuable resources and should be conserved and protected in a manner to realize their full benefits.

(2) Delaware's continued economic vitality is dependent upon: maintaining and improving the State's water and wastewater systems; and protecting and enhancing the State's water resources and natural infrastructure as the foundation for a healthy population and environment to sustain a high quality of life for residents, healthy habitats, as well as an attraction for tourism, employers and workers.

(3) Many Delaware homes, farms, agricultural lands, and businesses are at risk from flooding and drainage hazards, which have environmental, public safety, health, and economic impacts, and some Delawareans lack access to potable drinking water or basic wastewater disposal in their homes.

(4) Delaware's list of impaired waters includes 377 bodies of water that suffer from excess nutrients, low dissolved oxygen, toxins and bacteria that negatively impact human and aquatic life.

(5) It is important that priorities for clean water projects in this State be given to projects that utilize green infrastructure and enhancement of natural systems to provide ecological benefits that include all of the following:

a. Improvement of water quality.

b. Demonstration of a high ratio of nutrient or pollution reduction to the amount of funding.

c. Improvement of community resilience to extreme weather, sea level rise, and other climate impacts.

(6) Existing federal and state funding resources alone are inadequate to meeting the State's current and future demand for clean water projects.

(7) It is fitting and proper for the State to encourage local governments, private entities and farmers to undertake clean water projects that effectively and efficiently reduce pollution in the waters of the State by establishing mechanisms to assist planning and financing of such projects at the lowest reasonable costs.

(b) Based on its findings in subsection (a) of this section, the General Assembly determines that it is in the public interest to designate a Delaware Clean Water Trust account to ensure the greatest environmental return on investment through the management and coordination of financial resources available to the State for drinking water, wastewater, drainage, stormwater, and other eligible clean water projects to be funded from the following sources:

(1) Appropriations, including supplemental funds in the bond bill, intended to satisfy all of the following purposes:

a. Section 7903(14) of this title related to the Delaware Safe Drinking Water Revolving Fund.

b. Section 8003(12) of this title related to the Delaware Water Pollution Control Revolving Fund.

c. Section 3923 of Title 7 related to resource conservation and development projects undertaken by the County Conservation Districts in Kent, New Castle and Sussex Counties.

(2) Moneys received as repayments of principal and interest on loans, interest received on invested funds, and other funding made available for the programs and purposes in paragraph (b)(1) of this section.

(83 Del. Laws, c. 84, § 1; 84 Del. Laws, c. 233, § 61.)

§ 8082. Clean Water Trust oversight.

(2) An annually updated strategic plan that shall include all of the following:

a. Multi-year water quality goals and progress toward meeting those goals.

b. Challenges facing the achievement of such water quality goals.

c. A prioritized list of proposed projects to attain such goals, including increased accessibility to low-income and traditionally underserved communities.

d. Drinking water testing priorities of the State.

e. Recommendations on minimum funding levels for wastewater and drinking water projects benefitting low-income and traditionally underserved communities through low interest loans and affordability grants.

f. Recommendations on strategies that support low-income consumer affordability.

g. An annual work plan report on the implementation of the strategic plan for the previous fiscal year addressing success indicators, deliverables and milestones.

(e) Prior to the publication of the initial annual report and strategic plan, the Committee shall hold at least 3 publicly noticed meetings in Dover to seek input and allow public comment. Thereafter, the Committee shall hold at least 1 publicly noticed meeting prior to publication of the annual report and annually updated strategic plan. All meetings under this subsection shall comply with § 10004 of this title.

(f) The Committee must submit the annual report and the updated strategic plan identified in subsection (d) of this section to the General Assembly, the Governor, and the Director and Librarian of the Division of Research of Legislative Council no later than February 1 of each year.

(6) On or before November 1 of each odd-numbered year, the Division of Revenue, under the supervision of the Secretary of the Department of Finance, shall make a report to the Governor and the General Assembly concerning the effect of certain tax preferences on the revenues collected by the State. For the purposes of this section, "tax preferences" means any law of the United States or the State which exempts, in whole or in part, certain persons, income, goods, services or property from the impact of established taxes, including, but not limited because of failure of enumeration, to those devices known as tax deductions, tax exclusions, tax credits, tax deferrals and tax exemptions. a. *Declaration of policy.* — State governmental policy objectives are sought to be achieved both by direct expenditure of governmental funds and by the granting of special and selective tax relief or tax preferences. Both direct expenditures of governmental funds and tax preferences have an effect on the ability of the state government to lower tax rates or to increase expenditures. As a result, tax preferences should receive a regular and comprehensive review by the Governor and the General Assembly as to:

- (i) Their total cost;
- (ii) Their effectiveness in achieving their objectives;
- (iii) Their effect on the fairness and equity of the distribution of the tax burden; and
- (iv) The public and private cost of administering tax preference financed programs.

The purpose of this section is to facilitate such review by providing for the generation of information concerning tax preferences and their effect upon state revenues.

b. *Components of the report.* — The taxes to be reviewed in the report shall be tax preferences created under provisions of the Delaware Code, rather than tax preferences created by operation of the Internal Revenue Code of the United States, and shall include, but need not be limited to, the personal income tax, corporate income tax, motor fuel taxes and public utility taxes. The report shall include the following:

1. Each tax preference, its statutory basis, and its purpose.
2. An estimate of the revenue loss to the State, or 1 of its subdivisions, caused by each tax preference for the last fiscal year and the estimated revenue loss caused by each tax preference for the current fiscal year.
3. An assessment of whether each tax preference is the most fiscally effective means of achieving its purpose and whether or not each tax preference has been successful in meeting the purpose for which it was enacted, and, in particular, whether each tax preference benefits those originally intended to be benefitted, and if not, those who do benefit.
4. A statement of any unintended or inadvertent effects, benefits or harm caused by each tax preference, including whether each tax preference conflicts with any other state laws or regulations.

(7) Notwithstanding the provisions of paragraph (6) of this section, whenever there shall be enacted:

a. In the case of the personal income tax, a modification, as that term is used in § 1105 of Title 30, to be used in determining taxable income, or adjustments to federal itemized deductions to be used in the computation contained in § 1109(a), of Title 30; or

b. In the case of corporation income tax, adjustments to federal taxable income under § 1903(a), of Title 30, or allocation provisions under § 1903(b), of Title 30; then, on or before November 15 following such enactment, the Division of Revenue, under the supervision of the Secretary of Finance, shall make a report to the Governor and the General Assembly concerning such provision. The report shall include the components described in paragraph (6)b. of this section.

(8) The Division is authorized to require payment of fees for issuance of certificates or other documents reflecting the status of taxes, if any owed, by the tax payer requesting such certificate. In addition, the Division is authorized to specify payment of fees for collection of debts owed to claimant agencies. Payment of these fees shall be deemed to reduce the contractual services expenditures of the Division and shall be recorded as expenditure-reducing items.

(11) The Division Director or the Division Director's designee is empowered to issue subpoenas for named respondents, witnesses, documents, physical evidence or any other source of evidence needed during the investigation of the complaint and/or for a public hearing on the complaint. If the party or person subpoenaed fails to comply, the Division may compel compliance with said subpoena by filing a motion to compel in the Superior Court which shall have jurisdiction. The Superior Court may order costs, attorney's fees and/or a civil fine not to exceed \$1,000 if the motion to compel is granted.

(i) This chapter does not preclude a commission, board or agency under the jurisdiction of this section from, if its enabling legislation so provides, revoking or immediately suspending a practitioner's license if the board finds the health, welfare and safety of the public is in immediate or imminent danger.

(j) This chapter shall supersede any provisions of any commission, board or agency's procedures named in this section, except the Board of Medical Licensure and Discipline, for handling complaints against practitioners prior to July 20, 1989.

The training shall outline the legal responsibilities of board members to protect the health, safety and welfare of the general public.

(l) (1) The provisions of § 516(g) and § 2216 of Title 13, § 3368 of Title 19, and § 547 of Title 30 supersede any provisions of this section to the contrary and any provisions or procedures, by statute or regulation, of any commission, board, or agency named in this section with respect to matters involving any applicant or licensee under § 516(g) or § 2216 of Title 13, § 3368 of Title 19, and § 547 of Title 30.

(2) The Director of the Division of Professional Regulation shall forthwith suspend, or deny to such licensee or applicant the issuance or renewal of, any license, permit, certificate, approval, registration, or other similar form of permission or authorization to practice or engage in any profession, occupation, or business of any commission, board, or agency named in this section, but not including any license issued on behalf of a nonprofit applicant by the Board of Charitable Gaming under Chapter 15 of Title 28, on receipt of notification regarding a licensee or applicant from any of the following:

- a. The Family Court under § 516(g) of Title 13.
- b. The Director of the Division of Child Support Services under § 2216 of Title 13.
- c. The Director of the Division of Unemployment Insurance under § 3368 of Title 19.
- d. The Director of the Division of Revenue under § 547 of Title 30.

(m) The Social Security number of the applicant shall be included on the application for issuance or renewal of any license, permit, certificate, approval, registration, or other similar form of permission or authorization to practice or engage in any profession, occupation, or business of any commission, board, or agency under subsection (a) of this section, except for any of the following:

- (1) A license issued on behalf of a nonprofit applicant by the Board of Charitable Gaming under Chapter 15 of Title 28.
- (2) Notwithstanding any other law or regulation, if an applicant for a license does not have a Social Security number, the applicant must do 1 or more of the following when completing an application for a license:
 - a. Provide an alternative personally-identifying number, such as the applicant's individual taxpayer identification number,
 - b. Complete a Social Security number exemption attestation.

(n) Unless otherwise provided by law, any Board within the Division of Professional Regulation may adopt through its rules and regulations the Voluntary Treatment Option for Chemically Dependent or Impaired Professionals for the treatment of chemically

dependent or impaired persons regulated by such Board. The Voluntary Treatment Option for Chemically Dependent or Impaired Professionals shall be available to a regulated professional of a participating Board, provided the regulated professional has not committed any offense, other than the status of being chemically dependent or impaired, which otherwise constitutes a ground for discipline under applicable laws governing the regulated professional. The participating Board may defer and ultimately take no disciplinary action with regard to an eligible chemically dependent or impaired regulated professional who voluntarily signs an agreement, in a form satisfactory to the participating Board, agreeing to the terms and conditions specified in the Voluntary Treatment Option. The Board, where it deems appropriate, may proceed with disciplinary action with regard to a disciplinary offense alleged to have occurred prior to the professional's entry into the Voluntary Treatment Option. Any person regulated by a participating Board may refer oneself into this Voluntary Treatment Option. Any member of the public, or member of the participating professions regulated by the Division of Professional Regulation, may make a written report, signed by the complainant, of chemical dependency or impairment affecting any person regulated by a participating Board within the Division of Professional Regulation to the appropriate Board chairperson, that Board chairperson's designate, or designates, or directly to the Director of the Division of Professional Regulation or the Director's designate. Failure to provide such a report may be considered grounds for disciplinary action against a regulated professional so failing to report, if such grounds for disciplinary action are provided in the participating Board's statutes, rules or regulations. When a report is received indicating that a regulated professional of a participating Board may be chemically dependent or impaired, the Boards or Commissions subject to this Voluntary Treatment Option for Chemically Dependent or Impaired Professionals shall follow the following procedures:

(1) If the report is received by the chairperson of the regulatory Board, that chairperson shall immediately notify the Director of Professional Regulation or the Director's designate of the report. If the Director of Professional Regulation receives the report, the Director shall immediately notify the chairperson of the regulatory Board, or that chairperson's designate or designates.

(2) The chairperson of the regulatory Board or that chairperson's designate or designates shall, within 7 days of receipt of the report, contact the individual in question and inform that individual in writing of the report, provide the individual written information describing the Voluntary Treatment Option, and give that individual the opportunity to enter the Voluntary Treatment Option.

(3) In order for the individual to participate in the Voluntary Treatment Option, the individual shall agree to submit to a voluntary drug and alcohol screening and evaluation at a specified laboratory or health-care facility. This initial evaluation and screen shall take place within 30 days following notification to the professional by the participating Board chairperson or that chairperson's designate or designates.

(4) A regulated professional with chemical dependency or impairment due to addiction to drugs or alcohol may enter into the Voluntary Treatment Option and continue to practice, subject to any limitations on practice the participating Board chairperson or that chairperson's designate or designates or the Director of the Division of Professional Regulation or the Director's designate may, in consultation with the treating professional, deem necessary, only if such action will not endanger the public health, welfare or safety, and the regulated professional enters into an agreement with the Director of Professional Regulation or the Director's designate and the chairperson of the participating Board or that chairperson's designate for a treatment plan and progresses satisfactorily in such treatment program and complies with all terms of that agreement. Treatment programs may be operated by professional Committees and Associations or other similar professional groups with the approval of the Director of Professional Regulation and the chairperson of the participating Board.

(5) Failure to cooperate fully with the participating board chairperson or that chairperson's designate or designates or the Director of the Division of Professional Regulation or the Director's designate in regard to the Voluntary Treatment Option or to comply with their requests for evaluations and screens may disqualify the regulated professional from the provisions of the Voluntary Treatment Option, and the participating Board chairperson or that chairperson's designate or designates shall cause to be activated an immediate investigation and institution of disciplinary proceedings, if appropriate, as outlined in subsection (h) of this section.

(6) The Voluntary Treatment Option may require a regulated professional to enter into an agreement which includes, but is not limited to, the following provisions:

a. Entry of the regulated professional into a treatment program approved by the participating Board. Board approval shall not require that the regulated professional be identified to the Board. Treatment and evaluation functions must be performed by separate agencies to assure an unbiased assessment of the regulated professional's progress.

b. Consent to the treating professional of the approved treatment program to report on the progress of the regulated professional to the chairperson of the participating Board or to that chairperson's designate or designates or to the Director of the Division of Professional Regulation or the Director's designate at such intervals as required by the chairperson of the participating Board or that chairperson's designate or designates or the Director of the Division of Professional Regulation or the Director's designate, and such person making such report will not be liable when such reports are made in good faith and without malice.

c. Consent of the regulated professional, in accordance with applicable law, to the release of any treatment information from anyone within the approved treatment program.

d. Agreement by the regulated professional to be personally responsible for all costs and charges associated with the Voluntary Treatment Option and treatment program or programs. In addition, the Division of Professional Regulation may assess a fee to be paid by the regulated professional to cover administrative costs associated with the Voluntary Treatment Option. The amount of the fee imposed under this paragraph (n)(6)d. shall approximate and reasonably reflect the costs necessary to defray the expenses of the

participating Board, as well as the proportional expenses incurred by the Division of Professional Regulation in its services on behalf of the Board in addition to the administrative costs associated with the Voluntary Treatment Option.

e. Agreement by the regulated professional that failure to satisfactorily progress in such treatment program shall be reported to the participating Board's chairperson or such chairperson's designate or designates or to the Director of the Division of Professional Regulation or such Director's designate by the treating professional who shall be immune from any liability for such reporting made in good faith and without malice.

f. Compliance by the regulated professional with any terms or restrictions placed on professional practice as outlined in the agreement under the Voluntary Treatment Option.

(7) The regulated professional's records of participation in the Voluntary Treatment Option will not reflect disciplinary action and shall not be considered public records open to public inspection. However, the participating Board may consider such records in setting a disciplinary sanction in any future matter in which the regulated professional's chemical dependency or impairment is an issue.

(8) The participating Board's chairperson, that chairperson's designate or designates or the Director of the Division of Professional Regulation or that Director's designate may, in consultation with the treating professional at any time during the Voluntary Treatment Option, restrict the practice of a chemically dependent or impaired professional if such action is deemed necessary to protect the public health, welfare or safety.

(9) If practice is restricted, the regulated professional may apply for unrestricted licensure upon completion of the program.

(10) Failure to enter into such agreement or to comply with the terms and make satisfactory progress in the treatment program shall disqualify the regulated professional from the provisions of the Voluntary Treatment Option, and the participating Board shall be notified and cause to be activated an immediate investigation and disciplinary proceedings as appropriate.

(11) Any person who reports pursuant to this section in good faith and without malice shall be immune from any civil, criminal or disciplinary liability arising from such reports, and shall have that person's confidentiality protected if the matter is handled in a nondisciplinary matter.

(12) Any regulated professional who complies with all of the terms and completes the Voluntary Treatment Option shall have that professional's confidentiality protected unless otherwise specified in a participating Board's rules and regulations. In such an instance, the written agreement with the regulated professional shall include the potential for disclosure and specify those to whom such information may be disclosed.

(o) The Secretary of State shall, notwithstanding any law to the contrary, also have the power to establish specific biennial renewal dates for professional licensure registration of Title 23 and Title 24 professional licensing boards in such manner as to promote the efficient administration of professional licensure renewal throughout each biennial period, and to provide for the imposition of licensure and related fees in accordance with § 2320(c) of this title.

(p) *Continuation and issuance of licenses and permits for deployed active duty, activated Reserve and National Guard military personnel.* — (1) Notwithstanding any provision of Title 24 to the contrary, all licenses and permits issued by boards and commissions administered by the Division of Professional Regulation ("Division") pursuant to subsection (a) of this section, shall not expire for a qualifying person as defined in paragraph (p)(7) of this section herein, as follows:

a. For 180 days after the date the qualifying person returns from active deployment, if continuing education credits are not a requirement of the license or permit renewal; or

b. For 270 days after the date the qualifying person returns from active deployment, if continuing education credits are a requirement of a license or permit renewal.

(2) A qualifying person who held or holds a valid license or permit at the time of deployment, which license or permit does not require continuing education requirements, who wishes to renew said license or permit, shall submit to the appropriate board or commission, the required documentation and information necessary, as required by Title 24, for renewal of the same type of permit or license within 90 days after the qualifying person has returned from active deployment.

(3) A qualifying person who held or holds a valid license or permit at the time of deployment, which license or permit has continuing education requirements, who wishes to renew said license or permit, shall submit to the appropriate board or commission the required documentation, including proof of having met the continuing education requirements and information necessary, as required by Title 24, for the same type of permit or license, for renewal within 180 days after the qualifying person has returned from active deployment.

(4) A qualifying person selected for active deployment may apply for a license or permit expiration extension prior to deployment, as allowed by paragraphs (p)(2) and (3) of this section herein. Should a qualifying person hold a license or permit which would have expired during the qualifying person's period of deployment, said qualifying person may apply to renew said license or permit as allowed by paragraphs (p)(2) and (3) of this section herein. The intent to extend or renew such permit or license shall be made by the qualifying person to the Division on a form stipulated by the Division, accompanied by a copy of official deployment documents, or other official verification acceptable to the Division.

(5) The protection from license or permit expiration provided under this subsection does not void or limit the obligations of the qualifying person to meet all requirements of licensure, as required in the section or sections of Title 24 applicable to the profession or professions for which the license or permit is sought.

(6) Notwithstanding any provision of Title 24 to the contrary, all boards and commissions administered by the Division pursuant to subsection (a) of this section shall accept the military training, education, or experience of a qualifying person so long as such training, education, or experience is substantially equivalent to the requirements established by law and regulations of the respective board or commission and the applicant complies with all other requirements for licensure, including, without limitation, any requirement for examination.

(7) As used in this section, “qualifying person” means an individual who is a member of the active duty military, a member of the National Guard, a member of the military reserve, retired military, or a military veteran.

(q) Notwithstanding any provision of Title 24 to the contrary, a qualifying person, as defined in paragraph (p)(7) of this section, or the spouse of a qualifying person, may apply for reinstatement of any license or permit issued by boards and commissions administered by the Division of Professional Regulation (“Division”) pursuant to subsection (a) of this section within 2 years of the lapse or expiration of any such license or permit. The qualifying person or the spouse of a qualifying person shall submit to the appropriate board or commission the documentation and information necessary, as required by Title 24, for reinstatement of the same permit or license and pay all applicable fees. An application to reinstate such license or permit shall be made by the qualifying person or the spouse of a qualifying person to the Division on a form designated by the Division, accompanied by a copy of official verification that the applicant is a qualifying person or the spouse of a qualifying person and that the qualifying person is assigned to a duty station in this State acceptable to the Division. This subsection shall not apply to a license or permit that was suspended or revoked unless said license or permit was reinstated prior to its lapse or expiration.

(r) Notwithstanding any provision of Title 24 to the contrary, a qualifying person, as defined in paragraph (p)(7) of this section or the spouse of a qualifying person, may apply for a provisional license or permit issued by boards and commissions administered by the Division of Professional Regulation (“Division”) pursuant to subsection (a) of this section, effective for a period up to 6 months during the pendency of an application for a permit or license by endorsement or reciprocity pursuant to Title 24. A provisional license issued under this subsection expires 6 months from the date of issuance and cannot be renewed. The qualifying person or the spouse of a qualifying person shall submit to the appropriate board or commission the documentation and information necessary, as required by Title 24, for endorsement or reciprocity of the same permit or license and pay all applicable fees. An application to receive such provisional license or permit shall be made by the qualifying person or the spouse of a qualifying person to the Division on a form designated by the Division, accompanied by a copy of official verification that the applicant is a qualifying person or the spouse of a qualifying person, and that the qualifying person is assigned to a duty station in this State acceptable to the Division. The qualifying person or the spouse of a qualifying person must be the holder of an active license or permit in good standing in another State, District of Columbia, or territory of the United States in which the requirements for licensure or certification are substantially similar to this State, with no unresolved complaint, review procedure, or disciplinary proceeding.

(s) The Division of Professional Regulation may investigate complaints of unauthorized practice of the professions governed by the boards, agencies and commissions named in subsection (a) of this section. The Division may issue citations for unlicensed practice discovered during an investigation into a complaint of unlicensed practice, a complaint otherwise under investigation, or an inspection as follows:

(1) Upon discovery of the unlicensed practice of a profession or the unlicensed operation of any facility governed by the boards, agencies and commissions named in subsection (a) of this section, the Division may issue a citation to the person engaging in the unlicensed practice of the profession, or the owner, operator, manager or person otherwise responsible for any facility that is operating without a license or permit required by such board, agency or commission.

(2) The citation shall be prepared on a form approved by the Director of the Division and shall clearly state the violation or violations and the penalty. The penalty for the first occurrence of unlicensed practice by an individual or unlicensed operation of a facility shall be no more than \$250.

(3) Any person or facility cited may, within 30 days of the issuance of the citation, admit such violation and remit payment of the penalty to the Division or deny such violation and request a hearing to contest the citation. Denials and requests for hearing must be made within 10 days of the issuance of the citation. Failure to deny and request a hearing within 10 days of any citation will be deemed an admission of the violation. Any admitted violations may be referred to appropriate law-enforcement agencies, including the Delaware Department of Justice, for criminal prosecution.

(4) Any person or facility who either admits, or after a hearing is found guilty of, engaging in unlicensed practice may be fined up to \$1,000 per day for every day such unlicensed practice occurs after such admission or finding.

(5) The Division will not issue a license or permit to any applicant with unpaid penalties issued pursuant to this paragraph (s).

(6) The Division of Professional Regulation shall notify the Department of Finance of any person who admits or is found to have engaged in the unlicensed practice of a profession and who the Division has reason to believe should have had a business or occupational license to conduct business.

(t) The Division shall, upon receiving a complaint involving potential criminal conduct, immediately report the complaint to appropriate law-enforcement agencies, including the Delaware Department of Justice.

(u) The Division shall subscribe to and maintain a subscription to a national licensing data-bank reporting service in order to receive proactive notification of all disciplinary actions taken against medical licensees in states outside Delaware. Upon receipt of a disciplinary

notification concerning an individual who is certified by the Board of Medical Licensure and Discipline, the Division may take the appropriate steps for investigation and, if appropriate, referral to the Department of Justice.

(v) (1) There is hereby created within the Department of State the full-time position of hearing officer. With respect to case decisions arising under Title 29, Chapter 101, subchapter III, the hearing officers shall have:

a. All powers and duties conferred or imposed upon such hearing officers by law or by the Rules of Procedure for any board or commission under Titles 23, 24, and 28;

b. The power to administer oaths and affirmations;

c. The power to hear and determine any prehearing matter pending before any board or commission under Titles 23, 24, and 28. In such circumstances, the hearing officer's decision has the same authority as a decision of the board or commission and is subject to judicial review on the same basis as a decision of the board or commission;

d. The power to conduct hearings, including any evidentiary hearings. The testimony or evidence so taken or received shall have the same force and effect as if taken or received by the board or commission. Upon completion of such hearing or the taking of such testimony and evidence, the hearing officer shall submit to the board or commission findings and recommendations thereon. The findings of fact made by a hearing officer on a complaint are binding upon the board or commission. The board or commission may not consider additional evidence. When the proposed order is submitted to the board or commission, a copy shall be delivered to each of the other parties, who shall have 20 days to submit written exceptions, comments and arguments concerning the conclusions of law and recommended penalty. The board or commission shall make its final decision to affirm or modify the hearing officer's recommended conclusions of law and proposed sanctions based upon the written record.

(2) Hearing officers shall be appointed by the Secretary of State and shall serve for a term of 5 years; provided however, that the initial hearing officers may be appointed to terms shorter than 5 years, but not less than 3 years, to ensure staggered term expirations. Appointees shall be residents of the State, shall be duly admitted to practice law before the Supreme Court of this State and shall not engage in the practice of law nor any business, occupation or employment inconsistent with the expeditious, proper and impartial performance of their duties. Individuals appointed as hearing officers under this section shall take the oath or affirmation prescribed by article XIV, § 1 of the Delaware Constitution before they enter upon the duties of their office.

(3) Reappointments shall be at the discretion of the Secretary of State.

(4) The removal of a hearing officer by the Secretary of State during the term of appointment may be made for just cause. For the purposes of this subsection only, "just cause" shall be defined as including, but not limited to, reduction in force, inefficiency or unsatisfactory performance of duties.

(w) Any board, commission, committee or council listed in subsection (a) of this section shall have the authority to delegate to the Director or the Director's designee the authority to issue permits and licenses administratively using specific criteria agreed upon by each such entity and the Director.

(x) (1) Because professional licensing requirements can be a substantial barrier to those with a criminal history who are attempting to enter and advance in the workforce and a potential limitation on a robust workforce, it is the policy of this State that criminal history records should disqualify applicants for professional licensure under chapters of Title 24 administered by the Division of Professional Regulation only in the limited circumstances set forth in this subsection. The provisions of this subsection apply to all license procedures in Title 24 except those set forth in Chapters 9, 12, 13, 23, 28, 54, and 55.

(2) Conviction of a crime may be grounds for the denial of a license only if the underlying offense is 1 identified by the licensing board as being substantially related to the practice of the occupation or profession.

(3) A licensing board shall grant a waiver to an applicant with a criminal conviction, unless granting a waiver would create an unreasonable risk to public safety. In making the waiver determination, a licensing board shall make an individualized assessment of the applicant, considering all of the following:

a. The nature and seriousness of the offense.

b. The amount of time that has passed since the conviction.

c. The age of the applicant at the time the offense was committed.

d. Evidence relevant to the circumstances of the offense, including any aggravating or mitigating circumstances or social conditions surrounding the commission of the crime.

e. The relationship between public safety, the offense, and the specific tasks and duties for which licensure is required.

f. Evidence of rehabilitation or treatment undertaken by the applicant since the conviction.

(4) The following criminal history records and dispositions may not be considered by a licensing board or the Division of Professional Regulation and may not be grounds for the initial denial of a license unless an exception is specifically set forth in Title 24 for certain licenses:

a. A criminal charge, indictment, or arrest that is no longer pending and did not lead to a criminal conviction.

b. A criminal conviction that has been pardoned, sealed, or expunged.

c. A juvenile adjudication of delinquency.

d. A criminal conviction where more than 10 years have passed since the date of conviction if there have been no other criminal convictions in the intervening time.

(5) An individual convicted of an offense that has been identified by a licensing board as being substantially related to the practice of an occupation or profession may at any time prior to applying for a license, petition the Division of Professional Regulation, in a form prescribed by the Division, for an official determination as to whether the individual's criminal conviction will prevent the individual from receiving a license. The petition must list each of the specific offenses for which the individual was convicted and may include evidence relevant to each of the factors described in paragraph (x)(3) of this section, including personal references or testimonials.

(6) Before a licensing board makes an official determination that a criminal conviction will prevent an individual from receiving a license under paragraph (x)(5) of this section, the licensing board must provide the individual with written notice containing all of the following:

- a. An identification of the conviction that is substantially related to the practice of the occupation or profession.
- b. A statement of the reason the individual's conviction was determined to pose an unreasonable risk to public safety.
- c. Instructions for the applicant or individual seeking a determination to submit evidence that the licensing board will consider before issuing an official determination.

(7) If a licensing board makes an official determination under paragraph (x)(5) of this section that a criminal conviction will not prevent an individual from receiving a license, the licensing board must inform the individual in writing and this determination will be binding on the licensing board at the time of the individual's licensure application, so long as there has been no substantial change in circumstances. If a licensing board makes an official determination under paragraph (x)(5) of this section that a criminal conviction may prevent an individual from receiving a license, the individual's licensure application may not be denied until after a hearing, conducted pursuant to Chapter 101, of Title 29, at which time the entirety of the application will be considered.

(8) For purposes of this subsection "licensing board" includes a commission, council, or any other entity with authority over the licensing procedures in Title 24 that are not specifically excluded under paragraph (x)(1) of this section.

(70 Del. Laws, c. 210, § 25; 75 Del. Laws, c. 88, § 19.)

§ 8781. Creation of Diamond State Port Corporation.

(a) There shall be established within the Department of State a body corporate and politic, with corporate succession, constituting a public instrumentality of the State, and created for the purpose of exercising essential governmental functions which is to be known as the “Diamond State Port Corporation.” This Corporation shall exercise all such functions necessary in connection with the assumption, establishment, acquisition, construction, rehabilitation, improvement, operation and maintenance of the Port of Wilmington and related facilities, including without limitation marine terminal facilities, which shall be deemed and held to be essential governmental functions of this State. The certificate of incorporation of the Corporation shall provide for approval of the Delaware General Assembly in order to amend the certificate of incorporation, to effect a merger or dissolution of the Corporation or to effect a sale of all or substantially all of the assets of the Corporation.

(b) The Corporation shall be governed by a board of directors consisting of 15 members, all of whom shall be residents of this State. Eight of these directors shall be:

- (1) The Secretary of State;
- (2) The Secretary of Transportation;
- (3) [Repealed.]

Part VIII
Departments of Government
Chapter 87A
Economic Development
Subchapter I
General Provisions

§ 8701A. Legislative findings.

(a) The General Assembly finds and declares that the good order of the State depends upon the steady employment in useful occupations of the citizens of the State. Such steady and useful employment can be made available by encouraging the economic development of the State through the inducement of a full range of commercial, industrial, agricultural and other enterprises to locate, remain and expand in the State. Uncontrolled industrialization and expansion, however, may contribute to possible dangers to the public health and welfare through the pollution of the air, water and soil of the State. The reduction, abatement and prevention of the pollution of the State's environment and the protection of its natural resources are important concerns to be considered in the process of encouraging the economic development of the State.

(b) The General Assembly further finds that promotion of the State as a destination for tourists and other travelers will help to enhance the State's economy and provide employment and recreational opportunities for citizens of the State.

(c) The General Assembly further finds that promotion and assistance to small and minority-owned businesses is vital to the overall balance between large and small firms, and that it is in the State's interest to insure a strong and diversified business community.

(d) The General Assembly further finds and declares that the creation of a Public/Private Partnership to attract large employers, innovative enterprises and international business opportunities while transferring duties formerly performed by the Delaware Economic Development Office to a division within the Department of State is in the best interest of the State to foster development in an increasingly competitive economy.

§ 8711A. Site Readiness Fund.

(a) The Site Readiness Fund ("Fund") is established to provide economic assistance for renovation, construction, or other improvements to infrastructure to attract new businesses to this State, or expand existing businesses in this State, when such an economic development opportunity would create a significant number of direct, quality, full-time jobs within the State.

(b) The purpose of the Fund is to cultivate a resource of commercial, industrial sites that are readily available to new businesses, established businesses that are considering moving to the State, or existing businesses within the State that need additional sites to remain or expand within the State. To expand and sustain economic growth within the State, it is critical to consistently maintain readily available commercial, industrial sites to attract new business, or expand existing businesses. Without a stable inventory of sites that are ready or able to be developed in a timely manner for business use, the delay in converting undeveloped sites capable of conducting business in compliance with applicable regulations and ordinances may cause the State to lose significant business opportunities that would benefit the economic well-being of its citizens.

(c) The applicant must meet all of the following criteria for projects to be eligible for funding under this section:

(1) Be sponsored by at least 1 public entity. For purposes of this section, a public entity is either a county or a municipality. The sponsoring public entity must identify any regulations, zoning requirements, or local ordinances that apply to the project.

(2) Establish that the proposed improvement will create a significant number of direct, quality, full-time jobs.

(3) Demonstrate financial stability.

(4) Serve a public purpose.

(d) In addition to the criteria established in subsection (c) of this section, an applicant to the Fund must establish all of the following business organizational requirements:

(1) Validly exist as a corporation, public entity, limited liability company, or other regulated entity.

(2) Be in good standing under the laws of this State, duly qualified to do business.

(3) Be in good standing in each other jurisdiction in which its conduct of business requires such qualification.

(4) Possess any business and professional licenses required under Titles 24 and 30.

(e) Applications to the Fund shall be administered by the Division of Small Business within the Department of State in accordance with 1 Del. Admin. Code § 402 that governs the administration of projects under the Delaware Strategic Fund.

(f) The Council on Development Finance shall review projects and make recommendations to the Director of the Division of Small Business, as chairperson of the Delaware Economic Development Authority, pursuant to § 8707A of this title.

(g) The Director may consider recommendations of the Council made under subsection (f) of this section. The Director is authorized to determine whether the applicant and the improvements are eligible under the requirements of this section.

(h) The Director is further authorized to approve projects and make grants, loans, or other economic assistance from the Fund to qualified applicants.

(i) The administration of funding approved under this section shall be administered pursuant to the requirements of this chapter and 1 Del. Admin. Code § 402.

(j) To ensure that Fund assets are expended in the public interest, the Director may require recapture provisions in any contract agreements for grants, loans, or other economic assistance from the Fund to recover for any substantial or complete cessation of operations by the applicant, or failure to reach any employment or other project benchmarks. The Director may impose the recapture provisions for the number of years necessary to realize the purpose of the Fund.

(k) The Director may require the applicant to report financial statements, progress reports on the status of the project, including, the number of direct, quality, full-time jobs created or saved as a result of the project, any economic impact of the funding, and any other information required to assess the project. The reporting period for each project is within the discretion of the Director to determine that the purpose of the Fund is realized.

§ 8712A. Assistance for tourism and business promotion.

(a) The Director is hereby authorized and directed to establish a special fund of the State to encourage instrumentalities and political subdivisions of the State and private and public nonprofit associations to attract new investors and businesses to the State, and to promote the State as a destination for tourists and other travelers.

(b) The Director may contract with any instrumentality or political subdivision of the State, and with any private or public nonprofit association, to accomplish any work authorized by this chapter, provided that the said instrumentality or political subdivision of the State, private or public nonprofit association, contributes an equal share to the cost of the project.

(c) The Director shall establish such rules and regulations as are necessary to determine the eligibility of any instrumentality or political subdivision, private or public nonprofit association for participation in contracts authorized by this section. A private or public nonprofit association shall submit a letter of exemption from the Internal Revenue Service as proof of nonprofit status.

(d) The Director may, if the Director deems it necessary, limit the amount of money granted to any single project funded under this section. Expenditures from this special fund shall be in accordance with state law and shall be limited to appropriations provided therefor. Moneys on deposit in this special fund which are unexpended or unencumbered shall not revert at the end of each fiscal year.

Subchapter II

Delaware Strategic Fund

§ 8727A. Findings and purpose; creation of the Fund.

(a) The General Assembly finds that Delaware's development finance programs are necessary to compete for new and existing businesses. Furthermore, the General Assembly finds the number and limited previous funding of finance programs of the Delaware Economic Development Office do not maximize efficiency of administration by the State or the business community. (b) A special fund to be known as the "Delaware Strategic Fund" ("Fund") shall be created.

(1) The Fund shall initially consist of \$2,250,000 as authorized in 69 Del. The amount of a matching grant with respect to a certified brownfield shall not exceed the lesser of \$100,000 or 50 percent of environmental assessment and remediation costs with respect to such certified brownfield. For purposes of this subsection, a "certified brownfield" is a brownfield, as defined in § 9103 of Title 7, that the Secretary of the Department of Natural Resources and Environmental Control has certified as a brownfield pursuant to regulations promulgated under § 9104(b)(2)p. of Title 7. The Chairperson of the Authority may at any time suspend the making of grants under this subsection if the Chairperson finds that moneys in the Fund would be better used for other Fund purposes consistent with this subchapter, and may resume the making of grants under this subsection at any time after previously suspending the making of such grants.

Subchapter V

The Small Business Revolving Loan and Credit Enhancement Fund

§ 8746A. Legislative intent.

The General Assembly finds that small businesses in the State are of vital significance to Delaware's economic well-being and that small businesses provide the vast majority of jobs in the State. The General Assembly also finds that small businesses have a difficult time borrowing needed funds on a conventional basis due to the high cost of these funds and the reluctance of banks to provide 100 percent financing. To help allay these obstacles, the General Assembly hereby directs the Division to use the Small Business Revolving Loan and Credit Enhancement Fund to assist small businesses in reducing the cost of loan funds by offering partial, low-cost loans or by purchasing credit enhancements for small business' sustenance and growth.

(67 Del. Laws, c. 46, § 26(a); 69 Del. Laws, c. 77, § 25(a); 69 Del. Laws, c. 458, § 1; 81 Del. Laws, c. 49, § 1.)

§ 8747A. Creation of the Fund.

(a) A special fund to be known as the "Small Business Revolving Loan and Credit Enhancement Fund," hereinafter referred to as the "Fund" shall be created and administered by The Delaware Economic Development Authority, hereinafter referred to as the "Authority."

(b) The Fund shall be invested by the State Treasurer in securities consistent with the policies established by the Cash Management Policy Board. All interest on the Fund's moneys and any repayment of loans shall be deposited in the Fund.

(c) Loans made by the Authority to small businesses under the Fund shall be loaned at a below-market rate.

(67 Del. Laws, c. 46, § 26(a); 81 Del. Laws, c. 49, § 1.)

§ 8748A. Fund purposes.

(a) The moneys appropriated to the Fund may be used by the Authority for loans up to 25 percent of the total debt required, but not to exceed \$100,000 for working capital and fixed asset purposes.

(b) The moneys appropriated to the Fund may also be used to purchase credit enhancements on behalf of targeted businesses which shall support loans made by and/or through financial institutions to such targeted businesses. Credit enhancements purchased shall not exceed \$100,000 and the credit enhancement amount purchased shall be determined by the Authority.

(c) The moneys appropriated to the Fund shall not be used for the following purposes:

- (1) Grants;
- (2) Restaurants and professional office buildings except in those targeted census tracts, defined in § 2020(1)d. of Title 30;
- (3) Projects which do not attract or retain employment opportunities;
- (4) Private, nonprofit activities; and
- (5) Private or public speculative real estate ventures.

(67 Del. Laws, c. 46, § 26(a); 67 Del. Laws, c. 285, § 21(a); 69 Del. Laws, c. 77, § 25(b); 81 Del. Laws, c. 49, § 1.)

§ 8749A. Fund eligibility.

In order for a project to be eligible for the Fund purposes cited in § 8748A of this title, the project must meet the following criteria:

(1) For the purpose of administering the Fund, a small business shall be defined as a firm having a full-time equivalent complement of 100 or fewer Delaware based employees at the time of application;

(2) The firm to benefit from Fund proceeds must create or retain direct, permanent, quality, full-time jobs;

(3) The firm eligible for Fund proceeds must be eligible for and have received commitments for at least 75 percent of the debt amount needed;

(4) The firm eligible for Fund proceeds must be able to collateralize the Fund proceeds to the satisfaction of the Authority which shall use to the greatest extent possible bank like underwriting procedures;

(5) The firm eligible for Fund proceeds must be able to repay the Fund proceeds within a time period and at an interest rate determined by the Authority; and

(6) Projects to be aided by the Fund shall be recommended by the Council on Development Finance (“Council”) and approved by the Chairperson of the Authority. No project shall receive any benefit from the Fund unless such benefit is approved by a majority of the Council.

(67 Del. Laws, c. 46, § 26(a); 67 Del. Laws, c. 285, § 21(b), (c); 69 Del. Laws, c. 77, § 25(c)-(e); 70 Del. Laws, c. 186, § 1; 81 Del. Laws, c. 49, § 1.)

Subchapter VII

Delaware Economic Development Authority

§ 8751A. Findings; declaration of policy.

(a) It is determined and declared as a matter of legislative finding that:

(1) The good order of the State and the health and welfare of its citizens depend upon the steady employment, in useful occupations, of the citizens of the State;

(2) In certain areas of the State, many citizens are employed sporadically or not at all. In these areas of the State, many citizens have heretofore found employment in agricultural pursuits. As agriculture becomes more efficient, and requires fewer employees for the maintenance of economic output levels, increasing numbers of citizens cannot find agricultural employment. Opportunities for other forms of employment in these areas are very limited. This condition threatens the economic stability of the State, discourages thrift and depresses the standard of living of the citizens of the State, all to the detriment of the public health, welfare and order. Moreover, the viability and attractiveness of expanded agricultural enterprise in the State (with consequential increase in agricultural employment opportunity) is jeopardized by competition from agricultural enterprises located in states enjoying longer growing seasons and other competitive advantages;

(3) Stable and useful employment can be made available for citizens of the State by financing the construction, acquisition, rehabilitation, modernization or renovation of commercial, industrial and agricultural facilities in the State;

(4) In many areas of the State, substantial unemployment or cyclical employment (involving cessations of work and temporary layoff of employees) exists. This condition threatens the economic stability of the State, discourages thrift and depresses the standard of living of the citizens of the State, all to the detriment of the public health, welfare and order;

(5) There is a continuing need to prevent decline in business employment, including employment in industrial, commercial and agricultural businesses within the State and to reduce unemployment and cyclical employment within the State;

(6) The availability of financial assistance and suitable facilities are important inducements to industrial, commercial and agricultural businesses to locate, remain and expand in the State which in time will result in increased employment opportunities in the State;

(7) Due to increased industrialization and urbanization of many areas of the State, greater dangers to the public health and welfare exist because of pollution of the air, water and soil, and high levels of noise. Therefore, it is necessary to protect the public health and welfare by fostering the reduction, abatement or prevention of the pollution of the State's environment and the protection of its natural resources;

(8) There is a need to assist in the financing of medical facilities, nursing facilities and facilities for the residence or care of the aged in order to provide modern and efficient medical and nursing care and residence facilities for the citizens of the State thereby promoting their health and welfare;

(9) There is a need to encourage the development of the State as a banking and financial service center by expanding the types of projects and activities for which the State will provide financing assistance, thereby enhancing the inducements for banks and financial service enterprises to locate, remain and expand in the State which in time will result in increased employment opportunities and commercial transactions in the State; and

(10) There is a need to assist in the financing of facilities and activities of exempt persons in order to contribute to the prosperity, health or general welfare of the citizens of the State.

(11) [Repealed.]

(b) It is further determined and declared that in order to aid in remedying such conditions and to implement the purposes of this subchapter, there shall be created an Authority which shall be a body politic and corporate having the powers, duties and functions provided in this subchapter; that the creation of the Authority and the powers conferred upon such Authority under this subchapter and the expenditure of moneys pursuant to this subchapter constitute a valid public purpose and the performance of a valid public function; that the enactment of the provisions hereinafter set forth is in the public interest and for the public benefit and welfare and is hereby so declared to be as a matter of express legislative determination.

§ 8753A. Established; organization.

(a) There is hereby established a body corporate and politic, with corporate succession, to be known as "The Delaware Economic Development Authority." The Authority is hereby constituted as an instrumentality of the State exercising public and essential governmental functions, and the exercise by the Authority of the powers conferred in this subchapter shall be deemed and held to be an essential governmental function of the State.

(b) The Authority shall consist of the Director who shall serve ex officio. The Director shall hold office for the term of the Director's appointment. Should a vacancy in the Office of the Director occur, then the Authority shall consist of the Acting Director (with references to the Director in this chapter deemed to refer to such Acting Director) until the Director's successor is duly qualified and appointed.

(c) The Director shall be the Chairperson of the Authority. Subject to its annual budget as approved by the Governor and the General Assembly, the Authority shall employ such persons as the Director shall determine are necessary to fulfill the powers granted to the Authority in this subchapter. The powers of the Authority shall be vested in the Director and all action by the Authority shall be taken by the Director or by a designee acting on the Director's behalf as provided in this subchapter.

(d) Notwithstanding any other law, neither the Director nor any officer or employee of the State shall be deemed to have forfeited or shall forfeit such office or employment or any benefits or emoluments thereof by reason of such service as an officer of the Authority.

The existence of any such interest shall not affect the validity of bonds issued pursuant to this subchapter.

(j) All expenses incurred by the Authority shall be included and charged to the project to which they apply. Any refunds or reimbursements of such expenses shall be credited to the same project to which such expense was charged.

(k) The Authority shall prescribe such regulations as may be necessary to carry out the purposes of this subchapter and, in addition to any other regulation, the Authority shall require that any new applicant approved for a loan under this chapter shall agree to give the first opportunity of employment to qualified Delaware residents.

§ 8754A. Deauthorization of state-guaranteed bonds.

(a) The Authority may issue bonds to finance the cost of any project or part thereof with respect to which the Authority has adopted a resolution.

(b) The Authority may issue bonds to refund bonds previously issued by the Authority or any other issuer, past or present, within the State (including, without limitation, the former Department of Community Affairs and Economic Development and the former Delaware Office of Economic Development), including the payment of any redemption premium thereon and any interest accrued to the date of redemption of such bonds.

(c) The Authority may issue bonds payable solely from the revenues of the project for which the bonds have been issued. Such bonds may be issued for a project whether or not such project is or will be financed by state-guaranteed bonds.

(d) The Authority may pledge the full faith and credit of the State to the payment of principal, premium, if any, and interest due on bonds (whether at stated or accelerated maturity or otherwise) subject to the following conditions:

(1) With respect to any project proposed to be financed by state-guaranteed bonds, the Authority shall find and determine, which findings and determinations shall be conclusive, in addition to making the appropriate findings and determinations required by § 8755A of this title, that:

a. The aggregate principal amount of state-guaranteed bonds, the proceeds of which are used to finance the proposed project together with the aggregate principal amount of outstanding bonds used to finance any other project or projects owned, used, leased or occupied by the same assisted person, or by a related person to the assisted person, does not exceed \$3,000,000;

b. Not more than 50 percent of the cost of the proposed project shall be financed by state-guaranteed bonds, and no part of the assisted person's contribution to the cost of a proposed project may be supplied, in whole or in part, by funds appropriated by an act of the General Assembly of the State; and

c. The fulfillment, discharge and satisfaction of the assisted person's obligations under the terms of the lease, mortgage, loan agreement or other financing agreements between the Authority and the assisted person shall be adequately secured.

(2) The aggregate principal amount of state-guaranteed bonds that may be authorized to be outstanding shall be limited to \$4,449,015. The limit shall automatically be reduced below \$4,449,015, once the aggregate principal amount of outstanding state-guaranteed bonds is reduced to \$4,449,015 by an amount equal to the principal amount of state-guaranteed bonds thereafter retired by the Authority.

(3) In no event shall the proceeds of state-guaranteed bonds be used to finance a project for commercial business or agricultural business.

(4) The Authority may not adopt a resolution authorizing the issuance of state-guaranteed bonds without the approval of at least 5 of the 7 members (the "members") of the Council on Development Finance (the "Council") or $\frac{3}{4}$ of the members if vacancies on the Council exist.

(5) The assisted person shall be legally obligated to deposit (prior to the delivery of the bonds and from a source other than the proceeds of the bonds), and thereafter maintain, with a person in trust, a cash reserve fund in an amount equal to the maximum principal and interest payable on such bonds during any consecutive 12-month period by such assisted person to the Authority under the terms of the lease, mortgage, loan agreement or other financing agreement between the Authority and such assisted person. Such cash reserve fund shall be pledged solely for the purposes provided in § 8761A of this title and shall not be construed as a security deposit under the State's Landlord Tenant Code (Part III of Title 25).

(6) In the case of accelerated maturity, the pledge of the full faith and credit of the State to the payment of principal, premium, if any, and interest due on state-guaranteed bonds prior to their stated maturity shall not apply without the express written approval of the Secretary of Finance. Such approval may be given at any time after the occurrence of a default which would permit the acceleration of payment of principal, premium, if any, or interest on such state-guaranteed bonds under the terms of the lease, mortgage, loan agreement or other financing agreements between the Authority and the assisted person.

(e) The Authority shall have all of the powers necessary or convenient to carry out and effectuate the purposes and provisions of this subchapter including without limitation the power:

(1) To adopt bylaws for the regulation of its affairs and the conduct of its business and to adopt rules, regulations and policies in connection with the performance of its functions and duties;

(2) To adopt, use and alter at will an official seal;

(3) To sue in its own name;

§ 8755A. Application for assistance; findings and determinations.

(a) The Authority may adopt a resolution, provided that an application for assistance under this subchapter shall be submitted to the Authority, for the advice or, where required by this subchapter, the approval of the Council on Development Finance, requesting the issuance of bonds to finance a project or to provide another form of financing support to a project. Prior to approving such application, the Authority shall find and determine, which findings and determinations shall be conclusive, on the basis of all information reasonably available to it, that any project financed:

(1) Will tend to maintain or provide gainful employment for citizens of the State, or, in the case of a pollution control project, will reduce, abate or prevent pollution of the State's environment or protect its natural resources, or, in the case of a medical facility, nursing facility or facility for the residence or care of the aged, will help to provide modern and efficient medical, nursing or residence facilities as the case may be for the citizens of the State;

(2) Will serve a public purpose by contributing to the prosperity, health or general welfare of the citizens of the State;

(3) In the case of a project for agricultural business will require a capital investment of at least \$10,000, which funds, including the proceeds of the bonds to be issued, if any, will be available or expended on the day the Authority issues the bonds or provides another form of financing support to the project;

(4) In the case of a project for commercial business will require a capital investment of at least \$10,000, which funds, including the proceeds of the bonds to be issued, if any, will be available or expended on the day the Authority issues the bonds or provides another form of financing support to the project;

(5) Will be leased to, sold to or financed for a financially responsible assisted person who has not been convicted of a major labor law violation or of illegal conduct involving moral turpitude by any agency or court of the federal government or agency or court of any state in the 2-year period immediately prior to the approval of the assisted person's application for assistance; and

(6) Will effectuate the purposes of this subchapter.

(b) The Authority may make the foregoing findings and determinations on a prospective basis prior to the receipt of any such application provided that the proceeds of bonds are not disbursed or another form of financing support is not provided to any assisted person until such findings and determinations are made specifically with respect to such assisted person's project or projects.

(c) The Authority may issue bonds to refund bonds issued pursuant to this subchapter without making any of the foregoing findings or determinations.

(d) The Council on Development Finance is delegated the authority and responsibility for conducting a public hearing following reasonable public notice prior to the issuance by the Authority of any bond or the provision by the Authority of any other form of financing support. The Council on Development Finance shall adopt such rules and procedures as it determines to be necessary or desirable in fulfilling its responsibilities.

(e) For purposes of § 147(f) of the Internal Revenue Code of 1986 [26 U.S.C. § 147(f)], as amended, the Governor of this State, or an elected official of the State designated by the Governor for this purpose as permitted by such Code, shall have the authority and responsibility for approving, or withholding approval of, the issuance by the Authority of any bond. If, in connection with an application for the issuance of any bond by the Authority, the Governor or the elected official designated by the Governor advises the Attorney General of the State that the Governor or such elected official is unable or believes it would be inappropriate for the Attorney General to consider such application, then the Attorney General shall have the authority and responsibility for approving, or withholding approval of, the issuance of such bond by the Authority.

Any pledge of revenues or other property made by the Authority shall be valid and binding from the time when the pledge is made. Revenues so pledged and thereafter received by the Authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act. The lien of any such pledge or revenues or other property shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Authority, whether or not such parties have notice thereof. If any payment of principal, premium, if any, or interest due to the Authority or to a trustee or other person as assignee of the Authority with respect to a project financed by proceeds from state-guaranteed bonds is in default, or if sufficient revenues are not available to make such payment, the Authority:

(1) Shall forthwith direct (if it has not previously done so) the person holding the cash reserve fund deposited pursuant to § 8754A(d) (5) of this title to apply such cash reserve fund to the payment of principal, premium, if any, and interest on such state-guaranteed bonds as the same become due;

(2) Shall forthwith give notice of such default or occurrence to the Governor, the Secretary of State, the Secretary of Finance, the Auditor of Accounts, the Speaker of the House of Representatives, the President Pro Tempore of the State and the Controller General. Thereafter, the General Assembly shall appropriate sufficient funds to pay principal, premium, if any, and interest on such state-guaranteed bonds when due. Any funds made available pursuant to such appropriation shall be deposited by the Authority in the appropriate cash reserve fund;

(3) Shall exercise its rights to secure its title and take possession of the project and any other assets pledged, assigned or transferred to the Authority in connection with the financing of the project. (c) The Director may contract with eligible applicants for amounts not in excess of \$100,000 per contract; provided, however, that such contracts shall be used exclusively for programs which are consistent with this subchapter and, provided further, that the contract is made only after:

(1) Receipt of an application from the eligible applicant which contains a proposal for a program of skills training and education, including a description of the program, the type of skills training or education to be provided, a statement of the total cost of the program and a breakdown of the costs associated with equipment, personnel, facilities and materials, a statement from a designated business or industry of the employment need for the program and evidence in support thereof, a statement of the technical assistance and financial support for the program received or to be received from business and industry, assurance that at least 25 percent of the trainees are Delaware residents and such other information as the Director shall request;

(2) The commitment of financial support from business or industry shall be equal to the amount of the requested contract, except that the Director may waive the requirement for such matching financial support upon finding that the program funded by the contract will materially increase the employment opportunities for targeted individuals and that the businesses or industries participating in the program have agreed to contribute personnel, facilities, equipment, supplies, stipends or other items of value to the program in an amount approved by the Director; and

(3) Binding commitment shall be made to the Director by the applicant for adequate reporting of information and data regarding the program, particularly information concerning the recruitment and employment of trainees and students, and including a requirement for a periodic audit of the books of the applicant directly related to the program, and such control on the part of the Director as the Director shall consider prudent over the management of the program, so as to protect the use of public funds including, at the discretion of the Director and without limitation, right of access to financial and other records of the applicant directly related to the program.

(a) The General Assembly finds as follows:

(1) The costs of driver education and obtaining a driver's license and motor vehicle insurance for a child in the Department's custody and an individual under subsection (g) of this section do the following:

(2) The completion of an approved driver education course is necessary to develop safe driving skills.

(b) For purposes of this section, "child placing agency" means any agency granted a license by the Department to provide adoption services in this State.

(c) The Office shall establish a program to pay the cost of driver education, costs incidental to licensure, and motor vehicle insurance for a child in the Department's custody and an individual under subsection (g) of this section.

(d) The Office shall develop procedures for operating and administering the program established under subsection (c) of this section, including for the following:

(f) The Office shall make payments under the program established under subsection (c) of this section in the order that it determines a child in the Department's custody, individual under subsection (g) of this section, foster parent, caregiver, or child placing agency eligible.

The child's or individual's foster parent's coverages identified in §§ 2118 and 2902 of Title 21, and § 3902 of Title 18 may not be a source of coverage when the child or individual is operating a motor vehicle.

(h) The Office may adopt regulations to implement this section.

The Cabinet Committee shall consider the report submitted by the Office of State Planning Coordination, appropriate state land development goals and strategies, comments submitted by any impacted jurisdiction and such other information as it may determine to be appropriate and in the public interest. The Cabinet Committee may, in its discretion, conduct a public hearing on the proposed comprehensive plan or amendment or revision thereto, except that no hearing shall be held if the proposed plan, amendment, update or revision thereto is found to be consistent with the state goals, policies and strategies, and not in conflict with plans of other jurisdictions. Within 45 days of the receipt of the report from the Office of State Planning Coordination, the Cabinet Committee shall issue its findings and recommendations, and shall submit the proposed plan to the Governor or designee for certification. The State Planning Coordinator may not be the designee for the review and certification of county plans.

(f) Within 20 days of receipt of the findings and recommendations from the Cabinet Committee, the Governor shall certify the comprehensive plan or return the comprehensive plan to the municipality or county for revision. The municipality or county shall have the right to accept or reject any or all of the recommendations. Subchapter V

Delaware Population Consortium

(82 Del. Laws, c. 14, § 1.)

§ 9151. Findings; purpose.

The efficient and effective planning for capital projects and services that benefit Delaware's citizens must rely upon the best technical information available in order to anticipate demographic and population trends. The Delaware Population Consortium is created to do all of the following:

(1) Create a single set of population projections for the State because it would be detrimental to have different entities developing competing sets of projections for their own purposes.

(2) Create a single set of population projections with a long-term horizon of 30 years to be beneficial for long-term capital planning.

(3) Use a single methodology that can be refined over time.

(4) Establish a regular annual release date for the population projections to provide consistent and predictable information for entities that rely upon the projections.

(5) Conduct ongoing review of the population projections.

(6) Create population projections that cover a consistent set of geographic areas including the State, each county, and each incorporated municipality.

(82 Del. Laws, c. 14, § 1.)

§ 9152. Delaware Population Consortium.

(a) The Delaware Population Consortium (“Consortium”) shall annually prepare, review, and revise a comprehensive set of population projections for the State, each county, and each incorporated municipality.

(b) The projections must provide as much detail as feasible within given methodological and financial constraints.

(c) All state agencies, counties, municipalities, and school districts must use the Consortium’s projections for planning and policy purposes. If a population estimate is not available for a given year, state agencies, counties, municipalities, and school districts must use either the most recent Consortium projections or the most recent population estimates prepared by the United States Census Bureau, whichever contains the higher population estimate.

(d) The Consortium shall make its projections, and other related demographic information it prepares, available to the public.

(e) The Consortium shall act in an advisory capacity to the state census statistical area committees.

(f) The Consortium shall act as the advisory board for the Delaware Census State Data Center.

(g) The Consortium may perform such other functions and create supplementary materials which are deemed appropriate by Consortium members, including the following:

(1) Create seasonal population projections estimates for resort areas.

(2) Serve as a focus group for population projection estimates at other levels, including planning districts and traffic analysis zones.

(h) The Consortium must be governed by a set of by-laws drafted by the membership and approved by # of the voting members. The by-laws must include all of the following:

(1) The election and terms of officers.

(2) The powers and duties of each officer.

(3) The procedures governing meetings of the Consortium.

(i) The voting members of the Consortium are the following:

(1) A representative from the Office of State Planning Coordination, appointed by the State Planning Coordinator.

(2) A representative from the New Castle County Government, appointed by the County Executive.

(3) A representative from the Kent County Government, appointed by the County Administrator.

(4) A representative from the Sussex County Government, appointed by the County Administrator.

(5) Representatives from each of the federally-designated metropolitan planning organizations (“MPO”) functioning in Delaware, appointed by the Executive Director of each MPO.

(6) Representatives from each incorporated municipality over 20,000 persons, appointed by the Mayor or highest elected official in each jurisdiction.

(7) A representative from the Department of Labor, appointed by the Secretary of the Department.

(8) A representative from the Department of Education, appointed by the Secretary of the Department.

(9) A representative from the Department of Transportation, appointed by the Secretary of Department.

(10) A representative from the Department of Health and Social Services, appointed by the Secretary of the Department.

(11) A representative from the Delaware State Housing Authority, appointed by the Director.

(12) A representative from the Department of Safety and Homeland Security, appointed by the Secretary of the Department.

(13) A representative from the Delaware League of Local Governments, appointed by the President of the Delaware League of Local Governments.

(14) A representative from the Sussex County Association of Towns, appointed by the President of the Sussex County Association of Towns.

(j) To ensure and encourage open dialogue, information sharing, and enhancement and refinement of the accuracy of the population projections, other interested persons may participate in the Consortium as nonvoting members.

(k) Quorum of the Consortium is a majority of the voting members.

(l) Meetings of the Consortium must be conducted under the requirements of the Freedom of Information Act, Chapter 100 of this title.

(82 Del. Laws, c. 14, § 1.)

State Planning and Property Acquisition
Chapter 92
Land Use Planning
Subchapter I
Findings, Purpose and Definitions

§ 9201. Findings; purpose.

(a) Some land use decisions are far-reaching, complex determinations involving the commitment of finite resources by many levels of government and private investment. Such decisions must be coordinated so as to achieve efficient, effective and timely use of finite resources.

(b) The resource investment, both public and private, in land use decisions is long-term and therefore a process which provides a certain and stable climate for decision-making is necessary to foster rational investment of these resources.

(c) A method of achieving consistency and coordination between the levels of government, and between government and private enterprise, is essential to achieve these goals.

(d) Economic activity should be enhanced by coordinating and simplifying the various state regulatory and review processes required prior to development. It is declared, therefore, that a process for streamlining such processes be established.

(74 Del. Laws, c. 186, § 1.)

§ 9202. Definitions.

For the purpose of this chapter:

(1) "Applicant" means any person who must apply to a local jurisdiction for approval to proceed with a project which requires a local jurisdiction to take a land use planning action.

(2) "Comprehensive development plan" means a municipal or county comprehensive land use plan, master plan or comprehensive plan as provided in Titles 9, 22 or this title.

(3) "Economic development project" means a development project creating full-time jobs, that is consistent with an adopted local government comprehensive plan and local land development and zoning ordinances, and the economic development project is located at least partially in Investment Levels 1 or 2 as set forth under the Strategies for State Policies and Spending, promulgated under § 9101 of this title.

(4) "Final decision" means any legislative, administrative or quasi-judicial action that establishes the final determination of a local jurisdiction concerning any land use planning action.

(5) "Local jurisdiction" means the County of New Castle, the County of Kent, the County of Sussex, municipalities within the State or any other political subdivision of the State, or any instrumentality of any political subdivision of the State.

(6) "Local land use planning action" means any action involving:

a. The adoption or amendment of a Comprehensive Development Plan;

b. The zoning or re-zoning of land;

c. The subdivision or partitioning of 1 parcel of land into 2 or more parcels of land or the combining of 2 or more parcels of land into 1 or more new parcels of land if required by local subdivision review ordinances; or

d. The review or approval of 1 or more parcels of land for development if required by local site plan review ordinances.

(7) "Person" means any individual, partnership, firm, association, public or private corporation, trust, estate, commission, board, public or private institution, utility, cooperative, local jurisdiction, any interstate body or any other legal entity.

(8) "Rezoning" means any modification of zoning classification of property based upon local zoning codes adopted as provided in Title 9 or 22.

(9) "Site plan" means a plan, to scale, showing uses, structures and any other improvements for a parcel as required by a local jurisdiction's land use regulations.

(10) "Subdivision" means the division of land into 2 or more lots.

(74 Del. Laws, c. 186, § 1; 84 Del. Laws, c. 47, § 1.)

Subchapter II
Pre-application Reviews

§ 9203. Local land use planning actions subject to review process.

(a) All projects meeting any 1 of the following criteria shall undergo a pre-application meeting and review process as set forth in this chapter:

(1) Major residential subdivisions with internal road networks and more than 50 units, excluding previously recorded residential subdivisions of any size which have not been sunsetted.

(2) Any nonresidential subdivision involving structures or buildings with a total floor area exceeding 50,000 square feet, excluding any previously approved and recorded nonresidential subdivision regardless of floor area size, or any site plan review involving structures or buildings with a total floor area exceeding 50,000 square feet, excluding any previously approved and recorded nonresidential site plan review regardless of floor area size. Notwithstanding this paragraph (a)(2), economic development projects are exempt from the pre-application meeting and review process, unless required by a local jurisdiction, through a memorandum of understanding between a local jurisdiction and the Office of State Planning Coordination or by ordinance.

(3) Rezoning, conditional uses, site plan reviews and/or subdivisions, within environmentally sensitive areas, as identified within any local jurisdiction's comprehensive plan as certified under § 9103 of this title.

(4) Annexations inconsistent with the local jurisdiction's comprehensive plan as certified under § 9103 of this title.

(5) Applications for rezoning if not in compliance with the local jurisdiction's comprehensive plan as certified under § 9103 of this title.

(6) Any other project which is required to be referred to the State for pre-application review by local jurisdiction regulations.

(7) Any local land use regulation, ordinance or requirement referred to the Office of State Planning Coordination by a local jurisdiction for the purpose of providing the jurisdiction with advisory comments. The land use regulations, ordinances or requirements that are to be referred to the Office of State Planning Coordination may be specified in a jurisdiction's Memorandum of Understanding.

(8) County and municipal comprehensive plans as required by Titles 9 and 22.

(b) Any applicant may voluntarily request to participate in the pre-application review process and shall make such requests in writing to the Office of State Planning Coordination.

(74 Del. Laws, c. 186, § 1; 84 Del. Laws, c. 47, § 1.)

§ 9204. Pre-application review process.

(a) Pre-application reviews shall be conducted and concluded, unless otherwise provided for herein, prior to the formal submission of any document required by the first step under any local jurisdiction's land use review regulation, including, but not limited to, a "preliminary" or "sketch" subdivision or site plan, or a written request for a re-zoning, conditional use, or annexation by an applicant to the local jurisdiction. The applicant may elect to initiate the pre-application review process simultaneously with the formal submission or application to any local jurisdiction with an approved Memorandum of Understanding as provided for in § 9205(c) of this title. The applicant is responsible for complying with any and all local regulations and is strongly encouraged to meet with local officials prior to initiating the pre-application review process. The applicant shall be responsible for requesting a pre-application review under this chapter.

(b) The Office of State Planning Coordination shall develop an application and procedures for review and shall be responsible for scheduling and coordinating all pre-application review meetings. Meeting dates shall be designated for 1 or more days certain each month and held in accordance with procedures outlined by the Office of State Planning Coordination. Projects shall be heard at a pre-application meeting within 45 calendar days of receipt of a request by the Office of State Planning Coordination. The Office of State Planning Coordination shall give public notice of all pre-application review meetings by following the requirements of § 10004(e) of this title.

(c) Within 20 business days following the date of the pre-application meeting with the applicant, the Office of State Planning Coordination shall furnish to the applicant and the local jurisdiction a written compilation of all comments received at the meeting. Failure of Office of State Planning Coordination to meet the 20-business-day requirement will result in the State forfeiting the opportunity to comment on the local land use planning action. The length of review may be extended by mutual consent of the Office of State Planning Coordination and the applicant. The local jurisdiction shall be notified immediately of any mutually acceptable delays.

(d) Following the pre-application review process and upon filing of an application with the local jurisdiction, the applicant shall provide to the local jurisdiction and the Office of State Planning Coordination a written response to comments received as a result of the pre-application process, noting whether comments were incorporated into the project design or not and the reason therefore.

(74 Del. Laws, c. 186, § 1.)

§ 9205. State agency authorities, roles and responsibilities.

(a) All state agencies shall participate in the pre-application review process if requested by the Office of State Planning Coordination and shall provide such assistance and advice as requested by the Office of State Planning Coordination.

(b) In special circumstances, the Office of State Planning Coordination may waive the pre-application requirements of this chapter. Where such waiver is granted, the Office of State Planning Coordination shall provide a written explanation of the causes for the waiver to the relevant local jurisdiction and the applicant. These circumstances may include, but are not limited to, local governments that impose a more stringent review of projects enumerated in § 9203(a) of this title than required by this chapter, or for projects which will provide an extraordinary benefit to the State and the local jurisdiction through economic development, job creation, educational opportunities, public services or facilities, agricultural preservation or protection and enhancement of the natural environment.

(c) In order to more effectively coordinate with the local land-use process, the Office of State Planning Coordination shall, through a memorandum of understanding agreed to by both parties, exempt the local jurisdiction from the provisions of this chapter or modify

the pre-application review process specified herein when the local jurisdiction has a Certified Comprehensive Plan and imposes a more stringent review of projects enumerated in § 9203(a) of this title than required by this chapter.

(d) The Office of State Planning Coordination shall coordinate, where possible, the other state review processes including but not limited to the transportation agreements specified in Title 9, and other state land use review and permitting processes.

(74 Del. Laws, c. 186, § 1.)

§ 9206. Local jurisdiction authorities, roles and responsibilities.

(a) Nothing in this subchapter shall be construed to deny local jurisdictions their final decision-making authority over proposed local land use planning actions.

(b) The local jurisdiction shall, in accordance with this chapter, make its final decision and notify the Office of State Planning Coordination of such decision as soon as possible.

(74 Del. Laws, c. 186, § 1.)

3. As a direct result of a written notice of intent to acquire, the acquisition, rehabilitation or demolition of, in whole or part, other real property on which the person conducts a business or farm operation, for a program or project undertaken by an agency; however, eligibility for such person under this paragraph applies only for purposes of obtaining moving expenses and relocation assistance advisory services under §§ 9302(a) and (b) and 9306 of this title.

b. The term “displaced person” does not include:

§ 9302. Moving and related expenses.

(a) Whenever the acquisition of real property for a program or project undertaken by an agency will result in the displacement of any person on or after May 27, 1972, the agency shall make a payment to any displaced person upon proper application as approved by the agency for:

(1) Actual reasonable expenses in moving the person, the person's family, business, farm operation or other personal property;

(2) Actual direct losses of tangible personal property as a result of moving or discontinuing a business or farm operation, but not to exceed an amount equal to the reasonable expenses that would have been required to relocate such property as determined by the agency;

(3) Actual reasonable expenses in searching for a replacement business or farm; and

(4) Actual expenses necessary to reestablish a displaced farm, nonprofit organization or small business at its new site, in accordance with criteria established by the agency, but not to exceed \$10,000. Notwithstanding the limitations of the preceding sentence, state agency payments under this paragraph shall use the same criteria and shall be authorized to pay in excess of the \$10,000 payment permitted by the preceding sentence under said criteria, but shall not use or attempt to obtain reimbursement from federal funds to the extent of the excess. In any event, total payments under this paragraph shall not exceed \$22,500.

(b) Any displaced person eligible for payments under subsection (a) of this section who is displaced from a dwelling and who elects to accept the payments authorized by this subsection in lieu of the payments authorized by subsection (a) of this section may receive a fixed expense allowance payment in an amount to be determined according to criteria established by the agency.

(c) Any displaced person eligible for payments under subsection (a) of this section who is displaced from the person's place of business or farm operation and who is eligible under criteria established by the agency may elect to accept the payment authorized by this subsection in lieu of the payment authorized by subsection (a) of this section. Such payment shall consist of a fixed payment in an amount to be determined according to criteria established by the agency, except that such payment shall be not less than \$1,000 nor more than \$20,000. A person whose sole business at the displacement dwelling is the rental of such property to others shall not qualify for a payment under this subsection.

(d) In addition to all other payments authorized under this chapter, a person displaced by any program or project may receive reimbursement for miscellaneous expenses incurred within 30 days of relocation, which expenses are directly attributable to such relocation and which expenses have in fact been paid and for which a proper receipt can be shown. In no event, however, shall such miscellaneous payments as authorized by this subsection exceed 1% of the appraised residential fair market value of the residence acquired, as determined by such agency. Payments authorized by this subsection shall not be allowed if provided for by any other section of this chapter.

(29 Del. C. 1953, § 9102; 58 Del. Laws, c. 413, § 2; 67 Del. Laws, c. 8, §§ 2, 3; 68 Del. Laws, c. 405, § 58; 70 Del. Laws, c. 186, § 1.)

§ 9303. Replacement housing for homeowners.

(a) In addition to payments otherwise authorized by this chapter, the displacing agency shall according to established criteria make an additional payment, not in excess of \$22,500, to any displaced person who is displaced from a dwelling actually owned and occupied by such displaced person for not less than 180 days prior to the initiation of negotiations for the acquisition of the property. Such additional payment shall include the following elements:

(1) The amount, if any, which when added to the acquisition cost of the dwelling acquired by the displacing agency, equals the reasonable cost of a comparable replacement dwelling.

(2) The amount, if any, which will compensate such displaced person for any increased interest costs and other debt service costs which such person is required to pay for financing the acquisition of any such comparable replacement dwelling. Such amount shall be paid only if the dwelling acquired by the agency was encumbered by a bona fide mortgage which was a valid lien on such dwelling for not less than 180 days immediately prior to the initiation of negotiations for the acquisition of such dwelling.

(3) Reasonable expenses incurred by such displaced person for evidence of title, recording fees and other closing costs incident to the purchase of the replacement dwelling, but not including prepaid expenses.

(b) The additional payment authorized by this section shall be made only to a displaced person who purchases and occupies a decent, safe and sanitary replacement dwelling within 1 year after the date on which such person receives final payment from the agency for the acquired dwelling or the date on which the obligation of the agency under § 9307 of this title is met, whichever is later, except that the agency may extend such period for good cause. If such period is extended, the payment under this section shall be based on the costs of relocating the person to a comparable replacement dwelling within 1 year of such date.

(29 Del. C. 1953, § 9103; 58 Del. Laws, c. 413, § 2; 67 Del. Laws, c. 8, § 4.)

§ 9304. Replacement housing for tenants and certain others.

(a) In addition to amounts otherwise authorized by this chapter, an agency shall make a payment to or for any displaced person displaced from any dwelling not eligible to receive a payment under § 9303 of this title which dwelling was actually and lawfully occupied by such displaced person for not less than 90 days immediately prior to:

(1) The initiation of negotiations for acquisition of such dwelling and has rented or purchased and occupied a decent, safe and sanitary replacement dwelling within 1 year of moving from the displacement dwelling; or

(2) In any case in which displacement is not a direct result of acquisition, such other event as the agency shall prescribe.

Such payment shall be made in accordance with criteria established by the agency not to exceed \$5,250 and shall consist of the amount necessary to enable such person to lease or rent for a period not to exceed 42 months, a comparable replacement dwelling. At the discretion of the agency, a payment under this subsection may be made in periodic installments.

(b) Any person eligible for a payment under subsection (a) of this section may elect to apply such payment to a down payment on, and other incidental expenses pursuant to, the purchase of a decent, safe and sanitary replacement dwelling. Any such person may, at the discretion of the agency, be eligible under this subsection for the maximum payment allowed under subsection (a) of this section, except that, in the case of a displaced homeowner who has owned and occupied the displacement dwelling for at least 90 days but not more than 180 days immediately prior to the initiation of negotiations for the acquisition of such dwelling, such payment shall not exceed the payment such person would otherwise have received under § 9303(a) of this title had the person owned and occupied the displacement dwelling 180 days immediately prior to the initiation of such negotiations.

(c) The full amount of the replacement housing payment for down payment assistance must be applied to the purchase price of the replacement dwelling and related incidental expenses.

(29 Del. C. 1953, § 9104; 58 Del. Laws, c. 413, § 2; 67 Del. Laws, c. 8, § 5.)

§ 9305. Maximum federal participation.

In determining the amounts to be paid under §§ 9302, 9303 and 9304 of this title, the agency shall provide payments which will assure maximum federal participation in federally assisted projects or programs.

(29 Del. C. 1953, § 9105; 58 Del. Laws, c. 413, § 2.)

§ 9306. Relocation assistance advisory services.

(a) Programs or projects undertaken by an agency shall be planned in a manner that:

(1) Recognizes, at an early stage in the planning of such programs or projects and before the commencement of any actions which will cause displacements, the problems associated with the displacement of individuals, families, businesses and farm operations; and

(2) Provides for the resolution of such problems in order to minimize adverse impacts on displaced persons and to expedite program or project advancement and completion.

(b) An agency shall ensure that the relocation assistance advisory services described in subsection (c) of this section are made available to all persons displaced by such agency. If such agency determines that any person occupying property immediately adjacent to the property where the displacing activity occurs is caused substantial economic injury as a result thereof, the agency may make available to such person such advisory services.

(c) Each relocation assistance advisory program required by subsection (b) of this section shall include such measures, facilities or services as may be necessary or appropriate in order to:

(1) Determine, and make timely recommendations on, the needs and preferences, if any, of displaced persons for relocation assistance;

(29 Del. C. 1953, § 9201; 58 Del. Laws, c. 413, § 3; 67 Del. Laws, c. 8, § 9.)

§ 9501A. Acquisition by eminent domain.

(a) The policy of the provisions of this chapter pertaining to eminent domain is to ensure that eminent domain is used for a limited, defined public use. Public use does not include the generation of public revenues, increase in tax base, tax revenues, employment or economic health, through private land owners or economic development.

(b) Notwithstanding any other provision of law, neither this State nor any political subdivision thereof nor any other condemning agency, including an agency as defined in § 9501(b) of this title, shall use eminent domain other than for a public use, as defined in subsection (c) of this section.

(c) The term “public use” shall only mean:

- (1) The possession, occupation, or utilization of land by the general public or by public agencies;
- (2) The use of land for the creation or functioning of public utilities, electric cooperatives, or common carriers, or
- (3) Where the exercise of eminent domain:

(e) No written notice or correspondence shall be sent to property owners from the State, an agency or a political subdivision communicating to the property owner that the real property is subject to eminent domain without the State, an agency, or a political subdivision first notifying the property owner in writing of the public use as defined in subsection (c) of this section and as required by § 9505(15) of this title.

(77 Del. Laws, c. 12, § 1.)

§ 9501B. Transportation and eminent domain.

The provisions of § 9501A of this title shall not apply to the acquisition of property or property rights by the Department of Transportation for any transportation facility, project, or program as defined in Titles 2, 9, 14, 17, and this title, if the primary purpose of each parcel being required is to maintain or improve the State’s transportation network, as sworn to by the Secretary of the Department or the Secretary’s authorized designee.

(77 Del. Laws, c. 12, § 5; 70 Del. Laws, c. 186, § 1.)

§ 9501C. Natural resources and eminent domain.

The provisions of § 9501A of this title shall not apply to the acquisition of property or property rights by the Department of Natural Resources and Environmental Control, any tax ditch, and any tax lagoon, for any acquisition authorized in Title 7, if the primary purpose of such acquisition is to maintain, protect or improve the State’s natural resources, as sworn to by the Secretary of the Department or the Secretary’s authorized designee.

(77 Del. Laws, c. 12, § 6; 70 Del. Laws, c. 186, § 1.)

§ 9502. Expenses incidental to transfer of title.

The agency acquiring real property for such use shall, as soon as practicable after the date of payment of the purchase price or the date of deposit into court of funds to satisfy the award of compensation in a condemnation proceeding to acquire real property, whichever is the earlier, reimburse the owner, to the extent the agency deems fair and reasonable, for expenses necessarily incurred for:

- (1) Recording fees, transfer taxes and similar expenses incidental to conveying such real property to the State;
 - (2) Penalty costs for prepayment for any preexisting recorded mortgage entered into in good faith encumbering such real property; and
 - (3) The prorata portion of real property taxes paid which are allocable to a period subsequent to the date of vesting title in the State or the effective date of possession of such real property by the State, whichever is the earlier.
- (29 Del. C. 1953, § 9202; 58 Del. Laws, c. 413, § 3; 70 Del. Laws, c. 186, § 1.)

§ 9503. Litigation expenses.

Where a condemnation proceeding is instituted by the agency to acquire real property for such use and the final judgment is that the real property cannot be acquired by condemnation or the proceeding is abandoned, the owner of any right, title or interest in such real property shall be paid such sum as will, in the opinion of the court, reimburse such owner for reasonable attorney, appraisal and engineering fees, actually incurred because of the condemnation proceedings. The awards of such sums will be paid by the agency.

(29 Del. C. 1953, § 9203; 58 Del. Laws, c. 413, § 3; 70 Del. Laws, c. 186, § 1; 75 Del. Laws, c. 216, § 2.)

§ 9504. Inverse condemnation proceedings.

Where an inverse condemnation proceeding is instituted by the owner of any right, title or interest in real property because of use of the owner's property in any program or project, the court, rendering a judgment for the plaintiff in such proceeding and awarding compensation for the taking of property, or the Department of Justice effecting a settlement of any such proceeding, shall determine and award or allow to such plaintiff, as a part of such judgment or settlement, such sum as will, in the opinion of the court or the Department of Justice, reimburse such plaintiff for reasonable costs, disbursements and expenses, including reasonable attorney, appraisal and engineering fees, actually incurred because of such proceedings.

(29 Del. C. 1953, § 9204; 58 Del. Laws, c. 413, § 3; 70 Del. Laws, c. 186, § 1.)

§ 9505. Real property acquisition policies.

The agency shall comply with the following policies:

- (1) Every reasonable effort shall be made to acquire expeditiously real property by negotiation.
- (2) Real property shall be appraised before the initiation of negotiations, and the owner or the owner's designated representative shall be given an opportunity to accompany the appraiser during an inspection of the property except that the agency may with the owner's permission, eliminate the appraisal in cases involving acquisition by donation. The agency shall provide the owner with a copy of the agency's approved appraisal prior to initiation of negotiations for acquisition of the property.
- (3) Before the initiation of negotiations for real property, an amount shall be established which it is reasonably believed is just compensation therefor, and such amount shall be offered for the property. In no event shall such amount be less than the approved appraisal of the fair market value of real property. Any decrease or increase of the fair market value of real property prior to the date of valuation caused by any program or project for which such property is acquired or by the likelihood that the property would be acquired for such program or project, other than that due to physical deterioration within the reasonable control of the owner, will be disregarded in determining the compensation for the property. The owner of the real property to be acquired shall be provided with a written statement of, and summary of the basis for, the amount established as just compensation. Where appropriate, the just compensation for the real property acquired and for damages to remaining real property shall be separately stated.
- (4) No owner shall be required to surrender possession of real property before the agreed purchase price is paid or deposited with the court, in accordance with Chapter 61 of Title 10, for the benefit of the owner in an amount not less than the approved appraisal of the fair market value of such property, or the amount of the award of compensation in the condemnation proceeding of such property.
- (5) Any program or project shall be so scheduled that, to the greatest extent practicable, no person lawfully occupying real property shall be required to move from a dwelling (assuming a replacement dwelling will be available) or to move the person's business or farm operation without at least 90 days' written notice from the date by which such move is required.
- (6) If an owner or tenant is permitted to occupy the real property acquired on a rental basis for a short term or for a period subject to termination by the agency on short notice, the amount of rent required shall not exceed the fair rental value of the property to a short-term occupier.
- (7) In no event shall the time for negotiations or condemnation be advanced, the deposit of funds in court for the use of the owner be deferred nor any other coercive action be taken to compel an agreement on the price to be paid for the property.
- (8) If an interest in real property is to be acquired by exercise of power of eminent domain, formal condemnation proceedings shall be instituted. The agency shall not intentionally make it necessary for an owner to institute legal proceedings to prove the fact of the taking of the owner's real property.
- (9) If the acquisition of only a portion of a property would leave the owner with an uneconomic remnant, the agency concerned shall offer to acquire that uneconomic remnant. For the purpose of this chapter, an uneconomic remnant is a parcel of real property in which the owner is left with an interest after the partial acquisition of the owner's property and the agency concerned has determined the parcel has little or no value or utility to the owner.

(10) A person whose real property is being acquired in accordance with this chapter may, after the person has been fully informed of the right to receive just compensation for such property, donate such property, any part thereof, any interest therein or any compensation paid therefor, to an agency, as such person shall determine.

(11) The term “appraisal” means a written statement independently and impartially prepared by a qualified appraiser setting forth an opinion of defined value of an adequately described property as of a specific date, supported by the presentation and analysis of relevant market information.

(12) Purchase of title insurance in the acquisition of property by the Department of Transportation shall only be authorized upon written request of the Secretary of the Department with unanimous written approval of the co-chairs of the Joint Finance Committee, the Controller General and the Director of the Office of Management and Budget.

(13) a. When state funds are transferred into nonstate-controlled escrow accounts in anticipation of property acquisitions by the Department of Transportation, the Department shall pursue the most cost-effective and timely means of effectuating said transfer of funds. Methods of funds transfer shall include, but not be limited to, the electronic transfer of funds.

b. Any funds escrowed for such purposes shall be subject to routine audit by the State Auditor.

(14) For a real property acquisition necessitated by a highway project, an appraisal is unnecessary if the Department of Transportation determines that the valuation of the property to be acquired is uncomplicated and the market value is estimated at \$50,000 or less, based on a review of available data. If an appraisal is determined to be unnecessary, the Department of Transportation shall prepare a waiver of valuation. The Department of Transportation may seek from the federal agency funding the project, approval on a case-by-case basis to increase the waiver amount on any valuation over \$10,000 and up to a maximum of \$25,000, or the amount currently approved by the federal agency, provided that the Department of Transportation offers the property owner the option of having an appraisal prepared. In all cases in which the estimated market value of a property to be acquired is over \$10,000, the property owner must be given the option of having an appraisal prepared.

(15) Notwithstanding any other provision of law to the contrary, the acquisition of real property through the exercise of eminent domain by any agency shall be undertaken, and the property used, only for the purposes of a recognized public use, as defined in § 9501A of this title, at least 6 months in advance of the institution of condemnation proceedings:

- a. In a certified planning document;
- b. At a public hearing held specifically to address the acquisition; or
- c. In a published report of the acquiring agency.

This paragraph shall not apply to the obtaining of right-of-ways or easements by an agency for public utilities, such as sewer, water, or electric.

(29 Del. C. 1953, § 9205; 58 Del. Laws, c. 413, § 3; 67 Del. Laws, c. 8, §§ 10-12; 70 Del. Laws, c. 186, § 1; 71 Del. Laws, c. 226, §§ 1, 2; 74 Del. Laws, c. 297, § 2; 75 Del. Laws, c. 88, § 21(13); 75 Del. Laws, c. 216, § 1; 77 Del. Laws, c. 12, § 2.)

§ 9506. Buildings, structures and improvements.

(a) Where any interest in real property is acquired, an equal interest in all buildings, structures or other improvements located upon the real property so acquired and which is required to be removed from such real property or which is determined to be adversely affected by the use to which such real property will be put shall be acquired.

(b) For the purpose of determining the just compensation to be paid for any building, structure or other improvement required to be acquired as above set forth, such building, structure or other improvement shall be deemed to be a part of the real property to be acquired, notwithstanding the right or obligation of a tenant, as against the owner of any other interest in the real property, to remove such building, structure or improvement at the expiration of the tenant’s term, and the fair market value which such building, structure or improvement contributes to the fair market value of the property to be acquired, or the fair market value of such building, structure or improvement for removal from the real property, whichever is the greater, shall be paid to the tenant therefor.

(c) Payment for such buildings, structures or improvements as set forth above shall not result in duplication of any payments otherwise authorized by the laws of this State. No such payment shall be made unless the owner of the land involved disclaims all interest in the improvements of the tenant. In consideration for any such payment, the tenant shall assign, transfer and release all right, title and interest in and to such improvements. Nothing with regard to the above-mentioned acquisition of buildings, structures or other improvements shall be construed to deprive the tenant of any right to reject payment and to obtain payment for such property interests in accordance with other laws of this State.

(b) All state agencies and public bodies shall implement and promulgate a policy for addressing requests made under the Freedom of Information Act.

(c) All state agencies and public bodies shall develop a web portal for receiving FOIA requests through the internet. Such portals shall utilize the standard request form promulgated by the Attorney General.

(d) (1) All state agencies and public bodies are to provide reasonable assistance to the public in identifying and locating public records to which they are entitled access, and all records held by the agency are “public records” to which the public should have access unless they fall within the scope of enumerated exceptions in § 10002 of this title.

(2) All public bodies in the executive branch of state government that are subject to the provisions of this chapter and are required by statute, regulation, or other established policy to publish an annual or biennial report, shall electronically post copies of these reports to a single designated State website approved by the Secretary of State. Electronic notification of the availability of these reports on the designated State website shall fulfill a public body’s duty to publish and provide these reports to the Governor, General Assembly, or other state agencies or state officials.

(e) All state agencies and public bodies shall provide a mailing address for receiving FOIA requests through the U.S. mail.

(f) *Form of request.* — (1) All FOIA requests shall be made in writing to the public body in person, by U.S. mail, by e-mail, by fax, or online in accordance with the provisions hereunder. FOIA requests may be submitted using the FOIA Request Form promulgated by the Office of the Attorney General provided, however, that any FOIA request that otherwise conforms with the policy hereunder shall not be denied solely because the request is not on the promulgated form. Copies of the FOIA request form may be obtained from the website of any state agency, school district, or other public body.

(2) All requests shall adequately describe the records sought in sufficient detail to enable the public body to locate such records with reasonable effort. The requesting party shall be as specific as possible when requesting records. To assist the public body in locating the requested records, the public body may request that the requesting party provide additional information known to the requesting party, such as the types of records, dates, parties to correspondence, and subject matter of the requested records.

(g) *FOIA coordinator.* — (1) Each public body shall designate a FOIA coordinator who shall serve as the point of contact for FOIA requests and coordinate the public body’s responses thereto. The FOIA coordinator shall be identified on the public body’s website and each public body shall provide the name and contact information for its FOIA coordinator to the Attorney General. The public body shall update this information on its website and with the Attorney General within 20 working days of any change in its FOIA coordinator or the FOIA coordinator’s contact information. The FOIA coordinator may designate other employees to perform specific duties and functions hereunder.

(2) The FOIA coordinator and/or his or her designee, working in cooperation with other employees and representatives, shall make every reasonable effort to assist the requesting party in identifying the records being sought, and to assist the public body in locating and providing the requested records. The FOIA coordinator and/or his or her designee will also work to foster cooperation between the public body and the requesting party.

(3) In addition to the foregoing responsibilities, the FOIA coordinator shall maintain a document tracking all FOIA requests. For each FOIA request, the document shall include, at a minimum, the requesting party’s contact information, the date the public body received the request, the public body’s response deadline, the date of the public body’s response (including the reasons for any extension), the names, contact information and dates of correspondence with individuals contacted in connection with requests, the dates of review by the public body, the names of individuals who conducted such reviews, whether documents were made available, the amount of copying and/or administrative fees assessed, and the date of final disposition.

(h) *Response to requests.* — (1) The public body shall respond to a FOIA request as soon as possible, but in any event within 15 business days after the receipt thereof, either by providing access to the requested records, denying access to the records or parts of them, or by advising that additional time is needed because the request is for voluminous records, requires legal advice, or a record is in storage or archived. If access cannot be provided within 15 business days, the public body shall cite 1 of the reasons hereunder why more time is needed and provide a good-faith estimate of how much additional time is required to fulfill the request.

(2) If the public body denies a request in whole or in part, the public body’s response shall indicate the reasons for the denial. The public body shall not be required to provide an index, or any other compilation, as to each record or part of a record denied.

(i) *Requests for e-mail.* — (1) Requests for e-mail records shall be fulfilled by the public body from its own records, if doing so can be accomplished by the public body with reasonable effort. If the public body determines that it cannot fulfill all or any portion of such request, the public body shall promptly request that its information and technology personnel or custodians provide the e-mail records to the public body.

(2) Before requesting the information and technology personnel or custodians to provide e-mail records, the public body shall provide an itemized written cost estimate to the requesting party, listing all charges expected to be incurred in retrieving such records. Upon receipt of the estimate, the requesting party may decide whether to proceed with, cancel, or modify the request.

(j) *Requests for other noncustodial records.* — (1) If all or any portion of a FOIA request seeks records controlled by the public body but are not within its possession or cannot otherwise be fulfilled by the public body with reasonable effort from the records it possesses, then the public body shall promptly request that the relevant custodian provide the noncustodial records to the public body.

(2) Before requesting any noncustodial records, the public body shall provide an itemized written cost estimate to the requesting party, listing all charges expected to be incurred in retrieving such records. Upon receipt of the estimate, the requesting party may decide whether to proceed with, cancel, or modify the request.

(k) *Review by public body.* — Prior to disclosure, records may be reviewed by the public body to ensure that those records or portions of records deemed nonpublic may be removed pursuant to § 10002 of this title or any other applicable provision of law. In reviewing

the records, all documents shall be considered public records unless subject to 1 of the exceptions set forth in § 10002 of this title or any other applicable provision of law.

(l) *Hours of review.* — The public body shall provide reasonable access for reviewing public records during regular business hours.

(m) *Fees.* — Unless otherwise set forth in the Delaware Code or any applicable code of a county or municipal public body, the following fees shall apply:

(1) *Photocopying fees.* — In instances in which paper records are provided to the requesting party, photocopying fees shall be as follows:

Standard-sized, black and white copies: The first 20 pages of standard-sized, black and white copies material shall be provided free of charge. The charge for copying standard sized, black and white public records for copies over and above 20 shall be \$0.10 per sheet (\$0.20 for a double-sided sheet). This charge applies to copies on the following standard paper sizes: 8.5" x 11", 8.5" x 14", and 11" x 17".

Oversized copies/printouts: The charge for copying oversized public records shall be as follows: 18" x 22", \$2.00 per sheet; 24" x 36", \$3.00 per sheet; documents larger than 24" x 36", \$1.00 per square foot.

Color copies/printouts: An additional charge of \$1.00 per sheet will be assessed for all color copies or printouts for standard-sized copies (8.5" x 11", 8.5" x 14", and 11" x 17") and \$1.50 per sheet for larger copies.

(2) *Administrative fees.* — Administrative fees shall be levied for requests requiring more than 1 hour of staff time to process. Charges for administrative fees may include staff time associated with processing FOIA requests, including, without limitation: identifying records; monitoring file reviews; and generating computer records (electronic or print-outs). Administrative fees shall not include any cost associated with the public body's legal review of whether any portion of the requested records is exempt from FOIA. The public body shall make every effort to ensure that administrative fees are minimized, and may only assess such charges as shall be reasonable required to process FOIA requests. In connection therewith, the public body shall minimize the use of nonadministrative personnel in processing FOIA requests, to the extent possible.

Prior to fulfilling any request that would require a requesting party to incur administrative fees, the public body shall provide an itemized written cost estimate of such fees to the requesting party, listing all charges expected to be incurred in retrieving such records. Upon receipt of the estimate, the requesting party may decide whether to proceed with, cancel, or modify the request.

Administrative fees will be billed to the requesting party per quarter hour. These charges will be billed at the current hourly pay grade (prorated for quarter hour increments) of the lowest-paid employee capable of performing the service. Administrative fees will be in addition to any other charges incurred under this section for copying fees.

When multiple FOIA requests are submitted by or on behalf of the requesting party in an effort to avoid incurring administrative charges, the public body may in its discretion aggregate staff time for all such requests when computing fees hereunder. Notwithstanding the foregoing, any Freedom of Information Act policy adopted by a public body pursuant to subsection (b) of this section hereunder may include provisions for the waiver of some or all of the above administrative fees; provided that such waiver shall apply equally to a particular class of persons (i.e., nonprofit organizations).

(3) *Microfilm and/or microfiche printouts.* — The first 20 pages of standard-sized, black and white material copied from microfilm and/or microfiche shall be provided free of charge. The charge for microfilm and/or microfiche printouts over and above 20 shall be \$0.15 per sheet.

(4) *Electronically generated records.* — Charges for copying records maintained in an electronic format will be calculated by the material costs involved in generating the copies (including but not limited to DVD, CD, or other electronic storage costs) and administrative costs.

(5) *Payment.* — The public body may require all or any portion of the fees due hereunder to be paid prior to any service being performed pursuant to this section.

a. The time for public comment must provide a meaningful opportunity for the public to engage with the public body.

b. A public body may impose reasonable time, place, and manner restrictions on the length of the public comment period and the amount of time allotted for each public comment.

(b) A public body may call for an executive session closed to the public pursuant to subsections (c) and (e) of this section, but only for the following purposes:

Venue in such cases where access to public records is denied shall be placed in a court of competent jurisdiction for the county or city in which the public body ordinarily meets or in which the plaintiff resides. Regardless of the finding of the Chief Deputy, the petitioner or the public body may appeal the matter on the record to Superior Court. In every other case, the Attorney General shall, within 10 days, notify in writing the custodian of records or public body involved. Within 20 days of receiving the petition, the Attorney General shall make a written determination of whether a violation has occurred or is about to occur, and shall provide the citizen and any custodian of records or public body involved with a copy of the determination. If such request is made, the Attorney General may file suit, and shall within 15 days notify the citizen of the decision to file suit, unless the custodian of records or public body has agreed to comply with this chapter. The citizen shall have the absolute right to file suit regardless of the determination of the Attorney General, and may move to intervene as a party in any suit filed by the Attorney General.

discretion, may designate a subordinate to organize, classify, summarize and make recommendations with respect to the materials, which recommendations may be considered with the materials by the agency in reaching its conclusions.

(60 Del. Laws, c. 585, § 1; 62 Del. Laws, c. 301, § 2.)

§ 10117. Public hearings.

When an agency is required by law to hold public hearings before adopting, amending or repealing a regulation and, otherwise, if an agency in its discretion determines to hold public hearings, in addition to giving opportunity for the submission of written materials, the following shall apply to the conduct of such hearings:

(1) The hearing shall be conducted either by the agency or by a subordinate designated by the agency for that purpose who shall be empowered in connection with such hearing to:

(b) At the conclusion of all hearings and after receipt within the time allowed of all written materials, upon all the testimonial and written evidence and information submitted, together with summaries of the evidence and information by subordinates, the agency shall determine whether a regulation should be adopted, amended or repealed and shall issue its conclusion in an order which shall include:

- (1) A brief summary of the evidence and information submitted;

If prepared, the narrative assessment should include a brief description of the agency's efforts to consider climate change, resiliency, and the State's greenhouse gas emissions reduction targets in developing the regulation.
- (4) A decision to adopt, amend or repeal a regulation or to take no action and the decision shall be supported by its findings on the evidence and information received;

- (6) The effective date of the order;
- (7) Any other findings or conclusions required by the law under which the agency has authority to act; and
- (8) The signatures of at least a quorum of the agency members.

(c) In the event an agency makes substantive changes in the proposal as a result of the public comments, evidence and information, the agency shall consider the revised proposal as a new proposal subject to the notice requirements of § 10115 of this title and all other requirements of this subchapter. If the changes are not substantive, the agency shall not be required to repropose the regulation change. Whether a change constitutes substantive or nonsubstantive matter shall be determined by the agency head.

(d) In the event the proposing agency seeks to withdraw its proposal, the proposing agency shall notify the Registrar, in writing, that the proposal is being withdrawn and the Registrar shall publish the withdrawal information in the next issue of the Register of Regulations.

(e) The agency shall file such order with the Registrar of Regulations which shall become the official regulation as defined in § 1132 of this title.

- (1) The agency may proceed to act without prior notice or hearing or upon any abbreviated notice and hearing that it finds practicable;
- (2) The order adopting, amending or repealing a regulation shall state, in writing, the reasons for the agency's determination that such emergency action is necessary;

(c) Whenever an agency proposes to deny an application for a license, timely and properly made, or to revoke, suspend, annul or withdraw a license or where it is required by law or regulation to give notice, it shall first give written notice to the licensee or applicant of the intended action and the reasons therefor. The form of the notice shall comply as far as practicable with § 10122 of this title, except that instead of setting a hearing date, it may afford the party at least 10 days to request a hearing.

(d) Notice of a hearing shall be given at least 20 days before the day it is to be held.

(a) Any person aggrieved by and claiming the unlawfulness of any regulation may bring an action in the Court for declaratory relief.

(b) No action of an agency with respect to the making or consideration of a proposed adoption, amendment or repeal of a regulation shall be subject to review until final agency action on the proposal has been taken.

(c) When any regulation is the subject of an enforcement action in the Court, the lawfulness of such regulation may be reviewed by the Court as a defense in the action.

(d) Except as provided in subsection (c) of this section, no judicial review of a regulation is available unless a complaint therefor is filed in the Court within 30 days of the day the agency order with respect to the regulation was published in the Register of Regulations.

(e) Upon review of regulatory action, the agency action shall be presumed to be valid and the complaining party shall have the burden of proving either that the action was taken in a substantially unlawful manner and that the complainant suffered prejudice thereby, or that

the regulation, where required, was adopted without a reasonable basis on the record or is otherwise unlawful. The Court, when factual determinations are at issue, shall take due account of the experience and specialized competence of the agency and of the purposes of the basic law under which the agency acted.

(60 Del. Laws, c. 585, § 1; 62 Del. Laws, c. 301, § 2; 70 Del. Laws, c. 186, § 1; 71 Del. Laws, c. 48, § 13.)

§ 10142. Review of case decisions.

(a) Any party against whom a case decision has been decided may appeal such decision to the Court.

(b) The appeal shall be filed within 30 days of the day the notice of the decision was mailed.

(c) The appeal shall be on the record without a trial de novo. If the Court determines that the record is insufficient for its review, it shall remand the case to the agency for further proceedings on the record.

(d) The Court, when factual determinations are at issue, shall take due account of the experience and specialized competence of the agency and of the purposes of the basic law under which the agency has acted. The Court's review, in the absence of actual fraud, shall be limited to a determination of whether the agency's decision was supported by substantial evidence on the record before the agency.

(60 Del. Laws, c. 585, § 1; 62 Del. Laws, c. 301, § 2.)

§ 10143. Mandamus for agency action.

Any person aggrieved by the failure of an agency to take action required of it, by law, may bring an action in the Court for an appropriate writ of mandamus.

(60 Del. Laws, c. 585, § 1; 62 Del. Laws, c. 301, § 2.)

§ 10144. Stay pending review.

When an action is brought in the Court for review of an agency regulation or decision, enforcement of such regulation or decision by the agency may be stayed by the Court only if it finds, upon a preliminary hearing, that the issues and facts presented for review are substantial and the stay is required to prevent irreparable harm.

(60 Del. Laws, c. 585, § 1; 62 Del. Laws, c. 301, § 2.)

§ 10145. Commencement of review.

No petition, appeal or other application for relief of the Court shall be considered as having been taken or made until it has been filed with the Prothonotary and served upon the agency in accordance with the rules of the Court.

(60 Del. Laws, c. 585, § 1; 62 Del. Laws, c. 301, § 2.)

§ 10202. Declaration of policy.

(a) It is essential to the maintenance of a healthy state economy and a government that has the confidence of its citizens that the State establish a system of periodic legislative review of its entities. The review of entity performance and activities is consistent with other activities and goals of the General Assembly. The primary purpose of a full review or focused review under this chapter is to determine whether there is a genuine public need for the entity under review and, if so, to determine whether the entity is correctly performing to meet that need.

(b) The purpose of this chapter is to provide an action-forcing mechanism designed to increase the accountability of an entity through increased legislative scrutiny of the entity and its activities. The intent of the General Assembly is to establish a timetable and process for a full review or focused review of an entity and the services it provides and ultimately to review each entity established by or receiving financial assistance from the State.

(c) The purpose of this chapter is not to terminate an entity which the Committee determines is sufficiently meeting a recognized Delaware state need and is accountable and responsive to the public interests. Rather, the primary purpose of this chapter is to use the review mechanism to strengthen and support an entity that the Committee determines is meeting a recognized Delaware state need.

(62 Del. Laws, c. 301, § 3; 76 Del. Laws, c. 221, § 1; 80 Del. Laws, c. 260, § 1; 84 Del. Laws, c. 66, § 2.)

§ 10203. Committee composition; chair and vice chair; appointment; quorum; reimbursement; hearings.

(1) Not more than 3 Senate appointees, nor 3 House appointees, may belong to the same political party.

(2) The committee chair and vice chair alternate each year between a Representative appointed by the Speaker of the House of Representatives and a Senator appointed by the President Pro Tempore of the Senate. During odd-numbered years, a Senator serves as chair and a Representative serves as vice chair; during even-numbered years, a Representative serves as chair and a Senator serves as vice chair.

(b) Committee members must be appointed in the first January of each General Assembly, or within 1 week of the organization of each respective house, whichever is later.

(c) *Quorum.* — (1) A quorum consists of at least 6 committee members. A quorum must be present in order to transact business, except that a quorum is not required if the only business the Committee is transacting is to hear an entity under review give a presentation.

(2) A proposition is carried by a majority of the entire Committee, unless a statute or rule requires a larger number of affirmative votes. A vacancy on the Committee is not counted to determine the number of members needed to achieve a majority.

(3) A member who participates in a meeting virtually rather than being physically present at the meeting is not counted toward quorum in determining whether the Committee may transact business. However, a member participating in a meeting virtually may vote as if the member were physically present at the meeting. This paragraph does not apply if the President Pro Tempore of the Senate and the Speaker of the House of Representatives issue a public notice that members of the Senate or House of Representatives or a legislative committee are authorized to convene and conduct a virtual meeting due to an emergency.

(d) A member of the Committee is entitled to reimbursement from the appropriate funds of the member's house for the expenses that the member actually and necessarily incurs in performing the duties of the Committee. A request for reimbursement must be approved by the committee chair.

(e) A member of the Joint Finance Committee or Legislative Council may not serve on the Committee. However, this subsection does not apply when the minority party in either house has less than 7 members.

(f) Except as provided by Committee rules or § 10209(d) of this title, each committee hearing is open to the public, but only committee members and persons the chair designates are permitted to speak or otherwise participate.

The General Assembly shall appropriate funds that it considers necessary to carry out the Committee's activities and goals.

(2) The Committee may issue an attachment when necessary to obtain compliance with a subpoena or other process. An attachment issued under this section may be addressed to and served by any peace officer in this State.

(3) The committee chair shall issue in the name of the Committee a subpoena that the Committee requests by affirmative vote of a majority of committee members. If the chair is unavailable, the chair's designee may issue a subpoena or another lawful process under this section.

(b) Testimony taken under subpoena must be given under oath subject to the penalties of perjury, and must be reduced to writing.

(62 Del. Laws, c. 301, § 3; 70 Del. Laws, c. 186, § 1; 76 Del. Laws, c. 221, § 1; 80 Del. Laws, c. 260, § 1; 84 Del. Laws, c. 66, § 6.)

(a) Committee staff shall treat as confidential each record or communication that an entity submits relating to the entity's focused review or full review, unless any of the following apply:

(1) Disclosure is necessary to enable committee staff to perform staff's duties under this chapter. Committee staff may disclose a record or communication under this paragraph only to the extent it is necessary to perform staff's duties.

(2) The entity did not maintain the record or communication as confidential before the review.

(3) The entity agrees in writing that the record or communication may be disclosed.

(b) On receipt of a record or communication that by law is confidential under subsection (a) of this section or privileged, committee staff shall maintain the confidentiality or privilege and may not further disclose or disseminate the information, except as provided under applicable state or federal law.

b. Whether the entity should and can be strengthened or supported so that it can perform correctly to meet its purpose.

(2) The genuine public need for an entity under full review and whether the entity is satisfactorily meeting that need is not assumed. The entity has the burden of showing, through the criteria for review under subsection (b) of this section, that there is a genuine public need and that the entity is meeting that need.

(b) *Criteria for review.* —

The criteria to conduct a full review of an entity are as follows:

(1) The purpose of the act establishing the entity and the manner of the entity's operation designed to achieve the purpose.

(2) Whether it can be independently established, apart from information supplied by the entity or persons having a direct interest in the continued existence of the entity, that the termination of the entity would be detrimental to the public health, safety, or welfare, and whether a possibility exists that the termination would be beneficial to the public health, safety, or welfare.

(3) An assessment of less restrictive or other methods of achieving the stated objectives of the act establishing the entity and if those other methods provide as much protection to the public.

(4) Whether a law establishes a clear mandate to the entity and whether the entity has complied with the mandate, if any, in the best interests of the general public.

(5) Whether another program, activity, or entity has the same or similar objectives, and, if so, a comparison of the costs and effectiveness of that program, activity, or entity, and the identification of a duplicate program, activity, or entity with that of the entity under review.

(6) Whether, in the 3 years before the entity's full review, the entity has recommended to the General Assembly only statutory changes of primary benefit to the public, or if the recommended changes were primarily of benefit to the entity or the occupation, business, or institution which the entity serves or regulates.

(7) The efficiency with which the entity meets its statutory objectives.

(8) Whether applications and formal public complaints filed with the entity have been processed effectively and fairly.

(9) Whether the entity has issued professional or occupational licenses only to qualified applicants, and whether the entity has unfairly restricted access to a person wishing to engage in a regulated business, occupation, or profession.

(10) The extent to which the entity has encouraged participation by the public in making an entity rule, regulation, or decision, as opposed to participation solely by those the entity regulates, and the extent to which public participation has resulted in a rule, regulation, or decision compatible with the objectives of the entity.

(11) Whether the entity has operated in an open and accountable manner with public access to records and meetings, and whether there are safeguards against possible conflicts of interests.

(12) Whether an entity's provision or rule relating to ethical conduct, if any, is in fact limited to ethical or moral conduct, or if the provision or rule contains primarily commercial prohibitions and restrictions relating to profits, advertising, or another business topic.

(13) The extent to which the entity has complied with Chapters 58, 100, and 101 of this title; § § 6506, 6512, and 6519 of this title; and Section 8 of Article XV of the Delaware Constitution, or with the requirements of a law which is a direct successor to any of those listed in this paragraph (b)(13).

(14) A claimed impact as a result of federal intervention or loss of federal funds if the entity is terminated, the impact of which must be fully substantiated.

(15) Additional criteria that the Committee determines is appropriate or necessary to complete the entity's full review.

The purpose of a focused review is to evaluate a component within an entity, such as a specific statute, policy, rule, regulation, or program related to the entity. A focused review is in contrast to the broader evaluation of a full review under this chapter.

(b) A focused review is conducted as follows:

(1) The Committee may select an entity or component of an entity, such as a program or sub-entity, for a focused review in the same manner that it selects an entity for a full review under § 10213(c) of this title.

(3) Committee staff shall work with the Committee to establish the scope of the focused review.

(5) The Committee shall set a deadline for completion of the committee staff's research, based on staff's estimation of the time needed to complete the research and the emergency nature, if any, of the focused review.

(6) In conducting research under this section, committee staff shall engage the general public and each appropriate entity or organization, including the entity under focused review, to request written testimony, comment, or other material to aid the Committee in the focused review.

(7) Committee staff shall prepare a staff report containing a summary of the staff's research and staff's findings, conclusions, and recommendations. Committee staff shall submit the report to the Committee not later than the deadline that the Committee sets under paragraph (b)(5) of this section, unless staff requests and the chair approves an extension of time.

(8) After committee staff has submitted the staff report under this section to the Committee, the Committee shall conduct the focused review by following § 10209(d) of this title.

(9) Committee staff shall make the staff report available to the public not later than the date of the Committee's initial public hearing under paragraph (b)(8) of this section.

(10) To conclude a focused review, the Committee shall publish each recommended change that the Committee may determine is necessary or appropriate.

(68 Del. Laws, c. 159, § 6; 70 Del. Laws, c. 186, § 1; 76 Del. Laws, c. 221, § 1; 80 Del. Laws, c. 260, § 1; 84 Del. Laws, c. 66, § 12.)

(1) The entity has the ability to meet a certain condition or make a modification that the Committee recommends, but fails to do so.

(2) The Committee recommends legislation to amend the entity's governing statute or a related statute, but, for any reason, the legislation fails to be enacted into law.

(3) The entity fails to submit to the Committee a report that the Committee requests with a status update on the implementation of a recommendation, on a date that the Committee determines.

(62 Del. Laws, c. 301, § 3; 68 Del. Laws, c. 159, § 5; 76 Del. Laws, c. 221, § 1; 80 Del. Laws, c. 260, § 1; 81 Del. Laws, c. 191, § 1; 81 Del. Laws, c. 238, § 1; 84 Del. Laws, c. 66, § 14.)

§ 10215. Subsequent review; continuation of operations during review.

(a) An entity that has successfully completed a full review under this chapter or that has been re-established is not subject to another full review until the sixth year following its last full review, unless the Committee determines by an affirmative vote of 6 members that a sooner full review is reasonable and necessary.

(b) An entity which has been recommended for termination or reorganization, but which nevertheless is continued by legislative action or otherwise, must be placed on the Committee's review schedule for a full review at the end of 4 calendar years from the date of the entity's originally-scheduled review date. (62 Del. Laws, c. 301, § 3; 68 Del. Laws, c. 159, § 5; 76 Del. Laws, c. 221, § 1; 84 Del. Laws, c. 66, § 15.)

§ 10216. Entity termination; reorganization or merger; re-establishment.

(a) *Automatic termination.* —

If the Committee recommends the termination of an entity and the entity is not re-established by an act of the General Assembly, the entity automatically terminates effective July 1 of the next calendar year after the Committee's annual report in which the Committee first recommends the termination.

(b) *Termination of a lesser-included entity.* —

When an entity is terminated under this chapter, each lesser-included entity of the terminated entity is also terminated at the same time and under the same conditions, unless at least 1 of the following occur:

(1) The Committee specifically exempts the lesser-included entity from termination.

(2) A law exempting the lesser-included entity from termination is enacted before the end of June 30 of the next calendar year after the Committee submits its annual report regarding the entity's termination.

(c) *Reorganization or merger.* —

If the Committee recommends that the entity under review is reorganized or merged with another entity, the Committee must introduce legislation establishing the reorganization or merger not later than June 30 of the next calendar year after the Committee submits its annual report recommending the reorganization or merger. If legislation reorganizing or merging the entity is not enacted, the entity automatically terminates effective on the date that the General Assembly in which the legislation is introduced expires.

(d) [Repealed.]

(e) A bill to re-establish an entity that has been recommended for termination or reorganization must relate only to that specific entity, and the name of the affected entity must be stated in the title of the bill.

(62 Del. Laws, c. 301, § 3; 68 Del. Laws, c. 159, § 5; 76 Del. Laws, c. 221, § 1; 80 Del. Laws, c. 260, § 1; 84 Del. Laws, c. 66, § 16.)

§ 10217. Concluding year for terminated entity; fiscal matters.

(a) *Concluding year.* —

If the Committee recommends terminating an entity and legislation terminating the entity is not introduced in the same calendar year that the Committee makes the recommendation to terminate, the entity may continue in temporary existence until the end of the next calendar year following the recommendation for termination, only to properly conclude the entity's business.

(1) The Committee's recommendation to terminate an entity or legislation introduced but not enacted that terminates the entity does not reduce or otherwise limit the entity's power and authority during the entity's concluding year.

(2) On the expiration of the concluding year, all of the entity's rights, powers, and functions cease. Unobligated or unexpended appropriations of an entity terminated under this chapter lapse at the end of the concluding year.

(b) *Fund transfer.* —

At the end of a terminated entity's concluding year, money in a dedicated fund of another entity on behalf of the terminated entity must be immediately transferred to the General Fund of the State Treasury, unless otherwise provided for by law. A law or portion of a law which dedicates money to a specific fund of a terminated entity is automatically repealed at the end of the entity's concluding year.

(c) *Limitation on spending.* —

If a terminated entity is funded in the Budget Appropriation Act for each year of the General Assembly, the entity may not spend or obligate the funds after December 31 of the concluding year or on enactment of a law terminating the entity, whichever occurs first, unless specifically provided for by law.

(d) *Property and records.* —

If a terminated entity is part of a larger entity, all property and records in the custody of the terminated entity must be transferred at the end of its concluding year to the next largest entity of which the terminated entity was a part. If the terminated entity was itself the largest entity or was an independent entity, the property or records must be transferred to the Secretary of State.

(e) *Bonded indebtedness.* —

If a terminated entity has outstanding bonded indebtedness remaining at the end of its concluding year or on enactment of legislation terminating the entity, the responsibility for the management of the repayment of the bonded indebtedness through the continuation of the entity functions, limited merely to the repayment function, is vested in the State Treasurer. The entity's claim or a claim against the entity continues and may not be terminated with the entity.

(f) *Delaware Code.* —

Each reference in the Delaware Code to a terminated entity is invalid on the expiration of the entity's concluding year or on enactment of legislation terminating the entity, whichever occurs first, unless specifically retained.

(62 Del. Laws, c. 301, § 3; 68 Del. Laws, c. 159, § 5; 76 Del. Laws, c. 221, § 1; 84 Del. Laws, c. 66, § 17.)

§ 10218. Merit system employees.

If the termination of an entity or an entity's program or activity results in unemployment for an individual employed under the Merit System of Personnel Administration [Chapter 59 of this title], the unemployed individual is entitled to first preference in each other state employment opportunity which arises thereafter for which the unemployed individual is qualified. The unemployed individual has the right of first refusal for a state employment opportunity until the individual obtains permanent employment.

§ 10219. Monitoring recommendations.

During each legislative session, committee staff shall do all of the following:

(1) Monitor legislation affecting the entity for at least 2 years after an entity's full review or focused review concludes.

(2) Periodically report to the Committee a proposed or actual legislative, policy, or regulation change, if any, relating to an entity previously under full review or focused review, if the change may result in the Committee modifying a recommendation made during the review.

General Regulations for State Agencies
Chapter 103
Business Registration and Licensing System

§ 10301. Findings and purpose.

The General Assembly finds that it is necessary to establish a centralized program for business registration and licensing in order to make it convenient and easy for businesses, especially small businesses, to use. The General Assembly also finds that it is necessary to establish a procedure which will reduce the total number of licenses required to do business in this State. This can be accomplished by development of a computerized system capable of storing, retrieving and exchanging license information as well as issuing and renewing master licenses while at the same time allowing the authority for determining if any requested license shall be issued to remain with the agency authorized to issue the license.

(64 Del. Laws, c. 12, § 1.)

As used in this chapter:

(1) [Repealed.]

(2) "License" means the whole or part of any agency permit, license, certificate, approval, registration, charter or any form or permission required by law, including agency rule, to engage in any activity.

(4) [Repealed.]

(5) "System" means the business registration and licensing center established by this chapter.

§ 10305. Maximum period for agency review.

Each agency administering licenses shall publish, prior to January 1, 1985, regulations prescribing the maximum period of review for each specific license or permit administered by that agency. No license or renewal for which proper and timely application has been made shall be withheld or denied because of the failure of an agency to act within the prescribed maximum period of review. Each agency will remit the application or license fee to any business if its request for a license or permit is not acted upon within the prescribed maximum period for agency review. Nothing within this section shall restrict an agency from denying approval for failure of the applicant to comply with the applicable laws and regulations.

(64 Del. Laws, c. 457, § 4.)

§ 10306. Distribution of license renewal application.

Every state agency shall regularly mail or distribute to Delaware businesses the renewal form or application necessary for retention or renewal of any regularly renewable license. Part X
General Regulations for State Agencies
Chapter 104
Regulatory Flexibility Act

§ 10401. Short title.

This chapter shall be known and may be cited as the “Regulatory Flexibility Act.”

(64 Del. Laws, c. 51, § 1.)

§ 10402. Declaration of policy.

(a) The General Assembly finds and declares that:

(1) Numerous instances of obtaining compliance with state regulatory and reporting requirements impose inequitable demands on individuals of limited means and on small businesses.

(2) Regulatory efforts to protect the state’s health, safety and economic welfare have imposed burdensome legal, accounting and consulting costs upon individuals, organizations and businesses of limited resources and are adversely affecting competition in that sphere of the marketplace.

(3) The scope and volume of regulations already in effect have created high entry barriers in many small industries and has discouraged potential entrepreneurs from introducing beneficial products and processes.

(4) The practice of treating all regulated individuals, organizations and businesses in uniform manner for purposes of regulatory and reporting requirements has led to inefficient use of regulatory agency resources, enormous enforcement problems and, in some cases, action inconsistent with the legislative intent of health, safety and economic welfare legislation.

(5) Government information collection has not adequately weighed the privacy rights of individuals and organizations against the government’s need for information because the design of the regulatory process has encouraged regulators to treat information as a free good.

(6) The deep public dissatisfaction with the regulatory process has stemmed in large part from a public perception of burdensome regulations failing to correct key state problems.

(b) It is the purpose of this chapter to establish as a principle of regulatory policy that regulatory and reporting requirements fit the scale of those being regulated, that fewer, simpler requirements be made of individuals and small businesses and that to achieve these ends agencies be empowered and encouraged to issue regulations which apply differently to individuals and small businesses than to larger entities.

(64 Del. Laws, c. 51, § 1.)

§ 10403. Definitions [For application of this section, see 80 Del. Laws, c. 112, 7; and 80 Del. Laws, c. 113, 8].

As used in this chapter:

(1) “Agency” means any authority, department, instrumentality, commission, offices, board or other unit of state government authorized by law to make regulations or issue licenses. Agency does not include the General Assembly, courts, municipalities, counties or other political subdivisions, joint state-federal, interstate or inter-municipal authorities or their agencies.

(2) “Agency regulatory statement” means any analysis or statement required to be submitted for publication by an agency to the Registrar of Regulations in accordance with this chapter.

(3) “Executive branch agency” means, for purposes of this chapter only, the Department of Agriculture, Department of Correction, Delaware National Guard, Delaware State Housing Authority, Department of Education, Department of Finance, Department of Health and Social Services, Department of Labor, Office of Management and Budget, Department of Natural Resources and Environmental Control, Department of Safety and Homeland Security, Department of Services for Children, Youth and Their Families, Department of State, Department of Technology and Information, Department of Human Resources and Department of Transportation.

(4) “Individual” means any natural person; provided, however, that the term “individual” shall not include any natural person who is affected by a regulation in such person’s capacity as an officer, director or employee of an organization which is not a small business.

(5) “Small business” means any not-for-profit enterprise, sheltered workshop or business enterprise which is engaged in any phase of manufacturing, agricultural production or personal service, regardless of the form of its organization, when such enterprise or workshop employs fewer than 50 persons, has gross receipts of less than \$10,000,000 and is not owned, operated or controlled by another business enterprise.

(64 Del. Laws, c. 51, § 1; 80 Del. Laws, c. 111, § 1; 80 Del. Laws, c. 112, § 1; 80 Del. Laws, c. 113, § 1; 81 Del. Laws, c. 49, § 3; 81 Del. Laws, c. 66, § 62.)

§ 10404. Consideration of possible exemptions [For application of the repeal of this section, see 80 Del. Laws, c. 112, § 7; and 80 Del. Laws, c. 113, § 8] [Repealed].

(64 Del. Laws, c. 51, § 1; repealed by 80 Del. Laws, c. 112, § 2, eff. July 22, 2015.)

§ 10404A. Regulatory impact statements [For application of this section, see 80 Del. Laws, c. 112, § 7].

(a) Any agency that proposes to adopt or amend any regulation under the Administrative Procedures Act, § 10101 et seq. of this title, that is substantially likely to impose additional costs or burdens upon individuals and/or small businesses shall submit a regulatory impact statement to be published by the Registrar of Regulations as part of the notice requirements set forth in § 10115 of this title. Each regulatory impact statement shall include:

- (1) A specific reference to the statutory provision which allows for the adoption or amendment of the rule or regulation and the statutory provisions which address the subject matter of the rule or regulation;
- (2) A description of the purpose of the regulation;
- (3) An identification of the individuals and/or small businesses that would be subject to compliance under the regulation;
- (4) A good-faith estimate by the agency of the potential cost of compliance for individuals and/or small businesses, which at minimum shall include the projected reporting, recordkeeping, and other administrative costs required to comply with the proposed regulation; and
- (5) A description of any less intrusive or less costly alternative methods of achieving the purpose of the proposed regulation, to the extent such methods are not otherwise described herein.

(b) The following regulations are exempt from this section:

- (1) Regulations that are not substantially likely to impose additional costs or burdens upon individuals and/or small businesses; provided, however, that any agency making such a determination shall include a statement to that effect as part of the notice requirements set forth in § 10115 of this title;

 - (5) Regulations that are required by federal law and have already complied with the federal Regulatory Flexibility Act [5 U.S.C. § 601 et seq.]; and
 - (6) Such other regulations as may be determined from time to time in accordance with this chapter.
- (80 Del. Laws, c. 112, § 3.)

§ 10404B. Regulatory flexibility analyses [For application of this section, see 80 Del. Laws, c. 113, § 8].

(a) Any agency that proposes to adopt or amend any regulation under the Administrative Procedures Act, § 10101 et seq. of this title, that is substantially likely to impose additional costs or burdens upon individuals and/or small businesses shall submit a regulatory flexibility analysis to be published by the Registrar of Regulations as part of the notice requirements set forth in § 10115 of this title. In connection herewith, agencies shall consider, where applicable, lawful, feasible and desirable, the following methods of reducing the additional costs and burdens of proposed regulations on individuals and small businesses:

- (1) The establishment of less stringent compliance or reporting requirements;
- (2) The establishment of less stringent schedules or deadlines for compliance or reporting requirements;
- (3) The consolidation or simplification of compliance or reporting requirements;
- (4) The establishment of performance standards to replace design or operational standards required in the proposed regulation;
- (5) The exemption of certain individuals or small businesses from all or part of the requirements contained in the proposed regulation;

and

(6) Such other alternative regulatory methods that will accomplish the objectives of the proposed regulation while minimizing the adverse impact upon individuals and small businesses.

(b) The following regulations are exempt from this section:

- (1) Regulations that are not substantially likely to impose additional costs or burdens upon individuals and/or small businesses; provided, however, that any agency making such a determination shall include a statement to that effect as part of the notice requirements set forth in § 10115 of this title;
 - (2) Emergency regulations adopted pursuant to § 10119 of this title;
 - (3) Regulations that are exempt from the procedural requirements of the Administrative Procedures Act, § 10101 et seq. of this title, pursuant to § 10113(b) of this title;

 - (5) Regulations that are required by federal law and have already complied with the federal Regulatory Flexibility Act [5 U.S.C. § 601 et seq.]; and
 - (6) Such other regulations as may be determined from time to time in accordance with this chapter.
- (80 Del. Laws, c. 113, § 3.)

§ 10405. Transmission of notice of proposed regulation to General Assembly standing committees; comments [For application of this section, see 80 Del. Laws, c. 112, § 7].

Upon receipt of a notice from an agency pursuant to § 10115 of this title that includes an agency regulatory statement, the Registrar of Regulations shall forthwith transmit such notice and agency regulatory statement to, and obtain the comments, if any, of, the appropriate

standing committees of the General Assembly with oversight responsibilities for legislation affecting that agency with respect to the potential impact of such proposed regulation upon individuals and/or small businesses. Nothing in this section shall require any standing committee to meet, to consider any notice hereunder, or to provide any comments in connection herewith.

(64 Del. Laws, c. 51, § 1; 80 Del. Laws, c. 112, § 4.)

§ 10406. Application of exemption.

Whenever the results of such consideration by an agency indicate that it is lawful, desirable and feasible to exempt individuals and/or small businesses or to set lesser standards of compliance by individuals and/or small businesses, the agency shall issue a rule or regulation containing an appropriate exemption for such individual and/or small businesses or setting lesser standards for compliance by individuals and/or small businesses.

(64 Del. Laws, c. 51, § 1.)

§ 10407. Review of regulations of executive branch agencies.

In accordance with the provisions of this section, each executive branch agency shall conduct a periodic review of regulations promulgated by such agency to determine which regulations, if any, should be modified or eliminated. The review process hereunder shall commence no later than January 1, 2016, and shall recommence on a recurring basis every 4 years. Reviews by executive branch agencies hereunder shall be conducted in accordance with the following procedures:

(1) Each executive branch agency shall be assigned a 3-month regulatory review period by the Office of the Governor or any executive branch agency designated thereby. During such regulatory review period, each executive branch agency shall solicit public input, and shall conduct its own in-depth internal review, to identify regulations promulgated by such agency 4 years ago or more for possible modification or elimination.

(2) During its regulatory review period, each executive branch agency:

a. Shall conduct at least 1 public hearing in each county, notice of which shall be provided in accordance with the Administrative Procedures Act, § 10101 et seq. of this title (“APA”);

b. Shall accept recommendations and input, in person, by mail, by fax, and via an online submission form; and

c. Shall adopt procedures to allow for the submission of anonymous recommendations and input.

(3) At the conclusion of its regulatory review period, each executive branch agency shall evaluate the comments, proposals, and recommendations received or generated, and shall submit any revisions (i.e., regulations to be eliminated or modified) to the Register of Regulations for publication in accordance with the APA.

(4) No later than 12 months from the commencement of any regulatory review process described herein, the Office of the Governor, or any executive branch agency designated thereby, shall submit a report to General Assembly detailing the regulations eliminated or modified as a result of such process.

(5) Notwithstanding the foregoing, each executive branch agency shall be required to consider only those regulations adopted pursuant to the APA 4 years ago or more for which it has direct promulgating authority. In connection herewith, no executive branch agency shall be required to consider regulations administered by an executive branch agency but require adoption or amendment by a board, commission, or other agency, including but not limited to regulations administered by the Department of State’s Division of Professional Regulation that define standards of conduct or qualifications of individuals applying for licensure or as licensed professionals. If an executive branch agency does not have any regulations adopted pursuant to the APA 4 years ago or more for which it has direct promulgating authority, it shall not be subject to the procedures described in this section.

(6) In connection herewith, the Office of the Governor, or any executive branch agency designated thereby, may promulgate guidelines to assist executive branch agencies in implementing the requirements of this section. Such guidelines shall be subject to the APA, and may include but shall not be limited to:

a. Coordinating the regulatory review period of each executive branch agency to maximize public input, and to minimize the administrative burden imposed upon such agency and the Register of Regulations to the extent possible;

b. Requirements relating to the timing and content of any notice to be published by each executive branch agency in connection with its regulatory review period; and

c. A description of procedures to allow for the submission of anonymous recommendations and input.

(64 Del. Laws, c. 51, § 1; 80 Del. Laws, c. 111, § 2.)

§ 10408. Interagency cooperation.

Every agency of state government is authorized and required to furnish upon request such advice and assistance to any other agency considering exemptions pursuant to this chapter.

(64 Del. Laws, c. 51, § 1.)

§ 10409. Guidelines [For application of this section, see 80 Del. Laws, c. 112, § 7; and 80 Del. Laws, c. 113, § 8].

(a) No later than November 15, 2015, the Registrar of Regulations, the Office of Management and Budget (OMB), and the Department of State, in consultation with such regulatory agencies, boards, and commissions as may be necessary or desirable, shall submit for

final publication guidelines to assist state agencies in preparing the agency regulatory statements required pursuant to this chapter. The adoption of such guidelines shall be subject to the Administrative Procedures Act, § 10101 et seq. of this title, with the OMB serving as the adopting agency.

(b) The guidelines shall include, but are not limited to:

(1) Determining when, and under what circumstances, a proposed regulation is substantially likely to impose additional costs or burdens on individuals and/or small businesses;

(2) Identifying and evaluating alternative methods of achieving the purpose of a proposed regulation;

(3) Determining the potential cost of complying with a proposed regulation, including projected reporting, recordkeeping, and other administrative costs; and

(4) Evaluating and adopting such additional exemptions from the requirements applicable to agency regulatory statements as may be necessary or desirable.
